The strength which comes to us from eating nourishing food is better than stimulation, because it is new strength.

The health which belongs to a strong body, well nourished by proper food (properly digested), is the only health that is lasting.

The difference between Shaker Digestive Cordial and other medicines is simply that it helps nature to make strength. It does not profess to cure sickness, except as that sickness is a result of weakness caused by food not properly digested.

A Fatal Accident Occurred at the Beaver Hill mine last Tuesday evening, by which one James Marsdon lost his life. A blast was set off by a man named Green, of which Marsdon, it seems, had no notice, and the result was that the coal and rock were all thrown on Marsdon, striking him in the breast and crushing the bones in his body.
