Prosperity's Reign.

The following, from the daily Oregonian of August 3d, was clipped and handed to us. It is only an every-day occurrence, but the special force in this telegram is the fact that it is in Hanna's and McKinley's own state and bailiwick, where the pledge of prosperity was hatched and encouraged, and the blessings of trusts and combines defended, finding hosts of dupes to accept the say-so of demagogues instead of observing and thinking for themselves:

WOULD NOT ACCEPT THE CUT. Cleveland, Aug. 2.—A strike was formally declared on today by the Federated Wire Trades at the works of the H. P. Nail Company and the American Wire Company, both of which are now under control of the recently formed wire and nail trust. The strike, when red mill men and yard men of the American company join it, will throw about 2100 men out of employment. The cause of the strike is an alleged general cut of 33 1/2 per cent in wages and a threatened cut of 20 per cent more.—Oregonian, Aug. 3.

Laborers in the Philippines get 10 cents per day wages. This is because the royalty, so-called, and their hiring oppressors and overseers grind them to the earth and rob them. The Philippines returned to Spain the enormous sum of \$25,000,000 as taxes—blood money—annually. What mattered it to Governor-General Weiler and other high-titled grandees to rob the people for their own and others' greed and gain!

Fine Salmon are in the market. Apples are now coming into market.

Jelly Glasses 50 cents a dozen at the Old Soldiers' Store.

Mrs. M. McDonald is at Bandon to spend a few days at the seaside.

Passengers for Roseburg taken cheap on next Friday, 12th, by R. D. SANFORD, of Coquille.

Hay is still on hand. Several of our farmers will bale a good portion of their hay for shipment.

The annual address at the Pioneers' reunion at Myrtle Point on the 15th will be delivered by Hon. S. H. Hazard.

Bert Dean's livery stable is a busy place. He has calls for rigs, saddle horses, freighting, etc., etc., and fills the orders as fast as they come.

Leonard Coon will move from his North Fork home to Douglas county soon. Instead of Coos county capturing a charming lady for residence, by our consenting to our old bach friend marrying, it seems Douglas is to gain a clever deceiver. Leonard, you're a gay deceiver.

Look at the Herald Land & Loan Co.'s extended ad on 4th page. We have added many new bargains for homes, and parties wishing to locate and buy either a farm, small acreage property or town property can be satisfied as to property, rates and terms. Tackle our "rustler," R. D. Sanford, and you will be sure to buy.

Prof. M. O. Hawkins is receiving lumber on his Main and First street corner lot for a fine new business house. The blacksmith shop will be removed and work begun at once, under the supervision of Mr. Heaton. The building will be 30x60 feet, and two stories high. The lower story will be fitted up for a general merchandise store, and at the rear extension, on First street, a fine barbershop and both rooms for McDonald. The upper story will be fitted up for offices, conveniently and handsomely arranged.

A VERY SAD ACCIDENT.

Two Popular Young Men Drowned Close to This City.

Last Tuesday evening the very sad news was borne to our community by phone from Johnson's mill, just above town, of the drowning of young Fred Schroeder, fourth son of our upper-river fellow-citizen, August Schroeder, and a young man, Andrew Larsen, just recently come to our neighborhood from Fort Bragg, California, both being employes at Johnson's mill. After work at the mill Tuesday evening the two above named and Charley Schroeder (a brother of the drowned youth) and George Laird planned to cross the river and get some fruit at J. C. Laird's. Others of the mill crew were present on shore and almost continuously in sight of the fruit gatherers. On returning from the trip they found the boat had been taken away and they undertook to use an old, leaking craft instead. The four young men jumped in, and the weight forced the water in faster than it could be bailed out, so by the time they reached the middle of the river the boat was under water and still sinking. All hands fell out, but Larsen could not swim and in his struggles seized George Laird, bearing him down to the bottom, 15 feet below, at which moment, in some manner he kicked loose and both boys came to the surface—Laird luckily on one side of the boat and Larsen on the other; but unfortunately Larsen, instead of seizing the boat, grasped young Fred Schroeder, and both sank never to rise again alive. Those on the shore and near the scene made all due haste to save the boys. Wm. McClure gallantly aided Charley Schroeder as he was struggling to reach the shore. George Laird swam out. The mill crew and others summoned by the alarm set at once to find the bodies. This search continued about an hour ere that of young Larsen was recovered, and about another hour before Fred Schroeder's body was found. Although it was Larsen's grip on young Schroeder that caused the latter's drowning, yet it seems the hold had relaxed and the bodies were found several feet apart when recovered.

It was a shocking sight, and such a change from the scene of just a brief hour before, that the associates at the mill, including brothers and friends, who had been witnesses of what started out to be a pleasant diversion from the day's labor. Our young friend Fred Schroeder was born and spent all his life close to this scene of death and anguish, his home being just a mile or two above. He was aged 22 years, was a popular youth and well known in this place and section. The whole community joins in the grief of the family and relatives at this sad and sudden taking off.

Mr. Larsen was comparatively a stranger, best known to Mr. Johnson and family. He was a Swede, aged 24 years past, and is mentioned as an industrious, faithful and careful employe, as well as a social, good-natured and clever comrade.

All efforts to resuscitate the victims of the cruel waves were unavailing. Both bodies were then taken to the home of Mr. August Schroeder to be prepared for burial. Justice Cecil was notified, but deemed an inquest unnecessary. The deceased stranger and the son fared alike in the ministrations of the last sad rites of love and affection. The burial took place Thursday afternoon at the village cemetery of Norway, a short distance from Mr. Schroeder's home. A large company had gathered from the neighborhood, augmented by the mill force this side, from Coquille also, and from Arago, Myrtle Point and North Fork communities, till the sad procession was swelled to the largest proportions ever assembled at the place. A solemn service was conducted at the house by Rev. A. F. Foster, and the solemnity pervaded the entire assembly, many deep sighs welling up and tears dimming the eyes of the sad auditors as they meditated on the fleetingness of life and listened to the pathetic story.

A Vancouver, B. C., paper publishes the fact of a brave and daring deed at that place by our late young townsman, Maurice Colbrook. The young man valiantly jumped overboard from a pleasure boat and saved a young lady from drowning. Maurice is clerking for a mercantile firm, Johnson & Barnett, and we are pleased to note it is popular and aspiring.

Gravel Ford Cleanings.

Gravel Ford, Aug. 5.—Miss Lizzie Robinson of Olalla is a guest of Miss Edna Bennett this week.

Gravel Ford has been a busy place the past week. Eld. Craig of Bandon spent Wednesday at this place attending the Adventist campmeeting.

Some farmers in this vicinity are having their grain cut. Miss Laura Endicott is visiting here.

The Adventist campmeeting at this place commenced the 27th, as advertised, with a full attendance from the first. Quite a number of families are camped on the ground, while others are stopping with friends in the neighborhood.

Sheriff Gage and family arrived Thursday, prepared to camp. The attendance from the surrounding country is so large and the interest so marked that it has been decided to continue the meetings longer than was at first announced.

J. H. Leek, Myrtle Point's photographer, is visiting his sister, Mrs. F. S. Bunch, of this place. LITTLE WANDERER.

Riverton Reverberations.

Riverton, Aug. 8.—Once more Riverton has the promise of a coal boom. Last week Mr. Watson, of San Francisco, made our town a business call. We are told that Mr. W. will soon open a coal mine here, and in the near future he will be shipping coal.

Mr. King, of Oakland, Cal., was here last week looking up the coal business. He will soon place another steamer on this route if he has sufficient encouragement.

David Campbell, M. W. McCormac and Mr. Banton of Libby have moved into our town. They have leased the Ferry mine and will start operations immediately.

Gladys Nosler, the small daughter of Mrs. Chas. Nosler, has been very sick the past week. School commences on Monday, the 8th inst., with Prof. Kinnecut as teacher.

A few cases of whooping cough in the neighborhood. John Marsden and wife, accompanied by Miss Belle Copely, made Riverton a call last Sunday. Mrs. McCormac's little boy has been very sick for some time. He is now some better.

Back to Health

After Long Illness Hood's Sarsaparilla Restored Good Health—Now as Strong as Ever.

"After an illness of two years, during which time I underwent several surgical operations, I at last began to improve, but my improvement was so slow that I became discouraged. I was very much run down and I did not have any appetite. I did not care to live. One day I met a friend who had taken Hood's Sarsaparilla and who urged me to try it. I consented, and after I had taken a few doses I began to feel better and had a better appetite. I gained from two to three pounds a week and grew stronger every day. I took two or three bottles of Hood's Sarsaparilla, and am as strong as I ever was in my life. Hood's Sarsaparilla has brought me back to health." Frank Brown, better known as "Barney" Brown, met with a sad accident Saturday last at Cowan's logging camp on Coos river. He was breaking on the log train and in attending to his duties fell in between the trucks and onto the ties. The train was moving slowly and the breakbeam struck him in the region of the abdomen. So fierce was the blow that one of the trucks was derailed. Brown was brought to town and at first it was thought he would not live through the night, but as we go to press he is improving and may recover. His lower extremities were paralyzed from the blow.

Captain Vail Perry is now in charge of the steamer Antelope, Capt. White having resigned as captain of the boat.

Edward Baldwin, who had the misfortune to break his leg here on Decoration day, is now able to drive the team that ran away with him on that day.

W. I. Emery, the stock dealer, has returned from his trip to Nebraska and Iowa. He is now in Curry county gathering up 1000 head of calves which he had contracted for shipment.

Dr. Taylor, the newly appointed postmaster for Port Orford, has moved from Ophir to that city. The Dr. has also purchased Dyer Leneve's drugstore business. The latter will remove to some other location.

W. D. Shoemaker returned home from Port Orford Saturday. He reports having just shipped 500 more head of sheep from that place. He will make another shipment of the same amount this week, of which he will go to Rogue River and gather up about 2000 head more for shipment.

An aged Indian woman, while riding horseback along the beach in company with two or three other squaws yesterday morning, was severely injured by the horse falling with her. One of her shoulders was dislocated and she was otherwise hurt. The accident happened near the mouth of Four-mile creek and the woman was taken to the home of A. Johnson where Dr. Kime set the injured shoulder. The squaw is a sister of Indian Jake who lives at Sixes river bridge. She was on her way to visit him when the mishap occurred. The old woman is very poor and will no doubt become a county charge. Her home is said to be near Coquille City.

At Myrtle Point on Wednesday, July 27th the maximum temperature in the shade was 96, on Thursday the average of those three days being 95.3. At Bandon on the same dates and days it was 84, 87 and 81 respectively, averaging 80.7. This will give some idea of the cool and equitable temperature enjoyed by us here to what is experienced inland, even in our own county. Myrtle Point is only about 14 miles by air line from us. Then what might we expect the maximum temperature to be in places hundreds of miles away from the cool refreshing breezes that flow in here over the great Pacific ocean, whose waves rush to welcome the numerous visitors that come to our beach at this season.

Hugh McLain, superintendent at the Klondike mine, was in town Sunday. He says they are ready to get out coal any time, and are only waiting the completion of the spur, and the arrival of hoisting engines from the east.

The new schoolhouse in district 18 is nearly finished, and a term of school, with Mrs. Little as teacher, will begin sometime this month. The building is 24x34 feet, and was put up by J. D. Johnson at a cost to the district of \$460.

J. D. McGee killed an unusually large black bear last week. He intends bringing the hide to town, so that people can judge for themselves the size of the animal. He says they are numerous over there, and are killing a good many of the settlers' hogs.

The work of repairing the hydrants was commenced last Friday, the water company and town board having reached an understanding. The board takes the water for six months at \$60 per month, and the difference between the company and board are not to be affected by the temporary settlement.

Frank Brown was seriously injured at Jas. Cowan's camp, North Coos river, Saturday morning, and was brought to town immediately on Ivy Condon's launch. Brown was breaking on the log train, and jumped ahead of the trucks to throw a switch, when he stumbled and fell across the rails. One of the trucks passed over him, bruising him badly from the hips down. It was thought at first that his back was broken, but fortunately such was not the case, and at last accounts he was reported as steadily improving.

SCHOOL APPORTIONMENT. Oregon's Fund is Parcelled Out—Per Capita of \$1.20.

A Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50-cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by R. S. Knowlton.

The Wonders of Science  
Lung Troubles and Consumption Can Be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.  
The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, has prepared THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the Coquille Herald writing for them.  
His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial to his infallible cure.  
Science daily develops new wonders, and this great chemist, persistently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assurance that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude" filed in his American and European laboratories in thousands from those cured in all parts of the world.  
Medical experts concur that bronchial, chest and lung troubles lead to Consumption, which, unintermitted, means speed and certain death.  
Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.
