Indigestion is often taken for consumption. The word consumption means wasting away, and dyspeptics often waste away as badly as consumptives.

The reason people waste away is because either they don't get enough to eat, or they don't digest what they do eat.

If the latter is your trouble, take Shaker Digestive Cordial. This will help you to digest your food and stop your loss of flesh.

Shaker Digestive Cordial is made from herbs, barks and the juices of fruit, by the well-known Shakers at Mount Lebanon. It possesses great tonic and digestive powers.

Shaker Digestive Cordial has cured many supposed consumptives (who were really dyspeptics), by simply helping their stomachs to digest their food, thus giving them nourishment and new strength.

A strike has been on at Libby since Monday of last week. Thirty or 35 miners had been discharged by Superintendent Hennessy, we learn, but to further economize the expense, if possible, while there were only about 60 men working three days in the week, orders came from headquarters in San Francisco to have the men put in the extra time in digging coal, furnishing their own oil, wicks, etc., and haul it out when needed. But the men saw in this a trick which had been successfully played on them once before to force a reduction of their pay even on the short time they worked each month, and they refused, hence the suspension of mining for the time being.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discovery to any afflicted reader of the Coquille Herald writing for them.

His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, untreated, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine Street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.
