THE LABOR EXCHANGE.

Necessity of Food Products.

In No. 21 of the Guide appeared an editorial on the necessity of forming a complete circle of exchanges, in which the following paragraph occurred:

"Chief among those whom it is essential to interest in the Labor Exchange is the farmer. He is the great producer; the one who supplies us with the greatest variety of the most essential conditions of life. Without the farmer to deposit grain, fruits, vegetables and products of the dairy, the Labor Exchange is but a make-shift, and sooner or later must find itself congested in its operations."

We desire to emphasize the claim that a prime necessity of the Labor Exchange is access to land and the products of the land. The farmer is the great food raiser. Think for a moment what an abundance and variety of food products can be raised on an ordinary homestead of 160 acres. And as those products are the most essential to life, so they are the most needed in a circle of exchanges. Without the farmer the complete exchange is impossible.

Hence, every branch of the Labor Exchange should number among its members several men engaged in agriculture, in stock raising, in fruit culture, and the like, and every encouragement should be given such members to deposit their products. Unfortunately, under the senseless system of isolated farms, the opportunities for exchange enjoyed by the farmer are limited. He generally "trades," for convenience, at the country store. If he is a member of the Labor Exchange, and lives in the neighborhood of a Branch, he probably begins by depositing his product at the branch and ends by taking it elsewhere. A hundred reasons may be assigned for this:

When it is possible, the Labor Exchange Branch should own and operate its own farms. Often money and labor expended in city or town lots and buildings would have given better results if used to purchase and improve farm property. With plenty of hay, grain, vegetables, fruit and dairy products as a basis of exchange, the Branch would have to be badly managed indeed that would fail.—Labor Exchange Guide.

Alas for Sovereignty.

The American sovereign can be found in all sorts of unkingly positions. He does not appear to good royal advantage as a half-starved miner. He is not princely as he stands with doffed hat, shrinking and trembling before his master, who holds in his kingly hand the threat of discharge. He is not royally dignified when he casts his kingly prerogative, the ballot, in herds, with the fear of his employer before his eyes. His sovereignty is not apparent when he tramps the highways, hopeless, penniless and hungry, or when hanging like grim death on the brakebeams beneath a palace car. Alas for fallen royalty when he is arrested, chained and placed on the rock pile under the scornful gaze of the public. Of what benefit is his sovereignty when it fails to preserve him from the conditions of the most abject slavery? More than the mere title of "sovereign" is required to secure even his manhood. Freedom, equality, justice are better words to conjure happiness with than royalty or sovereignty.—Labor Exchange Guide.

Progress of L. E. Branches.

Branch at La Center, Wash., is operating a fruit evaporator.

The Branch at Visalia, Cal., expects to soon have a sawmill. About $10,000 has been subscribed.

Branch 131 at Salina, Kansas, has made arrangements to purchase a fully equipped feed mill.

Englewood Branch (Chicago) has recently closed a contract for $12,000 worth of labor on buildings.

Canon City, Colorado, Branch is burning lime and quarrying building stone.

Cincinnati, Ohio, Branch No. 226, is operating a pickling and preserve plant, also making brooms and brushes.

At Grand Rapids, Mich., the members have decided to make weekly contributions of money, in order to have some capital to start with.

Labor Exchange Guide: The Labor Exchange aims to give every man his due. It aims to abolish money, to do away with land monopoly, to restore a proper equilibrium in society. We are poor, not because we cannot produce enough, but because what we produce is taken from us without an equivolent being returned.

The high wind and storm of last Tuesday were a severe test of buildings in this section. The old schoolhouse was tested, and gave the pupils and teachers a considerable scare. Well, it won't be long till we shall have a new building.

The Empire town election was held Monday, and the following ticket was elected: Trustees—John Flanagan, Thos. Rooke, B. D. Jones, Thomas. Walker, William Klahn. Recorder—W. Turpin. The new board was to meet yesterday, at which time a marshal would be appointed.

The burden of labor is constantly being frightened by new inventions, but nothing new has yet been discovered to brighten the hours of labor, and make life worth living like Simmons Liver Regulator does. It's the King of Medicines. A sluggish liver depresses one's spirits and causes languor, besides upsetting the whole system. But Simmons Liver Regulator tones up and strengthens the body.

T. J. Perkins, our lower-river nurseryman, last Friday completed a delivery of early orders for fruit trees on the upper river. Mr. P. is now selling his own stock, which embraces only fruits known to him as a success in southwest Oregon. Mr. P. is an old resident, intelligent, practical and experienced, holding the confidence of all who know him, hence what he puts on the market may be relied upon as being just what he represents it.

Marshfield News: A merchant in town informs us, that a short time ago there was in the neighborhood of 700 tons of freight in Portland for Coos bay business men. When it was learned that there was no probability of a steamer being secured to deliver it, a number of the orders were countermanded and sent to San Francisco, where they were promptly filled and forwarded. The Portland merchants have got too much money, and they have no time to bother with Oregon trade when the prospects at Klondike are so alluring. The principal products of Coos county—coal, lumber, salmon, potatoes, apples, etc.—find a market in San Francisco, and it is natural to assume that that city would get the great bulk of the trade, in any event. Under existing conditions it will continue to get all the trade.

E. P. Mast was down from the North Fork last Friday, coming down on business with a 4-horse team. The roads are bad—in a sense, bottomless. Mr. M. now gets his mail at the new postoffice, "McKinley," instead of Fairview, as heretofore.

A firm in Portland had several hundred boxes of apples ordered through a firm in this place, which were to have been shipped last week, when an order was received cancelling the contract. This seems to be present day "business" methods; two make a contract and one cancels it; transportation lines can carry or not, as they choose, and when and where they choose.

Mr. C. M. Dixon, a well known merchant of Pleasant Ridge, Fulton Co., Pa., has a little girl who is frequently threatened with croup, but when the first symptoms appear, his wife gives her Chamberlin's Cough Remedy, which always affords prompt relief. Subscribers can pay up their subscriptions for the HERALD on the Labor Exchange plan, bring us good, marketable wheat, oats, barley, rye, corn, eggs and chickens. We urge especially those who are back with their subscriptions to take this oportunity of liquidating the same. We want good, marketable produce for which we will allow the ruling market price.

The HERALD does not contain an agricultural department because its columns are devoted entirely to news matter, but it gives *Free of Charge* to every cash in advance subscriber the best farm, fruit and dairy paper printed on the Pacific coast. The Rural Northwest is a sixteen page paper, published semi-monthly, and contains much of interest to those who are engaged in agricultural pursuits. For the regular subscription price of $2 in advance both THE HERALD and *Rural Northwest* may be received.

There is something wrong in the transportation management when Bandon firms have to ship matchwood via this place and by rail to the bay, thence to San Francisco. It would be bad for our local shippers to have to ship such marginless products that way, wherein the profits accrue only from the few times of handling But, the good time is surely coming when this valley will own and manage her own transportation facilities, since outside business acumen(?) has failed to grasp the chances and capital has toyed with them, and the opportunity will slip.

(COOS BAY NEWS.)

It is rumored that the keel for a large vessel will be laid at North Bend early next month.

The demand for Coos Bay coal continues good in the city. Notwithstanding that four steamers are carrying coal regularly from here, the bunkers in the city are kept cleaned out. More steamers would be put on the route if it were possible to get them.

The state board of equalization having inaugurated its affairs in running order last Tuesday G. Wingate, from Astoria and the fifth district, raised the question of keeping the minutes of the board in a somewhat more restricted sense then had been observed in the past (and this without prejudice to the secretary or any one else), claiming that lawyers and special pleaders before the board had abused the liberal access accorded them, by using the information thus obtained to the detriment of the board's best purposes, and in some cases all but negativing the acts of the board.

"When I see a man sit and play solitaire all the evening I always think he must like himself pretty well." "Yes; and it looks as though he had a sort of monopoly in it, too."

Judge—What sort of a man, now, was it whom you saw commit the assault? Constable—Shure yer honor, he was a small, insignificant craythur—about your own size, yer honor.

Doctor—Well my fine little fellow, you have got quite well again! I was sure that the pills I left for you would cure you. How did you take them, in water or in cake? "Oh, I used them in my popgun."

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever nine cases out of ten are caused by catarrh; which is nothing but an inflamed condition of the mucous surfaces.
We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Louisville Evening Post: A young lady in Muhlenberg county by the name of Miss Helen Hunt found a purse in church one Sunday morning recently, and reported her find to the pastor, with the request that he report the finding of the purse and contents, and that it would be returned to its owner by applying to her. So the following Sunday the pastor made this announcement from the pulpit: "Somebody lost a purse here last Sunday evening, and if the owner wants the property he can go to Helen Hunt for it."

49 YEARS OF SUFFERING FROM RHEUMATISM.

5 DROPS

Read carefully this testimonial found below, also letters from those who have been cured of other diseases, and remember that "5 Drops" has and can never fail to quickly relieve and permanently cure. Sept. 9, 1896.

DEAR SIR:—Your bottle of "5 Drops" received. It was for an old friend, Mr. Wm. Edwards, of Martinstown, Wis. He has had Neuralgia in his chest, suffering a great deal of pain, so much so that it affected his heart and he could not sleep on account of a smothered feeling. He has been under the care of the most eminent physicians, but found no relief until I gave him a dose of "5 Drops." The very first night he rested well, and has ever since, and is gaining daily. I myself am 67 years old and began taking your medicine last April for Rheumatism, which I have had for 49 years, also for weak heart. Since taking "5 Drops" the Rheumatism has all disappeared, the stiffness is gone from my joints, and my heart never misses a beat. I am to-day a well, strong woman, and I owe it to "5 Drops." I only wish I could sound my bugle of praise loud enough to be heard all over the world, and could convince every one that "5 Drops" is all you claim it to be and more.
Mrs. D. T. Carver, Winslow, Stevenson Co., Ill.

34 YEARS OF SUFFERING.
DEAR SIR:— JANUARY 2, 1897.
Over 34 years ago, I had Typhoid Fever, and barely escaped with my life. It left my system so shattered that I have had ever since, Rheumatism and Throat Trouble, which gave me a terrible Cough. I had been unable to find any relief for these diseases, until I learned of your "5 DROPS", which I commenced taking only two months ago, and my cure has been indeed WONDERFUL. Already my cough has entirely disappeared, and the Rheumatism which for a few years past has threatened to make a cripple of me is cured, and I am free from pain. This is the most wonderful and the cheapest remedy ever discovered. I am more thankful to you than words can tell and I want everybody to know what "5 DROPS" has done for me. Although I am over 70 years old, I am feeling better than I have in years.
I shall be glad to answer any questions regarding my case from anyone enclosing a two cent stamp. Gratefully yours,
MRS. SAMUEL RIBLET, Litchfield, Mich.

CATARRH AND HAY FEVER.
I find the bottle of "5 DROPS" to be very good and just what you claim. My wife has been suffering with Catarrh and Hay Fever over 16 years. She has tried everything and doctored much, but no cure until she tried "5 DROPS" which completely cured her.
Yours truly REV. L. VON WALD.
March 31, 1896. Milbank, S. D.

NEURALGIA AND SCIATICA.
For twenty long years my wife suffered untold tortures from Sciatica and Neuralgia, and I thank God for the day that your heaven-sent remedy fell into my hands, for it completely cured her. I am a minister of the Gospel, and when I find any who suffer, cannot help but recommend "5 DROPS", for I know it will do more than you claim for it.
REV. F. M. COOPER, Washington Center, Mo.

PARALYSIS AND RHEUMATISM
DEAR SIRS: NOVEMBER 9, 1896.
It is with pleasure I speak of your priceless remedy and of the good it has done me. For the last eight years I have been an incurable cripple from paralysis and rheumatism. Just think, for eight years a total cripple, not able to earn a penny nor able to walk or step on the ground without the aid of something to lean on. Heaven bless the man who discovered this remedy, for, thanks to him and to God, I am able to walk and able to work. I have only taken two-thirds of a bottle, but have not had any pain in my back since I took the first dose, and after the second I walked across the floor, which I have not done in years. I have thrown away my cane and shall never need it again. To any one sending me a two-cent stamp I will send my affidavit. I have another bottle of "5 DROPS" and value it at $1.00 per drop.
Thankfully yours, EDWARD CASTLE,
1003 Wall Street. Sioux City, Iowa.

INFLAMMATORY RHEUMATISM.
DEAR SIRS: SEPTEMBER 24, 1896.
I wish to tell you and suffering humanity how much good "5 DROPS" has done me. On the beginning of this year I took down with Inflammatory Rheumatism, and I was doctored by as good physicians as this country has, but they could not cure me. On August 4, I began to take "5 DROPS." At that time every joint in my body and my limbs were stiff, so that I could not be moved. Even my tongue was getting so that I could hardly speak so any one could understand me, but to-day, only seven weeks from that time, I am absolutely cured, and thank you and God for my recovery.
Gratefully yours,
HORACE F. ANDERSON, McCracken, Kans.
