The Pioneers' History. To the Pioneers of Coos County: We, the undersigned, hereby certify that we have examined carefully the Pioneer History of Coos and Curry Counties, compiled by Orvil Dodge and we consider it a valuable work and do not hesitate in recommending it to others.

We note some errors made by the printer, but there are but one or two that are of a misleading character, except those in the biographical sketches. After we have considered the large number of names mentioned in the work we wonder that there are not more errors, as the printers were not acquainted with the persons written about.

We consider that Mr. Dodge has faithfully performed his task, and to our knowledge he has expended all of his private means to have the valuable compilation published; and we urge those who have subscribed for the book to redeem their pledges and thus relieve him of his financial embarrassment.

Extract from a letter received by Judge E. Bender, from Washington, D. C. "I received Dodge's Pioneer History. It does him credit and contains a great deal more of detail than I anticipated finding. It is a perfect photographic view of the early days of the Coquille river, and a faithful delineation of pioneer character; in fact the old pioneers seem to speak and live again through this book. I am satisfied a number of the boys in the department would be glad to have such a racy account of the early pioneer days.

Kirkpatrick's article, Battle Rock, is more like a romance than a reality, and is worth the price of the book itself, especially since we know that every fact therein described is true. "Sincerely yours, "BINGER HERMANN."

How to Cure Bilious Colic.

Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by R. S. Knowlton.

Coos Bay News: The driving of piles for the foundation and wharf for the fruit dryer was commenced last week by Christensen & Johnson.
