If a small bottle of Shaker Digestive Cordial does no good, don't buy a large one. "Prove all things; hold fast that which is good." It's not good for everybody, only for the thin, pale, sick, weak and weary. For those who are starving for want of digested food. For those who cannot get fat or strong, because their stomachs do not work as they ought to.

These are the people, millions of them, whom Shaker Digestive Cordial will cure. Food makes strength, muscle, brain, blood, energy—after it is digested. If not digested, it will do you no good at all.

Shaker Digestive Cordial helps your stomach to digest your food and cures indigestion permanently. When you've tried a small bottle, you can tell.

The store-room was crowded with interested competitors while the count was being made, which was conducted at Dr. Moore's residence, next door. After the announcement of the result of the count, Prof. Kanematz "set 'em up" to the committee, serving the members with a sumptuous oyster supper.

The Steamer Coquille River.

The Examiner of Wednesday last, July 28th, has this to say about the steamer Coquille River: "The steamer Coquille River, that arrived yesterday from the port after which she is named, was put on the Merchants' dry dock today to repair an injury sustained by striking on a rock while coming out of Coquille River three days ago."

The Examiner is partially in error in the above statement. The injury spoken of was not as bad as might be inferred from the item, and which occurred three trips previously at or near Prosper. She was not docked for this injury, but to replace the rudder with a new one, during which this damage from striking a rock was also repaired. The boat is in first class order in every way, makes good time and delivers her freight dry and in best possible condition.

Several boys indulged in a "scrimmage" last Sunday, and were yesterday hauled up by Marshal Brown before his honor, Recorder Leach, three of whom paid the sum of \$5 each for their "fun." There are two or three others to hear from. Sunday night, too, was made boisterous by a couple of larger youth who had been imbibing to excess. Now, it is likely these parties would not be specially interfered with by citizens, if their parents didn't interpose against their becoming drunkards, but when they trespass on the rights of others, disturb public gatherings, or the peace of fellow-citizens, and indulge in loud, profane and vulgar language on the public streets and within the hearing of families, endurance ceases to be a virtue and the laws must be enforced.

HOMES—Several desirable and low-priced pieces of property not in our advertised list, and several town lots, way-down in prices, have placed in our hands for sale. Call quick.
