stock of fall and winter Millinery  
goods.

Comrade Adam Pershaker has  
been granted a pension of \$8 per  
month.

McDonald's barber shop is where  
you get a good hair cut and a nice  
clean shave. Give him a trial.

Capt. Rook, of the steamer  
Blanco, on the bay, passed up the  
river through this place this morn-  
ing.

Whoopingcough and measles are  
about disappearing, though some  
few of our little folks are quite  
poorly yet.

C. H. Fry, whom we mentioned  
as an arrival from southern Cali-  
fornia, will probably go into busi-  
ness in this place.

The steamer Hernster has been  
waiting since last Thursday to get  
in over the bar. The breakers  
have been very wild, distinctly  
heard at this place.

Wm. Beach, our painter and  
paper-hanger, is a practical planter  
and pruner of orchards. He has  
had some cards printed for soliciting  
business, and as far as we learn has  
given satisfaction in that work.

The Herald Land Co. is offering  
for a short time, to sell or lease,  
a place of 14 acres, inside Coquille  
City limits, with a small house and  
barn, garden, shrubbery, etc., at a  
reasonably low figure. \$500 will  
buy it during the next 30 days.

John Yeakam will take charge  
of and open a logging camp at  
Klondike Wednesday. Mr. and  
Mrs. Sagg will move to it and  
have charge of the commissary de-  
partment. Bill Noble has charge  
of another camp at the same place.

**Wanted**—A farm, on North  
Fork or South Fork of  
Coquille river. Should be mostly  
bottom land. Give us number of  
acres of bottom, etc., improvements  
and lowest prices. [1]

Every young man and young  
lady should be trained for business,  
and the HERALD makes a special  
offer today to give each one in  
Coos county an opportunity to have  
a good business education without  
the expense and trouble of attend-  
ing a business college. Look at  
our latest CLUBBING OFFER.  
Don't miss this chance of your  
lifetime.

Representative E. S. Platts re-  
cently made a visit with his  
brother-in-law, Oscar Mathers, to  
the new coal mine on the Middle  
Fork of Sixes river. Prof. Ridder,  
a government geological expert,  
recently visited and assayed the  
coal, which he pronounced of the  
same age as that of Pennsylvania,  
and as having 68 per cent of fixed  
carbon and 3 per cent of ash.

Policies written by the Pacific  
Mutual Life Insurance Co. excel

ance profitable and liberal. No

cidents and sickness. Give your  
application now for either a LIFE,  
ENDOWMENT or ACCIDENT policy  
to Rev. J. L. Futrell, or make ap-  
plication at the HERALD office.

Marshfield's municipal election  
will take place next Tuesday, Dec.  
6th, and has awakened considerable  
interest there. On the 19th inst.  
nominations were made at a public  
meeting, regardless of party lines,  
as follows: Trustees—E. A. An-  
derson, J. N. Nelson, F. Hagelstein,  
W. B. Curtis, E. O'Connell, J. L.  
Ferry, L. Clomauise, W. Deubner,  
W. Nasburg, John Snyder and J.  
H. Miller. Marshal—J. W. Car-  
ter and Alex. Hall. Recorder—W.  
H. S. Hyde.

Comrade and Rev. J. H. Palmer,  
of the "Old Soldier's Store," has  
been very ill for several weeks, and  
has been growing worse of late,  
suffering intensely and failing in  
strength, till some two weeks ago  
he had to withdraw from the store  
altogether and Mrs. Palmer quit  
baking for the public. Besides,  
Comrade Wm. Patton came up  
from Bandon and managed the  
store. Comrade Palmer is suffering  
from diseases contracted during  
the late war, heart troubles  
and threatened paralysis, induced  
from sunstroke. He has been a  
sufferer all during these years, and  
receiving a small pension; tried  
also to tide over life by conducting  
a small store. He is about to sell  
cut and leave for another locality.

**Fishtrap Findings.**

Fishtrap, Nov. 28.—Mr. Fry, late  
of California, has been viewing our  
part of the country with a view to  
locating. We welcome all good  
citizens.

Wm. Howell has been hauling  
logs the last few favorable days.  
Mrs. Nannie Barklow, of Myrtle  
Point, has been visiting friends  
and relatives in our neighborhood.  
Nile Miller, who went to Bandon  
last Thursday and returned Satur-  
day, reports many cases of measles  
on the lower river.

Howard Young and his amiable  
young wife took their leave today  
for their home in Iowa. We join  
with their friends and relatives in  
wishing them a safe journey, and  
many years of health and prosper-  
ity.

**Riverton Reverberations.**

Riverton, Nov. 28.—Mrs. Faugh  
and family have moved into town.  
Mr. Hutchinson and family, for-  
merly of Marshfield, have moved here.  
Thomas Hanly and R. Schroeder  
have leased the Lamb house. They  
are attending school here.

One of the original landmarks  
of Riverton has been destroyed.  
The steeple upon the Peterson  
building was torn down.

Ducks are quite plentiful this  
season.

The Liberty coal Co. are now  
driving an air passage to the surface.  
Ed Hadsell, lately from the Sius-  
law country, made Riverton a visit  
last week.

J. D. Donaldson anticipates mov-  
ing into our town soon.

J. H. Timon returned from San  
Francisco last Saturday. He re-  
ports having secured the services of  
another steamer. DONNA ANA.

**Bandon Reporter.**

Johnny Anderson and Fred Hoff-  
man are building a schooner below  
town in which they intend sailing  
for Alaska in the spring.

At the school meeting held last  
Saturday the proposition to create  
an extra tax for the purpose of con-  
tinuing the present school term was  
voted down.

Frederic Schetter, of Empire, was  
in Bandon Sunday in the interest of  
the new telephone line to Langlois.  
Construction work will begin  
shortly, many of the poles having  
already been distributed on the  
ground.

Mr. Timmons of the Bandon can-  
nery put up 4600 cases of salmon  
this year. During the remarkable  
run of salmon the cannery ran out  
of cans and was compelled to refuse  
taking fish for several days. If it  
had not been for this fact the pack  
would probably have been in-  
creased at least a thousand more  
cases.

During the past week quite a  
number of saw logs have come down  
the river and into the ocean. They  
were mostly from the North Fork,  
having been brought out by the re-  
cent high water. No attempt was  
made to catch any of them by the  
Bandon people, as they have had  
experience in that line and will not  
be taken in again. We are told  
that in nearly every instance hereto-  
fore when logs have been captured  
here, the owners came along and  
took logs, ropes, chains, etc., and  
never as much as said thanks.

**Marshfield Sun.**

The engine and boiler for the fruit  
dryer arrived on the steamer Ea-  
pire last week.

R. H. Wood has 1000 boxes of  
apples ready for shipment. When  
this number is on the steamer it  
will make 8000 boxes that Mr.  
Wood has shipped this season.

We are informed that the Porter  
mill will start up before long.  
Pennsylvania parties have been  
negotiating for its purchase, but  
were unable to obtain sufficient land  
to justify them in the investment.  
Lately however they have succeeded  
and it is expected that the deal will  
be consummated before very long  
when the mill will resume operations.

Elias Robbins, an old settler on  
Cherry creek, in the McKinley  
neighborhood, died in this city  
yesterday, aged 74 years. He had  
been a county charge since about  
the 1st of June, when he applied  
at the county infirmary. On the  
25th of October last he was brought  
to this place under the care of Dr.  
Culm, having a room at Hotel Co-  
quille, and L. T. Langdon in charge  
as a nurse. Death seemed to re-  
sult as much of old age as any-  
thing else, though in the early  
stage of his affliction he suffered  
principally with white swelling in  
his left knee. Very little is known  
about him, though we learn he has  
had correspondence with a married  
daughter, Mrs. J. N. Richards, at  
Brookway, Douglas county, and an-  
other, Mrs. Williams, at San Luis  
Obispo, Cal. The burial took place  
last evening.

G. G. Swan hurried down from  
Dora this morning to receive some  
logs that had been sent down from  
the North Fork. There are some-  
thing over 400 of them, chiefly his  
own, the balance Martin Miller's,  
and were for Lyons' mill.

**Gaming Must Stop.**

New York, Nov. 25.—A dispatch  
to the Herald from Santiago says:  
General Wood has issued an order  
prohibiting gambling in any form  
in Santiago, with a penalty of \$1000  
for the infraction of the law.

Up to the present time bacarat  
and roulette and card games of  
every kind have been played pub-  
licly in the clubs and saloons and  
in the camps. The San Carlos Club  
was the resort of Cubans and Amer-  
icans, who spent their evenings  
gambling at the bacarat table.  
Among the Cubans were seen Amer-  
ican officers, and betting was car-  
ried on everywhere.

Under the Spanish regime gam-  
bling was a national institution, and  
as the fascination of the play caused  
considerable embarrassment to  
America's soldiers, General Wood  
took the action. Cubans heard the  
order with astonishment and pro-  
tested, but a strict observance of it  
has been enforced.

New Battleship Launched—Her Bow De-  
scribed With Champagne.

San Francisco, Nov. 26.—The  
battleship Wisconsin was success-  
fully launched at 9:30 this morning.  
When the vessel slid down the ways  
the warships in the harbor fired  
salutes and there was a terrific din  
from the steam whistles. The con-  
troversy over the kind of wine to  
be used in christening was settled  
by the use of two bottles of cham-  
pagne, one of French make and an-  
other of California manufacture.

**Civil Government at Santiago.**

Santiago, Nov. 25.—Some time  
ago Major McLeary, whom General  
Wood had appointed mayor of  
Santiago, requested to be relieved  
of his mayoralty duties, and to re-  
turn to his military post. This re-  
quest was granted today. In the  
opinion of General Wood, it is pre-  
ferable to appoint to the mayoralty  
a civilian acceptable to the Cubans,  
and he has appointed as Major Mc-  
Leary's successor Senor Bacardi, an  
old resident. He is anxious to give  
the mayor as much authority as is  
compatible with the military juris-  
diction. The new mayor will con-  
form to give the Cubans every op-  
portunity to show themselves cap-  
able of self-government.

Marshfield Sun: Mr. Burleson,  
the other day, in a few remarks to a  
Sun representative, complained very  
bitterly about our farmers not  
gathering and taking care of their  
cattle applies. He wants all the  
applies that heretofore have been  
thrown away or left to hang on the  
trees gathered as he will make a  
visit to inspect and purchase the  
same. We presume that our farm-  
ers when they know what is wanted  
will heartily acquiesce in Mr. Bur-  
leson's request as it will be to their  
interest to do so.

In his annual report, Gen. Long-  
street, U. S. commissioner of rail-  
roads, says: "It may be timely  
just now, to suggest that the gov-  
ernment construct and operate a  
first-class double-track road from  
Kansas City to San Diego by the air  
line route. This will open the short  
line, measured by the map, from  
Boston, New York and Philadelphia  
to the coast and along the coal  
fields of the east and west, this  
side of the Rock mountains, and  
making the most direct line to the  
Sandwich islands and the Philip-  
pines. As trade increases it may  
develop the importance of a direct  
similar line to Seattle, Washington."

A special to the St. Louis Post  
Dispatch, from Louisiana, Mo., says:  
"A terrific explosion occurred at  
the Hercules Powder Works near  
Ashburn this morning. The pack-  
ing house was demolished and sev-  
eral other buildings were damaged,  
and at least six men were killed."

An unpleasant duty of the Baker  
county court will be to allow a bill  
amounting to \$100, costs incurred  
in the case of the State vs. Fred  
Hull and Earl Wheeler, who were  
convicted of cattle-stealing, and  
recently discharged from the peni-  
tentiary.

Owing to the difficulty in obtain-  
ing labor in Cuba, American min-  
ing companies are importing labor  
from Spain. About 400 Spanish  
laborers have arrived at Santiago.  
And yet our government is try-  
ing to get rid of those that are  
there.

Spanish officials have been ar-  
rested at San Juan de Porto Rico  
by American detectives, for misap-  
propriating government funds. The  
abuses were carried on under Span-  
ish rule and were continued under  
American rule and thus discovered.

The estate of the late Portland  
banker, Henry Failing, is valued at  
\$1,000,000. He wills \$100,000 to  
each of his three daughters, \$10,000  
to the Portland library, the home and  
\$30,000 to his widow, and makes  
many minor bequests.

**Riots Between White and Negro Soldiers.**

Anniston, Ala., Nov. 25.—The  
city has quieted down after last  
night's rioting. Two negro sol-  
diers were killed, three wounded,  
and six or eight whites seriously  
wounded.

Two members of the white pro-  
test guard, missing last night, re-  
ported for duty today. It is re-  
ported that several members of the  
Fourth Kentucky and the Fourth  
Wisconsin were wounded.

**Great Events Pending.**

Havana, Nov. 26.—General Blanco  
will deliver his command to General  
Castillanos today. The governors  
of the provinces of Santa Clara and  
Matanzas and the mayor of Havana  
have resigned.

Washington, Nov. 26.—Regard-  
ing the cabinet meeting of last even-  
ing it was said today, that an im-  
portant effort had been made to secure  
a modification of the terms of our  
ultimatum ad incidentally to se-  
cure an extension of time limit be-  
yond next Monday. As to the  
character of the concessions sought  
by the Spaniards, the officials are  
reticent, but a decision was reached  
that they could not be granted. It  
is regarded probable that the final  
reply to the ultimatum will not be  
submitted before next Monday.

Indictments Found Against a United States  
Senator.

Philadelphia, Nov. 21.—The grand  
jury today presented true bills of  
indictment against Senator Quay,  
his son, Richard S. Quay, and ex-  
state Treasurer Benj. J. Harwood,  
charged with conspiracy to unlaw-  
fully use public money in private  
enterprises.

**Sharkey vs. Corbett.**

New York, Nov. 23.—All avail-  
able space was taken at the fight  
last night. Thousands were turned  
away and seats sold for \$5 to \$100.  
Ten dollars was paid for standing  
room. The audience was the largest  
gathering of sporting men ever  
gathered to see a ring contest which  
ended in a most disgraceful manner.  
Corbett had all the worst of the  
encounter, when one of his seconds,  
"Connie" McVey, jumped into the  
ring, appealing to the referee, thus  
violating the rules, and the referee  
had no alternative but to disqualify  
Corbett and award the fight to  
Sharkey.

**Venezuelan Monument to Americans.**

Venezuela has erected a beautiful  
granite shaft to the memory of ten  
Americans who embarked on an ex-  
pedition from Baltimore under Gen-  
eral Miranda in 1806 to fight for  
the independence of the colony.  
They were captured by the Spanish  
warship off the Venezuelan coast,  
and beheaded July 21, 1806. These  
men had served under Washington  
and Lafayette in the war of the Re-  
volution, and were willing to wage  
another war for liberty. Their  
names were: Captain Thomas  
Donohue, Lieutenants Thomas Bil-  
lop, James Garner, Gustave Bur-  
guel, Charles Johnson, Paul T.  
George, Daniel Kemper, Miles T.  
Hall, John Ferris, and Sub-  
Lieutenant Francis Farquharson.  
The monument bearing their  
names and the United States and  
Venezuela was unveiled at Maraca-  
ibo, state of Miranda, in the early part  
of September.

**Several Islands Seized by England.**

London, Nov. 26.—According to  
a dispatch from Shanghai to a news  
agency this afternoon, the British  
admiral has hoisted the Union Jack  
over Ting Hai, capital of the island  
of Chu San, and over several other  
islands in the Chu San archipelago.

**Attacked by a Chinese Mob.**

Portland, Nov. 26.—Bishop Earl  
Crenston, of the Methodist Episco-  
pal church, in company with Rev.  
Dr. Lowry, missionary, were  
attacked by half-frenzied Chinamen,  
who used sticks, stones and mud in  
their onslaught. The mob had  
gathered to celebrate the first feast  
day since the empress had taken the  
governing power from the emperor.  
Dr. Lowry made a brave resistance,  
and succeeded in getting the women  
and children to a place of safety,  
though he suffered a broken rib.  
The same indignities were offered to  
foreigners of other nationalities.

"The worst cold I ever had in my  
life was cured by Chamberlain's  
Cough Remedy," writes W. H. Nor-  
ton, of Sutter Creek, Cal. "This  
cold left me with a cough and I was  
expectorating all the time. The  
Remedy cured me, and I want all  
of my friends when troubled with a  
cough or cold to use it, for it will  
do them good." Sold by R. S.

**Was Almost Crazed**

Sores on the Limbs Cured by  
Hood's Sarsaparilla—Heart and  
Lung Troubles Overcome.

"I broke out with sores all over my  
limbs, and they caused such intense itch-  
ing I feared I should go crazy. I was also  
troubled with a tired feeling. After tak-  
ing Hood's Sarsaparilla a short time the  
itching ceased, and the sores on my limbs  
began to heal. I am better in every way  
since taking Hood's Sarsaparilla." Mrs.  
Jas. J. KERR, McEwen, Oregon.  
"Hood's Sarsaparilla has cured me of a  
lung trouble and fluttering of the heart,  
and since I began taking it my weight  
has increased 20 pounds. It has done my  
stomach good and I can now enjoy my

Hood's Pills

Leo Marsters Stabbed.

A serious affair occurred at Cleve-  
land, Douglas county, last Wednes-  
day afternoon. Thursday's Review  
says: It seems that for some time  
L. A. Marsters and John Burkhardt  
have been having trouble. The  
former allowed the latter to cut  
wood in his brush slashing, and  
when the slashing was burned later  
a small amount of wood was de-  
stroyed. Burkhardt claimed pay for  
the wood and Marsters denied his  
liability in the matter. The ques-  
tion has been in an unsettled con-  
dition ever since, and yesterday  
afternoon the men met on the road,  
at the Negus place near the Cleve-  
land distillery.

Marsters was too weak to talk  
much, but seemed to give a very  
fair account of the meeting. He  
was on a wagon loaded with pickets  
when he met Burkhardt. The latter  
dared him off to fight it out, and he  
accepted the challenge. As the  
fight grew warm, he attempted to  
strike Burkhardt with a picket and  
the latter drew a knife with which  
he slashed him in the left side.  
Marsters managed to get to his  
home a quarter of a mile away.

Dr. Du Gas was called to attend  
the wounded man last night and  
found him weak from loss of blood.  
He has a bad cut under the heart,  
three inches below to the left  
of the nipple, a portion of it ex-  
tending into the cavity. Just how  
serious the wound will prove, the  
doctor could not tell on his first  
visit.

Marsters and Burkhardt both have  
families.
