Some of the papers were inclined to doubt the Herald's grapevine telegram of a few weeks ago, that a new mail route had been established between Roseburg and Empire City, via the Old Coos Bay Wagon Road, the Roseburg Review being prompted to consult the postmaster at that place, and the latter also pleading ignorance about it—but it exists all the same.

Mrs. Summerlin, of the North Fork section, met with a painful accident Tuesday evening of last week. While dismounting from the wagon at her home, resting her hand on the end gate, the latter gave way, precipitating her to the ground with great force, hurting her generally and wrenching her arm, dislocating it at the elbow. Dr. Moore was summoned and reached the Summerlin home at midnight to minister to the sufferer.

Wheeler for sitting up.

WILLIE CLAIBORNE, JOHN ROWAN.

A fire broke out at the home of W. T. Miller, who lives in the Fishtrap neighborhood, yesterday, while the family was at dinner. The first warning they had was from the roaring and crackling of the flames, which came from the ceiling and roof where the pipe passed through. They got water from a spring down by the creek a short distance from the house, and so had no water on hand to fight with. The house and contents are a total loss. This affliction comes very heavily upon Mr. Miller, and close on the heels of the loss of a son a few months since and sickness in his family.

S. F. Shepard of this city joined company M, 2d regiment U.S. volunteer engineers, at Portland, and was rostered in as a corporal, July 7th, being enrolled as "first-class." The company shipped the same day for San Francisco. He wrote to Mrs. S. and Ora, at this place, informing them of his action and the reason therefor—work being slack etc. He thought it probable that they would besent to Honolulu. The company had the name of being the finest body of men that had left Portland, having been selected for the engineer corps, in active service during war, receiving better pay and nicer uniforms than other branches of the service, being skilled artisans and practical in some line of scientific employment for the army. It is a U. S. organization—not state.

The ladies of the Emergency Corps at Portland gave them a royal send-off, entertaining them while awaiting complete organization and departure, furnishing each with the necessary household and articles of comfort, and taking their addresses and that of their families by which to keep track of them. Mrs. Shepard also received letters from two ladies of the Emergency Corps, speaking highly of Mr. S.'s soldierly bearing and encouraging her to endure the hardships of separation by the necessity of cruel war. Mr. S. will undoubtedly make a good soldier.

To the Teachers of Coos County.

McKENLEY, Oregon, July 12, 1898.

Follow Teachers: My return to the very important work of superintending the public school system of Coos county, brings pleasantly to my mind our former associations and the success attending our co-operation.

In again assuming the duties to which the expressed will of the people called me, I am fully assured of your sympathy and intended assistance by the many congratulatory letters and expressions of good will with which you have so liberally favored me. I am thankful for these evidences of your confidence and shall do my utmost to merit your regards.

Unless a later date is necessitated by conditions which may yet arise, our Annual Institute will be held August 22-26.

State Superintendent-elect J. H. Ackerman will be with us. Permit me to request the attendance of every teacher in the county. Come with the united purpose of making this Institute the success to which Coos county is entitled. The benefits received will fully compensate every effort put forth.

Let each teacher make special preparation for the evening exercises. The various committees for arranging the various phases of the work will soon be appointed. I had virtually decided as to the place for holding the Institute, when I received a petition containing scores of signatures—many of them the names of teachers—requesting that a place, different from the one I had in mind, be selected. This not being a personal matter, I shall take time to determine the best interests of the Institute, in connection with the claims of the various towns of the county, growing out of the long established custom of alternating among them these annual gatherings. The decision will be announced as soon as reached.

I shall be ready to commence visiting schools Aug. 1st. As many of the schools will then have closed for the summer, it will greatly facilitate my work if the teachers having terms continuing later than the above date will send me a postal naming the district in which they are teaching.

Very respectfully, W. H. Buxton, County Superintendent.

Educate Your Boys With Cascares. Candy Cascares, cure constipation, forever. 10c. 25c. If C. C. fail, druggists refund money.

A late cablegram from Rome says: The pope is again about to make a final appeal to the powers to intercede for a speedy settlement with America in the interest of Spain. In the issue column comes from Madrid the statement that owing to the deception of the people by the government with the war news, a great popular clamor is made and increasing, and that the Carlists are thereupon urging an insurrection with a view to dethroning the present power and re-establishing their own, and it is thought that rioting and murder cannot be prevented, though every precaution be exercised by the authorities. Why doesn't the pope intercede rather in this behalf? Why meddle with the affairs of independent or separate nations, instead of riot, cutting throats, rapine and flame within his own family for pillage and power?

To Cure Constipation Forever. Take Cascares Candy Cascares. 10c or 25c. If C. C. fail to cure, druggists refund money.

He was young but ardent. "I wish I were the glove that presses your lovely hand." She glanced at him with a bewitching smile. "Aren't you enough of a kid as it is?" she softly asked.

At a meeting of the school board last night, the several bids for construction of the new schoolhouse were opened, four in number, and after some discussion of the merits of the several tenders, on motion the several propositions were taken under advisement. On motion, the corps of teachers who conducted our last term of school was re-elected at the same wages; Prof. M. O. Hawkins as principal; Prof. Claude Nosler to the intermediate grade, and Miss Carrie Bentley to the primary. No date has yet been set for opening school.

Our friend, S. G. Johnson, of Fairview neighborhood, who has spent a few weeks in Coquille under medical treatment and a few days ago had a tumor removed, is so far recovered that he is preparing to return home.

The curfew and fire-alarm bell was duly placed, and City Marshal Buck began Saturday night to notify all interested parties of the hour of the night at which children and youth below a certain age must vacate the streets.

County court will receive bids for the construction of two bridges, notices of which appear in the Herald today. We call attention of our citizen bridge-builders to the official data on the subject.

A REMARKABLE CURE. Mrs. J. W. Noah of this County Cured of Consumption by Dr. Darrin.

To the editor—Having noticed Dr. Darrin's coming to Marshfield I wish to state what he did for my mother, Mrs. J. W. Noah, five years ago, while in Portland. My mother had been afflicted with bleeding of the lungs and cough and called by many physicians consumption, for eighteen years prior to going under the doctor's care. The treatment proved successful. She was cured in a few months with home treatment, and is now enjoying the blessings of health. My mother lives on South Coos river, seventeen miles east of this place. I can be referred to by letter or in person. Postoffice address, Marshfield, J. L. Noah.

DR. STEELE CURED BY DR. DARRIN. The advent in this city of Dr. Darrin will recall the wonderful cure he performed eight years ago on one of our townsmen, Dr. Steele, after the failure of fifteen other physicians. Dr. Steele was in a critical condition for a long time, with neuralgia of the head. He was cured in Portland by Dr. Darrin in ten minutes by electricity, and has enjoyed the blessing of health since, with no recurrence of the disease. Dr. Darrin was among the first to introduce electrical treatment in his practice and has perfected himself in his application.

DEAFNESS CURED IN TEN MINUTES. Dr. Darrin's visit to Marshfield will be marked with good results. The marvelous results achieved in the new treatment by electricity are almost beyond belief. One cure in particular is that of Mr. Lackstrom, well and favorably known in Marshfield and North Bend, where he is employed, whose card we publish below. The art of curing disease by electricity can be classed with other discoveries of the day, and who knows but what all diseases and ills of the flesh will be conquered by this subtle force. It is a theme for study and reflection.

MR. LACKSTROM'S CARD. To the public: While adverse to parading myself in print, I cannot let the opportunity pass without giving my experience with Dr. Darrin for the benefit of others afflicted with deafness as well as the public generally. For years before undergoing treatment with Dr. Darrin, I had been gradually growing deaf in one ear, accompanied with ringing noises. Dr. Darrin has cured me with electricity, much to my joy and comfort. Refer to me at North Bend, Or.

Wm. Lackstrom Dr. Darrin will be at the Blanco Hotel, Marshfield, July 22 to August 20. Consultation free. Hours, 10 a. m. to 8 p. m.; Sundays 10 to 3. The poor treated free, except medicines.—Coos Bay News
