If you eat what you like, and digest it, you will surely be strong and healthy.

But if you don't digest it, you might almost as well not eat, for what good can your food do you if it doesn't nourish you?

If you find that you can't digest it, there is a simple help for your stomach.

It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst cases of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

At druggists. Trial bottle 10 cents.
