THE LABOR EXCHANGE.

Principles of the Labor Exchange.

"1. To provide employment for idle labor, by facilitating the interchange of commodities and services among the associates and the public.

2. To alleviate the suffering incident to, and avert the social dangers which may arise from, a constantly increasing class of unemployed, by furnishing to this class useful occupation, and saving the wealth thus produced, for the use and benefit of the actual producers and their dependents.

3. To lighten the burden of charitable institutions by establishing one self-sustaining.

By and through such employment of idle labor as aforesaid, this association aims to furnish food, clothing and the comforts of a home to those thus employed, establish depots for mutual exchange, operate boarding houses for the purpose, and also provide for education, the elevation of character and the amenities of life by maintaining schools and other places of instruction.

"Membership.—Any person, male or female, of good character, not addicted to intemperate or immoral habits, who is willing to engage in a useful occupation or calling, or aid by work or means to advance the objects herein stated, may become a member of this association, and be entitled to the benefits of it, under such rules and regulations as may be established by same.

"Property.—The property of this association, real and personal, shall not, under any circumstances, be mortgaged or pledged. The association shall not borrow any money, and shall not issue any interest-bearing note or obligation against itself.

"Distribution of revenues.—All money received for the sale of goods, hire of labor and other property, the execution of contracts, board of bands, entry fees to places of amusement, etc., shall be distributed as follows:

1. To replenish the stock of goods sold.

2. To keep the property in repair, and to restore any which may have been destroyed by accident.

3. To defray the expense of administration economically conducted.

4. To support the sick and disabled, and assist the families of deceased members.

5. To maintain schools, especially night schools, libraries and places of instruction and amusement.

6. To extend the field of its operations by the acquisition of additional means for the employment of idle labor." Life membership is one dollar, which is to help meet the propaganda expenses. There are no dues.

From the Accountant, Oregon City.

Co-operation must come. It is the only hope for the rising generation.

Reader, if you find it hard to secure pemanent employment now, and the army of unemployed is being constantly increased by the use of machinery, what show will your children have in the future? Investigate the Labor Exchange.

Unappreciative cotton-raisers are kicking because their cotton only brings five cents per pound. Poor fellows! They ought to be satisfied to know that wheat is a dollar a bushel and prosperity is here. Some people want the earth, though.

If, by the employment of a part of our people, more goods are produced than can be disposed of, what prospect is there for those who are ible? Their labor would simply increase the surplus. Do you see the point?' No legislation can remedy this condition—the system must be changed.

What is to be done by the vast army of mechanics displaced by machinery? Take up some other trade or profession? No! They cannot do this because nearly all industries are being effected in the same way. Telegraphers displaced by the new type-writer instruments can not become printers; printers can not become glass-blowers, the latter cannot become shoe-makers, etc. In fact under the present system of individual competition, no relief is attainable. Their only hope of securing emyloyment is to under bid some fellow workman who, in turn, must underbid someone else for a chance to keep himself and family from starving. By co-operation, however, they could own the machinery and, instead of reducing the number of men, reduce the hours of work without effecting any change in the quantity or prices of their products.

Co-operative Age: Labor Exchange has come to stay. The justness of its methods is the strongest advocate of its use. It classes none, it fulfills the law, it antagonizes none, it is not new, it is time tried and proven.

Myrtle Point voted a 12½ mill tax, at its late school district meeting, to pay interest on its bonds and for public school purposes. Bandon, too, has voted a 5-mill levy for school purposes—to run an 8-months' term—and 3 mills to provide interest on outstanding bonds.

One of our Coquille valley apple shippers had some labels printed at the HERALD office, which he pasted firmly on one end of the boxes, telling whose they were and where they were grown. A few days since he shipped another lot and accompanied them to the city, intending to see to the result himself, even while consigned to the Labor Exchange store. They arrived promptly and were inspected by commission men at the wharf. The result of the labeling was, that the day after delivery in San Francisco, two firms enclosed stencils and instructions to ship to them—"regular commission dealers, old and reliable houses"—instead of to "irresponsible and irregular firms," and they "would guarantee good returns." Another, which already receives shipments of apples from this valley, but brands them "Northern California" apples, sends printed tags, and still more letters are expected: The shipper, a well-known citizen of this section, had never before been satisfied with the results of his labor and investments, often realizing nothing, even when the market was good. Now he prefers to ship to the Labor Exchange store, which represents the producers, and he gets what they sell for in the market, less the cost of handling, thus receiving all he could expect.

Coos Bay News.

The Czarina took a cargo of 1169 tons of coal on her last trip, besides a large lot of potatoes, apples, and other freight.

Cattle buyers on the Siuslaw have contracted for a large number of calves, to be delivered in the spring, at $10 per head.

It is rumored tha the tmanagement of the Beaver Hill mine intends sinking a shaft. This will tap the immense basin of coal in that section, and will insure a large output.

The steamer Empire, which sailed Monday, was loaded to her fullest capacity, and was obliged to refuse freight. She was drawing 17 feet when she left the dock at Empire.

The rumor in circulation last week, that fare on the Arcata was to be raised to $20, is without foundation; so the resident agent informs us. The fare will remain $10 cabin, and $6 steerage.

We learn from Capt. Seaman that the Czarina will make one or two more trips to the bay, and will then go on the Alaska route under a three-months' charter, after which she will again return to the bay.

The schooner Amethyst, which sailed from the city for this port on Tuesday of last week, put back to the city on Wednesday, and reported the drowning of the mate, John Ostron. While assisting in reefing the mainsail, Ostrom was knocked over board by the boom. He was a native of Finland, aged 35 years.

FERNANDINA, Fla., Feb. 28, 1896.
MR. J. GEORGE SUHRER, Druggist, City—*Dear George:* Please send a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.
Yours respectfully,

Lee Items.

Lee, Feb. 5.—After so long a time, I thought I would try and give you some of our neighborhood doings.

Plenty of rain and muddy roads at present.

A good many of the people in this vicinity have gone to logging. As the price is raising on lumber, they think there should be money in logging.

W. C. Brown steps around pretty lively since the arrival of a new baby boy at his house on Feb. 2d. Mother and child getting along very well, but it is doubtful whether Mr. Brown will recover or not.

Cora Chandler of this place visited her sister, Mrs. Lee Mast, at McKinley, last week.

Mrs. Waters has been quite sick, but is better now.

M. P. Sumerlin, who has been in California for the past three years, returned to his home at Lee sometime ago. He will go back to California before long. I guess some pretty girl down there has held his heart as a pledge.

Rev. Hollenbeak preached at the Methodist church last Sunday. As the roads are so muddy, and some of the people live so far from the church, there wasn't a very large congregation.

NOBODY'S DARLING.

Rumblings from Rural.

Rural, Feb. 5.—There was recently heard a loud "rumbling" noise in the region round about Rural which was at first thought to be the near approach of that "huge wave of prosperity" promised us by McKinley prior to his election to the presidency, but on investigation it was found to be caused by C. M. Neil, D. Wagner & Co., falling the huge fir and white cedar trees which grow so large, so straight and tall in this locality. The boys have recently started a logging camp in this vicinity, and we hope they will succeed in their laudable undertaking beyond their most sanguine expectation. There are vast quantities of as fine fir and white cedar on the upper south Coqille as can be found on earth, and we would be pleased to see other loggers come up and take our fine timber out of our way, so we can raise more grass for our stock.

Those who are inclined to engage in the logging business "away up here" need not be afraid they can't get their logs to market, for

"Our river is both deep and wide,
And gracefully the logs will glide,
Down, down the river till they loom,
Like spectres in the logger's boom."

The weather has been rather cool for a few days past, though the grass still looks fresh and green, and stock seems to be doing very well.

Some of our trappers have taken in their traps, and have either gone into the logging business, or gone to work on the farm, either of which occupation I presume will pay better than trapping, as fur-bearing animals seem to be remarkably scarce.

As I am no advocate of the pastime called "tripping the light fantastic toe." I will leave it for those who indulge in it to tell "what a jolly time they had Friday night."

5 DROPS

49 YEARS OF SUFFERING FROM RHEUMATISM.

Read carefully this testimonial found below, also letters from those who have been cured of other diseases and remember that "5 Drops" has and can never fail to quickly relieve and permanently cure. Sept. 9, 1896.

DEAR SIR:—Your bottle of "5 Drops" received. It was for an old friend, Mr. Wm. Edwards, of Martinstown Wis. He has had Neuralgia in his chest, suffering a great deal of pain, so much so that it affected his heart and he could not sleep on account of a smothered feeling. He has been under the care of the most eminent physicians, but found no relief until I gave him a dose of "5 Drops." The very first night he rested well, and has ever since, and is gaining daily. I myself am 67 years old and began taking your medicine last April for Rheumatism, which I have had for 49 years, also for a weak heart. Since taking "5 Drops" the Rheumatism has all disappeared, the stiffness is gone from my joints, and my heart never misses a beat. I am to-day a well, strong woman, and I owe it to "5 Drops." I only wish I could sound my bugle of praise loud enough to be heard all over the world, and could convince every one that "5 Drops" is all you claim it to be and more.
Mrs. D. T. Carver, Winslow, Stevenson Co., Ill.

34 YEARS OF SUFFERING.
DEAR SIR:— JANUARY 2, 1897.
Over 34 years ago, I had Typhoid Fever, and barely escaped with my life. It left my system so shattered that I have had ever since, Rheumatism and Throat Trouble, which gave me a terrible Cough. I had been unable to find any relief for these diseases until I learned of your "5 DROPS" which I commenced taking only two months ago, and my cure has been indeed WONDERFUL. Already my cough has entirely disappeared, and the Rheumatism which for a few years past has threatened to make a cripple of me is cured, and I am free from pain. This is the most wonderful and the cheapest remedy ever discovered. I am more thankful to you than words can tell and I want everybody to know what "5 DROPS" has done for me. Although I am over 70 YEARS old, I am feeling better than I have in years.
I shall be glad to answer any questions regarding my case from anyone enclosing a two-cent stamp. Gratefully yours,
MRS. SAMUEL RIBLET, Litchfield, Mich.

CATARRH AND HAY FEVER.
I find the bottle of "5 DROPS" to be very good and just what you claim. My wife has been suffering with Catarrh and Hay Fever over 16 years. She has tried everything and doctored much, but no cure until she tried "5 DROPS" which completely cured her.
Yours truly REV. L. VON WALD,
March 31, 1896. Milbank, S. D.

NEURALGIA AND SCIATICA.
For twenty long years my wife suffered untold tortures from Sciatica and Neuralgia, and I thank God for the day that your heaven-sent remedy fell into my hands, for it completely cured her. I am a minister of the Gospel, and when I find any who suffer, cannot help but recommend "5 DROPS", for I know it will do more than you claim for it.
REV. F. M. COOPER, Washington Center, Mo.

PARALYSIS AND RHEUMATISM
DEAR SIRS: NOVEMBER 9, 1896.
It is with pleasure I speak of your priceless remedy and of the good it has done me. For the last eight years I have been an incurable cripple from paralysis and rheumatism. Just think, for eight years a total cripple, not able to earn a penny nor able to walk or step on the ground without the aid of something to lean on. Heaven bless the man who discovered this remedy, for, thanks to him and to God, I am able to walk and able to work. I have only taken two-thirds of a bottle, but have not had any pain in my back since I took the first dose, and after the second I walked across the floor, which I have not done in years. I have thrown away my cane and shall never need it again. To any one sending me a two-cent stamp I will send my affidavit. I have another bottle of "5 DROPS" and value it at $1.00 per drop.
Gratefully yours, EDWARD CASTLE,
1005 Wall Street. Sioux City, Iowa.

INFLAMMATORY RHEUMATISM.
DEAR SIRS: SEPTEMBER 24, 1896.
I wish to tell you and suffering humanity how much good "5 DROPS" has done me. On the beginning of this year I took down bedfast with Inflamatory Rheumatism, and I was doctored by as good physicians as this country has, but they could not cure me. On August 4, I began to take "5 DROPS," At that time every joint in my body and my limbs were stiff, so that I could not be moved. Even my tongue was getting so that I could hardly speak so any one could understand me, but to-day, only seven weeks from that time, I am absolutely cured, and thank you and God for my recovery.
Gratefully yours,
HORACE P. ANDERSON, McCracken, Kans.

If you have not sufficient confidence after reading these letters to send for a large bottle, send for a sample bottle, which contains sufficient medicine to convince you of its merit. This wonderful curative gives almost instant relief, and is a permanent cure for **Rheumatism, Neuralgia, Sciatica, Catarrh, Asthma, Dyspepsia, Backache, Hay Fever, Sleeplessness, Nervousness, Nervous and Neuralgic Headaches, Heart Weakness, Toothache, Earache, Croup, "La Grippe," Malaria, Creeping Numbness, Bronchitis** and kindred diseases.
"FIVE DROPS" is the name and dose. Large bottles (300 doses), $1.00. Six bottles for $5.00. Sample bottle, prepaid by mail, 25c. Not sold by druggists, but only by us and our agents. Agents appointed in new territory.
