How to Cure Bilious Colic.

I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured me. I have since recommended it to a good many people.—Mrs. F. Butler, Fairhaven, Conn. Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by R. S. Knowlton.

An exchange says: The largest cannon in the world was taken by the British when India was conquered. The cannon was cast about the year 1500, and was the work of a chief named Chuleby Koomy Kahn, of Assmednigger. The inside of the gun is fitted up with seats, and is a favorite place for British officers to go for a quiet noontide smoke.

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely using of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. For sale by R. S. Knowlton.

A Problem in Punctuation. A funny old man told this to me. 'Tis a puzzle in punctuation, you see; 'I fell in a snowdrift in June,' said he, 'I went to a ball game out in the sea. I saw a jelly fish float on a tree. I found some gum in a cup of tea. I stirred the milk with a big brass key. I opened the door on my hunched knee. I ask your pardon for this,' said he. 'But, 'tis true—when told as it ought to be.'

Licenses for Fishermen.

An elaborate system of licenses is provided for in the new fishery law passed by the legislature in special session, the purpose of the licenses being to raise a fund for the artificial propagation of fish. Incidentally, it will be made a means for the identification of fishermen, and may thus aid in the enforcement of the law. Licenses will be for the year beginning January 1, no fraction of the year being recognized. The license features of the new law are here given:

Sec. 12. It shall be unlawful for any person or persons to take, or fish for salmon fish or sturgeon in any of the waters of this state, or in any of the waters upon which the state has concurrent jurisdiction, by any means whatever, except with hook and line, commonly termed angling, without first having obtained a license therefor, as in this act hereinafter provided.

Sec. 16. Any person desiring to obtain a license to take or catch salmon fish or sturgeon in any of the waters of this state, in any manner whatever, either working upon as employer or employee of any pound net, set net, fish trap, gill net, fish wheel, seine, or any other device or apparatus used for the purpose of catching salmon fish or sturgeon, whether such person is the owner of such appliances, or otherwise, shall present in writing to the fish commissioner his application, which application shall be accompanied by the affidavit of said applicant that he is a citizen of the United States, or has declared his intention to become such, one year prior to the making of such application, and that he is and has been for the six months next preceding such application a bona fide resident of the state of Oregon, and shall deposit with the said fish commissioner a license fee of \$1, and thereupon a license shall be issued to such applicant, authorizing him to engage in taking or catching fish in any of the waters of the district. In addition to the said license aforesaid, any licensed fisherman desiring to engage in the business of operating a fish trap, pound net, set net, gill net, fish wheel, or seine, or other appliance not prohibited by law for the purpose of catching fish, shall make application in writing to said fish commissioner, specifying with convenient certainty the character of the appliance that the applicant desires to obtain a license for, together with the number of his individual license, as provided in this act, and upon payment of a license fee as herein provided, the fish commissioner shall issue to such persons a license to operate the character of appliance desired in said application; provided, that such license shall be good only in the district for which same is issued.
