Congressman Tongue is to make a trip to Alaska, starting this week. Mrs. Tongue and daughter will accompany him.

Gov. Budd, of California, has commuted the sentence of John Corbett, who had been serving a 5-years' sentence at San Quentin penitentiary, for burglary. He is a brother of "Gentleman Jim," the pugilist.

In a short while our American girls of plute blood and royal aspirations can buy Spanish titles at a greatly reduced rate, with the imbecile, measly, chattering party-of-the-first-part thrown in—thanks to Dewey and Schley.

P. C. Corbett, father of James J. Corbett, the pugilist, last Tuesday morning, at San Francisco, shot and killed his wife, and then turned the weapon upon himself with fatal effect. Mr. C. had been in poor health for some time, by which it is believed his mind was impaired and in a spell of temporary insanity therefrom he committed this awful deed. Death was instantaneous in both cases.

A Remarkable Cure of Chronic Diarrhœa.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhœa. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, and after that I bought and took a 50-cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by R. S. Knowlton.

From Coos to Douglas—Snap Shots.

Along the Line, Aug. 20.—N. E. Harry is making some very needful improvements on the old Coos bay wagon road, and they are all O. K. That road is in better condition now than it has been for years past.

Quite an accident happened to Mr. Stormer's team near the county line between this and Douglas, on the old Coos bay road. One of the team stepped on the end of a stick, which flew up and caught the animal in the flank, cutting her so badly that her entrails came out. Mr. Stormer came up the road and met a young man, but could get no satisfactory help from him, and a little further on met George Martin with two passengers, and he told him he could not do anything that ought to be done under the circumstances, but Mr. Frasier, one of his passengers, had some tools, among which were a scratch-awl and pair of pliers, and all hands rushed to the unfortunate animal, but too late to do anything toward relieving the brute from its intense suffering only by killing her. We had no gun, nor anything but an ax to dispatch the animal with. Miss Alice Stemler, a Miss Munson and a boy were with Mr. Stormer when the accident happened. They went over to the 19-Mile-House to get a horse to get their hack out with.

Thomas Knowson has a crew of men working on the Brummitt creek bridge, and they are getting along nicely.

James Burton cut his foot badly while at work on the bridge.

Mrs. N. E. Harry went down to Coquille City with George Martin to have some dental work done. She will visit at Coquille and vicinity until Monday and return home with Mr. Martin, who makes weekly trips to Roseburg.

The canyon here is full of fishermen. They say the fishing is fine. ITEMIZER.

The taking off of the steamer Fulton from Portland and Coos bay was a mistake and injurious to the trade between this section and Portland. A good business was springing up, but this act burnt our fingers very badly, and it will be a long while before our people will take the risk again. A large quantity of goods were purchased and ordered to this place on her, aside of her usual traffic with the the bay, and was badly needed, when without warning she was drawn off and put on another run to the damage of shippers.

Marshal McDonald has moved into the Collier building, near T. A. Walker's, lately vacated by G. L. Wheeler.

The Pioneers' Reunion

Was held at Myrtle Point on Monday, 15th inst. We mentioned in items elsewhere, which we gleaned from attendants, as to the success of the event, and why the attendance was not as large as was expected, but the social features and generally good time were not absent.

The exercises were held in Dixon's grove, close to town, and were as follows:

MONDAY MORNING PROGRAM.

Song by the Octet club—"In Havana Harbor;" address of welcome by L. A. Roberts; response on part of the pioneers by Judge J. Henry Schroeder, president; solo by Mrs. W. H. Brown; recitation by Katie Border; select reading by Miss Laura Wise; annual address by Hon. S. H. Hazard; song by the Octet club—"Old Folks at Home."

President J. H. Schroeder then announced a free basket dinner, which proved a veritable feast and was partaken of by all who wished. It was an occasion, too, of handshaking and renewal of "auld lang syne" acquaintanceships among the pioneers and friends from all parts.

The business meeting was called at 2:30 p. m., President Schroeder in the chair. After a few appropriate and cheerful introductory remarks, the president officially stated the absence of Secretary Dodge, whereupon Mrs. Fannie G. Dixon was chosen secretary pro tem. Secretary Dodge was greatly missed, for he is a storehouse of information on all subjects and specially familiar with the essentials of the pioneers' organization and needs, but Mrs. Dixon spared no pains to be social, agreeable and useful, and acted her part admirably.

The following were then elected as officers of the association for the ensuing year: President, Mrs. E. M. Lockhart, of Marshfield; vice presidents, Hon. J. Henry Schroeder, of Arago, and Hon. S. H. Hazard, of Empire; secretary and historian, Hon. Orvil Dodge; treasurer, B. F. Ross, of the bay.

Marshfield was then selected as the place for holding the next annual meeting, and the date Aug. 15, 1899.

S. B. Cathcart, S. H. Hazard, Judge Lowe, Daniel Giles and Mrs Fred Schroeder were appointed as a committee to confer with and assist Historian Dodge in closing up the business of the publication of the pioneer history in hand. A vote of thanks was unanimously voted to Mr. Dodge for his faithfulness, diligence and ability employed in the arduous duty of compiling a history of the pioneers of Coos and Curry counties. The motion was made by Mrs. W. D. L. F. Smith.

A resolution of thanks to the citizens of Myrtle Point for their cordial reception and kindnesses on this occasion was passed.

Mrs. Fannie G. Dixon, S. H. Hazard and W. D. L. F. Smith were appointed a committee on condolence.

On motion of Daniel Giles, a resolution of thanks was tendered to the press of the county for favors.

The following pioneers were in attendance: Mr. and Mrs. W. D. L. F. Smith, Mr. and Mrs. S. B. Cathcart, Mr. and Mrs. C. Hilborn, Mrs. E. M. Lockhart, Mrs. Ole Hansen, Mrs. Kruse, Mrs. S. A. Moore, Mrs. Emma Nasburg, Mrs. A. D. Walcott, Mrs. O. E. Smith, Mrs. Martensen, Mrs. Dillon, Mr. and Mrs. E. B. Dean, Mr. and Mrs. S. H. Hazard, Jonathan Hodson, Mrs. Elizabeth Dean, Mr. and Mrs. J. Henry Schroeder, Mr. and Mrs. A. H. Schroeder, Mr. and Mrs. John Kronenberg, Isaiah Hacker, Judge D. J. Lowe, Mrs. Jeff Williams, Joseph Haines, Daniel Anderson, Mr. and Mrs. E. Bender, Mrs. Fannie G. Dixon, Mrs. Hermann, Mr. and Mrs. Peter Wise, Capt. W. H. Harris, Jerry Haines, George Stauff, Mr. Charles Schroeder, Mr. and Mrs. Daniel Giles, and including the younger members of many of the families.

The Pioneers' Association of Coos and Curry counties was organized at this place Nov. 5, 1891, hence this present reunion was the 8th. Many of the members failed to attend, for one cause and another, and much regret was expressed for their absence. Grandma Hermann was present and was warmly greeted. Hon. Binger Hermann, her son, failed to reach home in time, owing to the press of business as commissioner of the general land office at Washington. His many friends would have warmly welcomed him.

E. G. Merwin, C. E., is representing the Sanborn-Perris Map Co. of San Francisco in Coos county, in the interest of the insurance men of that city in preparation of official maps of the several towns. He was busy in this city last week, and has in preparation a 3-sheet map of Coquille City. He will finish not only a good general map of the place, but it will be especially accurate in details for use of several insurance agencies at San Francisco, who will have data at hand to quality all risks of agents taken in this locality. Mr. M. is a pleasant gentleman, an expert in his line of map-drawing, and well pleased with our coast section.

Death in Battle at Santiago of One Known Here.

The HERALD has been permitted to scan a letter from J. S. Langston, of Cerrillos, N. M., to his wife, who is in the army and participated in the battle of Santiago, Cuba. It is an interesting letter and gives from his stand-point a graphic account of the fighting and criticisms of official shortcomings in some instances. But the most interesting part to the HERALD's readers is wherein he makes personal mention of the heroism and death of one who had resided in this section awhile and was known to a good many of our citizens. Comrade Langston writes thus about his friend: "Our loss in the two and a half days' fighting was about 1200 killed and wounded. Our regiment lost 2 captains killed, 1 captain wounded, 5 lieutenants wounded and 156 enlisted men killed and wounded. This out of 450 men. Our troop lost Clay Green and J. Robertson killed and 10 wounded. This out of 59 men engaged.

"Clay Green died killing Spaniards at the top of the hill we first took, and without pain. He knew the moment he was hit that it meant death, and he said so."

Further on the writer says: "Write to Mrs. Green [Clay Green's mother] and tell her I buried Clay, and am going as soon as 4 o'clock comes today to fix up his grave so it cannot become lost."

Clay Green lived in Coos county some months, principally at Myrtle Point and was a cousin of W. T. Lewis. The latter married our Miss Ida Fox, daughter of Mr. and Mrs. J. B. Fox of this city, and now lives in Jackson county, Oregon. Mr. Green also visited our section frequently.

County Superintendent W. H. Bunch has had to cancel the dates for the teachers' institute, owing to the inability of State Superintendent Ackerman to be present at the dates set, and upon whom he is mainly depending for outside help. Now, however, Prof. Bunch, acting upon the advice of a telegram from Prof. Ackerman, has set Monday, September 19th, as the date—and place, Myrtle Point. This we are authorized to announce.

Whetstone's orchestra of this place furnished the music for the veteran's ball at Bandon last Saturday night. Jim Whetstone and George Leach went down last Saturday, while others of the orchestra were there enjoying the encampment and other attractions awaiting the coming of the leaders. A grand affair is reported.

Capt. W. W. Shields and family left today on their route to Pullman, Wash., after a brief stay at several points on the way, including a week or so at Portland, a month at Spokane, and thence to the Palouse country. He is connected with the work of God's Regular Army.

Mrs. D. R. Toy visited Beaver Hill in the interest of their agency in aluminum ware. Mr. and Mrs. Toy have established such a trade by fair dealing and representing such honest goods that they are now receiving orders by mail from all parts of the county.

Work of laying the brick foundation at the new schoolhouse was begun yesterday morning. Charley Meier, an old and experienced bricklayer, has the contract and we are assured not only understands but is executing the business in a first-class manner.

Jim Hayes and family came over from Empire last Saturday and have been visiting Grandpa and Grandma Hayes, Mrs. Jenkins and family and Ev Hayes' family. This morning Jim took his team and made a trip to Myrtle Point.

Hon. O. Dodge failed to get home to take part in the Pioneers' annual reunion at Myrtle Point, but expects to get home this week. Mrs. Fannie G. Dixon acted as secretary in his stead.

The revival services, conducted nightly in their tent by Elders Chase and Holt, are attracting large crowds. The services being held in the vicinity of the camps give that end of the town quite an animated appearance these days.

Latest War News.

All the Philippines Were Surrendered.

Hong Kong, Aug. 17.—The terms of surrender to Admiral Dewey and General Merritt are as follows:

Capitulation of all the Philippines.

Officers allowed to retain their swords and personal effects, but not their horses, during their stay in Manila.

Prisoners of war surrendering their arms will have necessary supplies provided from the treasury. When that is exhausted the Americans are to make provision.

All public property is surrendered.

The future disposition of the Spanish troops who surrendered is to be determined by negotiations between the respective governments.

Arms may be returned, at General Merritt's discretion.

Banks will continue to operate under existing regulations, which are subject to change by the United States government.

The commissioners who signed the terms of capitulation are:

For America — General Greene, Colonels Whittier and Crowder and Captain Lawbecton.

For Spain — Colonels San Jose Maria Laguen, Felin Don Carlos Reye and General Don Nicolas de La Pela y Cuellas.

HORRIBLE OUTRAGES.

Committed by Spanish in Porto Rico, Being Avenged by the Citizens.

Ponce, Aug. 20.—A war of retaliation against the Spanish residents of the island, within the American lines, is threatened; retaliation for the horrible outrages committed by the Spaish troops at Ciales, where over eighty persons are said to have been macheted by the soldiers. The revolting details of the butchering of men and women, the ravishing of young girls, and nameless mutilations, have stirred a cry for vengeance. Early this morning the natives burned the town of Costa, seven miles from here. The Spanish residents fled for their lives. Throughout the surrounding country the Spaniards are terror stricken and are appealing to Americans for protection. Today's editions of two papers which hysterically demanded vengeance and the expulsion of all Spanish born residents, were suppressed by the military authorities, who are doing all in their power to allay the fears of the Spanish inhabitants.
