OF INTEREST TO THE PEOPLE.

The Shame Belongs to All.

BY ELLA WHEELER WILCOX.

Shame on the miser with unused riches,
Who robs the toiler to swell his hoard;
Who beats down the wages of diggers of ditches,
And steals the bread from the poor man's board.

Shame on the owner of mines whose cruel
And selfish measures have brought him wealth,
While the ragged wretches who dig his fuel
Are robbed of comfort, and hope, and health.

Shame on the ruler who rides in his carriage
Bought by the labor of half-paid men—
Men who are shut out of home and marriage
And are herded like sheep in a hovel pen.

War On White Labor.

The Building Trades (since our
writing of an article on the subject,
which appears in another column)
have adopted resolutions denouncing
energetically the persistent employ-
ment of Chinese labor for the making
of military uniforms, and the
"cowardly attitude of those
business men who approve of the
employment of Chinese in order that
they may be personally favored."
S. B. Nolan, a tailor, punctured
the utter villainy and dishonesty
which characterizes the proceed-
ing in stating that when he ascer-
tained at the quartermaster's de-
partment that he could get none of
the work, he applied to Rothschild
& Hoffman, but they would only let
him have a sub-contract on the con-
dition of allowing him \$4.75 per
dozen suits, retaining the remain-
der of the \$9 contract price
paid by the government. This
amount he and many others refused
to accept, and therefore the suits
were made in Chinatown.

Nowhow much better it would have
been for the soldiers had the govern-
ment, in the place of fostering
rascally contractors, given the work
to white people, many of them wives,
widows and daughters of soldiers?
The figures show up, aside from the
Chinese feature, the contract system,
which has doubtless added 50 per
cent to the necessary expenses of
the war, besides screwing workers
down to starvation wages.—S. F.
Star.

Booming a Blight.

It is outrageous that the clothes
which our soldiers must wear should
be made by Chinese labor, when hun-
dreds and thousands of women are
in need of and anxious to do the
work. Women who have given
their sons and husbands in defense
of the flag have been treated most
discourteously by officials when they
applied for work upon soldier's
clothes—there was no chance for
them. The government pays a big
price for everything it buys for the
war, and "dlesh of our flesh, blood
of our blood"—particularly those
who make sacrifices for their country—
should be first considered.

What patriotism have the Chinese
displayed now or ever? Even for
their own land they would not fight;
and they have no use for this land
aside from a commercial standpoint.
Who has heard of a single Chinaman
offering his services to the union
in any other capacity than that of a
well-paid court interpreter, or some
other lucrative "job"? The civil war
records not the name of one Chinaman
—although there were thousands
here at the time—who fought for
the flag; there are thousands
here now, and not one will fight for
it. They will all stay at home, and
fatten, with thriving contractors and
officials, upon a people for which they
care nothing and to which they have
been a blighting, withering
curse. In the name of American
labor and justice, we protest against
any further government work for this
war being given to Chinamen.
There is too much white labor dis-
employed and starving.—S. F. Star.

**Reasons Why Chamberlain's Colic,

3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.

REMEMBERED THE MAINE.

Wonderful Victory Off Cuba's Shore—Six
Spanish Warships Are Destroyed.

Washington, July 4.—At 11:25
tonight the navy department posted
the appended translation of the
cipher cablegram received from
Commodore Watson. It is similar
to that received today from Samp-
son, but contained the additional
information that 350 Spaniards were
killed or drowned, 160 wounded
and 1600 captured. Commodore
Watson's dispatch is as follows:
"Playa del Este, July 3.—To the
Secretary of the Navy: At 9:30 a.
m. today the Spanish squadron,
seven in all, including one gunboat,
came out of Santiago in column,
and was totally destroyed within an
hour, excepting the Cristobal Colon,
which was chased forty-five miles
to the westward by the commander-
in-chief with the Brooklyn and the
Texas, surrendering to the Brooklyn,
and was beached to prevent her
sinking. None of our officers or
men were injured, except on board
the Brooklyn. Chief Yeoman Ellis
was killed and one man wounded.
"Admiral Cervera, all the com-
manders, excepting of the Oquendo,
about seventy officers and 1600 men
are prisoners. About 350 were
killed or drowned, and about 160
wounded, the latter being cared for
on the Solace and Oliveita. I have
just arrived off Santiago on the
Marblehead to take charge, while
the commander-in-chief is looking
out for the Cristobal Colon."

A National Halleluiah.

Put through that bonding clause,
My country 'tis for me,
Boys man of liberty,
Of me I sing,
I am the nation's pride,
For me my party died,
In every bank's inside,
My \$5000 \$75000.

I own your plain's and hills,
I own your store's and mills,
I own the trust,
I want more bonds this week—
Bonds that are fat and sleek—
With interest, let them seek.
Or I will buy.

My Senate join my lists,
And don't be anarchists,
For three per cent,
Ere patriot'son parades,
Put through that bonding clause,
So that in freedom's cause,
My gold I sent.

My army, tis of me,
Boys man of liberty,
Of me I sing,
Ain't you ashamed to fight
When I am dead with fright?
Come back and with delight,
I'll sing, \$75000.

—James Symes Hastings.

Governor Holcomb.

"The governor is a dandy—
spelled with a big D. In a contest
with the railroads he opposed the
railroads and stood by the people.
The supreme court issued a man-
damus directing him to do certain
things. He refused to obey the
mandate, and the court threatened
to send him to jail for contempt.
He did not scare with a cent, de-
claring that if sent to jail he would
immediately pardon himself. He
has not yet been sent to jail."—Col.
Norton.

If the court sends him to jail,
they will have to send him to some
other state, for Nebraska prisons
are filled with Republican ex-offi-
cials.—Nonconformist.

When Senator Allen refused to
permit his son to accept an appoint-
ment to office in the volunteer army,
insisting that such positions should
be attained by distinction in action,
experience or special merit of some
nature, the Nebraska Populist de-
livered a severe rebuke to the Mc-
Kinley administration's policy of
appointing rich men's sons and
"sons of their fathers" to the soft
jobs in the army, but it is doubtful
if anybody in Washington was
acute enough to appreciate it.

Star and Kansan: The fewer In-
dians we have in this country, the
more it costs to keep them. In
1881, the appropriations were four
and one-half millions, now they are
seven millions. You needn't imagine
the Indians are any better cared
for, either. It's the contractors and
the parasites who are profiting by
the prodigality.

If all our readers realized what
a power a good reform paper is in
spreading the light and hurrying
forward a brighter day for the toiler,
they would not be content with
expending two cents a week for
their own paper, but would induce
all their friends to subscribe as well.

S. F. Star: Two young men were
sentenced last Friday by Judge
Wallace to imprisonment for life for
robbing a store to the extent of
\$1500 value. Now let us see what
(if any) will be the term of Ex-
Treasurer Widder for robbing the
city of \$116,000.

S. F. Star: The United States do
not need nor want an "alliance" with
Great Britain or any other power.
They are big enough and strong
enough to take care of themselves.
"Entangling alliances" are danger-
ous and un-American.

Denver Facts: Four hundred
millions of brand new debts is a
nice heritage to bequeath to our
children. May be they will be
wiser than we—and refuse to sub-
mit.

Appalling Disaster—French Liner Sunk.

Halifax, July 6.—The French Trans-
Atlantic Company's steamer La
Bourgoigne, which left New York
Saturday for Havre, sank, after
colliding with the British ship
Cromartyshire in a dense fog, 60
miles south of Sable Island. The
collision occurred at 5 o'clock on the
morning of July 4.

Only 200 persons were saved out of
833 on board La Bourgoigne.

The Allan line steamer Grecian,
Captain Numan, which sailed from
Glasgow July 24, for New York,
arrived here today, towing the Cro-
martyshire, which had been in
collision with La Bourgoigne. She
reports that the latter sank almost
immediately with the passengers and
crew. The Cromartyshire saved
200 persons in all, and the other 170
were passengers, the other 30 being
members of the crew of the French
steamer. Only one woman was
saved. All the officers of La Bour-
goigne were drowned except the
purser and three engineers.

**A Steamer With Sixty Passengers on Board
Struck and Sunk.**

Beverly, Mass., July 4.—The
small excursion steamer Surf City,
with about 60 passengers on
board, while half way over from
Salem Willows to the wharf here, a
distance of six miles, was struck by
a terrific squall about 6 o'clock to-
night and capsized. Of those on
board a large majority are believed
to have been rescued by boats from
both the Salem and Beverly shores,
but not less than six bodies had
been recovered at dark, and it is
known that many rushed into the
cabin before the squall and it is
thought twice as many bodies are
still confined there. The list of the
dead may reach twenty.

**TO EXCHANGE THE GALLANT HEROES OF
THE MERIMACK.**

Washington, July 6.—The war
department posts the following from
General Shafter:

"Adjutant-General, Washington:
Camp near Santiago, July 5.—I am
just in receipt of a letter from
General Toral, agreeing to exchange
Hobson and his men. I expect to
make the exchange in the morning.
Yesterday Toral refused my propo-

SPANISH PRISONERS MUTINIED.

Washington, July 6.—A special
dispatch to the Star, dated off San-
tiago, July 6, says:

"After the destruction of the
Spanish fleet 410 men from the
Maria Theresa were placed as
prisoners on the Harvard. For
some reason these men mutinied.
The officers and crew of the Harvard
were prepared, and the mutineers
were fired upon. Six Spaniards
were killed outright and 12 wounded.

THE WOUNDED MEN AT KEY WEST.

Washington, July 6.—The war
department today received the fol-
lowing:

"In camp, near Santiago, July
5.—The Iroquois sailed two days ago
with 600 wounded. The Cherokee
sailed today with 325 wounded."

CLAMOR AGAINST THE GOVERNMENT.

**The Horrors of
Rheumatism.**

*A woman's account of torture which lasted three
years; of her struggles against the dreadful disease,
and the good fortune that crowned her efforts.*

Such suffering as rheumatism causes the
victims upon whom it fastens itself is al-
most unendurable.
Sufferers from the worst types of this ter-
rible disease will supply the missing hor-
rors in the following story from real life.
Those who write under milder forms
of rheumatism will be able to imagine the
feelings of the tortured victim.
The only justification for making public
such heart-rending details is the fact that
the lesson taught will be helpful to others,
pointing the way to renewed life and health
to every sufferer from rheumatism.
The story is told by a woman. Her
name is Mrs. Caleb Fenly; she lives in
St. Paul, Ind.
"This is her account:
"I am a farmer's wife. I believe my
frequent exposure to the weather caused
my terrible attack of rheumatism. Damp
weather always aggravated it.
"My limbs would begin to swell at the
ankle joints.
"This swelling would begin in the night,
at times I would awake in agony.
"Daylight would find my limbs purple
in color, swollen to twice their natural size,
and so racked with pain I could not bear
to touch them.
"My right arm and both legs were so
drawn as to be almost useless.
"My skin became dry and yellow.
"At times my limbs would pain as
though millions of needles were pricking
them.
"Again they would be numb and I

could not feel a needle thrust into my flesh.
"I was confined to the house three
years, unable to walk nearly half the time.
"After those three slow years of agony,
during which I spent probably \$1000 for
treatment and tried a dozen doctors, I gave
up hope of any release from pain, but death
"I was cured, completely cured, by Dr.
Williams' Pink Pills for Pale People. They
alone caused my recovery."
"The first dose gave me appetite."
"After the second dose I slept soundly,
the first time within a year."
"I sent for a dozen boxes. By the time
I had taken the contents of eleven boxes I
felt entirely well."
