It is, or, should be, the highest aim of every merchant to please his customers; and that the wide-awake drug firm of Meyers & Eshleman, Sterling, Ill., is doing so, is proven by the following from Mr. Eshleman: "In my sixteen years' experience in the drug business I have never seen or sold or tried a medicine that gave as good satisfaction as Chamberlain's Colic, Cholera and Diarrhœa Remedy." Sold by R. S. Knowlton.

Uncle Jack Laird tells us that he thought the Coast Mail was much dead from the late fire, hence he talked the way he did and requested the HERALD to except it from the publication of his announcement as a candidate for commissioner. But he has heard from it and been undeceived, and says the HERALD led him astray. He now humbly apologzes to the Mail and requests it to make his announcement, for he needs it. And if there is any other thing, past, present or future to apologize for to the Mail, Jack humbly seeks its pardon.

All recommendations for nominations on the Populist primary tickets must be in the HERALD office by Friday, March 4th, in order to be placed on the tickets in time to reach the several precincts.

A subscription paper was pretty liberally signed in this place last week to help an old comrade and family who have been needing assistance for a short while past. It will tide him over till he receives his pension.

Uncle Adam Pershbaker of Prosper returned last Saturday from a business visit to the bay. The HERALD had a pleasant call. Mr. P. says the Klondike schooner is rapidly nearing completion, and will be a fine boat. He freely expresses the opinion that in the course of a couple of months there will be plenty of steamers and schooners hunting jobs on this coast; that the Klondike rush will collapse to a great extent and business again brighten up.

It was a surprise to Mr. McEwen to be recommended for the office of state printer. At the same time there is no one in the state better qualified for the position. He has been a printer and newspaper man for over 40 years; he has been a member of the Printers' Union about 30 years, with experience in state printing work, and should receive the nomination of the reform parties. That Mr. McEwen would conduct the office in a practical way and in the interest of the people no one who knows him will dispute.
E. PANNENBERG.

It has been suggested that I should not have withheld communications to the HERALD recommending me as a candidate for the office of county clerk. But by doing so I merely desired to emphasize what I had previously stated to friends on several occasions, that I did not desire to have my name placed on the ticket as a candidate for any office, and therefore I did withhold the recommendations received by the HERALD; one on Feb. 14, 1898, and one prior to that date. In each case the requisite 50 cents accompanied the petitions. One I have returned, with the 50 cents, knowing the party who forwarded it; the other recommendation will be found in this issue of the HERALD, because of the repeated suggestions of Populist friends as above stated.
E. PANNENBERG.

"Mend it or End it,"

has been the rallying cry of reform, directed against abuses municipal or social.

For the man who lets himself be abused by a cough the cry should be modified to: Mend it, or it'll end you. You can mend any cough with

ED. HERALD: I desire to say for Mr. L. R. Edmunds that he is a good man, well worthy of receiving the nomination of school superintendent, and believe that he will do honor to the party if nominated and elected. W. GALLIER.

The ladies of the W. R. C. will give a social entertainment and refreshments next Saturday evening. There will be a short and pleasing program, and then a generally social time. See particulars under heading, "Announcements."

During several blasts of wind last Thursday the children at school were much frightened and nervous at the building shaking and cracking so. It was with difficulty that the pupils could be restrained from rushing for the doors.

Mr. Marcelli, of Marcelli Bro's, brickmakers of Roseburg, arrived in this place last Friday. He represents the firm as one of the contractors to burn 400,000 bricks for our new courthouse, and came to prospect for a beginning of the work.

W. S. Chandler, manager at Beaver Hill, vice R. A. Graham, out, was in town yesterday and went to the lower river on a prospecting mission. Work at Beaver Hill has quite suspended, but may resume if business affairs adjust themselves after the Klondike mad has had its run.

Grandma Wheeler has been very sick for a fortnight past, and while thought to have taken a change for the better Sunday and over yesterday, she is still very low. Her children have gathered around her, Sam having come from the lower river Saturday and George from the mines Sunday night.

The people of the county, of course, understand the necessity of having each portion of the county—the north, the center and the south; in other words, the bay side, the lower Coquille and the southern part of the county—represented in the county court. The voters at the primaries should make no mistake in this matter.

The entertainment and social given last Saturday evening at the Church of Redeemed Israel was well attended, interesting, and a financial success. The program was varied and pleasing. Delicious cake and coffee were served afterward and a very pleasant time had.

The primary school increased to 57 pupils last week, necessitating the placing of the balance (five) new desks and seats, thus crowding the room to its utmost. The former desks had to be taken up and replaced to make room for them. This work was done by School Director Collier and Al Balch—more kindly volunteered work—and deserves the thanks of the people.

F. P. McDevitt and family left for Bandon yesterday, possibly for permanent residence, he having taken charge of the Bandon Recorder, vice D. E. Stitt, resigned. "Frank" has been foreman in this office for some months and we have become much attached to him, both as a good printer and as an all-round (except politically) clever, moral, and good fellow. The HERALD gives well wishes, and is glad to welcome him among us as taking a position for which he is qualified by training and integrity.

Coos Bay News: Prominent farmers on the bay are discussing the project of building an ocean steamer to run between the bay and San Francisco. Of late, especially, they have had a great deal of trouble in getting their products shipped below, and there is no indication that the situation will improve in the near future. Those who have talked the matter over say, that as a business proposition the steamer would be a paying investment. There is no trouble about securing the necessary money to build the steamer. Those having the matter under consideration are able, alone, to build a suitable boat; but it is probable that, if the plan matures, stock will be floated, and merchants and others will have a chance to invest.

Riverton Riotings.

Riverton, Feb. 28.—James Cox and family have moved to Coquille City.

Judd Mills and family have left our town. Mrs. Mills has started for Alaska in company with her brother and sister.

J. K. McLeod and family will move to their ranch opposite the mouth of Fat Elk creek.

John Chaney and Charles Dale have left us, to cast their lots with other coal miners that have left for Corral Hollow, California. May success follow them.

Our esteemed friend, Charles Cessna, made us a pleasant call last Sunday. He reports Beaver Hill as nearly deserted, but the Klondike mine is being pushed to its utmost.

We would like to see our friend W. H. Hull nominated for the office of county commissioner. He would make the right man in the right place.

The Methodist revival here still progresses. They have already brought into the fold of God several converts. This is earnest sincere work, attended by none of the great excitement that usually attends such gatherings. Every heart that has been turned, every soul that has been converted unto God since this revival commenced, are now honest, true Christians; moreover there is no doubt but that each and everyone will hereafter baffle his Satanic influence. May God prosper you, my brothers, in your sacred work.

Now that war with Spain is evident, it behooves us as citizens of Riverton to make some defensive preparations, inasmuch as all of River street, including those floating palaces, stand in imminent danger of being destroyed by some of Spain's naval vessels or (row boats). DONNA ANA.

The postoffices in this section have been as hampered of late in supplying stamps as the mail contractors have been in delivering the mails. The department was furnishing the new stamps, but failed to fill the orders early from these extremities of the country and let the old stocks run out. They are coming, however, and all sorts of shifts of borrowing, etc., had to be indulged in.

From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' *System* of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 37 Henry St., St. Catherines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,
