Heavy Slides on the Beach.

The excessively heavy rains and breakers on the beach below Empire, or rather between the southern point of South slough and the beach, and inland as far as the Empire-Bandon road, Thursday of last week exceeded themselves in fury, causing landslides and disappearance of prominent landmakrs in the form of bluffs, rocks, etc., doing serious damage. As much as 10 acres of fine land, including house and barn and other property belonging to Charles Hansen, and the prominent rocks known as "The Seven Devils," disappeared; also heavy slides of bench lands upon the bottom lands of Dr. Cook, besides other minor damages to farms. The winds were fearful and the breakers unusual.

Christmas Tide Dialogue.

"You've paid out too much for presents this year, wife."

"Why, dear, I havn't enough yet to go around," replied the wife. "Some of our folks will think we've treated them shabbily this Christmas."

"Yes, wife," kindly replied the husband, "but if you had bought your goods at Coquille Pharmacy you would have had enough to go around and some money left."

"Oh, dear; that is too bad. I'll take them right back and make them return my money."

"Now that is just like a woman," said the husband, mildly, "but it won't do. Remember the next time, though, and whether it is for holiday goods, stationery, drugs, or patent medicines, the place to go is the Coquille Pharmacy."

That game of football will be played at this place on New Year's day, between the Marshfield boys and our local stormers.

DONNA ANA.

The Chicago Post's Washington special says: The report of the Union Pacific reorganization committee is given as authority for the statement that the Union Pacific will not buy the Kansas Pacific at the price that the government will insist on being paid. Asked if it would be possible for the company to parallel the Kansas Pacific, the reply was given that it was practicable, but the paralleling would be done at a cost of less than one-third what would be required to buy the Kansas Pacific.

Mrs. Nancy Allison McKinley, mother of President McKinley, died at her home at Canton, Ohio, Sunday morning, Dec. 12, aged 88 years. The attendance at the funeral Tuesday was very large, and included her son, President McKinley, and family and many prominent citizens from that and other states.

STATE CONVENTION MARCH 23.

The People's Party State Convention Will Meet in Portland.

The state executive committee of the state central committee of the People's Party of Oregon met at Portland Saturday night and called the state convention of the party to be held at Portland on Wednesday, March 23, 1897, at 1 o'clock p. m. The committee present were John C. Young, chairman; W. S. U'Ren, secretary; Dr. E. Barton and A. P. Nelson. The fifth member, C. S. Morse, did not arrive.

Among the visitors with the committee was Frank Williams of Ashland, L. H. McMahon of Salem and Chas. A. Fitch of Oregon City.

The committee gave out the following address:

The state executive committee of the People's Party of Oregon believe it to be for the best interests of all concerned, that the following statement be now made, to the end that those of all political affiliations who have the welfare of the state at heart may not be misled in their future political action.

A careful investigation of the alleged union party will reveal the fact that it is composed of self-apointed leaders, and is better calculated to disrupt than to unite the reform forces of the state, and that all who went into it from patriotic motives are being misled.

Into one harmonious whole Mayor Pennoyer pretends to want to unite those elements that ta the last election supported Mr. Bryan, and array it under all comers under the gold standard. But he insists, at the instance of Mr. Jones, national chairman of the Democratic party, that this be done in the name and under leadership of the Democratic party (of which he assumes to be the head and front in Oregon). In support of this position he claims that the Democratic party has abonded its false gods and therefore there is no logical excuse for the future existence of the People's Party, either state or national.

There can be no united action with the People's Party under the banner of the Democratic party and its terms of capitulation, nor under the leadership of Mr. Cooper's so-called union party.

We recommend that our precinct clubs and county conventions consider, without prejudice, all honest suggestions intended to unite the legislation and free silver voters of of the state in one party, to the end that the people may have power to make the laws under which they are to live.

We urge that club work be resumed at once and our educational campaign be prosecuted vigorously. We recommend that no county nominations be made until after the state convention.

By order of the state executive committee of the People's Party of Oregon.

JOHN C. YOUNG, chairman.
Attest: W. S. U'REN, secretary.

Durrant Again Sentenced.

San Francisco, Dec. 16.—William Henry Theodore Durrant, the condemned murderer of Blanch Lamont, was sentenced by Superior Judge Bahrs for the fourth time to suffer the extreme penalty of the law, the date for his execution being set for January 7, next. His attorneys made a desperate effort to secure further delay and pave the way for another appeal to the supreme court, but Judge Bahrs was inexorable, and overruled each and every objection made to the proceedings.

Durrant was in court and carried himself with his customary coolness. An immense crowd flocked to the courtroom and filled the corridor of the city hall.

The condemned man's attorneys will at once renew the battle for his life. They intend to appeal to the supreme court of the United States. In all probability one of the lawyers for the defense will proceed to Washington to make the final technical fight, based on the question of federal and state laws. The time for action is short, however, and even the defense doubts the success of its venture.

Mrs. Durrant has visited her son. Both were downcast, and seemed to realize that the end was near.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlin's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olagah, Ind. Ter. *Chief.* This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have never yet learned of a single case resulting in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent bottles for sale by R. S. Knowlton.
