Horsfall conducted services at the Church of St. James the Apostle; Bishop Millard officiated at the Church of Redeemed Israel; Rev. Robert Ennis, Presbyterian, preached at the Christian church; and Capt. Girvin, of the Salvation Army, occupied the new hall of that faith on first street.

W. had similar exercises, assisted by visiting brethren, and after the ceremonies a feast.

Lamb & Trice—A New General Merchandise Firm

Have succeeded Ed Rackleff—who so lately succeeded J. W. Leneve—in the general merchandise business at the stand so familiar to our people as "Johnny Leneve's store," opposite Hotel Coquille, on First street. The transfer took place last Friday night, and on Saturday the familiar form of J. J. Lamb was receiving old friends and customers, while Mr. Trice, lately from Jonesboro, Ark., was present to greet new acquaintances and wait upon them. Of course the new firm "will fill the bill" and receive a generous support, notwithstanding the retirement of such popular friends who preceded.

Capt. Girvin, of the Salvation Army, duly appeared at Coquille and established a station at this place last week. He occupies the hall over Robinson's store, which he seated and prepared during the week, and last Saturday night held the initiatory service. There was a full house, many leaving for lack of room. The service was a good one. Our local Bro. White is treasurer, so that no one need feel a hesitency in contributing to the Army's work. This will be headquarters in this county, and a corps of workers will radiate from this central point to the bay, to Bandon and other lower-river points, and to Myrtle Point and upper-river points. Capt. Girvin is stationed at Marshfield, while two other officers will be stationed at this place for the operations stated above. They will be here next Friday.

Peter Crow, of Arago, who had been visiting up in the upper South Fork, Salmon and Sixes river mining section for several weeks, came down last Saturday and was in Coquille a short while. He reports the stamp mill at the Divilbiss mine as now running night and day, and work at the Salmon mines (now Wasson's) as also in good shape again and running night and day. The trouble with slide and breaks in the flume are all over with and the work goes on lively. One slide covered over a number of tools, but luckily no person was caught. Mr. Crow is now quite over his injuries received the night of the Arago robbery.

W. F. Disher and family are located at Peachland, Cal., and write the HERALD to give their address and have a weekly visit from the "Old Reliable." Mr. D. writes they were then—January 2d—having a good rain in California, the first since their arrival. There are parties there who would establish a fruit dryer here if the way is clear—that is, if Mr. Burleson or other parties have not already arranged to occupy the field. Mr. Disher informed them that we had the apples here, and spoke favorably otherwise except the fact as to the intentions of other parties to go into the business.

At the Fair Store,

The HERALD had a pleasant call from Rev. Horsfall, of Marshfield, last week during his visit at this place. He told us that Bishop Morris was spending the present portion of the winter at Germantown, Pennsylvania, a familiar spot to the reverend gentleman. He writes about the very cold weather, and though it was all right in his early life, he does not like it now in comparison with the more balmy Oregon climate.

Maurice Gradwohl, of San Francisco, visited this place and other portions of the county last week in the interest of the Charles Dudley Warner Library scheme—an organized effort on the part of leading authorities and scholars to supply the best grade of historical, biographical and literary works of the ages at the lowest price. We are not apprized of his success.

Mrs. J. S. Jones, of the bay side, after a protracted absence, is visiting friends in Coquille City. She is the guest of her old friends, Mr. and Mrs. J. J. Lamb, and will visit several days yet. Mrs. Jones is just over a severe spell of the grip, and we hope will be benefited by her visit.

"Saved Her Life."

MRS. JOHN WALLET, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes. "In 1890 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,

Lumber for the new Hall street bridge, connecting with the First street bridge near Tuttle's hotel, is being piled up on the ground and work will begin thereon as soon as the weather will permit.

E. H. Beyers, of Sumner, the bee-king of Coos county, was on a business trip and visit to Coquille two or three days last week. His daughters, Misses Alice and Nettie, who spent the holidays with their sister, Mrs. Boutell, returned home with him.

Capt. C. T. Riley, of Myrtle Point, spent two or three days in Coquille City last week. He attended to some matters at the county seat and greeted hosts of old friends and acquaintances. The captain will try the management of a chicken ranch at Myrtle Point.

J. D. Barklow, a clever farmer of the upper river, had business with the county court last week and spent a couple of days in town. Mr. B. doesn't flirt around much, and his visits even to this near point have been few and far between. He was pleased, however, with the improved appearance of things at Coquille.

The HERALD thanks C. I. Hood & Co., of Lowell, Mass., for copies of their beautiful calendar for 1899. This firm are wonderful advertisers, and this useful and beautiful scheme will decorate many thousands of offices and homes and impresses the beholders with the virtues of their proprietary medicines and the faith they place in them.

The schooners Eureka, Capt. Asplund, and Antelope, Capt. Anderson, the first nomed on Tuesday last and the latter on Thursday, sailed into the river and after crossing the bar safely, owing to a lull in the wind and freshet in the river creating an adverse current, drifted on the north spit and were threatened with disaster. But in both instances the gallant life-saving crew came to the rescue and after hard and hazardous work succeeded in towing the boats to safety.

G. W. Peek, of San Francisco, whom we mentioned last week as representing eastern manufacturers of handles for implements of all kinds, as also school, office and other furniture, with a view to investing here and establishing manufactories to utilize our superb and varied timber, was not long in coming to a conclusion. His experienced eye soon revealed the advantages of the locality to their needs, and he at once entered into negotiations for purchasing the Bandon factory and that of Lyons' at this place and succeeded in getting both. While Mr. Peek will not locate in Coos county to manage these interests, a Mr. Curtis will come, who has experience in these lines and is a representative of the firms who become the owners. Mr. Peek is more than pleased with the prospects here and thinks our wood, as to varieties, quality and quantity, is hardly excelled, while we have many other advantages, such as deep-water transportation facilities, wood and coal fuel, etc., etc. The HERALD is sure the agent, Mr. Peek, has made no mistake, and is glad to welcome such meritorious enterprises to aid in the development of our section and utilization of our great storehouse of natural wealth.

Miss Alma Green, of the upper river, has been visiting friends in town for several days.

Rev. Dr. Ford is rapidly recovering from his accident, and in about two weeks he will take to a wheel chair.

Miss Ida Lafferty, of Norway, has been visiting Miss Jessie Simmons for several days, but was taken down with the grip and has not had much freedom.

Still our "second-hand" or "cheap courthouse cut" is not for sale, though voluntarily advertised some months ago by one or two disconcerted spirits.

Both Webb and Hardie Mast have been down the past few days, notwithstanding the bad roads and fearful weather between here and their North Fork homes.

Mr. and Mrs. Taylor Dement visited the latter's sister, Mrs. Hersey, Thursday of last week. Mrs. Figg, the mother of Mrs. Dement and Mrs. Hersey, was also present.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by DeWitt's Witch Hazel Salve. Beware of worthless imitations.

Jolly E. P. Mast came in yesterday from McKinley, after an absence since October. He reported to Sheriff Gage first, of course, on the way down town, and the sheriff was satisfied he hadn't skipped. Mr. M. reports the general health of their community good and improved from late prevailing sickness.

The New Year number of the Roseburg Review was somewhat of an improvement on the old special editions, being more devoted to local business and material progress than just paid write-ups of individual citizens and illustrations of them and their homes. This is 12 large pages and a supplement of generally readable and creditable progress made by the city and section.

Our friend, Peter Johnson, has at last concluded to cast anchor for keeps, by buying, through the Herald Land Co's employe, R. D. Sanford, the H. W. Colebrook place of 14 acres in the west side of town, Mr. Colebrook having built up a nice profitable boarding school in Vancouver, B. C., where he removed last season, all of which we are pleased to note, as he was an excellent instructor.

The following figures show the valuation of all the taxable property in Coos and Curry counties, as tabulated at Salem: Coos—gross value, $2,811,539; exemptions, $250,575; total taxable, $2,560,964. Curry—gross value, $596,632; exemptions, $76,231; total taxable, $520.401. The state board of tax-levy, composed of Governor Lord, Secretary of State Kincaid and State Treasurer Metschan, have determined a state tax-levy of 5 7-10 mills (.057), which makes an increase over the levy of 1898 of $288,931.55. The state tax-levy last year was 3½ mills.

Coast Mail: The Coquille City Herald of January 3d has a fine cut of the new Coquille courthouse and also gives a detailed description of the building, with the exception of the lumber and the lot. Everything, labor included, seems to have come from outside sources.

Now, the Mail man has read the article in the HERALD to very little purpose, or he wilfully perverts its statements, for it tells briefly the whole history of the matter—security of the block, source of the lumber and the fact that as many home workingmen as applied and could do the work in their several departments were employed. Now, turn over a new leaf and steady up, Barry; the holidays are over.

Dr. Miles' Nerve Plasters 25c. at all druggists.

The grip is rampant in our section, and very distressing and threatening serious results in some instances.

No mail was received from the east last Saturday—but, then, we have a better service that we deserve, according to the official opinion.

Rev. Robert Ennis, Presbyterian minister at Bandon, conducted services at his regular appointment at this place last Sunday, morning and night.

Rev. J. L. Futrell will go to Riverton and lecture there next Saturday night on "Some of the Principles of Psychology," free. And on Sunday morning and night he will preach. All are cordially invited.

W. S. Perry left yesterday for San Farncisco on business, including the meeting of Mrs. Perry and little daughters, Bessie and May, who have been visiting for several months at Mr. and Mrs. Perry's old home in Canada. Our young friend, Frank Boyrie, goes to San Francisco also, on the same steamer, where he will serve an apprenticeship with the Risdon Iron Works. The HERALD wishes safe journeys and successful missions to both.
