We are informed of a party who is killing game, especially deer, out of season—at all times and any time—for the hides alone, and defies the authorities. We understand he says he will shoot any officer who attempts to arrest him. This fellow is the kind of game many would like to take a hand with. Make him put up or shut up.

In Europe, Asia, Africa, Australia and America, the five great continents, Shaker medicines are being used by suffering humanity for the cure of sickness and disease.

Never was there such a universal demand never such wonderful results. Shaker Digestive Cordial, a cure for indigestion, is prepared from herbs and roots, and is a natural remedy, which cures by aiding nature and not by fighting her.

Shaker Digestive Cordial makes those fat, who have become thin by not digesting their food. It restores the spirits and the appetite of those who are dejected and fagged out from the wearing effects of indigestion.

It relieves the symptoms of dyspepsia, and, after using for a reasonable time, finally cures the complaint.

Arrangements are being made for an extension of the water service by the water company to the north end. A pleasant "waka" party was held at Lorenz's last Thursday night by a host of young friends of Miss Joyce Beyers, who took the midnight stage for the Normal school at Ashland. Rumbblings from Rural. Rural, Sept. 4.—Surely the farmers of the upper South Coquille, in the N. C. settlement, have been highly favored by a kind and beneficent Providence, for they have succeeded in raising fine crops of grain, grass and vegetables; they have filled their barns with the finest quality of hay, have about finished harvesting and threshing, and have stored their wheat, oats and barley in their granaries. They had also burned their slashings in due time, and were ready for the gentle showers of rain which commenced falling on the 31st ult., which had the effect of extinguishing the forest fires and clearing the atmosphere of smoke, laying the dust and reviving vegetation.

The geological surveyors have completed their work in this locality and moved down the river in the vicinity of Rowland or Etelka.

A. S. Bralley has left his diggings near the mouth of the South Coquille canyon and gone in search of a new Klondike. Hope he will succeed in finding one second to none in Alaska.

The person who paroled Henry Wigan's underclothing from the fence on which he had hung it out to dry is requested to return it, or hold himself in readiness to accompany the sheriff to Myrtle Point.

Our orchards are loaded with the finest fruit imaginable. Who ever saw such delicious Bartlett pears? They almost melt in one's mouth! Yes, a "wave of prosperity" has reached this locality, but it was sent by a kind Providence and not by McKinley & Co. BU BAL.

The distinguished New York chemist, T. A. Stoen, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the Coquille HERALD writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial to his inflexible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, untreated, means speedy and certain death.

Simply write to T. A. Stoen, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the Coquille City HERALD.
