OF INTEREST TO THE PEOPLE.

A Cause to Be Won.

Come forth from the valley, come forth from the hill,
Come forth from the workshop, the mine and the mill,
From pleasure or slumber, from study or play,
Come forth in your myriads to aid us today;
There's a word to be spoken, a deed to be done,
A truth to be uttered, a cause to be won.

Come youths, in your vigor; come men, in your prime;
Come age with experience fresh gathered from time;
Come workers, you're welcome; come, thinkers, you must!
Come thick as the clouds in the midsummer dust.
Or the waves of the sea gleaming bright in the sun;
There's a truth to be told, a cause to be won.

—Charles W. Mackay, in Retail Clerks' Gazette.

FOR THE PRICE OF $50.

Murdering the Innocents for the Cause of Science, So-Called.

Dr. Smith, former demonstrator in the school of Osteopathy, Kirksville Mo., has been indicted in Chicago for stealing dead bodies from the Cook county charnel house. He asserts that the live inmates of the asylum are offered for sale for dissection like cattle and slaughtered for use in the dissecting room—if a buyer is found! That there is a ward called the killer's ward in which desirable subjects are put and allowed to "escape," but who are murdered and taken to the medical institutes! That he was shown several inmates and they were offered to him for $50, deliverable in 24 hours! That subjects delivered to him that the record showed died of consumption had their heads broken and that they never died of consumption. To such a pass has our glorious system of private enterprise carried us. Murder and sold to the dissecting table for $50 by public officials! It is the *profit* in the business, don't you see? That is what profit will do. Great thing. And one who would destroy profits is a bad man, for it would destroy the ambition of these good public officials. Such horrors are only a logical effect of the present social system. Those who support the system are, whether consciously or not, guilty of aiding and abetting in this and all other crimes that occur under the system.—Appeal to Reason.

A Roof Trust in Denver

Has forced all the little fellows to the wall. A workman cannot buy the material to patch a roof without the consent of the combine. Do you call this liberty? Do you like this high-minded manner of ruling? And yet they are doing what every person in business is doing—conducting their business as suits themselves. And have they not a right to do that? Shall men be forced to sell goods, whether they want to or not? And shall there be a law to say how much they shall charge? These men are violating no law. They refuse to sell goods to any but their members. If you propose a law to compel them to, you will have to also stipulate how much they may charge. If you do that you have violated your sacred private property. You have denied to men the right to do with their own what they please. Take either side of the dilemma you like and you will find yourself in a pretty box. It were better to adopt socialism and have the people make and sell products for the time price of production. You will have to come to it sooner or later, and why go on suffering when you can have the benefits of so just a system? It is to be public monopoly for the equal benefit of all or private monopoly for the benefit of trusts like this roofing combine and all other like compacts to skin you.—Appeal to Reason.

Appeal to Reason: The Cleveland (O.) Recorder is authority for the statement that Hanna gave the state committee $200,000; gave the papers $300,000, and that his personal expenses were $100,000—a total of $600,000 to get an office worth (?) only $8000 a year! No Roman senator ever poured so much corruption into the life of his nation as that. The laboring men elected Hanna. They like to elevate such men. They alone make it possible in this country for such men to hold office and pollute the nation. But for the political ignorance of working men there would be no Hannas. The character of any people always finds a reflex in its government. A politically ignorant people always have a corrupt and vicious government.

Appeal to Reason: What has become of those beautiful lithographs in which McKinley was unlocking the doors of the factories? Why not send some of them down to the good Republican states of Massachusetts, Rhode Island, New Hampshire and Maine, where the starving workers have been shut out of the works because they refuse to live on ten per cent less than starvation wages? It ought to make the workers feel good to see these pictures for which they gave their votes. It did not cost much for the Republicans to get the votes of their dupes. A few printing bills, a few hireling speakers, a few well paid editors, and the thing was done.

Appeal to Reason: Ex Senator Tabor, of Colorado, has been appointed postmaster at Denver. He squandered millions and was in poverty and the public will now keep him. Great minds these who get millions! Those who have done useful work and found life only a disappointment can go to, but those who have foolishly squandered their wealth—they must be put on the public wage roll. That is the way the English nobility get rid of their profligate relatives. Quite English, you know.

That *Lame Back* can be cured with Dr. Miles' NERVE PLASTER. Only 25c.

Capital Journal: In a special article from Salem to the Portland Tribune it is stated that the "producers of the state were well represented at the recent club convention." Shades of the departed—"producers" of what? Out of the 2000 howling Republicans there was not a good baker's dozen of real producers. The convention was made up largely of officials, bankers, brokers and capitalists and outside of the professional men there were few delegates.

The Courts Admit Perjured Evidence.

San Francisco, Feb. 9.—Lum Fung Ho, the Chinese girl who has been in the county jail awaiting final action by Judge De Haven, made a confession yesterday. She was examined Thursday before Commissioner Heacock who recommended that she be deported. At that time her attorneys made a strong effort in her behalf, and the testimony of Dr. Gardner, the Chinese interpreter was assailed.

Later, when the matron of the Methodist mission came, Lum Fung Ho made a clean breast of the whole affair, told of the false story that she had committed to memory and said that all the evidence upon which she was admitted was perjured. Judge De Haven ordered her to be detained at the mission pending final proceedings in her case.

THE PATRIOTISM BACK OF OUR SOLDIERS.

One Thousand Rounds of Worthless Ammunition Sold the Government.

San Francisco, Feb. 9.—First Lieutenant E. D. Babbitt of the ordnance corps of the United States army, has, in obedience to instructions from headquarters at Washington, applied two more tests to the suspected supply of 1000 rounds of shrapnel stored at Benicia and purchased by the government from the American Ordnance Company in 1893. The result of the tests proves that the entire supply, as feared, is of an inferior quality and is dangerous to the lives of those whose duty it is to handle.

During the past week experiments have been made, twenty-six rounds being fired on Thursday and two rounds on Friday, with the same result—premature explosion.

Although the latter defect might be remedied by reloading them with powder, of which the strength varies with atmospheric conditions, there is no remedy for walls of insufficient thickness. Consequently the lot of 1000 rounds sent to Benicia from the Frankford Arsenal at Philadelphia must be considered worthless.

The Imperative Mandate is a demand in legal form to remove an official who has proven distasteful to his constituents and for the election of a successor.

How King George Sought to Do, and Which Is Patterned After Today in America by the Pretenders to Succession.

BY THE KING,

A PROCLAMATION,

For fuppreffing Rebellion and Sedition.

GEORGE R.

WHEREAS many of Our Subjects in divers Parts of Our Colonies and Plantations in *North America*, miſled by dangerous and ill-deſigning Men, and forgetting the Allegiance which they owe to the Power that has protected and fuftained them, after various diſorderly Acts committed in Diſturbance of the Publick Peace, to the Obſtruction of lawful Commerce, and to the Oppreſſion of Our loyal Subjects carrying on the fame, have at length proceeded to an open and avowed Rebellion, by arraying themſelves in a hoſtile Manner to withſtand the Execution of the Law, and traitorouſly preparing, ordering, and levying War againſt Us. And whereas there is Reaſon to apprehend that ſuch Rebellion hath been much promoted and encouraged by the traitorous Correſpondence, Counſels, and Comfort of divers wicked and deſperate Perſons within this Realm: To the End therefore that none of Our Subjects may neglect or violate their Duty through Ignorance thereof, or through any Doubt of the Protection which the Law will afford to their Loyalty and Zeal; We have thought fit, by and with the Advice of Our Privy Council, to iſſue this Our Royal Proclamation, hereby declaring that not only all Our Officers Civil and Military are obliged to exert their utmoſt Endeavours to ſuppreſs ſuch Rebellion, and to bring the Traitors to Juſtice; but that all Our Subjects of this Realm and the Dominions thereunto belonging are bound by Law to be aiding and aſſiſting in the Suppreſſion of ſuch Rebellion, and to diſcloſe and make known all traitorous Conſpiracies and Attempts againſt Us, Our Crown and Dignity; And we do accordingly ſtrictly charge and command all Our Officers as well Civil as Military, and all other Our obedient and loyal Subjects, to uſe their utmoſt endeavours to withſtand and ſuppreſs ſuch Rebellion, and to diſcloſe and make known all Treaſons and traitorous Conſpiracies which they ſhall know to be againſt Us, Our Crown and Dignity; and for that Purpoſe, that they transmit to One of Our Principal Secretaries of State, or other proper Officer, due and full Information of all Perſons who ſhall be found carrying on Correſpondence with, or in any Manner or Degree aiding or abetting the Perſons now in open Arms and Rebellion againſt Our Government within any of Our Colonies and Plantations in *North America*, in order to bring to condign Puniſhment the Authors, Perpetrators, and Abettors of ſuch traitorous Deſigns.

Crockodile Tears.

BY "SPRING POEM."

McKinley addressed the manufacturers all
dressed fine and sleek.
And for fear of the laborer's loss crocodile
tears fell thick.
He declared no cheap money should be paid
those patriots true;
However, he says amen to cutting their
wages in two.

He says they'll be paid honest money like
the bondholder's gold;
That all their frugal savings must be protected, he asserts bold.
Notwithstanding all this howling—this
waste of so many tears,
Just see how he saved the bank wreckers
from serving many years.

Who robbed those dearest laborers of all in
life they'd saved,
And then sent them brokenhearted to a
suicidal grave.
What effect has this pardoning—this setting defaulters free?
The laborer must be wholly blind that cannot this foresee.

Why talk of honest money, of justice and
such foolish things,
And pardon these arch fiend anarchists who
wear the diamond rings?
Thus saying to the bankers, are you onto
your job?
This is your opportunity your depositors
to rob.

You need not fear the penalty, no matter
what it be,
For I have the pardoning power and I will
set you free.
Then will I talk to the laborer of his honest
dollar,
He will heave his hat in the air and, glory,
how he'll holler.

I have pardoned just thirteen, this number
fast I'll double,
For they're the honest-money men, not built
for standing trouble;
But the man that steals a loaf of bread to
feed his starving child,
Is the man to stay within the "pen," mankind he hath defiled.

Now I kneel me down to pray and ask to
be forgiven,
Since I have pardoned these money lords
who have no show for heaven.
But if my prayer should not ascend above
this church steeple tall
God knows it will not be from lack of unmitigated gall.

SOUTH SLOUGH, Feb. 3, 1898.

Mr. Ward L. Smith, of Fredericks-town, Mo., was troubled with chronic diarrhœa for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by R. S. Knowlton.

Four Lives Lost at the Willamette Falls.

Oregon City, Feb. 8.—In the thundering waters of the Willamette falls four men were swept to death at a few minutes past 7 o'clock this morning. Confused in the dense bank of fog while crossing the river in a boat a short distance above this city and, while trying to find their bearings, the mighty current seized the craft and hurled it to destruction.

Five men started on the maddening ride to what seemed inevitable death, but one miraculously escaped. He was almost insensible from the shock and could not have held out a minute longer when he was picked up by the rescuers, who got out in time to see the boat go over the falls. Three of the victims of the accident were members of the same family. All were employes of the Crown paper mills, at this place. They were residents of Canemah, and were on their way to work. The lost are: George Freeman, 50 years old; married. George and James Freeman, his sons, 26 and 16 years old respectively; L. J. Shannon, 36 years old, and leaves a wife and four children.

GOOD FOR EVERYBODY

Almost everybody takes some laxative medicine to cleanse the system and keep the blood pure. Those who take SIMMONS LIVER REGULATOR (liquid or powder) get all the benefits of a mild and pleasant laxative and tonic that purifies the blood and strengthens the whole system. And more than this: SIMMONS LIVER REGULATOR regulates the Liver, keeps it active and healthy, and when the Liver is in good condition you find yourself free from Malaria, Biliousness, Indigestion, Sick-Headache and Constipation, and rid of that worn out and debilitated feeling. These are all caused by a sluggish Liver. Good digestion and freedom from stomach troubles will only be had when the liver is properly at work. If troubled with any of these complaints, try SIMMONS LIVER REGULATOR. The King of Liver Medicines, and Better than Pills.

Farmer Hopkins' Evidence.

HE TELLS ABOUT THE SUFFERING OF HIS DAUGHTER.

A Victim of Nervous Prostration and Neuralgia, Saved After Her Physician Abandoned Hope.

From the Republican, Columbus, Ind.

While in the neighborhood of Rugby, Indiana, recently, a reporter was told that Miss Clara Hopkins, daughter of Mr. Dennis Hopkins, a prominent farmer of Bartholomew County, had been the subject of a remarkable transformation. The reporter decided to investigate and learn the particulars. He was driven to Mr. Hopkins' splendid country home, where he had an interesting conversation with that gentleman regarding the illness of his only daughter.

"You have been correctly informed," said Mr. Hopkins, "for Clara has indeed had a severe siege. She tried Dr. Williams' Pink Pills for Pale People and they did her more good than all other medicines together that she ever took. A few boxes of that medicine accomplished the cure of a case in a few months which had baffled physicians for years.

"About three years ago her health began to fail. The doctor who attended her said this was caused by weak digestion. This produced nervousness, which was accompanied by neuralgic troubles, which at first was located in the nerves about the heart. Of course this was a dangerous location for any such trouble, and she rapidly grew worse, notwithstanding that the physician was treating her. This continued till a year ago last November, at which time she was almost constantly confined to her bed.

"The neuralgia became gradually worse, and finally she was a confirmed victim to it.

"Nervous prostration set in, and she was soon all run down. Her blood was impure and watery, and her complexion became sallow and colorless. She had no strength, and the least noise irritated her, she was so nervous. We had another physician, and he treated her steadily for a year without doing her any good. In fact, it seemed that she was continually becoming worse. He finally gave up the case as hopeless, and advised us to get Dr. Williams' Pink Pills for Pale People for her, as he said that they were the only thing that would benefit her.

"I procured a couple of boxes of the pills, and found that their use helped her considerably. She kept on taking them till she used about a dozen boxes, with the result that she was entirely well, and since then there has been no symptoms whatever, of her old trouble. Dr. Williams' Pink Pills are certainly a wonderful medicine, which did a wonderful good in Clara's case, doing what several physicians failed to accomplish."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained, in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Dr. Williams' Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for $2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

STYLE No. 55. "ARLINGTON."

A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority:

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—Space under the arm is 5¼ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—Positive, filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ⅜ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.
