

Ed. Herald: I submit the following for the next issue of your paper, as it is something of much interest to the people of Oregon, and our state will be benefited about in proportion to our representation.

One of the grandest opportunities of a life-time is about to be offered to the young people of the Pacific coast, in the great world's convention of young people which is to be held in San Francisco, July 7 to 12, 1897.

At 10:30 the following order of exercises was had: Song, My Country, 'tis of Thee—by the audience; prayer by Chaplain Jonathan Quick; opening address by Hon. W. H. Nessler, post commander; recitation, Decoration Day—Lillian Martin; song, O, Wrap the Flag Around Me, Boys—trio, by Prof. Hawkins and Nessler and J. S. McEwen; recitation, Aye, Bring the Fadeless Evergreens—Miss Irene Leneve; recitation, You Pat No Flowers on My Papa's Grave—Miss Grace Skeels; recitation, When the Last Man's Mastered Out—Phoebe Simmons; recitation, We Are Decking Their Graves—May Wickham; address by orator of the day, Comrade W. Snelair; recitation by Miss Della Fox; song, duet, Tread Lightly, Ye Comrades—Katie and May Wickham; Miss Maul Nessler at organ; recitation, Our Soldiers—Miss Grace Smith; recitation, Flag of Liberty—Miss Mary Dickson; song, Cover Them Over With Flowers, Miss Marvin Lamb was organist.

The audience then adjourned till 2 p. m., at which hour a line was formed, with the drums in the lead, and the procession moved to the cemeteries and the W. R. C. G. A. R. and friends strewed flowers upon the graves. The sacred spots—both cemeteries—had already been visited by friends of deceased, and even the graves of unknown dead had been prepared and covered with flowers.

All the privileges of rates and all convention privileges will be offered freely to any who desire to take advantage of them whether Endeavorers or not.

Thanking you in advance for your kindness, I am, yours, very truly, H. S. GLEZ.

The Memorial Services.

Held at the Christian church Sunday morning, were appropriate and impressive. The service was prefaced with songs by the choir till the arrival of the G. A. R. and W. R. C. posts. Many of the veterans had struggled in and the seats were fairly filled before the regular order of services were observed. There were some decorations, some vases of flowers, but chiefly of small flags, until the Corps placed "Old Glory" on the rostrum, when the display seemed complete.

The attendance of veterans of the several wars and pioneers was not as large as had been expected; rain was threatening, and several of the expected participants were hindered by infirmities. The numbers of each of these classes are thinning out rapidly and the day near at hand that the celebration will be without the presence of any of them.

A Grand Excursion

Will be given by the Woodmen of the World next Sunday, June 5, from Coquille City, Bandon and Marshfield, to Myrtle Point, the occasion being the unveiling of the monument erected to the memory of T. Vanderhoof. The train will leave Marshfield at 9 a. m., and will connect with boat from Bandon at Coquille City, arriving at Myrtle Point at 11 a. m.; leave Myrtle Point on return at 4 p. m.

The procession will start at 1 p. m., as follows: 1st, brass bands; 2, master of ceremonies; 3, consul commanders; 4, advance leader; 5, escort; 6, quartets; 7, reader of poem and orator; 8, neighbors; 9, all friends who wish to participate. Orator, Hon. C. A. Schilbrede, of Roseburg.

Decoration Day Observance.

The program for Decoration Day at this place, as announced in last week's HERALD, was closely observed and proved a decided success. The day was charming, and while the display of flags and bunting was almost limited to the decorations at the hall and the school flag at half mast, yet the ocean of flowers seemed to meet the patriotic requirements of the occasion and was everywhere. Except that the "old boys" were not as prompt to form in line as they had wont to be on some occasions at the front, the G. A. R. and W. R. C. headed an escort to the public schools at the school grounds about 10 o'clock, and to the taps on the drums marched down the main streets to the hall, Officer of the Day Wickham in command. The hall was soon crowded and Post Commander W. H. Nessler, presiding, called to order and announced the program. The ladies had festooned the stage in a lavish manner with tri-colored bunting, flags, flowers, etc., and a monument, "To the Unknown Dead," occupied a conspicuous place. The seats on the stage were occupied by some of the participants in the exercises.

At 10:30 the following order of exercises was had: Song, My Country, 'tis of Thee—by the audience; prayer by Chaplain Jonathan Quick; opening address by Hon. W. H. Nessler, post commander; recitation, Decoration Day—Lillian Martin; song, O, Wrap the Flag Around Me, Boys—trio, by Prof. Hawkins and Nessler and J. S. McEwen; recitation, Aye, Bring the Fadeless Evergreens—Miss Irene Leneve; recitation, You Pat No Flowers on My Papa's Grave—Miss Grace Skeels; recitation, When the Last Man's Mastered Out—Phoebe Simmons; recitation, We Are Decking Their Graves—May Wickham; address by orator of the day, Comrade W. Snelair; recitation by Miss Della Fox; song, duet, Tread Lightly, Ye Comrades—Katie and May Wickham; Miss Maul Nessler at organ; recitation, Our Soldiers—Miss Grace Smith; recitation, Flag of Liberty—Miss Mary Dickson; song, Cover Them Over With Flowers, Miss Marvin Lamb was organist.

The audience then adjourned till 2 p. m., at which hour a line was formed, with the drums in the lead, and the procession moved to the cemeteries and the W. R. C. G. A. R. and friends strewed flowers upon the graves. The sacred spots—both cemeteries—had already been visited by friends of deceased, and even the graves of unknown dead had been prepared and covered with flowers.

All the privileges of rates and all convention privileges will be offered freely to any who desire to take advantage of them whether Endeavorers or not.

Thanking you in advance for your kindness, I am, yours, very truly, H. S. GLEZ.

The W. C. T. U. Mass Meeting.

Held at the Christian church Sunday night, was well attended and very entertaining. The audience was called a little later than usual, but was large and appreciative. The president of the W. C. T. U., Mrs. Lawrence, presided. The Choral Society furnished appropriate music, Miss Marvin Lamb, of the society, presiding at the organ. The president announced the order of exercises, as follows: Song—Flag of Freedom; invocation by Rev. C. A. Stine; song, bass solo and chorus—Bury Him Deeply Down; reading of scripture and prayer by Mrs. White; song—With the Help of God; select reading, Apologies for the Drink Habit—Mrs. Lena Johnson; song—Forward, Soldiers; paper by Mrs. J. S. McCain—How to Bring Prosperity; song—Bally on the Reserve; select reading, Moderation? Not—Mrs. Nora A Good; song—Give the Cause Another Cheer; select reading, How to Win—Mrs. Maury; song, solo by Frank Strang, with chorus—Mollie and the Baby, Don't You Know, Benediction by Rev. J. S. McCain.

Oregonian: Reciprocity between this country and Mexico seems to have been established without waiting for the slow processes of tariff legislation. Don Cameron, of Pennsylvania, recently gave a thoroughbred stallion to President Diaz, and the latter has returned the compliment by presenting Mr. Cameron with a gold watch bearing his monogram. How easily these international questions are settled when people know how to go about it.

The Grants Pass Fire.

Grant's Pass, May 26.—The fire this morning destroyed the Odd Fellows' hall, Terrell & Son's furniture store, Jewett & Dodge's agricultural implement warehouse and W. J. Rogers' bicycle store.

A Georgia paper says: "A girl in this place says her mother has promised to give her \$1000 if she will get married and keep quiet about the whole affair until it is over. The young woman herself offers to give \$500 of the amount to the man who will take her up. Step up, boys; she's all right, and pretty as a peach."

Two bites into an apple picked up in a store cost a resident of Portland, Me., three front teeth. He concluded that that must be the kind of an apple from which hard cider is made.

CHICAGO LAKE FRONT CASE

Commissioner Hermann Reverses His Predecessor's Decision.

Washington, May 26.—Binger Hermann, commissioner of the general land office, today announced his decision in the Chicago lake front case, reversing the decision of Commissioner Lamoreux, and denying and rejecting the application of Harvey M. La Follette and Mathias Benner to locate the McKee script on lands.

This allows the patent rendered to Robert A. Kinzie, that the patent applies to all lands in tracts stretching to the shore line, that accretions inure to the benefit of these who hold under Kinzie patent, and that there was ample justification for directing and holding a rehearing. The lands involved are valued at upwards of \$15,000,000.

Scheme of Several Kentucky Banks to Evade Taxation.

Frankfort, Ky., May 26.—An application was filed by the Northern bank of Kentucky with the secretary of state for authority to reduce its capital stock from \$1,800,000 to \$900,000. This is for the purpose of issuing \$900,000 certificates of deposit to stockholders in lieu of that value in stock. By this means it is hoped to evade a law taxing bank stock irrespective of any contract with the state to the contrary. Some other banks will try this expedient. Other banks will appeal from the appellate court, which has approved the law, to the federal courts, for relief.

Ex-Banker President Indicted.

Indianapolis, May 26.—The federal grand jury today found nine indictments against John F. Johnson, late president of the State National bank of Logansport. He is charged with violating practically every section of the national banking law, including forgery. It is found the directors of the bank cannot be indicted for stupidity and incompetency, which the federal authorities indicate is the chief trouble with them.

The Downfall of a Banker.

Abilene, Kan., May 26.—James McNashy, once a prosperous broker of Herrington, this county, and prominent in state politics, has been sentenced to nine years in the penitentiary for forgery. He is said to have realized \$10,000 or forged notes.

"I take the greatest delight," said Senator Perkins the other day, "when I am in a seaport city, in putting on a flannel shirt and going down to the wharves and mingling with the sailors. You know I used to be a man before the mast myself, sailing to California by the way of Cape Horn with quite young. So, nowadays, I go down among the stevedores and the sailors and sit on the side of the ship and talk with them, learning something new all the time from their experiences. I like to go to the foundries, too, and the machine shops and watch the men at work. You have no idea how much in the way of odds and ends of knowledge can be picked up in this fashion."

Louisville Courier Journal: The Carnegie company sold the materials for the great Montreal bridge at 95 cents per 100 pounds, though the price to consumers in this country has been \$1.55 per 100. Does not this look as though there are possibilities hitherto undreamed of in the iron and steel manufactures of the United States? It is plain that the steel kings of Pittsburgh and Chicago and the iron-makers of Birmingham can sell their products at prices that would bankrupt Europe. This being so, is it not likely that in a few years the United States will be supreme in this great branch of trade and manufacture?

San Francisco, May 26.—United States Attorney Bert Schlesinger today was called upon by Shipping Commissioner Gwyn for an opinion in a complicated case in regard to the pay of seamen. The lumber schooner Ralph J. Long went to the Alsea river, Oregon, six months ago, and was bar-bound all winter. The usual time taken in a round trip to the Alsea river is one month, but the seamen signed for the trip, that it is not to last over three months, and for which they are to get \$35. Schlesinger's opinion is that the seamen should be paid \$70, as they were out twice as long as their articles called for.

Lyon Adolph, arrested last Saturday at Salem for forging his mother's name to a \$1540 check, was arraigned in Recorder Edes' court today, and waived examination. His bond for appearance before the grand jury was fixed at \$1000. In default of bondsmen, Adolph was remanded to jail.

Mrs. C. H. Spurgeon, widow of the late renowned pastor of the Metropolitan Tabernacle, London, cut the first sod of the ground upon which a large Baptist chapel will be commenced at once at Bexhill, near London. She made an appropriate address at the ceremony.

To Cure Constipation Forever. Take Cascarella Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

UPPER - RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille and What is Going on There.

Dr. Robertson and wife of Roseburg are in town. Dr. Strange, the dentist, is in town for a few days.

Wall Bro's mill is being supplied with logs from E. Arneson's place back of town by wagon.

Dr. Roberts has received a fine stock of drugs, which he will soon open up in his office.

Farmers and stockmen are anxious for rain, indications for which are very favorable at this writing.

H. H. Hartly, of South Fork, brought a nice lot of strawberries to town last Saturday, which he sold at about \$1 per gallon.

Matt Nystrom and Judge Bender were here unrepining their buildings with brick and removing the old wooden blocks, which were badly decayed.

John Fetter, of Remote, visited town last week. He is a very industrious and pleasant young man, and his many friends are glad to meet him occasionally.

Dr. Roberts visited Arago last Saturday. He says that section of country is beautiful and grand, and the longer he stays in this valley the better he likes it, and the people are treating him generously.

D. A. Huling, of the hardware firm of Huling & Lundy, returned last Saturday from an extended trip to the mining districts. He brings very encouraging news, also some fine specimens from the M. P. M. & D. Company's mine on Poverty Gulch.

Chas. Mollen and family, of this place, started with wagon and team on last Friday for eastern Oregon, Washington or Idaho. Mr. M. goes on account of his wife's health, which of late has been poor. We join with their many friends in wishing them the realization of more than their expectations.

On last Sunday the members of the G. A. R. and W. R. C. marched from their hall to the Presbyterian church, when they, and the large crowd that had gathered with them, listened to an able address delivered for the occasion by Rev. Blair. The subject, "The Exalted Nation," was an interesting one and furnishes much food for reflection.

W. C. Corbin, the expert miner, came over from Sixes river last Saturday. He reports many miners at that vicinity. He also informs us that he and Geo. Bailey have located a claim, from which they have taken as much as \$3 per day out with a rocker. They will put on a hydraulic coming winter.

A prospector went up to the mines a while ago and was generously allowed to go into a cabin with other persons who had a good lot of supplies, but he was obliged to leave in a few days, and requested his visitor to lock the cabin good when he left. The guest soon sold all of the supplies and locked the cabin as directed, but instead of leaving the key as he had been told, he carried it away. It is said that he sold flour at half price.

Louis Heller, of Dora, was in town last week and accepted the agency of the Blacklock hand fire extinguisher, and he is now introducing it to the people. The machine is worked on a chemical principle, and the foam, or effervescing fluid that it throws upon fire when in use is a deadener of that useful, but destroying element. They are simple and easily handled, and every one should have one in a handy place, for in case of fire they may save valuable property and perhaps life. Mr. Heller will show you how perfectly they work, and what a powerful agent it is to extinguish fire.

A Cutting Scrape.

Last Friday or Saturday, Bob Hughes, the Empire slogger, was at Marshfield, we learn, and during the interval of his arrival and hunting his man it is said he attacked two negroes, one of whom plunged a knife into Bob's cheek, the blade penetrating clean through and knocking a tooth out of his jaw on the opposite side. The cut is painful and ugly, but not necessarily dangerous. We hear that the negro was juggled. But why not jug the offender, also?

Durrant Again.

San Francisco, May 24.—Robert N. Lynch, private secretary of Pastor Gibson, returned yesterday from Louisville, Ky. He will act as confidential adviser for the clergyman. Durrant is as hopeful as ever of securing a commutation. The relatives of Blanche Lamont have expressed their sympathy with the pastor of Emmanuel church.

Pomona, Cal., has a new saloon license, that is a corker. The license is to be \$1000; two saloons are to be allowed in the city; they are to have no screens, no seats for loungers and none of the gilded attractions. A man can only enter, get his drink and go out.

Thos. Greene is head sawyer in Wall Bro's mill.

Mrs. A. A. Jamieson, of Sixes river, is visiting with relatives and friends in this place.

On last Friday Charles Lavine moved into the house recently erected by Miss Mary Giles.

Mrs. W. H. Brown will leave Tuesday for Oakland, where she will visit with her parents, Mr. and Mrs. Russell, of that place.

W. R. Stewart, commander of Col. Jewell Post at this place is preparing to visit the G. A. R. encampment at Independence in June.

Capt. Lee and wife, also M. R. Lee and wife of Bandon, are visiting with their parents, Mr. and Mrs. J. B. Lee and wife of this place.

Mrs. Gray and Mrs. Lee, who were reported last week as quite ill, are at this writing convalescing. Dr. Roberts is the attending physician.

Messrs. Knight & Emery arrived in town last Sunday with about 600 head of cattle, which they were driving from Curry county for the outside market.

I. E. Rose is erecting a fine dwelling on his acreage lot just above town. Messrs. C. E. G. Dietz, Capt. C. T. Riley and B. M. Greene have the contract.

Lawlessness in this vicinity still continues. Last Friday evening, after poisoning a valuable dog for B. C. Lehmanowsky, they stole a blanket carriage cover from S. B. Hermans. These fellows will yet be detected and severely dealt with.

On last Friday a committee from the G. A. R. post at this place visited the public school, where a very appropriate address was made by Dr. Roberts, also a very nice poem was read by Prof. Traver, all of which was fully appreciated by the school.

Many of our boys attended the basket picnic at the Johnson school-house on last Saturday evening, where it was fully demonstrated that confidence has been restored and prosperity is at hand. Baskets sold as high as \$1.65 each. The boys were well treated and say it was a time to be remembered, while the sleeping public along the line say it surely will not be forgotten.

Orvil Dodge has a large photo of a fire engine that is said to be a wonder when operated. The hose can be extended to the river, and with a few men to work the machine it will carry water 1000 feet or more and eject it in a powerful stream on the top of the highest building. Myrtle Point needs such protection, and if the city dads would turn their attention in that direction they will merit the approbation of all concerned. Mr. Dodge can get the engine very cheap, and offers to give the town the benefit of the discount.

We are glad to note that many of the young men who live on the North Fork are perfect gentlemen, and their decorum on the ball ground is noticed as of the best; but while we say this much of our neighbors in that direction, we must accord the same compliment to the Arago nine that crossed bats at this place with the former mentioned young men Sunday. How ever, as last Sunday was Memorial Sunday, and a national day of mourning, it would have been more fitting to have postponed the ball game to some other day, and we believe that ere another decade rolls by that the 30th of May will be kept strictly for a remembrance of the dead, and that no one will be allowed to desecrate the sacred day.

Fatal Accident of Lockjaw.

Sacramento, May 27.—Willie Hamm, 12 years old, died early this morning from the effects of lockjaw. One day last week the boy fell from a tree at East Park, where he was searching for birds' nests, and broke both arms. One of the arms was so badly shattered that it was thought amputation would be necessary, but the boy was attacked by lockjaw last night and died this morning.

Inland Empire: What is believed to be the largest salmon ever captured in the Columbia river was delivered at S. Elmore's packing house in Astoria on the 15th. The monster was one of the truest and most perfect specimens of royal chinook salmon ever seen in Astoria. His actual measurement, from tip to tip, was 4 feet 5 1/2 inches, and his largest circumference, three feet, the girth close to the tail being fully one foot. The spread of the tail was 1 foot 4 inches, and the exact weight, 8 1/2 pounds. The head, when severed from the body, weighed 8 1/2 pounds. On being cooked and packed the fish filled 5 1/2 dozen one-pound cans.

Michigan people claim that their state contains within its borders 4545 lakes and nearly or quite 50,000 streams.

Educate Your House With Cucarets. Candy Cucarets, cure constipation forever. 10c. 25c. If C. C. C. fail, druggists refund money.

You will find one coupon inside each 2 ounce bag and two coupons inside each 4 ounce bag. Buy a bag, read the coupon and see how to get your share of \$20,000 in presents."

(COOS BAY NEWS.) Capt. Paton has sold his interest in the steamer Coquille River to Capt. Drisko.

The coal deposits in the section lying west of Newport are beginning to attract attention. There are some large veins of good coal in that vicinity.

A meeting of the stockholders of the Coos Bay Canning Co. was held in Sengstacke's hall Monday. A committee, consisting of Harry Graves, John F. Hall and R. C. Cordes, was appointed to draft by-laws, file articles of incorporation, make inquiries regarding a site, etc., to report at a meeting to be held next Tuesday, for permanent organization.

H. N. Black and daughter, Miss Lucy, met with a boating accident, Wednesday last, while returning from Marshfield to their home on Catching slough. They had been using the sail, but the wind dying out, Mr. Black decided to unship the mast. While attempting to do so, he made a misstep, resulting in the boat being capsized. They held on to the swamped boat until Mr. Foster came to their rescue, and are none the worse for their dip in the slough.

Oregonian: Senator Procter's amendment to the leather schedule of the senate tariff bill, allowing a drawback on manufacturers of leather for export equal to the duty on hides, ought to overcome the objection of the shoemakers, that the duty would destroy the export trade. As for home consumers, it is no worse to tax them to protect cowboys than shoemakers.

(Port Oxford Tribune.) John Prock was in town Friday. He brought in about \$17 in dust which was taken out in three days from the Leneve, Cornwall and Prock mine.

Frank Gilman, of Bandon, was in Port Oxford Thursday when he goes to Wedderburn where he goes to consult R. D. Hume in the interest of a steam propeller, of which he is the inventor, and which he claims will save both time and fuel. Mr. Gilman has also invented a hawser lock which holds the line firmly from playing out and, at the same time, leaving it free to be hauled in or let go at any moment.

After a lingering illness, Capt. C. H. Pierce, passed peacefully away, at his home on Sixes river, Curry county Oregon, on Tuesday, May 18th, 1897, and a long, active and honorable life, covering a period of 74 years was ended. Capt. Pierce served his country well and faithfully, his public career covering a period of forty years, including active participation in the Mexican war and the war of the rebellion, in both of which he distinguished himself on many occasions.

"My daughter used to sleep with her diamond rings under her pillow." "Well, how is it now?" "She goes to bed with her bicycle boots on."

Advertiser in League of American Wheelmen Bulletin—Good, stylish bicycle, \$30, for sale by a young lady enameled black and geared to 68. Address, etc.

Advertisement for Hood's Nerves. Text: "Are the Messengers of Sense—The Telegraph System of the human body. Nerves extend from the brain to every part of the body and reach every organ. Are like fire—good servants but hard masters. Nerves are fed by the blood and are therefore like it in character. Nerves will be weak and exhausted if the blood is thin, pale and impure. Nerves will surely be strong and steady if the blood is rich, red and vigorous. Nerves find a true friend in Hood's Sarsaparilla because it makes rich, red blood, does their work naturally and well—the brain is unclouded, there are no neuralgic pains, appetite and digestion are good, when you take Hood's Sarsaparilla." Includes image of a bottle.

THE SIGLIN SEEN. A Sealing Schooner's Mate Boarded the Derelict Vessel.

Seattle, Wash., May 22.—The derelict schooner General Siglin was sighted on May 6th 300 miles west-southwest of Cape James, at the southern end of the Queen Charlotte island, by the sealing schooner Enterprise. When sighted Mate John Seales, of the Enterprise, boarded the Siglin and found in the strong back lashings that must have held four or five men. The ropes were there, but the men were gone. Seales found a box of fruit and a pair of glasses. The hull was full of water and the decks were awash. The Enterprise would have taken the wreck in tow, but had no lines that would hold her. As to the result of the sealing cruise, the Enterprise told the old story. The schooner brought in but thirty-eight skins. In 800 miles sailing, over fine sealing grounds, but two seals were seen.

Color Line in Church.

Los Angeles, May 25.—Two colored children are the cause of trouble and dissension in the congregation of the Central Baptist church. They recently joined the Sunday-school, and their exclusion was asked for by several members of the congregation. On the pastor's refusal to put them out four of the founders of the church withdrew but the preacher's position is sustained by a majority of the church people.

We Send it Free

TO

Weak Men, Young and Old.

We will send you by mail, Absolutely Free, in plain package, the All-Powerful Dr. Hoffman's Vital Restorative Tablets, with a book guaranteeing permanently cured loss of Manhood, Self-Abuse, Sexual Weakness, Varicocele, Stomach and Bowel Disorders and all unnatural drains.
