Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaars Mills, La., has to say on the subject, viz.: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent bottles for sale by R. S. Knowlton.

There are numerous applications to the school board from all portions of the county for rates of tuition to attend our public schools, and we learn of two or more families who intend to move to town regardless of rates with a view to school advantages. It is becoming an important question with the board, and it is possible the outside patronage will be sufficient to warrant the establishment of the 9th grade and employment of a teacher for that room. If we remember, the rates were set at $1.50, $2 and $2.50 per month in the several grades.

Roseburg Plaindealer: The little river steamer Ralph of the mail line is lying tied up at the wharf in Gardiner for some non-compliance of law, as is also the Juno for some offense. Complaints have been made of the same by opposite parties. Public opinion seems to be in favor of a mail boat, but, be it as it may, it is to be hoped that affairs will proceed to adjust themselves properly and each engage in their own line of business as heretofore, and as it is not always the best thing for one party to hold a monopoly of a traffic, it will be the better for the general public to have more than one river means of navigation.

A Word to You, Fellow Citizens.

H. L. Burleson, with Wolf & Sons, commission men in San Francisco, returned to Coquille last Friday from visiting other portions of the county—Marshfield, Myrtle Point, Bandon, etc.—in canvassing the prospects for the establishment of a fruit and vegetable cannery and a starch factory, of whom and about which the HERALD briefly made mention last week. His stay was brief this time, as his present canvass of the situation is somewhat of a superficial nature this time and is made while "on the wing." But be assured us, in the few moments had with him, that the prospects were all right, but extremities of the county—Myrtle Point on the upper river, Bandon below, and Marshfield on the bay—were foremost in pressingthe advantages of those localities and giving at least verbal pledges of substantial encouragement to such enterprises. He dropped a few words for our enlightenment on the subject, and would like to have farmers in this valley give some pledges—verbal or written—to this office as to about the amount of apples and potatoes they could be depended upon to furnish. His proposition is to pay $4 per ton for cull apples, not packed, but delivered in boxes at river points so as to be handled readily. His demands will not interfere with the packing and shipping of fancy and picked apples to the city market, but utilize the culls and those usually permitted to go to waste in the amount of at least 500 tons, and possibly of 1000 tons. This cannery and evaporator for fruits and vegetables would be started first, and be followed at an early date by a potato starch factory manufacturing a bushel of potatoes into starch each minute.

Now, let our friends in Coos county wake up to this important step to the front—the equal, if not a far superior advantage over even the dairy interests, because so much less attending investment of capital, labor and responsibility to them. State to the HERALD, in person or by letter, at once, what you will do. Let us hear from the upper and lower river farmers, from the North Fork, from the South Fork, from our adjacent farmers, and from the bay.

Here, also, is a special opportunity for the citizens of Coquille City to secure the plants. Central location, accessibility from all points and from a wider scope of territory are in our favor, but we shall not be jealous of our neighbors' enterprise and prosperty if they knock the persimmon which we neglect to reach for.

Coos Bay News.

Some of the high boats had in the neighborhood of 1000 salmon for last week's catch.

John Eckhoff has high boat for the season, so far. He caught 300 salmon Sunday night.

Gravel Ford Gleanings.

Gravel Ford, Oct. 15.—There seems to be quite an amount of sickness throughout the land in the shape of whooping cough and measles. Miss Viola Weekly died on the 13th at 4:30 o'clock p. m. Having taken the measles, pneumonia set in, turning to congestion of the lungs. She was only sick a few days. Funeral was held at Dora cemetery at 12:30 on the 15th. Quite a houseful turned out to pay the last sad tribute of respect to the departed one. Viola was about 16 years of age, and one whom all loved who knew her. Elder F. S. Bunch and Prof. Airey conducted the funeral service, Elder Bunch preaching the sermon.

Grandma Weekly has been quite sick.

Also G. P. Miller's and M. J. Krantz's children have been having a siege of the whooping cough.

Winter apples are being hauled into market at Myrtle Point; a party is also buying near Dora and boxing for California shipment.

Minard & Lawhorn's team is hauling logs at G. G. Swan's, having delivered 99,000 feet in 6 days, and have about 12 days' more hauling to do.

G. E. Swan is in from Douglas on a visit.

Lee Wright has returned after an absence of quite a space of time in California. He says they will return to old Coos.

Mr. Coggins is putting up a fine fireplace and chimney at J. P. Stemler's.

We look for F. A. Swan in from Douglas with a load of flour on the 18th.

Ed Sherwood passed out to Douglas with a fine band of beef cattle last Wednesday.

YANKEE SKIPPER.

The Reed Fish Bill, No. 60, has passed both houses. This bill provides for the extension of the fishing season to Nov. 20 of each year.

Miss Sturdivant and Miss Hammerlof, of Gravel Ford neighborhood, have been visiting in town for several days. They are guests of the latter's sister, Mrs. Walter Colvin.

The schooner Berwick, well known here, struck hard several times while being towed over the Nehalem bar lately and became waterlogged soon after. She was picked up off the Columbia by the steamer Fulton on Thursday. The steamer held onto her until the tug Escort went out and towed her to Astoria.

CLOSING DAYS OF THE SPECIAL SESSION

Curtis of Clatsop Had the Floor—Legislative Proceedings at Salem.

In the state senate last Tuesday, Curtis rose to a question of personal privilege. He devoted a few moments to the Daily Astorian, denouncing an article which had appeared in that paper, on the fish bill introduced by Curtis, as a malicious falsehood, and its author as an unmitigated liar. There, Now.

HOUSE—TUESDAY, OCT. 11.

By Topping—For the purchase of 100 copies of the history of Coos and Curry counties, for distribution to the historical societies of the state. Indefinitely postponed.

Under the first reading of senate bills, Flagg of Marion called up Fulton's bill providing for an appropriation of $5000 for the payment of National Guardsmen who enlisted for the war with Spain and were rejected, at a rate of $1.50 per day for such service. This bill takes the place of Flagg's house joint resolution. It directs the adjutant-general of the state within 90 days to prepare a certified list of Guardsmen who enlisted and were rejected, and the secretary of state to issue warrants thereon. The emergency clause is attached. The bill was passed to a second reading under suspension of the rules, and was passed by a unanimous vote.

FOOD FOR THOUGHT FOR TAXPAYERS.

Legislature Employs 103 Clerks at Salaries Ranging from $3 to $10 a Day Each.

Statehouse, Salem, Oct. 14.—The matter of clerkships, when the accounts are in, will no doubt furnish the taxpayers of the state some food for thought. There are 55 clerks in the senate alone and 48 in the house.

The compensations allowed range from $3 to $10 per day. Ordinary stenographers are allowed $5 per day. Experts, who have little else to do but look wise and make feeble efforts to lobby, will get from $6.50 to $10 a day, and a number of them will draw pay from the opening of the special session until the regular session meets in January.

The expense accounts of the clerk contingent will figure up to an alarming sum.

SEVEN ARE ARRESTED.

Joint Indictment by the Grand Jury—The Election Fraud of Last June.

Salem, Oct. 14.—The grand jury of the present term of circuit court for Marion county reported a joint indictment to Judge Geo. H. Burnett, at 5:35 o'clock last evening, in which it charges seven prominent citizens hereabouts with the crime of altering the public records. Those to whom the accusation is directed are:

Ex-Mayor P. H. D'Arcy,
Ex-County Clerk L. V. Ehlen,
W. J. D'Arcy,
Samuel T. Richardson,
John A. Carson,
Wm. J. Rafter,
H. T. Hayes.

Following the presentation of the indictment Judge Burnett directed that bench warrants for the arrest of the above-named gentlemen be issued, and before 9 o'clock his order had been complied with and each of the seven indictees had been taken into custody and placed under bonds in the sum of $1000 to await the action of the court.

Messrs. D'Arcys, Richardson and Carson are numbered among the leading lawyers of western Oregon, and Mr. Rafter is a student in the office of the latter.

Drunken Officers Declared Martial Law.

Honolulu, Oct. 4.—On the night of Oct. 3, Lieutenant Merriam and Lieutenant Wheelock, New York volunteers, decided to run things in Honolulu and declared martial law. Wheelock was the provost marshal in charge of the mounted infantry. General King caused the two officers to be rounded up and martial law was declared off. He stated that both of the men were under the influence of liquor. They are to be courtmartialed.

For a time 'twas the liveliest night Honolulu had ever seen. The two officers assumed entire control of the town. Citizens were ordered off the streets and sidewalks and the orders were enforced by mounted men under Wheelock's command. Sailors were chased aboard the ships. Lieut. Merriam is a son of General Merriam.

His First Trip West.

Chicago, Oct. 11.—President McKinley and cabinet passed through the outskirts of the city this morning, en route to Omaha. There was no demonstration.

The journey from Chicago to the Mississippi river was a series of ovations. The first stop was made at DeKalb, at 9:05, and here the president spoke a few words in response to the crowd's enthusiastic welcome.

Omaha, Oct. 11.—President McKinley and the other members of the presidential party of Washington were greeted on their arrival in Omaha by the largest crowd that has ever lined the streets of the city. For several hours before the train reached the depot the sidewalks along the streets over which the president was to pass were densely packed by citizens of Omaha and visitors from all parts of the country.
