The Sunday school connected with the Church of Redeemed Israel elected officers for the current term last Sunday, as follows: Sam Nosler, superintendent; Miss Mamie Millard, assistant superintendent; Miss Emma James, secretary; Miss Della Fox, assistant secretary; Oliver Sanford, treasurer; John Stone, librarian.

The high walk on east side of Mrs. Wilkins' property had been condemned by City Marshal Brown and bars placed to hinder its use, but some mischievous boys or other persons have torn them away and thus exposed citizens to injury or death.

"I have never had a day's sickness in my life," said a middle-aged man the other day.

"What a comfort it would be," sighs some poor invalid, "to be in his place for a year or two." Yet half of the invalids we see might be just as healthy as he, if they would only take proper care of themselves, eat proper food—and digest it.

It is so strange that such simple things are overlooked by those who want health.

Food makes health. It makes strength—and strength wards off sickness. The man who had never been sick was strong because he always digested his food, and you could become the same by helping your stomach to work as well as his.

Shaker Digestive Cordial will help your stomach and will make you strong and healthy by making the food you eat make you fat.

County Clerk Rackleff and Deputy Hazard have been very busy the past week completing the minutes of the probate and county court proceedings.

Comrade John Mintenberger, of Myrtle Point, made a trip lately to a brother who resides near Portland, and yesterday was on his way for an outing on the beach.

The governor has issued his annual proclamation against fires by camping parties and emigrants, or carelessness at clearings, etc.

So much serious damage results, that it seems singular that people are not more careful on general principles.

CARD OF THANKS.—I wish to express my sincere and heartfelt thanks to the sisters of the W. C. T. U., and to the people in general for their kindness in furnishing means to help defray my hospital expenses in San Francisco, for which I am more than pleased to say I am greatly benefited.

May God's blessing rest on each and every one of you in my prayer.

Respectfully yours, MRS. WES NOSLER.

The Woman, The Man, And The Pill.

She was a good woman. He loved her. She was his wife. The pie was good; his wife made it; he ate it. But the pie disagreed with him, and he disagreed with his wife. Now he takes a pill after his wife and is happy. So is his wife. The pill he takes is Ayer's.

Moral: Avoid dyspepsia by using Ayer's Cathartic Pills.

Riverton Riottings.

Riverton, July 19.—Gilbert Barker and son, of Newport, have registered at the Riverton hotel and will work in the Timon mine for some time.

Messrs. Gibson, Perry, Grundy and Bradshaw lately arrived from Appanoose county, Iowa. They are all good miners and now employed by the Diamond Block Coal Co.

Mr. Disher and wife, accompanied by Mrs. Maddocks and daughter, of Humboldt county, California, made Riverton a call last Saturday. They visited the coal mines while here.

DOSSA ASA. The skeleton of a man found Sunday of last week by a berry-picking party near Eastport, of which we made mention, was found to be that of H. Schmidt, a German sailor on the schooner Gotama, who had been treated for rheumatism by Dr. J. T. McCormac at the marine hospital last September.

It was thought he had wandered away into the brush and died. Papers in his pockets revealed his identity and the coroner's jury returned a verdict of death from unknown causes.

The good citizens of Marshfield, Myrtle Point and other towns in this county have complained somewhat of a sugar famine. It came at a serious time with them, and should not have been at all. But Coquille had been much worse off. We were out of flour, sugar, butter, eggs and fruit jars, and steamers and trains would come and go without replenishing the stocks of the first two named till our people were much discommodated.

The annual teachers' institute, to be held at Bandon, August 24, 25 and 26, should be earnestly supported and encouraged by the teachers of Coos county. Several able and experienced workers from other sections of the state will be present, and the institute will afford much help to the cause of education in our county if the county superintendent's efforts are seconded and encouraged as they should be.

C. W. Moon and family failed to reach this place yesterday, as they expected, owing to a habes corpus hearing in a suit which was instituted against him and restrained him of his liberty. County Judge Schroeder went over on the train yesterday to hear the case, of which we know too little at present to speak of its merits, or whether it is more of a persecution than just and equitable. [N. B.—Mr. Moon and family arrived in town today.]

Rev. W. P. Anderson, Baptist minister, will preach next Sunday at Bear creek, and the Sunday following at Marshfield. Mr. A. will possibly occupy this field of work, and the HERALD congratulates the public on the acquisition of so able, learned and eloquent a divine, and hopes he may in turn find a home and citizenship that will be agreeable and desirable to him.

Mrs. Ronnda, state lecturer of the W. C. T. U. and superintendent of the Department of Mercy, visited Bandon and this place last week briefly. She reached this section via Port Orford, having come from California. We regret that she could not give us more time and address our people. She visited Myrtle Point, the bay and Sumner.

An outing on the beach is being arranged for by many of our citizens. Last Thursday Mrs. P. Drane and daughters, Misses Mary and Julia, Mrs. R. S. Knowlton and children, Misses Theodosia and Edith Hayter, Mrs. J. S. Lawrence and children and Miss Emma Lorenz took the steamer for the beach on a ten days' camping.

Neglect of the hair often destroys its vitality and natural hue, and causes it to fall out. Before it is too late, apply Hall's Hair Restorer, a sure remedy.

Nearly Everyone Has Real Estate to Sell.

Few offer genuine bargains in keeping with the times. Sanford is one of those few, who has some of his own, and cannot well avoid acting as agent for several nonresidents, and others, who really want to sell at prices that will interest purchasers.

I have improved and unimproved farms in Coquille valley, and on Coos bay side; some timber lands; improved and unimproved lots, and some small tracts in and near Coquille City and Bandon, and will divide farms to suit your purse and wants, and am prepared to give long time on part pay when desired.

As I am not following selling as a business, you will find me on the farm, one mile west of Coquille City; or address, R. D. SANFORD, Coquille, Coos county, Oregon.

Our young friend, Woodson L. Patterson, has the agency and is canvassing for a very valuable publication by the title of "A Practical Book for Practical People," by a corps of special writers.

The subject of "Protection" is dealt with ably by President McKinley; the topic of "Free Trade" by Gov. W. E. Russell, of Massachusetts; the financial question, "Gold and Silver," by Thomas L. James of New York; the gold side of "The Silver Question," by J. K. Unton, late assistant secretary of the U. S. treasury, with the endorsement of Secretary Sherman; the silver side by Congressman R. P. Bland. Other able and interesting topics are discussed including several social questions by experienced writers. The book contains 680 pages, handsomely printed and illustrated with fine photo-engravings of the several authors. There are three different bindings, and prices are given at \$2.75 for the cheapest, and \$3.75 for morocco binding.

A basket social and literary and musical entertainment will be given next Saturday night, at Masonic hall, under the auspices of the Church of Redeemed Israel. Admission—adults, 15 cents; children under 12 years, 10 cents. No charge for ladies bringing baskets. The receipts go into an organ fund, for the purchase of an organ.

The Wimer Bro's, near Waldo, are doing well in their mining operations. The Grants Pass papers and Oregonian mention their late successful clean-up as the most promising of any, and that the profitable work has just fairly begun.
