Brief Items from San Francisco.

Ed. HERALD: I thought I would give you a few items of places I visited and people I met in San Francisco.

While visiting at the German Hospital I met our old friend and neighbor, G. W. Wimer, now from Waldo, Josephine county, who is being treated for heart trouble. He is improving. Also Mrs. E. Heucken-dorf and son of Arago. The little boy had a fractured arm and shoulder and had to have the limb amputated.

I visited Dr. W. K. Vance's Electrical Medical Institute, at No. 3 Eddy street. The doctor showed me his electrical batteries and X-ray machines and explained their uses.

I met Joseph Johnson, brother of our Johnson Bros.—Sam and Dud—who used to live here. He has been a motor man on the Mission street cable line.

I spent several days at the Labor Exchange Depository No. 26, No. 322 Davis street, H. Warfield, manager, whom I found to be a nice and courteous gentleman, an ardent worker for the Exchange and the betterment of the workmen and producers. He can handle your produce at as good advantage as any merchant, if not better. That is my experience with him. The Exchange is becoming an attraction to dealers throughout the city, who are finding out where they can make their purchases of the best of everything at the lowest cost of handling and minus the excessive charges of middlemen and sharp practices of some commission men.
