A. Alexson and family left yesterday on steamer Coquille River for San Francisco, thence to Modesto for residence. Miss Mattie Anderson made up her mind suddenly to go along, and she will make her home, temporarily at least, at Modesto. The young lady has been helping us some in the HERALD office, and we regret to lose her social, pleasant association. The HERALD wishes her a pleasant and profitable trip.

School boards contemplating re-furnishing their school houses, or supplying new school buildings with furniture, should address Mrs. Nora A. Good at this place, she having the agency for this county of the Sidney School Furniture Co., of Sidney, Ohio. They manufacture the celebrated "Beauty" automatic pupils' desks and everything necessary for the schoolroom. Every desk of their manufacture is warranted for 15 years, and any part that becomes broken or unfit for use during that time will be duplicated without charge. See card, in another column.

Morrison Dickson was yesterday morning again put through an ordeal of accident, from which he received injury and barely escaped very serious results. While in the filing room at Lyon's sawmill, his right hand was caught by belt, and twisted around with a wheel, wrestling and severely bruising that member. It was thought at first that some of the bones were broken, but we learn that such was not the case. Mr. Dickson is the unfortunate who was blown up and badly burned by the explosion of a keg of powder near Bandon last summer, from which he was so long recovering.

No mystery about it. When the Shakers offered some time ago to give away a bottle of their Digestive Cordial to any one who might call at their New York office, there was a great rush and a great many people thought they were crazy.

Subsequent events proved it to have been a very clever advertising transaction, for although they gave away thousands of bottles, it was in the end profitable; nearly every one that took a free bottle came back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used.

There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial, and what is better than all, it relieves at once.

There is a good and a poor quality of almost everything on the market—even in drugs—but Dr. Moore keeps only the best grade of medicines at his Pharmacy. One's health should not be trifled with.

The HERALD is in receipt of a communication from Dr. Easter, replying to Mr. Millard's card declining to accept his challenge to a religious debate. But we must decline to publish it. The HERALD has served both parties as far as it is consistent to do so; further communications on the subject are becoming personal and bitter, and we have no desire to be party to any quarrels.

A prominent western newspaper recommends flax seed tea as an excellent remedy for whooping cough. It may be good but it is not to be compared with Chamberlain's Cough Remedy. This preparation will allay the violent fits of coughing and make them less frequent and less severe. It also liquefies the tough mucus, making it easier to expectorate. Complete recovery is much quicker, too, when this remedy is given. There is no danger in giving it to small children, as it is a pleasant syrup and contains nothing injurious. For sale at 25 and 150 cents per bottle by R. S. Knowlton, druggist.

Prof. G. W. Doney, the music teacher at Fairview, was in town last Wednesday morning and started back early in the day, taking Miss Lura Lytton, who had been employed at Hotel Coquille for some time past, with him to her home. He was driving a light road-cart, and on passing over the cross-walk and turning the corner at Messer's blacksmithshop, the top-heavy vehicle slid and jolted aside till the young lady was thrown to the ground with much force on her head and shoulders. Parties who saw the fall wonder that her neck had not been broken, or other very serious injury inflicted, but the young miss got up and resumed her place in the cart protesting that she was hurt at all. We fear that she was hurt, however, more than she realized at the time. The shock must have been great.

All citizens are hereby notified that I will officially visit and inspect the premises of each within the corporate limits of the town of Coquille City, beginning June 1, 1897, and therefore request that all should comply with Ordinance No. 6, requiring all premises to be cleansed of standing or waste water, rubbish, garbage, filth, etc., upon pain of the penalty of a fine for non-compliance.

I further urge that citizens see that all planks on their sidewalks are nailed down, and broken or faulty ones replaced by safe ones. G. A. BROWN, City Marshal.

A large crowd gathered here last Sunday to witness a ball game. Persons came from both lower and upper-river points, the steamer Dispatch coming up from Bandon, while most of those above and on the North Fork came in vehicles and on horseback. The game was played between Bandon and Myrtle Point, and resulted in a score of 17 to 19 in favor of Myrtle Point.

The steamer Coquille River arrived at this place Sunday evening with a fairly good cargo of merchandise and mixed freight for this section. She left at 4 a. m. yesterday, having taken on some deck freight here, and will fill her hold with coal at Riverton. She will take on several passengers from this valley, most of whom will take passage at Bandon.
