

THE LABOR EXCHANGE.

Labor Exchange Bots and Deeds.

A third rail will be put on the track of all the great lines of railroad. So declares J. Pierpont Morgan who controls 27,000 miles of road in this country.

The Marganther type setting machine learned the typesetters that machinery could beat them, and now there is a prospect of a device becoming perfected whereby an operator playing upon a key board could set the news in type in offices connected by wire with the key board.

The farmer is not affected by this. Oh no. He is big enough to control the progressive development of the age. The more men out of employment the more produce he will have to sell.

But look at it as you will, this furor, suffering, panic, traps and general paralysis of business is the strangest of all strange things.

Men will not investigate and don't seem to care for a system which will remedy every evil of business and give them an abundance of everything that money will buy.

Why people prefer to suffer and go hungry with a barrier between an exchange of products rather than remove the barrier and enjoy life is a mystery. However, progress will force the adoption of the Labor Exchange.—W. H. Pavitt, in People's Watchman, Sacred Heart, Minn.

Self Reliance: Labor Exchanges should not be carried away with other schemes that are sprung on them. There are no principles better than the Labor Exchange, and as we journey along the highway of time if it is shown that it can be improved upon, it will surely be done.

Self Reliance: If our citizens would only waken to the fact that they have a Labor Exchange in their midst, become members, and patronize the depository, they would soon realize that prosperity had struck this neck of woods, and had come to take up its permanent home with us.

Rights of Man, Minneapolis: I am unable to find that Christ ever loaned money, collected rent or sold adulterated goods to his neighbors at a profit. Neither can I find that he recommended free soup joints or alms houses for the "blessed poor." It is no wonder the plutocrats crucified him.

The New Dispensation: The Coquille City Herald is a herald of the good time coming. Instead of the usual assortment of murders and robberies, it gives every week several columns of well selected reform educational matter. This will bring good results in the future. Robberies and murders are the legitimate fruits of false education. The education of the people now is mostly acquired from newspapers. It won't do to follow this reasoning too far lest we be suspected of trying to make the newspaper men responsible for the murders.

"Did you say that the Labor Exchange can do business without money?"

"That's what we did."

"And employ idle labor?"

"Just so."

"And give to labor all it creates?"

"Exactly."

"Then why don't it grow?"

"It does with phenomenal speed."

"How many are there?"

"About 250—in nearly all the states and one in Germany."

"Are there any papers given up to the advocacy?"

"Dozens of them."

"What do they cost per year?"

"From 55 to 50 cents."

"What are the names of some of them?"

"Labor Exchange, Independence, Mo."

"Progressive Thought, Clatshe, Kansas."

"The Inland Empire, Dallas, Or."

"Self Reliance, Cincinnati, Ohio."

"Labor Exchange Guide, Denver Colorado."

"Reformer, Lake Charles, La., and many others."

Self-denial is the one thing most difficult to inculcate and always hard to practice, especially when there are good things to eat within reach. But there is no self-denial necessary if you take Simmons' Liver Regulator. It promotes digestion, prevents dyspepsia and a dose after a hearty meal of delicacies will prevent any discomfort. It's the best good-night toddy.

Letter from State Normal School at Ashland.

ASHLAND, Or., Nov. 23, 1897.

ED. HERALD: I take this opportunity to drop you a few notes from the Oregon State Normal school at Ashland, Or.

Winter has come at last, to the delight of the students.

Football is the craze of the day at the Normal.

A game of football will be played between the Normal's fourth team and the Ashland north school team November 27th.

The campus of the O. S. N. S. is now adorned with two new bath houses for the convenience of the students.

Many of the students are already rejoicing the coming of holidays, when they can return to their homes for a short period of two weeks.

The Normals have a very familiar yell which is 'zip boom baugh, who go how, Ashland Normals, rah, rah, rah.'

Miss Annie Bogue of Riddle is attending school at the Normal. Miss Bogue used to reside in Coos. Jordan and J. B. Wimer of Waldo, Or., are also students of the Normal. They used to reside in Coos county.

Joseph McConnell drives the bus for the Normal. He is one of Coos county's most estimable young men.

The students from Coos county at the Normal this year are Misses Jo Beyers, Nellie Dement, Alma Johnson and Messrs. Chester and Wick Easter, Joe McConnell and Libburn Boone.

Wick Easter's pleasant voice can be heard of evenings, after school, coaching for the football team. Wick is an experienced player.

Libburn Boone will leave Monday for his home in Coos. The students regret to see him leave, but he promises us he will return, next year again. His room-mates, Lester Layton and J. B. and Jordan Wimer, will miss his smiling face, but there is one other who will miss him, too.

The literary societies hold their meetings in the chapel every Saturday night. There are two societies, one meeting one Saturday night and the other the next. The program for Nov. 27th consists of a mock trial of a murderer then the paper, which is always interesting.

A very interesting game of football was played in Ashland last Saturday between a third team of the Normal and a town team. This is the first time the Normals have ever been beaten.

The reception given in the chapel by the surrounding neighborhood Nov. 21 was well attended, there being about 300 present. The evening was spent in enjoyment. The purpose of the reception was to welcome the students back to school. A splendid program was rendered under the skillful management of Prof. L. E. Vining of the O. S. N. S. A STUDENT.

A novel petition has been filed in the district court at Omaha, by Joseph Bartley, ex-state treasurer, now under a 20-year sentence for looting the treasury of \$500,000. The petition is an answer to the state's suit in which Bartley is made co-defendant with his bondsmen. The petition declares that Bartley cannot be sued since he is dead, having been sentenced to the penitentiary. His attorneys declare that under the state law no convict can be sued. If this contention be sustained, the suit against the bondsmen cannot be maintained, since the principal must be sued with or before the sureties are sued in Nebraska.

The forthcoming November statements of the government's receipts and expenditures will show that the receipts in November so far have reached \$22,950,890, which indicates a total of about \$25,000,000 for the month. This is a trifling improvement over October, when the receipts were \$24,391,415. The deficit thus far in November stands at \$8,572,109, which is larger than was expected. The deficit for the fiscal year stands at \$46,581,120, the receipts having been \$127,701,160, and the expenditures \$174,282,180.

The Union Pacific has made a record for fast running. A mail train has been shot across the country from Cheyenne to Council Bluffs, 519 miles, in 599 minutes. This is the actual elapsed time, and includes all stops. Engines were changed twice, and one engineer was relieved. All the regular stops were made, and one extra, for an air-brake hose burst and had to be repaired at the expense of over five minutes of time.

Some of the students are already rejoicing the coming of holidays, when they can return to their homes for a short period of two weeks.

Somewhere out on the Mojave desert, A. R. Robertson, of Joliet, Ill., who jumped from a Santa Fe train Tuesday of last week, is dead or dying. Not a trace of him has been discovered since he leaped from a Pullman car while suffering from a mania. His father has given up the search.

Ex-Senator Corbett and wife have arrived in Washington for the session. RHEUMATISM, NEURALGIA, CATARRH, ASTHMA, HEADACHE and their curable cure. Science of the 19th Century looks on with amazement at the most remarkable record of cures ever known in the World's history.

DEAR SIR:—I am anxious for the sake of the suffering and out of gratitude to you to give my personal endorsement of your wonderful remedy. On the 26th of January, 1897, I was in Washington and was suddenly seized with an aggravated case of inflammatory rheumatism; so severe and painful was the attack that within 24 hours my left arm was paralyzed and I was only able to dress with assistance. I secured a bottle of Dr. J. P. Limbourn's "Five Drops" and took a dose that night, rubbing some on externally as directed. The following morning I was surprised to find myself immensely relieved, and continued treatments woke the second morning cured. My arm was absolutely free from pain, and all swelling and stiffness had disappeared. The quickness and completeness of my cure was remarkable. I have known for over a year of the great curative properties of your medicine and have several friends who have been cured by it of Neuralgia, Catarrh and Asthma. Wishing you every success and trusting that those similarly afflicted will at least give this remedy a trial. Sincerely yours, J. P. LIMBOURN, Bureau of Populist and Reform Papers, Old Stock Exchange Building, Chicago, Ill.

DEAR SIR:—I would like to thank you for your great remedy, "5 Drops," and tell you what it has done for me. I had Rheumatism in every joint and in the head, and I had Catarrh of the head for 30 years. I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had to use a little wheel for seven years, and my family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, after using "5 DROPS" only three months, I can do all I have to do, and I have gained more than 10 pounds of flesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the lives of the child and causes sweet and refreshing sleep to both young and old. Yours respectfully, W. M. KELLES, Siberia, Ferry Co., Ind.

DEAR SIR:—Your letter of recent date at hand, theetomental you speak of is genuine. The company who manufactures and sells "5 Drop" publishes it in the best and I gave it to them and every word of it is true, and I would swear to it and prove it by many witnesses. The company did not ask me to advertise for this letter. I had just last January for publication in order that poor sufferers, incurable as I once was, and as you are, might be cured. Get "5 Drops" and use it and it will cure you as it has cured me. I have received many letters like yours, and it is a pleasure to me to assure all who are afflicted with your neighbors what I have written about "5 Drops." I know how to sympathize with those who are afflicted, for I have suffered so long, it is now 3 months since I was freed from pain. Dr. S. W. Kelles, my brother, uses "5 Drops" in his practice, and joins me in endorsing this great remedy. He says for a case like yours it is a positive cure. Sincerely yours, W. M. KELLES, Siberia, Ferry Co., Ind.
