THE LABOR EXCHANGE.

Applications of the Labor Exchange.

You make a trade with your neighbor occasionally. Use the Labor Exchange check system to facilitate and extend your neighborly "swaps."

You have some truck to dispose of which you have to peddle around town, going to many houses before you can find anyone with spare cash enough to make a purchase. Put your truck in an Labor Exchange depository for checks, advertise the stock on hand and send customers to the depository.

You need hired help but must save your money for debts and taxes, so can't afford a hand. Pay your employe in Labor Exchange checks which he can get redeemed at the depository, and don't let your work go undone for lack of legal tender.

You see an opening for a productive enterprise, a fine water power going to waste, a valuable bed of brick or pottery clay or a splendid lot of timber especially adapted to the making of furniture or some special article such as barrel hoops, fruit boxes or tool handles. You would like to utilize the opportunity but have no money to invest. Yet labor is the principal requisite. By means of the Labor Exchange you could set business to going, utilize the dormant resources and employ idle men.

In many a country neighborhood men are idle or the next thing to idle all winter. They have "chores" to do, but how easy it would be to have one or more men to make it their business doing chores for several families and free other men so they can chop cord wood, cut and haul sawlogs, quarry stone, dig wells and cellars, erect buildings, etc. By using the Labor Exchange check system everyone would get his voucher for pay. Thus permanent wealth would be created in the winter and a positive increase established for all members of the Labor Exchange branch, while the summers could be devoted to providing for current living expenses. Systematize your work and your accounts by the Labor Exchange methods.—"F. W. C." in Progressive thought.

Progressive Thought: As Labor Exchange advocates we do not oppose political action; neither do we wait for it. We bring into practice a method by which people are enabled to help themselves now. And as soon as the Labor Exchange is applied on a large scale as it is now applied on a small scale, the co-operative commonwealth in its freest and most practical form will be established. Vote for better conditions if you see fit, but work for them through the Labor Exchange also. Help us spread knowledge of the movement. Subscribe for Progressive Thought and learn what the Labor Exchange can do and is doing.

Progressive Thought: Do not join the Labor Exchange for the sole purpose of increasing your worldly possessions. Join it to make yourself happier by helping others to be better off and happier with you. If you join it with the single object of gain you are no reformer, no worker for progress, no true Labor Exchanger. You are simply a wealth worshiper like the rest of the money maniacs who love property better than family, friends and conscience. Join the Labor Exchange for the good of others as well as for yourself. Get social enjoyment out of it first of all, and your chances for material increase will be far better than if you treat your fellow workers with reluctant tolerance for the mere worldly advantage of co-operation.

Progressive Thought: The world is young yet, the fields are fertile, the mines are rich, the forests and quarries yield abundantly. Great scopes of territory, where men are as rare as wild beasts in a city, invite the sturdy pioneer. The springs and rivers flow like blood in a healthy animal. The rolling ocean sends its purifying breezes and its clouds of rich moisture over the land. The sun flings down its warmth and light unstintingly. And yet people murder themselves and each other because of want and the fear of want. Women and children starve. Old, decrepit men are slaving at tasks beyond their strength. Crime, woe and lunacy are too common to excite wonder; while happiness is spoken of as unattainable—a visionary phantom that eludes capture. Mother earth is not to blame for this. She is in the heyday of her youth and scarcely yet do we begin to realize the vastness of her resources. Nothing is to blame but man himself. Man learns by suffering and the more slowly he learns, the heavier grows the yoke of pain and servitude that is bound upon him only by his ignorance. When men acquire the courage and will-force to think new thoughts in opposition to the polices and habits of the past, then they will begin to act in unison for the happiness of themselves and their fellow creatures.

LOCAL ITEMS.

FOR RENT.—A farm and fishery. Apply to Wm. Hansen, Prosper Oregon.

John Yoakam is buying up and pasturing calves for the future cattle market.

The tug took the schooner Albion down to Bandon last Friday morning. She is loaded with lumber from Lyons' mill.

Miss Eva Hall, who has been teaching a school in the valley for some months past, returned Wednesday of last week to her home—Jesse Hall's—above town.

There was an attendance of about 25 at the teachers' examination, including a large proportion of handsome young ladies from various portions of the county.

☞On account of failing health, ☜one of the finest ranches in the ☞state must be sold at once. Call ☜at HERALD office, or on James ☞Doughty, Lampey creek, this ☜county.

Hon. Thos. Buckman, representative for Coos county, dropped into the HERALD'S sanctum a couple of times last week while visiting in this section with Dr. Casto, state lecturer of the Grange.

Mr. and Mrs. John Kronenberg are expected home about the last of this month. They have been absent several months, taking in Washington City, Baltimore, St. Louis and other eastern cities.

Fred Wall and Charles Happersett, late employes on the railroad with homes at Marshfield, left last week for pastures new and greener. The company is curtailing expenses and discharging employes.

Rev. Mr. Goodpasture, the Methodist minister at Myrtle Point, passed down to Bandon last Wednesday. The HERALD had a pleasant visit, the reverend gentleman placing us under obligations for favors.

Isaac Lemahieu, who has been living on the North Fork for some time, attended the teacher' examination last week and included a call on the HERALD. He is an old typo and editor, retired for some time on account of declining health.

Prof. Traver of Myrtle Point and Prof. Edmunds of Bandon were present during last week at the teachers' examination, together with County Superintendent Barklow constituting the examining board. The HERALD office had pleasant calls from each.

E. P. Mast was down for clover seed from McKinley last Thursday. Came down all that distance, over almost wholly impassable roads, and then failed to get the seed. He will have to try it again. The neighborhood is experiencing fairly good health, notwithstanding the so general prevalence of colds and grip everywhere else.

Col. Ebert, commanding this district of God's Regular Army, returned from his visit on the bay last Wednesday. Besides his staff who accompanied from this place, he brought with him Lieut. Arthur Noah and Lieut. Mrs. Baker to be present at the dedication of their hall here and then accompany him to his eastern district.

The Coquille Dairymen's Union, at a meeting held for that purpose Monday of last week, re-let the product operations of the creamery to C. Romander at the rate of 2½ cents per pound. The skimmilk goes to P. E. Drane at the rate of 3 cents per 100 pounds and a $40 rental consideration of the pens, etc. B. F. Lawrence was re-elected secretary.

There are two reasonable things which everybody should do: Take good care of one's health; and if lost, regain it quickly, and to this everybody will agree. And there are a great multitude of people who are agreed that for both purposes Simmons Liver Regulator is the best helper. "I am troubled with torpid liver and nothing gives relief so quick like Simmons Liver Regulator."—R. R. Strange, Lake City, Fla.

Dr. J. S. Casto of Clackamas county, representing the State Grange as its state lecturer and the Lower Columbia Fire Insurance Association (an auxiliary of the Grange in co-operative insurance), arrived in this place last Wednesday from Marshfield. The doctor had come via Drain route. He was accompanied to this place, and from here to Arago, by Hon. Thos. Buckman of Marshfield, with a view to his introduction to our people, Mr. B. and the doctor having been long-time neighbors and acquaintances. Dr. Casto comes in our midst to organize the Grange in Coos county, believing that it will do for our farmers along educational lines in their own accepted calling what no other association or society can do, and believing the same, we heartily recommend a candid and earnest hearing at the meetings which he will call in different sections of the county. The order has been too long in existence and too useful in its results to misrepresent and condemn now, or by any person, being purely organization for and by themselves, educational and social, and deserving of their hearty support. Then, again, the insurance feature is a mutual and not a speculative affair, wholly in the hands of the Grange, safe, just and reasonable. Dr. Casto will be in Coos county for some time and canvass the Grange and its insurance features throughout the county.

Suggestions to Populists from a Populist.

MYRTLE POINT, Or., Feb. 7, 1898.

ED. HERALD: As the time for our state and county elections is drawing near, I have concluded to advance a few of my ideas to the voting population of our county through your paper if you deem them worthy of the required space.

First—Let us stand by the Initiative and Referendum, first, last and all the time, as that is the foundation on which the people must agree in order to stop class legislation. I hope our state and county central committees will require that every man, before voting in our primaries or accepting a nomination for any office, to sign a pledge to stand by these principles.

Second—As we claim to be a party that believes in "a government of the people, for the people and by the people"—let us stay as far from the principles of a monarchial government as we consistantly can, and not elect any one man for more than two successive terms of the same office, for we have plenty of just as good material as we have used. And right here will suggest, as we have the welfare of all our fellowmen at heart, I believe it our duty to unite with any and all parties that will endorse these principles in selecting candidates to run for the different offices in our coming elections.

And now I will mention a few laws I hope will be passed at the next session of our legislature:

First—A law that will compel those entitled to a seat in our lawmaking body to come forward on the day appointed, or within five days thereafter—unless sickness prevents—and be sworn in. In case of failure to comply with this law, it should be the duty of the governor to notify the county judge of county of the vacancy that has occurred. It will then be the duty of that judge to call an extra session of the commissioners' court forthwith, and they should proceed to appoint a man to fill the vacancy; for as we believe in a majority ruling let the party who enacts a bad law or elects an unpopular senator be responsible for their acts and not block the wheels of the entire government.

Second—To amend our assessment and tax-collecting laws. To cheapen and make a more accurate assessment, dividing the county into districts of from three to five precincts; the voters of each district to elect an assessor, and all the assessors of the county to constitute an equalization board, choosing one of their number for chairman.

The poor have paid the taxes for the rich long enough. To remedy that evil a law something to this effect, I think, would have the desired result:

To illustrate, say—the assessor finds I hold in my name in this county, property to the value $3000 or any other amount. In order that the county and state may not be wronged of their just dues, I should pay every cent of the tax on that property without any exemption; but in case I am indebted, I should give the amount I owe and to whom to the assessor at the time he is assessing my property, and he should record the same with my assessment. When I pay my tax I should get a receipt from the tax collector for all I have paid on money I owe, and that receipt should be a payment on the debts for the value of its face.

I also hold every road district should elect its own supervisor.

MR. J. GEORGE SUHRER, Druggist, City—*Dear George:* Please send a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

5 DROPS

Hundreds of thousands of Sufferers cured without a single failure by "FIVE DROPS."

Though so universally used and tested did you ever hear anyone speak ill of this great remedy? No, you never did and never will, for if taken as directed and in the proper quantity "5 Drops" cannot fail to cure any of the diseases for which it is recommended. What it has already done to relieve the suffering is told in thousands of letters of grateful praise.

Mr. J. P. Limeburner, widely known for many years as the special representative of the Populists and Free Silver Press of the United States, has kindly forwarded the following letter for publication:

Jan. 25, 1897.

DEAR SIRS—I am anxious for the sake of the suffering and out of gratitude to you to give my personal endorsement of your wonderful remedy. On the 9th of January, 1897, I was in Washington and was suddenly seized with an aggravated case of inflammatory rheumatism; so severe and painful was the attack that within 24 hours my left arm was paralyzed and I was only able to dress with assistance. I secured a bottle of 5 DROPS and took a dose that night, rubbing some on externally as directed. The following morning I was surprised to find myself immensely relieved, and continuing treatment woke the second morning cured. My arm was absolutely free from pain, and all swelling and stiffness had disappeared. The quickness and completeness of my cure was remarkable. I have known for over a year of the great curative properties of your medicine and have several friends who have been cured by it of **Neuralgia, Catarrh** and **Asthma.** Wishing you every success and trusting that those similarly afflicted will at least give this remedy a trial. Sincerely yours

J. P. LIMEBURNER,

Bureau of Populist and Reform Papers. Old Stock Exchange Building, Chicago, Ill.

CURES THE INCURABLE.

DEAR SIRS:—I would like to thank you for your great remedy, "5 DROPS," and tell you what it has done for me. I had Rheumatism in every joint and in the heart, and I had Catarrh of the head for 30 years, I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled, that I had done but little work for seven years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, after using "5 DROPS" only two months, I can truly say I have not felt so well for seven years. This medicine does **more than is claimed** for it. At this time my Catarrh is much better, and I have scarcely any Rheumatism at all and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better than I have gained more than 10 pounds of flesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the hives of the child and causes sweet and refreshing sleep to both young and old

Yours respectfully, WM. M. KELLEMS,

Jan. 29, 1896. Siberia, Perry Co., Ind.

We received the following letter from Mr. J. J. Wilson of Omaha, Ill. Mr. Wilson has been for many years an invalid, and reading the above letter which was published, wrote Mr. Kellems, asking if his endorsement was genuine, and received this reply, which he forwarded us.

MR. J. J. WILSON.

DEAR SIR:—Your letter of recent date at hand, the testimonial you speak of is genuine. The company who manufactures and sells "5 Drops" published my testimonial just as I gave it to them and every word of it is true, and I could swear to it and prove it by many witnesses. The company did not ask me for this letter. I sent it to them last January for publication in order that poor sufferers, incurable as I once was, and as you are, might be cured. Get "5 Drops" and use it and it will cure you as it has cured me. I have received many letters like yours, and it is a pleasure to me to answer all who write. Tell all your neighbors what I have written about "5 Drops." I know how to sympathize with those who are afflicted, for though I suffered so long, it is now 8 months since I have felt any pain.

Dr. S. W. Kellems, my brother, uses "5 Drops" in his practice, and joins me in endorsing this great remedy. He says for a case like yours it is a positive cure.

Sept. 21, 1896. MR. W. M. AND DR. S. W. KELLEMS.

If you have not sufficient confidence after reading these letters to send for a large bottle, send for a sample bottle, which contains sufficient medicine to convince you of its merit. This wonderful curative gives almost instant relief and is a permanent cure for **Rheumatism, Sciatica, Neuralgia, Dyspepsia, Backache, Asthma, Hay Fever, Catarrh, Sleeplessness, Nervousness, Nervous and Neuralgic Headaches, Heart Weakness, Toothache, Earache, Croup, "La Grippe," Malaria, Creeping Numbness, Bronchitis and Kindred Diseases.**

"FIVE DROPS" is the name and dose. Large bottles (300 doses), $1.00. Six bottles for $5.00. Sample bottle prepaid by mail 25c. Not sold by druggists, but only by us and our agents. Agents appointed in new territory.

BOTH ONE YEAR FOR $2.00!

IT is scarcely necessary to call attention to the superior merits of THE TWICE-A-WEEK edition of THE ST. LOUIS REPUBLIC as a newspaper.

It has so many advantages as a news gatherer, that no other paper can claim to be its equal. The whole field of news is covered thoroughly. The special features and illustrations are always the best. More noted writers contribute to its columns than to any other paper of its class. It is published especially to meet the wants of that large class of readers who have not the opportunity or cannot afford to read a daily paper.

It is the leading Democratic paper of the Mississippi Valley and the South and West.

By a special arrangement made for a limited time only, our friends will be given an opportunity to take advantage of this liberal proposition.

Remember the offer, THE TWICE-A-WEEK REPUBLIC, 16 pages a week, and THE HERALD, both one year for only $2.
