Bandon Recorder: Last Sunday the force of men at the jetty work put in 327 tons of rock, and during the past few days the average output has been about 300 tons.

L. L. Dietz, a practical watch repairer, will soon open a shop in Coquille City—in the meantime will do all kinds of repairing at home, at the Judge Nosler rsidence. *

A Vicious Horse Attacks His Keeper.

Our townsman, George Martin, having in charge B. C. Stull's fine Clydesdale stallion, Gray Point, met with a serious accident and fight to the death with that vicious brute last Sunday morning at the John Jenkins place, on the North Fork. As we learned it, George was in a cart driving this way while leading the horse. He had a stick 6 or 8 feet long, fastened to the horse's bit to control and keep him at a distance from himself. We understand that the brute was becoming unmanageable and had before tried to bite and paw the manager, but up to this time had failed. George called to Mr. Jenkins on this occasion to lend a helping hand, and had hardly completed his sentence when the horse made vicious lunges at him, overturned the cart, and acted like mad. He would rear up, even carrying Martin off his feet, and would then try to strike him with his front feet and bite at him in a most ferocious manner. He finally got close enough to bite Martin and tore the clothes off of him, sometimes in his lunges biting so ferociously that the horse's nose would strike the ground and take in great mouthsfull of earth. Jenkins saw no hope of rescuing Martin otherwise, so he seized a large club, a portion of a rail, and belabored the infuriated animal over the head fast and hard, in a manner that would have killed an ordinary brute, finally almost exhausted and ready to give up, the horse rolled over, dead. Dr. Moore was summoned and hurried to the scene. Martin was found to be badly bitten and with several severe bruises on his body. His shoulder-blade was broken also. Mr. Martin will be brought home as soon as he can travel.

(Coos Bay News.)

It is rumored that the O. C. & N. Co. has bargained for the Eastport coal mine.

Cattle buyers say that there is a good supply of cattle in Coos county yet, notwithstanding the fact that several large bands have been driven out since spring.

A letter received from Oakland, Cal., Saturday, brought the news of the serious illness of David Wilcox, of the firm of E. B. Dean & Co. It is feared that the illness of Mr. Wilcox will prove fatal.

Rev. Geo. Gillespie, of Marshfield, and the Misses Pearl and Daisy Abernethy, of Dora, are among the names of delegates to the Christian Endeavor convention, who registered at the Pavilion, San Francisco.

Most of the miners left Newport last week, in accordance with the notice given by the company. It is generally believed that work will be resumed at the mine shortly, but the O. C. & N. Co. has not yet announced its intentions.

The steamer Homer has made her last trip to the bay, for the present, at least. She has received a five-year contract from the French government to carry mail from San Francisco to Tahiti, at $10,000 a year, besides what she can make on freight and passengers.

The improvement of Coos river will commence this week, under the supervision of Capt. Polhemus. We understand it is the intention to remove rocks, which obstruct navigation, as well as snags, and Capt. Polhemus is determined to accomplish the greatest possible benefit with the limited appropriation at his command.

Work has been commenced on a new vessel at the North Bend ship yard. She will be a three-masted schooner, with a length of keel 132 feet; beam 34 feet, and 11 feet depth of hold; to carry 400,000 feet of lumber. Capt. Simpson furnished the model for the vessel, and E. Heuckendorff will have charge of the construction. Capt. Olsen, of the Daisy Rowe, will take command of the schooner when completed.

Harry Weaver, unmarried, for a long time a resident of Roseburg, recently employed as hostler by the Messrs. Day at their Olalla mines, was killed near Winston bridge, on the 13th inst., while riding in a wagon loaded with mining machinery. In descending a deep grade the brake broke, the wagon turned over, and the contents fell upon Weaver, crushing him. He lived an hour, suffering dreadfully.

A sad death occurred Wednesday evening at the home of L. H. Cartwright, opposite Harrisburg. Cartwright's little boy, aged about 2 years, was playing with a small bolt, and in some way the bolt slipped down his throat and the child strangled to death before medical assistance could be secured.

The infant grandchild of Henry Page, of Slab creek, Tillamook county, was drowned in the creek last week. It had wandered away in play, and was dead and floating when found.

Lately C. W. Washburne, of Junction City, discovered that above 40 of his stock hogs had been stolen. The hogs were gentle, and were driven off by the thief.

Crook county authorities last week punished a man with a heavy fine for driving sheep over a grade west of Prineville; then compelled him to go and clear the grade.

UPPER-RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille and What is Going on There.

The dust on our streets cries aloud for a sprinkler.

Miss Oma McCracken returned home from California last week.

Many of our merchants are receiving new goods almost daily.

Miss Daisy Leneve of Coquille is visiting with friends in this city.

Much encouraging news from our mining district is received every week.

Quite a number of our people attended the campmeeting at Gravel Ford on last Sunday.

S. B. Hermann and wife are in Brewster valley enjoying an outing with friends from Roseburg.

A new harness shop will soon be opened in the Gray building, by Mr. Long, an experienced harnessmaker.

W. T. Reed informs us that as a new bird has been received the reward for the old one is accordingly withdrawn.

The Wall Bro's are doing the finishing work on the little steamer Emily, and will soon have her ready for inspection.

The baseball game at this place on last Sunday, between the Coquille and Myrtle Point nines, was won by the home boys.

Ed Greene and family, of Deer Park, contemplate moving to town, having leased their stock farm to S. H. Holmes and All Greene.

Chas. Dodge and D. Giles returned home on last Thursday from Salem, having delivered their charge (J. C. Cary) safely within the insane asylum.

Jason Machado has had his storeroom enlarged to make room for his steadily increasing trade. He now carries everything in the grocery line and at reasonable prices.

Druggist N. G. W. Perkins is somewhat scattered at present—his residence on one street, his kitchen on another. S. E. Decker the housemover says he will adjust matters this week.

Now that the county court has ordered the relocation of the Myrtle Point-Dairyville road, we must not let the matter rest, but see to it that the road is open yet this season and that old sore-eye is covered up for ever. We have much fruit and other produce that would find a ready market on the coast if that road was a practical one.

I. E. Rose's new residence is nearing completion.

W. H Erdice had a coat of paint put on the roof of the skimming station last week.

The union campmeeting at Gravel Ford, which opened on the 9th inst., promises to continue one month.

Our old friend Joseph Haines has been appointed postmaster at Eckley, thus prosperity is gradually returning to the faithful.

Rev. Mr. Millican preached two very interesting sermons in the M. E. church-house on last Sunday, while Rev. Gammage occupied his pulpit at Riverton.

S. H. Holmes, of Eckley, spent a few days in town last week nursing an injured hand and laying in supplies. He and Alf Greene have rented the old Greene ranch at Deer Park for a term of five years.

Lee Wagner was in town last week laying in supplies for his mining camp on the South Sixes. Lee is an experienced miner, enterprising and industrious, and will secure his portion of the yellow metal if it is to be found.

W. M. Guild and family, of this place, will start for California about the 15th of next month, having sold their confectionery and barber business to Wm. Page. They have made many friends during their stay at this place, who regret very much to lose them, and who take pleasure in recommending them to the confidence of the people among whom they may locate.

The city council of Myrtle Point last week granted to F. M. Friedberg a thirty-years' franchise for a water and electric light plant, and gave him a ten-year contract to furnish the town. This step does not meet the approval of the majority of our people, who are in favor of the town owning its own lights any water as soon as it could be made self-supporting. We do not hesitate to say that if the property owners of the town could have been heard that the franchise would have been tabled for thirty years; however we hope that it will not prove an elephant on our hands, but a spoke in the wheel of prosperity, and that the old "mossback's" will be kept busy dodging out of the way of the many millionaires who come here to see our lights burn and drink water which we trust will come from the Sugarloaf springs.

Gone to Rest.

DIED—At his home near Bandon, July 14, 1897, at 11 o'clock a. m., Daniel Pulaski, aged 85 years, 10 months and 16 days.

"Uncle Dan," as he was familiarly known, was a native of Poland. He settled in Indiana after coming to America, and he came to the coast and settled in Oregon in 1853 since which time he has been a resident of Coos county. His wife died a number of years ago and was buried near Fishtrap and some time afterward he purchased the Nelson place on the beach below Bennett's place. Eight years ago he built a house on a small tract he owned about a mile below town where he has since lived alone. He was down town on Monday afternoon and that evening ate a hearty supper with some parties that camped near his place, who, when they went in to bid him good bye the next morning found that he had become paralyzed during the night. Everything that could be done to restore him to health was done, but he did not revive and the next day he passed away having almost finished his four score and ten years. Uncle Dan was well known and being kindly, upright and honest, he had many friends who will miss his familar figure. He was an active member of the M. P. church and died in the Christian faith. The funeral services were preached yesterday in the M. E. church and the remains were taken near Coquille City today for burial. —Bandon Recorder.

Lawyer R. J. Fleming, of Salem, left Saturday for Roseburg, and will remain in Douglas county for a few days' hunting and fishing, says the Statesman. "He will then visit Coos county to look after some land matters, joining a party of Marion county farmers, among whom is W. J. Huffman." The Statesman further adds: "A 40-65 Winchester rifle was part of his paraphernalia as he boarded the train. The great question is, what is Fleming going to do with such a weapon?" Now, we don't know—can't answer this poser. He is hardly after us, for he knows we would welcome him "with bloody hands to a hospitable grave." But we would advise the little Dago, with patent outside, to take to his hole, for this lawyer will take him to be the "What is It," and shoot on sight.

The Milton Eagle says Umatilla county will harvest nearly, if not quite, 5,000,000 bushels of wheat this year. This will bring 50 cents a bushel, or $2,500,000.

Captain Wm. M. Smith took the precipitates from the Pioneer Mining Company to San Francisco last week.

Rev. E. A. Ross of the M. E church, south, will begin a campmeeting at Bandon the first Sunday in August. All are cordially invited.

Mrs. H. Stowers returned home Monday from a visit to her son Nat at Eckley. Joe Bledsoe brought her down and returned again on Tuesday. Nat's health is reported as improving.

William Chance, one of the early pioneers of Oregon, came up Sunday from Rogue river on the tug Katie Cook. Mr. Chance was here in 1856 in the capacity of Indian agent and well acquainted with the early history of this part of Oregon and remembers all the old settlers and early events.

J. S. Lawrence, of Coquille City, deputy grand master of the I. O. O. F., for this district, came down Wednesday and installed the officers of Lodge No. 133, of Bandon, that evening. Following is a list of the officers: B. F. Tupper, N. G.; A. T. Livingston, V. G.; S. Gallier, secretary; Robert Frederick, treasurer; V. N. Perry, warden; I. N. DeLong, I. G.; A. W. Kime, R. S. N. G.; W. Holcomb, L. S. N. G.; L. W. Record, R. S. V. G.; N. E. Barklow, L. S. V. G. After the installation was over the members had a banquet at the Tupper house.

Physical Training in the Public Schools.

The recently issued catalogue of the State Normal School at Monmouth announces a special course of two years in physical training for use in the public schools. The system adopted is the Ling, or Swedish system, and the work is given by a graduate of the Posse Gymnasium at Boston. The well equipped gymnasium at the normal school offers special facilities for the work. The catalogue gives in detail the three years' academic and professional course of the school which is especially designed to train for teaching.

GEO. O. LEACH,
Clerk of Board.

The area of the United States is 3,025,600 square miles; with Alaska it is 3,602,000 square miles. Texas, the largest state, is 212 times the size of Rhode Island. Texas might invite every man, woman and child now living in the world to settle within its territory, offering each individual a plot of ground 49½x100 feet. The state would not be really crowded, for each individual would have four times the space taken up by each person in New York city. England, Ireland, Scotland, Wales, Italy and Portugal could be transplanted in Texas and there would still be room for a good-sized promenade where curious Americans could walk while studying this bit of Europe. Three of the cattle ranches of Texas cover as much territory as the Sandwich islands, which we were to annex four years ago.
