AN EPIDEMIC OF ACCIDENTS.

A Fortnight of Disaster, Bringing Sadness, Sorrow and Broken Hearts to Parents and Friends.

The HERALD had mentioned a distressing accident or two last week, and was hardly prepared to predict such a rash of fatalities and distressing casualties as has taken place since, beginning with the day following last week's issue, except in one instance. We herewith note several events in that line, beginning with that very sad occurrence of the

DROWNING OF LITTLE GEORGE WALKER.

Last Wednesday evening, after school, our little friend and neighbor, George Walker, youngest son of our neighbors Mr. and Mrs. T. A. Walker, went to the river, where he had been wont to spend much time playing and boating. It was as late as 5 o'clock before he succeeded in getting a boat, for those whom he asked forbade the use of their boat. But he succeeded at last in taking possession of one at the boom and worked his way below town a little distance. Down near Mr. Wilson's place he had been seen by Mrs. Dixon, pulling his boat down in the middle of the river. Some little while later Mr. Flanders observed the boat floating down the river without an occupant, one oar floating on the water and one still in the oar-lock, and hastened to give an alarm as to his belief that some one was drowned. By this time the mill had shut down, and the boat of George having been seen in a fact and down in that direction, soon brought a host of friends to search for the boy. Mr. Walker, himself, was early at hand, and the earnest work continued night and day, night and day, continuously and successively, with every contrivance of dragging, diving, blasting, etc., to discover the missing one. They were long, tedious, sad hours to all parties, and weeping eyes and heavy hearts went out from the whole community.

This search continued till Monday (yesterday) morning about 7 o'clock, when the father's attention was called by Ed Dixon to what appeared to be the body, risen and lodged against a log, discovered by young Biglow and a stranger, and the father hastened to the spot and took up the lifeless remains of his little son. The search was now over. N. W. Leneve and B. F. Lawrence delivered the little corpse at the sad home, and tender hands responded from everywhere to do what was to be done to prepare the little friend for burial and to offer consolation to the stricken family.

At 2 o'clock Monday afternoon the funeral took place. Rev. C. A. Stine officiated in reading a portion of scripture and delivering regarding the sad event affecting his little friend, the family and community. Three appropriate and beautiful songs were sung during the exercises. The sad procession then formed and followed the remains to Masonic cemetery, where little George now sleeps.

George Walker was 7 years, 6 months and 26 days old.

ACCIDENTAL SHOOTING—BOY KILLED AT ENCHANTED PRAIRIE.

Bridge, Sept. 15.—One of the most deplorable accidents that ever happened in this vicinity occurred at Enchanted Prairie on the evening of September 10th. Willie, Manly and Owen Cribbins, sons of R. A. Cribbins, went out from the house to drive in some sheep. Owen asked his older brother to let him carry the gun, a 32-calibre Winchester, Owen then going on one side of a hill and his brothers on the other. Shortly after separation, Willie and Manly heard a report of the gun, and called to Owen, asking him what he had shot. Getting no response, they went around the hill and were horrified to find their brother lying dead with a bullet hole in his head, the ball striking over the right eye and passing through and out of the back of the head. The surviving brothers carried the corpse about half a mile to the house and then went out and notified the neighbors. The father and mother were absent from home at the time of this occurrence, having gone in the morning with a load of grain to the East Fork mills, leaving the boys at home till they returned in the evening. The funeral services took place Wednesday, conducted by Elder Thomas Barklow, after which the remains were laid away in the Enchanted Prairie cemetery, followed to the grave by the largest concourse of people ever present at a funeral in this vicinity.

Owen Cribbins, the unfortunate boy, was aged 10 years, 5 months and 3 days.

SERIOUS RUNAWAY ACCIDENT.

Wednesday evening of last week word reached this place of a serious runaway accident happening to Rome Black and two young ladies—Misses Birdie Walker and Eva Border—of Myrtle Point, on returning from the Y. P. S. C. W. convention being held at Willowdale. The horse became frightened at some point above Willowdale and shied, one side of the buggy running up on a siding and turning over, throwing out the occupants. Miss Walker struck on her head, sustaining a broken nose

Dr. Miles' Nerve Restores Health.

UNCLE EZEKIEL O'NEAL, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Restorative Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address DR. MILES MEDICAL CO., Elkhart, Ind.

and cuts and bruises about her head and face. Miss Border suffered a broken and badly lacerated ankle, together with other bruises and scratches on her person. Mr. Black was thrown forward and under the horses, receiving a badly sprained ankle and other painful injuries on his body. Drs. S. L. Roberts, Leep and Brower (the latter on a visit at his old home), were all called into service and professionally ministered to the comfort and recovery of the victims of this sad accident. We learn, however, with regret, that Miss Border's injuries may cripple her for life, aside of the pain she suffers at the present time; Mr. Black's injuries, too, are painful, and may prove serious. Miss Walker fared better.

THUMB AMPUTATED.

John Wagner, a young son of John L. Wagner of the Rural settlement, Sunday evening, 11th inst., was riding a horse and leading another with a lariat near his home. His saddle horse, at a certain point in the road, made a jump, and a loop in the lariat slipped over a thumb and almost severed that member from the hand. It was found necessary later to take the boy to Myrtle Point for Dr. Roberts' services, who amputated the lacerated member. The boy suffered very much, the hurt proving very painful.

CHILD'S ARM BROKEN.

Little Clyde Caldwell, aged 6 or 7 years, son of Mr. and Mrs. John Caldwell of Myrtle Point, was riding horseback at his home, last Wednesday, from which he fell accidentally and broke his arm. A physician was promptly called and the injury attended to.

Resolutions of Condolence.

Myrtle Camp No. 167, W. of W., at their regular meeting last night, passed the following resolutions of condolence: Whereas, An inscrutable Providence has visited the home of our beloved neighbors, Mr. and Mrs. T. A. Walker, with a hand of affliction by the removal of one of the lights of the household in the drowning of their little son, George Walker, therefore be it Resolved, That we tender our heartfelt sympathy in this hour of bereavement, and pray that the visitation may prove not all an affliction, cheerless, hopeless, endless, but open beyond a bright and happy real life and associations eternal, unmarred by accident, dread, sadness or tears.

The equinoctial storm showed up very promptly, coming up last Sunday night. It was unusual in its electrical display and threatening aspects, but passed off as mildly as an April shower. A light rain fell, and some hail.

CARD OF THANKS—The undersigned desire to express their sincere thanks to the friends and citizens generally for their many kind acts and expressions of sympathy during the late bereavement and sad visitation of our household by death.

MR. AND MRS. T. A. WALKER.

A. W. Giesy, special agent Pacific department Norwich Union Fire Insurance Society at Portland, visited Coquille yesterday in the interest of that association and the establishment of agencies for Coos county. Master Willie Hendrix of Salem, a nephew, accompanied.

The session of the bi-county Y. P. S. C. W., held last week at Willowdale, was largely attended and specially entertaining and interesting. The neighbors were hospitable and kind to a degree, entertaining the visitors royally, while the delegates seemed to take a more than usual interest in the proceedings. A reporter for the HERALD was appointed, but we are without a write-up of the convention and obliged to note only in this general way and thus briefly the meeting and its results.

Walter Drane and George Stevenson returned Sunday evening from their prospecting trip at the head of Cow creek, on the Douglas side of the divide between Coos and Douglas counties. They got plenty of deer meat and also got three bears—so they did not suffer for provisions. Besides, they brought down some specimens of bed-rock quartz for assay, and we hope, with them, that their highest expectations may be realized. They enjoyed their outing very well.

The general council of the Fraternal Aid Association, through its official organ for September, published at Lawrence, Kansas, makes this announcement: "Our death losses have been promptly paid, and we have money in the treasury sufficient to skip the month of September and make no assessments"—and this despite the fact in all the long list of fraternal beneficiary orders in this country the Fraternal Aid stands fourth in lowest assessments. The council here is quite strong and refers with pride to the record of their order as to security, prosperity, economy and low assessments.
