LOCAL ITEMS.

Jelly Glasses 50 cents a dozen at the Old Soldiers' Store.

A second kiln of brick is now being burned by Micelli Bro's for the courthouse.

W. H. Mansell and family have returned to Coquille after an absence of two or three years in California.

Dr. J. B. Moore is expected home tomorrow from a protracted visit in the lower Willamette valley and at Portland.

J. S. Edmunds of Riverton is present in town doing some paperhanging for Dr. Cahn and J. S. Lawrence.

Mrs. Mynatt and family, and sister, Miss Mollie McCulloch, will leave on a visit to their parents at Olalla, Oregon, today.

Prof. Hawkins is giving a helping hand to Assessor Hansen in completing the rolls. They expect to be through this week.

Pike Maury, D. H. Burns, Alex Seed, B. F. Lawrence and Stewart Lyons go to the mountains today to kill all the deer and game.

Mr. and Mrs. D. R. Toy have gone to Myrtle Point and will go into business at that place in their specialty—aluminum goods.

Bert Dean's livery stable is a busy place. He has calls for rigs, saddle horses, freighting, etc., etc., and fills the orders as fast as they come.

Our creamery paid its patrons at the rate of 18 cents per pound for butterfat for June. The output for the month was nearly 20,000 pounds.

Luther Lighthall, who had been rapidly recovering lately from a surgical operation, was on the sick list a few days past, but is on the mend again.

The basement of the new courthouse is fast rising to its finish, and looks handsomely. What a pity the original contract for a brick building was changed.

The railroad is trying to exhaust [illegible] and going two and three times each day, filling orders from the bay and San Francisco. Well, we can stand it awhile longer; the end is not yet in sight.

Wm. Rich was chosen to membership of the town board, at its meeting Monday night of last week, vice J. P. Goodman, absent. W. S. Perry was chosen chairman of the board also in place of Mr. Goodman.

Messrs. Morgan & Collier, contractors, have staked out for the new school building and work of excavation for the foundation and basement was begun at once. They have placed their bill of lumber with Johnson's mill, and it will be on the ground in a short while.

J. B. Fox drove out to Roseburg last week and returned today with Mrs. Fox, who has been visiting her daughter, Mrs. Lewis, at Sams Valley, Jackson county, for several weeks. The weather was too hot out there for comfort, so Mrs. F. shortened her visit by several week.

Parties interested in purchasing or selling real estate will do well to examine the Herald Land Co's new list of properties offered, which will appear in revised form in our next issue, as we have recently disposed of some of those advertised and have several new and rare bargains to offer in the list.

Bids were to be received till 9 o'clock a. m. tomorrow, by the county court, for the construction of two bridges, one over Brummitt creek, where the Old Coos Bay Wagon Road crosses said creek in Road Dist. No. 45, and one across the Middle Fork, at Mrs. Hoffman's place, above Myrtle Point. See the advertisements for conditions.

D. E. Stitt returned last week to his mining operations in the upper Sixes country, near Eckley. Dick Hayter is with him. Mr. S., who was a county commissioner during all the late ins and outs, pros and cons of the county seat question, and well informed relative to the character of the building, dimensions, materials, finish, cost, etc., as designed to be put up for a courthouse, was exceedingly worked up over the modifications by the present court and estimates that the county will be out not less than $1500 in the difference, to say nothing of the permanent value of the brick over frame, the security to the county records and the 3 to 5 per cent lower insurance rates. The public seems to have received a black eye, but is only getting it back, tit-for-tat, for it gave the first blow at the late election, and must be content to chew the rag while meditating on the folly.

Jerry Huntley, of Gold Beach, has been granted an original pension of $8.

G. F. Boutell is out in the Middle creek country hunting with Dick Coke and others.

Miss Amy Wilkins and several other of the employes at the woolen mill have whooping cough.

Our hottest weather is on. The thermometer reached 84 yesterday at noon and stood at that till 3 p. m.

The Marshfield town board voted $28 toward the expense of illustrations of that place in Mr. Dodge's history.

The editor of the Myrtle Point Enterprise and family, and several friends from Dillard, visited the beach last week.

Hon. B. Hermann is expected to visit his home section by the middle of this month. Many friends will greet him.

C. A. Peterson of Riverton came up Sunday to consult a physician. He had a deep-seated cold, with a tendency to pneumonia.

The tug came up Sunday evening and towed the schooner Mayflower to the lower river. She was loaded with lumber at Lyons' mill.

M. C. Bingham, the king bee man, has finally located for business near Norway, having leased Capt. Reed's farm for a term of years.

Elders Holt and Chase, of the Church of Latter Day Saints, have pitched tent at Myrtle Point and will conduct services there for a season.

Daniel Root and family and Mrs. Gus Halter and family, from the upper river, went to Bandon last week for camping benefits on the beach.

A. J. Black of Myrtle Point, record-keeper of No. 85 of the Maccabees, is spending a month's vacation in Portland, says the Evening Telegram.

Mrs. Eva Coulter and sister have opened a private kindergarten and primary school in the little school building and receive pupils from the age of 3 to 9 years.

Mr. and Mrs. John Applegate passed through this place last Thursday on their return from the beach, where they had been spending some time camping out. They came from Scott's Valley, Douglas county.

Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer and better and wiser. R. S. Knowlton.

A cot belonging to campers blew [illegible] Tuesday under good headway, but it was picked up under instructions from the boat authorities and taken down next day.

Sick headache, biliousness, constipation and all liver and stomach troubles can be quickly cured by using those famous little pills known as DeWitt's Little Early Risers. They are pleasant to take and never gripe. R. S. Knowlton.

The new church of the German Baptist denomination at Myrtle Point is completed and was dedicated Sunday. It is 30x50 feet, comfortably arranged, neatly finished and conveniently located. The congregation has secured a bell costing about $75, which will be in place ere long.

The "Peterson Family," N. F. Peterson pere, which visited the coast counties some months since giving entertainments of a varied character, is in Curry county now and includes, besides his musical program and magic tricks stereopticon views of the present American-Spanish war and Alaskan gold fields. The charges are 15 and 25 cents.

Miss Clara H. Riddle, representing the Viavi Company of San Francisco, last week announced to give two free illustrated lectures to the ladies at Masonic hall—the first last Saturday afternoon, on the subject: "Ideals of Womanhood;" and another tomorrow (Wednesday) afternoon, subject: "Health the Basis of All Reforms." One lady informs us as being well pleased with the lecture and lecturer.

A hand organ, with an Italian accompaniment, was doing the worship act for our town last Sunday. The sacred strains that were measured out included "Dixie," "Marching Through Georgia," "Ther'll Be a Hot Time in the Old Town Tonight," etc., etc., in a way that you could hardly tell 'tother from which—so it didn't matter what church you belonged to, you couldn't do the thing justice and had to await its departure. As an evangelizer it isn't a success.

Bandon Recorder: J. H. Timon, proprietor of the Riverton coal mine, was in Bandon on business this week. He reports everything going along fine at headquarters, and the output of coal improving every day in quantity as well as quality. Mr. T. thinks coal mining on the river needs but little capital to develop other paying properties, besides his own, which would prove the best investment for a man of small means that could be thought of in Coos county.

Latest War News.

Where They Landed.

Washington, July 26.—Guanica, the point of debarkation of the Porto Rican expedition force, is a small town on the southern coast of the island, 65 miles from San Juan, against which assault is to be directed. The town is situated on a bay of the same name, which forms one the best ports in the whole island.

RUSSIA RUSHING IN.

London, July 25.—A special from Shanghai says that four Russian men-of-war have left Port Arthur, and that it is supposed their destination is the Philippine islands.

Appeal from Cienfuegos.

Guantanamo, July 26.—The following pitiful appeal has been addressed, by the starving people of Cienfuegos, to Rear Admiral Sampson:

"Honorable Sir: The Cubans, old men and women and children, residents in the town of Cienfuegos, and this neighborhood, all are dying of hunger. The young men are all in the field with the Cuban troops, and have no shoes nor food. All the provisions in this town are in the hands of Spaniards. The Cubans cannot obtain a piece of bread, as it is necessary to send everything to the field. The Weyler system is in high sway. The situation is terrible. If you, honorable sir, do not come quickly with your squadron, to our help, and take possession of this town, we shall be lost. We beg of you to precipitate your operations. About 5000 old men, women and children shall die of hunger in this town. Some of these old men have four or five sons fighting for their freedom. This is our situation—a horrible situation. If the great people of the United States do not come quickly to our help we are lost.

"For God's sake come quick.

"(Signed) SOME CUBANS."

Nothing can be done for the people of Cienfuegos until the place is captured. This will not be for some time.

REPLY TO SPAIN'S PEACE PROPOSITION.

Washington, July 30.—The answer to Spain's peace proposal was determined upon, drafted and approved by the cabinet at today's session. The question as to the disposal of the Philippines was settled by leaving the matter of the government of the islands to be by a joint commission under certain broad conditions to be required of Spain, the United States meanwhile to exercise control and jurisdiction over Manilla, its harbor and the [illegible]

With regard to other questions than the Philippines the situation is: The absolute cession to the United States of Porto Rico and all the islands in the West Indies save Cuba, and relinquishment by Spain of sovereignty in Cuba is required. The United States will exercise control there until a stable government can be established. The acquisition of coaling stations in the Ladrone islands and perhaps the Carolines is also provided for. There will be no assumption of Spain's Cuban or Porto Rican debts by the United States. No war indemnity will be exacted.

Secretary Day has sent M. Cambon a courteous note requesting him to call at the White House at 2 o'clock to receive the answer to Spain's peace note.

ONE OF CERVERA'S SHIPS WILL BE SAVED.

Washington, July 30.—The navy department has posted the following cablegram from Admiral Sampson:

"Playa del Este, July 29.—The Infanta Maria Teresa, upon which wreckers are now engaged, will be floated and brought to Guantanamo as soon as a small leak is located, which is somewhere in the bow of the ship. Whether this leak is due to a small valve being left open, or a hole which may have been made in the bow, is not yet known. The warship's own pumps are being used to remove the water, there being steam in one of her boilers.

"SAMPSON."

AGUINALDO ASSUMES A WARLIKE POSE.

Washington, July 30.—A dispatch from Admiral Dewey announces that Aguinaldo has assumed a bold attitude of defiance, and that it will take a large force from this country to subdue the insurgents.

PONCE RECEIVED AMERICANS WITH OPEN ARMS.

Ponce, Porto Rico, Thursday, July 28, evening, via St. Thomas, July 29.—When General Miles' army reached this place the scene along the wharves was remarkable. Thousands of residents, men, women and children, lined the water front and shouts of joy greeted them. The soldiers were received like liberators, rather than intruders. The red-shirted fireman came down to the wharf in a body and cheered lustily. Captain Lyons, with company K, of the Sixteenth regiment, immediately marched to the city and established a provisional guard in the municipal building.

Bismarck Passes Away.

Berlin, July 30.—Prince Bismarck died shortly before 11 o'clock tonight. Otto Eduard Leopold von Bismarck-Schoenhausen was born on April 1, 1815, of noble ancestry, one of six children.

CURES MULTIPLY.

Testifying to the Wonderful Success of Dr. Darrin.

Dr. Darrin is certainly a fortunate professional man. To the successful practitioner it is in itself a creditable achievement, but to come possessed of a skill that enables one to be the means of curing countless thousands is an honor that falls to the lot of few men in the ordinary walks of life.

Dr. Darrin has certainly won that distinction. All that is necessary for doubters to be convinced is to visit the doctor's office at Marshfield, at the Blanco Hotel, at any time of the day and interrogate those present who have been under his treatment. Not a day passes now but Dr. Darrin is called upon by some of his ex-patients to express gratitude for complete restoration of health, and absolute freedom from disease.

Voluntary testimonials of this kind constitute a proof that would make the most skeptical man weaken could he only hear them and observe the sincerity of manner in which such experiences are related. Note the following card from C. C. Pratt, of Coos City. No better known man in Coos county exists, and his word can be taken, as he is a man of truth and varacity. His cure speaks volumes for Dr. Darrin's skill:

CARD FROM C. C. PRATT.

Mr. Editor: For twenty years prior to going under Dr. Darrin's treatment in Portland, four years ago, I had been badly afflicted with catarrh of the stomach and bladder. I was terribly bloated with dropsy and dyspepsia. I had given up all hope of relief and thanks to Dr. Darrin I was cured of all the above mentioned diseases, and I still enjoy the best of health. I reside at Coos City, six miles from Marshfield, and will gladly answer any questions, by letter or in person. I heartily recommend Dr. Darrin.

July 23 '98. C. C. PRATT.

MORE CURES BY DR. DARRIN.

Ex-Alderman W. A. Scoggin, 272 Alder street, Portland, Or.; deafness from explosion of a gun and catarrh, cured.

Ex-Postmaster J. F. Johnson, Pendleton, Or.; granulated eyelids for years, cured.

A. L. Jones, Athena, Or.; neuralgia in the eyes for 15 years, cured eight years ago.

Dr. Darrin will remain in Marshfield until Aug.12, only, and visit Gardiner Aug. 13 to 19, stopping at the Gardiner House.—Const Mail.

[Bandon Recorder.]

The steamer Ralph was towed around to Gardiner last week without any further mishap. The boat is now running on the Umpqua river.

A new surf-boat was brought here for the life-saving station by the Coquelle last Saturday. It was given a trial on the bar yesterday morning by the crew and proved that it can be relied on in an emergency.

Extremely Weak

Deficient Blood Causes Loss of Appetite and Final Break Down—Hood's Sarsaparilla Cures.

"I lost my appetite and about all I lived on was iced lemonade. My strength was all gone. I was so weak I could hardly cross the floor. At last I was taken very sick. One physician told me my blood was all gone and he gave me medicine but it did not help me. I had pretty much lost all faith in medicines, but thought I would get one bottle of Hood's Sarsaparilla and try it. After taking that bottle I was much better, and so I got two more bottles and after taking them I was well, but to be sure of it, I kept on taking Hood's Sarsaparilla until I had used in all five bottles. It has done unspeakable good to me and I wish all my suffering sisters would try it." MRS. A. EVERSEN, Wedderburn, Oregon. Remember

Important Decisions Regarding Stamps.

Just what documents require stamps and those that do not is fully set forth in a circular received by Collector Danne from the internal revenue department, Washington, D. C.

Stamps are not required on return of national bank notes.

Stamps are not required on earnings, dividends and reports of condition made to the controller by national banks.

The powers of attorney to sell or transfer bonds is taxable.

Contracts between subscribers and telephone companies do not need stamps.

Certificates of marriage, death and birth do not need stamps when registered under the state law, but when used privately do require a stamp.

Certificates of acknowledgement of deeds and mortgages do not have to be stamped.

Stamps are required on insurance premiums and policies.

Bucket shops are required to take out stamps the same as brokers.

A Warning Against Alaska Transportation Companies.

San Francisco, July 25.—The treasury department has issued a warning to prospectors bound for Alaska, to beware of certain transportation companies, which are operating at various points throughout the country. A number of these companies have advertised that they outfit prospectors and convey them, with their freight, to points in Alaska for a certain amount, but fail to abide by the terms of the contract, leaving many prospectors stranded in the Alaska wilderness without food or money.

A Train Load of Salmon.

On last Friday a through S. P. freight train, consisting of ten cars loaded with Columbia river salmon, passed south through Ashland. The fish were consigned to parties in Liverpool, England, by the Fishermen's Co-operative Warehouse, at Astoria, Oregon, and go by the way of the Sunset Route. The train was properly "bannered," and is quite an advertisement, both for the popular "Sunset Route," and the fishing interests of the Columbia river.—Ashland Valley Record.

Wages Reduced.

Chicago, July 26.—The American Wire & Steel company has submitted a new scale of wages to the employes of its wire, nail and galvanized mills at Anderson, Ill., and has closed the mill down until the men accept. The new scale amounts practically to a reduction. The company operates mills at De Kalb and Joilet, Ills.; Cleveland, Salem and Findley, O.; Rankin, Beaver Falls and Allentown, Pa.; St. Louis, Mo., and Anderson, Ind.

A Remarkable Cure of Chronic Diarrhœa.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhœa. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, and after that I bought and took a 50-cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by R. S. Knowlton.

The Western Division of the Woodmen of the World meet at San Francisco Aug. 24th and local Woodmen, says the Ashland Valley Record, are arranging with the Southern Pacific for a carload of people—60—to make up an excursion to San Francisco upon that occasion, the carload costing $560 or $9.33⅓ per head. The Wonders of Science

Lung Troubles and Consumption Can Be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the Coquille HERALD writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial to his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the Coquille City HERALD.
