THE LABOR EXCHANGE.

Pennsylvania Labor Exchange: When the masses of a nation are becoming homeless and hopeless, humanity is preparing for a step up higher toward greater liberty for the race.

Labor Exchange Guide: The Labor Exchange has been called "the entering wedge." So be it. Apply enough force to the wedge and even a Gibraltar of monopolistic wrong will be rent into fragments.

Inland Empire: Capital and Labor are getting down to a point where a virtuous girl hardly dare apply at a large establishment in a city for employment for fear of being subjected to an insulting and damnable proposition.

Inland Empire: Labor produces everything, but in order to free itself from the constant menace of poverty the first thing it should do is to quit producing capitalists. This it can do by organizing voluntary Labor Exchanges and substituting labor checks for legal tender money. No legislation is necessary to do this, and instead of working for capitalists and keeping themselves in bondage, let them go to work for themselves and keep the profit of their labor in their own possession, to whom it rightfully belongs, and let capitalists take care of themselves, as they are so fond of boasting of what they can do.

The following item clipped from the daily press will have an encouraging effect on those who contemplate making an effort to free themselves from industrial slavery. "The Labor Exchange recently organized in Akron, Ohio, is accomplishing a great work. It has more than 100 members, nearly all of whom are industrious men and good citizens who have hitherto been out of work. The Exchange has erected its own building and made many purchases, but against checks it has issued it has $1.50 for every dollar. These checks are the money of the members of the Exchange, and local merchants are accepting them.

Accountant: What a pitiful condition is that of the idle American laborer of today. Clothed in rags, driven to the souphouse for food and to out buildings and box cars for shelter, refused employment (through which he might secure an honest livelihood) by the corporations who have cornered all the natural opportunities, and watched by eagle-eyed officers lest he should carry home something (which he could not buy) for the suffering wife and babies. Great Heavens! What a model of patience is the American laborer. Loyal, law-abiding, patriotic, meek, humble, and hollow-eyed—can the world produce his equal? But beware, ye soulless oppressors of these patient poor—the worm may turn.

Progressive Thought: Think of it! In India the people are starving, and yet there is plenty of food there in the hands of those who have by a vicious money system, and monarchial government, gathered the fruits of the natives and are hoarding it for high prices. Interest, rent and tolls unjustly deprive the producers and fatten the rogues. Is it not terrible? But the same system is working in this country, and although our condition may not be as bad as that in India, we are surely coming to it very fast. Look around you for the needy and you will find them plentiful. Seek for the cause and you will also find the cloven-footed money worshipers who will not allow any line of justice to come up if they can help it, but would rather see misery than to change their methods for that of righteousness.

Inland Empire: From the best authority we find that 90 per cent of the entire business is done on credit. The impossibility of increasing our money volume to any great extent is very evident. It is of the greatest importance that the people be supplied with plenty of money or the addition to our circulating medium of a sound and flexible currency in a sufficient amount to meet all requirements or the adoption of an adequate system of exchanging products without inconvenience or loss. In view of these facts it beomes the duty of every intelligent producer to carefully study the situation and make an earnest investigation of the plans of relief to be found in the Labor Exchange. Sufficient to say this new method can supply this demand and relieve the wants of the people to a great extent. It is capable of great possibilities and benefits of mankind than one can well imagine.

Can you realize how much the working people are being cheated every day in every act of constructive work they do? It is impossible. Nearly everything which is done at the present time has the curse of legal tender money connected with it wich means profit to the schemers at the expense of labor.

No people suffer so much from physical disabilities as those whose business requires little or no muscular exertion. To prevent this take Simmons Liver Regulator; it keeps the liver active and makes one's condition as comfortable as those who have much exercise.

After the hearing, Judge Hyde took the matter under advisement until Tuesday morning at 10 o'clock when his decision was announced. Bellinger was held over in the sum of $200, and Nancy Palmer was required to enter into recognizance, in the sum of $50, as a witness. Bellinger claims to be a brother of U. S. Judge Bellinger, of Portland. But, then, that does not count either in favor of the criminal nor against the judge.

Up to June 4, thirteen counties had paid into the state treasury their state taxes in full for 1896. The names of the paid-up counties are: Baker, Clatsop, Columbia, Coos, Crook, Gilliam, Jackson, Josephine, Lake, Wallowa, Morrow, Sherman and Wasco. The aggregate amount paid in by these counties is $98,801. Marion county claims to have paid her portion, but she did not recognize the action of the state board of equalization in attempting to raise valuations, and the state claims about $2000 from the county yet. Several other counties have nearly paid up, and all have made remittances.

Charges Against Rev. Ross.

Charges have been preferred against Rev. E. A. Ross, the evangelist, by the presiding elder of the M. E. church, south, of Visalia district, for preaching in his district without his permission and against his expressed wishes.

The result will be that unless the charges are withdrawn Mr. Ross will be tried at the next quarterly conference of that district, and will be compelled to defend his course.

We are indeed sorry that Dr. Simmons, the presiding elder, should consider it necessary to prefer the charges, as Mr. Ross has gained many admirers and warm friends in this section. It may be true that he does not preach the gospel on the lines laid down by the leading officials of the church, still no one who has heard him can doubt his sincerity or his ability to convert sinners by his eloquence and pleading. We know nothing of Mr. Ross' intentions, but we feel confident that all of the conferences in the country cannot move him a single step from the course that he has laid down for himself. The eloquent preacher contends that the Lord is not a member of any particular church, nor is it absolutely necessary to belong to any particular church to be a Christian. Whatever the outcome of the conference may be, it is safe to predict that Mr. Ross will still continue to preach the gospel in his own eloquent and convincing style.—Willows (Cal.) Journal.

To The Pioneers of Coos County.

At the last meeting of the Pioneers of Coos county, held at Coquille City, it was decided that the next meeting be held at Empire City, and your humble servant was elected president for this year. Since then certain things have transpired that will render it impossible to receive the pioneers at Empire and give them the social good time, which has been the custom, as the population has diminished to such an extent. Empire, the oldest town in the county, was a few years ago busy and prosperous. It now contains too few people to entertain the pioneers. I would suggest that a change be made in the arrangements and the committee select another place for the meeting to be held this year.

Desperate Sugar Trust.

Made desperate by the clear prospect that the senate will reject the sugar schedule now written in the tariff bill, the trust is now resorting to a species of blackmail to beat down the opposition. Certain senators who have announced their antagonism to the iniquitous section dictated by the trust have been plainly given to understand that unless they withdraw their objections they will find it impossible to secure action on items in which they are interested. The trust and its agents, in other words, are playing section against section, and paragraph against paragraph, in the hope of scaring the whole field into accepting the trust's own causes. But it is apparent at this stage that the opposition will resist this process, and that the threatened loss of rates on specific commodities will not deter honest senators from doing their duty by the whole country.

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Married Eighty-seven Years.

La Grange, Ind., June 10.—Four miles south of Elkton, Mich., lives probably the oldest couple in the United States—Mr. and Mrs. Jacob Hiller, aged 107 and 105 years respectively. Last Sunday the couple celebrated their eighty-seventh year of wedded life. They live in a small frame cabin made up of one room, which holds all their earthly belongings. The furnishings are meagre and primitive, but Mrs. Hiller even in her old age, is a good housewife and she conducts her little home with scrupulous care.

Jacob Hiller is small in stature, but he appears to be well calculated to endure hardships. His step is as firm and regular as that of an average man of 40. His hand is as steady as the hand of an expert hunter. His eyes are as bright as ever. His long hair flows in unmixed whiteness over his shoulders. Mrs. Hiller shows more plainly the burden of years.

Mr. Hiller was born 107 years ago the 20th of last October. "It's a caution," he said. "I never expected to live to this age or nothing like it. She," pointing to his wife, "will be 106 next March. I was born in Jamestown, just back of Kingston, Can, I was quite a lad, about 22 years old, when the war of 1812 was on. I used to carry the poor soldiers who were wounded in Kingston some milk to help them along." He describes Canada of that day as being "a big bush." The schools were few and far between. Mr. and Mrs. Hiller left Canada the first year of the war and settled near Marine City and from there went to Emmett, then they went to their present home, where they have since resided.

Continuing, Mr. Hiller said: "I was 20 past when we were married. She was 18 past. We have been keeping house eighty-seven years May 1. We don't quarrel much, else we could hardly be so long together. I do not expect to live to be as old as Methuselah, but I have cut two teeth lately and can see any print without spectacles."

This old couple has eleven children. The oldest is 82 and the youngest 57.

Mrs. Richard Hinkle, of Eugene, has been arrested and jailed at Canyon City as an accomplice in the murder of Geo. W. Scott, the book agent, near Izel, in 1895.

49 YEARS OF SUFFERING FROM RHEUMATISM.

5 DROPS

Read carefully this testimonial found below, also letters from those who have been cured of other diseases, and remember that "5 Drops" has and can never fail to quickly relieve and permanently cure. Sept. 9, 1896.

DEAR SIR:—Your bottle of "5 Drops" received. It was for an old friend, Mr. Wm. Edwards, of Martinstown Wis. He has had Neuralgia in his chest, suffering a great deal of pain, so much so that it affected his heart and he could not sleep on account of a smothered feeling. He has been under the care of the most eminent physicians, but found no relief until I gave him a dose of "5 Drops." The very first night he rested well, and has ever since, and is gaining daily. I myself am 67 years old and began taking your medicine last April for Rheumatism, which I have had for 49 years, also for a weak heart. Since taking "5 Drops" the Rheumatism has all disappeared, the stiffness is gone from my joints, and my heart never misses a beat. I am to-day a well, strong woman, and I owe it to "5 Drops." I only wish I could sound my bugle of praise loud enough to be heard all over the world, and could convince every one that "5 Drops" is all you claim it to be and more.

Mrs. D. T. Carver, Winslow, Stevenson Co., Ill.

34 YEARS OF SUFFERING.

DEAR SIR:— JANUARY 2, 1897.

Over 34 years ago I had Typhoid Fever, and barely escaped with my life. It left my system so shattered that I have had ever since, Rheumatism and Throat Trouble, which gave me a terrible Cough. I had been unable to find any relief for these diseases, until I learned of your "5 DROPS", which I commenced taking only two months ago, and my cure has been indeed WONDERFUL. Already my cough has entirely disappeared, and the Rheumatism which for a few years past has threatened to make a cripple of me, is cured, and I am free from pain. This is the most wonderful and the cheapest remedy ever discovered. I am more thankful to you than words can tell and I want everybody to know what "5 DROPS" has done for me. Although I am OVER 70 YEARS old, I am feeling better than I have in years.

I shall be glad to answer any questions regarding my case from anyone enclosing a two cent stamp. Gratefully yours,

MRS. SAMUEL RIBLET, Litchfield, Mich.

CATARRH AND HAY FEVER.

I find the bottle of "5 DROPS" to be very good and just what you claim. My wife has been suffering with Catarrh and Hay Fever over 16 years. She has tried everything and doctored much, but no cure until she tried "5 DROPS" which completely cured her.

Yours truly REV. L. VON WALD,
March 31, 1896. Millbank, S. D.

NEURALGIA AND SCIATICA.

For twenty long years my wife suffered untold tortures from Sciatica and Neuralgia, and I thank God for the day that your heaven-sent remedy fell into my hands, for it completely cured her. I am a minister of the Gospel, and when I find any who suffer, cannot help but recommend "5 DROPS", for I know it will do more than you claim for it.

REV. F. M. COOPER, Washington Center, Mo.

PARALYSIS AND RHEUMATISM

DEAR SIRS: NOVEMBER 9, 1896.

It is with pleasure I speak of your priceless remedy and of the good it has done me. For the last eight years I have been an incurable cripple from paralysis and rheumatism. Just think, for eight years a total cripple, not able to earn a penny nor able to walk or step on the ground without the aid of something to lean on. Heaven bless the man who discovered this remedy, for, thanks to him and to God, I am able to walk and able to work, I have only taken two-thirds of a bottle, but have not had any pain in my back since I took the first dose, and after the second I walked across the floor, which I have not done in years. I have thrown away my cane and shall never need it again. To any one sending me a two-cent stamp I will send my affidavit. I have another bottle of "5 DROPS" and value it at $1 00 per drop.

Thankfully yours, EDWARD CASTLE,
1005 Wall Street. Sioux City, Iowa.

INFLAMMATORY RHEUMATISM.

DEAR SIRS: SEPTEMBER 24, 1896.

I wish to tell you and suffering humanity how much good "5 DROPS" has done me. In the beginning of this year I took down bedfast with Inflammatory Rheumatism, and I was doctored by as good physicians as this country has, but they could not cure me. On August 4, I began to take "5 DROPS." At that time every joint in my body and my limbs were stiff, so that I could not be moved. Even my tongue was getting so that I could hardly speak so any one could understand me, but to-day, only seven weeks from that time, I am absolutely cured, and thank you and God for my recovery.

Gratefully yours,
HORACE P. ANDERSON, McCracken, Kans.

If you have not sufficient confidence after reading these letters to send for a large bottle, send for a sample bottle, which contains sufficient medicine to convince you of its merit.
