An Alarm of Fire

Was sounded out by the mill whistle and later by the curfew bell a little after midnight Saturday night, drawing our half-awake citizens to Lyons' mill, where it was found the slab car track was on fire and threatening serious damage. Ready hands with a convenient and abundant water supply soon set matters at rest, the damage resulting being light. A high wind was on, but everything was soaking wet, and this fact doubtless saved the mill and much property from destruction.

The Herald furnishes the official County Court proceedings, as in the past. Don't be "worked."

Senator Harmon, of this joint district, is on the following standing committees of the senate: Education, chairman of privileges and elections, mining, municipal corporations.

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble and cure Sick Headache, Billiousness, Inactive Liver and clear the Complexion. Small sugar coated, don't gripe or cause nausea. R. S. Knowlton.

Our Upper-River Department of the HERALD is resumed under favorable auspices. The circulation of the HERALD is so large in all the upper-river valleys, and has done so much for the clever people of that section that they appreciate it as a friend and member of the family.

Departures for San Francisco by the Alliance, Friday, Jan. 13: Miss Kate Beattie, C. L. Rouscoe, K. V. Millard, W. S. Perry, Frank Boyrie, Helen Manning, A. F. Lydon, W. W. Reese, Wm. Reichert, A. H. Crook, C. S. Winsor, Wm Sleep, C. D. Waters, H. Sengstacken, Anson Otis Rogers and Miss Edith Diekman.

Policies written by the Pacific Mutual Life Insurance Co. excel in every feature that make insurance profitable and liberal. No one can afford to be without an Accident policy at this time of accidents and sickness. Give your application now for either a LIFE, ENDOWMENT or ACCIDENT policy to Rev. J. L. Futrell, or make application at the HERALD office.

The Berlin Store is conducting a special inventory sale, throwing all the odds and ends on bargain counters and marking them down to "give away" prices. The sale will last only 15 days. Don't miss this chance to get genuine bargains.

Don't be deceived. The HERALD'S circulation is all right—is neither "stuffed," "faked," nor "forced." The HERALD has and can show a genuine, legal, bona-fide subscription list of from 50 to 100 above the next highest claim in Coos county, and it is growing right along. We have no bonus or monthly subsidy from any one, nor any clique, but just the good, voluntary subscriptions of the citizens of Coos county. We are not blaming the court; only they are not up to "the tricks of the trade."

Who is to Blame?

Kidney trouble has become so provalent that it is not uncommon for a child to be born afflicted with weak kidneys.

If the child urinates too often, if the urin scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, and it is yet afflicted with bed-wetting, depend upon it, the CAUSE of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

If the adult has rheumatism; pain or dull ache in the back; if the water passes in irregular quantities; or at irregular intervals, or has a bad odor; if it stains the linen or vessel the color of rust; if the feet swell; if there are puffy or dark circles under the eyes; your kidneys are the cause and need doctoring. Treatment of some diseases may be delayed without danger, not so with kidney disease.

Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, promptly cures the most distressing cases. Its mild and extraordinary effect is soon realized. Sold by druggists in fifty-cent and dollar sizes. You may have a sample bottle and pamphlet telling all about it sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the Coquille City HERALD.

Fairview Items.

Fairview, Jan. 12.—Severe colds are prevalent in this neighborhood.

Mrs. S. G. Johnson and Mrs. J. L. Barker are on the sick list.

Fred Johnson has returned from Coquille City, where he has been employed since last spring.

Mr. and Mrs. Bert Hollenbeck, of Cunningham creek, are visiting Mr. H's parents near Fairview.

Willis Neely has rented a farm on the lower river, and expects to take possession in the near future.

It is rumored that Otto Epps has rented the J. D. Benham ranch, near Fairview.

School in the Moon district will close on Friday. Miss Lukens has proved to be an excellent instructress and we predict a brilliant future for her.

Word has been received that Finis W. Barker was drowned Jan. 2d in the Sacramento river. Deceased was a son of Wood Barker and a nephew of J. L. Barker of this place. He was aged about 32 years. KITTY ALONE.

Fairview, Jan. 13.—J. R. Benham and family of Brewster valley spent several days, includind Christmas, in this neighborhood, visiting relatives.

O. B. Hollenbeak, who has been working for A. Rogers on Coos river for more than a year, came home on New Year's eve and spent several days with his parents and other relatives. H. V. Holverstott who has been working at the same place, returned home the 5th inst. to attend school in the Lee district.

There is considerable sickness in our neighborhood at present, mostly la grippe.

Elder Bonewitz preached here last Sunday to a fair congregation. These people have some very singular customs. One of their number, a Mr. Roberts, of Myrtle Point, said in our schoolhouse that he could prove by history that the aposties baptised by trine immersion. He was called upon to show the history. He said it should be forthcoming, but some four months have passed and we have not seen the history. I presume he is writing it up himself, and is rather a slow writer. Wonder if he can't prove by the same history that Christ was baptised three times.

Uncle Billy Benham became paralyzed on the 10th inst., but is some better now. NIX.

Everybody says so.
Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and billiousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

La Grippe is again epidemic. Every precaution should be taken to avaid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "None will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take. quick to act. R. S. Knowlton.

Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures croup, bronchitis, pneumonia, grippe and all throat and lung diseases. R. S. Knowlton.

Johnny Roberts, a clever young Myrtle Pointer, visited in Coquille a day or two last week—with a possible chance of not getting back home at all, we learn; she's a stunner.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children. R. S. Knowlton.

UPPER-RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille and What is Going on There.

Myrtle Point is still on earth, and if life and activity go for anything, it is a permanent fixture of Coos county, with a promising future. Much is in store for the wide-awake men who are contiuually coming among us, and who invariably come to stay. Since our last letter, many events have unerringly pointed to our onward march.

S. E. Johnson & Co., who had then just unpacked their first goods, now have a general merchandise establishment with an up-to-date stock where "Sam" and "Harve" are kept busy filling orders for their customers.

Schiller B. Hermann has opened up one of the largest and most complete stocks of general merchandise ever brought to Myrtle Point. You will find him in the "Big Brick," with an army of assistants putting up packs as the orders come in.

B. C. Lehmanowsky, one of our leading dealers, has recently sold an one-half interest in his general merchandise establishment to L. W. Deyoe, late of Elk City, Lincoln county, this state, where he was engaged in the mercantile business. They have enlarged the storeroom, renovated the present large stock and say, "ere the buds come again" they will have the most complete stock in Coos county.

E. E. Sherwood has succeeded A. J. McMickle in the butcher shop. Ed thoroughly understand the business and keeps a first-class market, of which our people are justly proud. He also runs a packing house in connection with the market, and is on a small scale testing the practicability of this important industry.

A. J. McMickle has bought out "Cheap Charlie's" establishment, and now conducts a first-class bakery and lunch counter, where fresh bread, cakes, pies and warm lunch are made a specialty. Albert is all right and doing a good business.

The Aluminum Store, conducted by David Toy and wife, is deserving of special mention. They have opened up in the Gray (or Wilson) building, and keep a full line of aluminum goods and are building qp a good trade among our people, who appreciate a good thing when they see it.

These are a a few of our new adventures, while the old reliables, such as A. H. Black & Co., Jasen Machado, J. L. Lewellen, Huling & Lundy, Wm. Volkmar and many others are shining marks of endurance too well known to admit of comment. Yes, we are pushing right ahead. Just watch us bloom when springtime comes.

Born—In this city, Jan. 14, 1899, to Mr. and Mrs. B. M. Greene, a daughter. Bart is looking sad, as the new-comer will not be permitted to vote as papa does.

F. P. Hermann, who was seriously injured by falling a few days ago, is improving. This his many friends will be pleased to note.

Little Fay Stewart, who has been quite ill for somtime past, is improving nicely after having conquered the measles and whooping cough.

Capt. C. T. Riley, our genial old friend, has struck the key-note to prosperity and now launches out in the poultry business. He is now busy erecting parks and poultry houses and expects soon to have 500 to 1000 fine blooded chickens, and will doubtless do a fine business if the marshal can keep track of the boys.

Well! well! How is this! A fine boy arrived at the home of Mr. and Mrs Burt Hampton a month ago (or Dec. 14, 1898), which has been kept a secret all this time. Burt says he weighs 9 pounds and promised to vote the Populist ticket straight.

Henry Strong is reported as suffering from a very severe attack of rheumatism with which he has been afflicted more or less for many years.

The Roseburg road is reported as being in bad condition. Well, maybe it is, but it is no knew thing at this season of the year, neither is it any excuse for our mail coming in at all hours, and sometimes not at all. Men who bid on mail routes in places where they are not acquainted and get their fingers burnt, are not to be pitied. We have bid on mail contracts for many years and have always had to swear that we were competent to comply with the terms of our contract. If foreign men are not required to take such an oath, why not? We fail to see why one man should be favored above another. Force them to comply with the terms of their contract, no matter if they do lose a few dollars. Make an example of a few, by making them do just as they agreed to do, and then people will again get fair wages for the work they do and be able to do their work right. It really looks as if they were on the inside, some how or other.

Dr. W. H. Robinson, of this place, will make a professionel trip to Roseburg this week. We sympathise with the doctor, as experience has taught us that one with a delicate constitution should keep off those horrid roads.

Mr. and Mrs. J. R. Benson celebrated their Pearl wedding on the 11th inst. A number of their friends treated them to an agreeable surprise party.

On last Saturday we noticed the smiling countenance of Daniel Barklow behind the counters in S. B. Hermann's store. Dan is one of those boys who can turn his hand to most anything, from driving a logging team to tying up silks and satins.

Walter Endicott is now in charge of the barber shop, Adron Page having gone to the mountains for a few days to look after the stock on Page & Baker's large stock range.

Johnnie Newman has gone out to his mountain home for a few days, recreation.

E. M. Hermann, of this place, is quite ill at this writing, la grippe holding the top hand.

The Woodmen of the World, of this place, are making arrangements to give a grand entertainment and ball on the 22d of Feb. The success of any event is guaranteed when the Woodmen have charge.

J. N. Roberts, our cabinet maker, is negotiating for an engine and boiler for his factory. He will also put in some new wood-working machinery, which will give him a leading hand of Coos county. You are all right, Johnnie, and got the country to support you.

The Whittington Bro's of South Fork will pack a large amount of bacon this season. John and Porter have a fine farm and know how to run it (if they do live in single blessedness).

Myrtle Grange, organized at this place the 18th of last February with 18 members, now boasts of 48 members and is carrying about $25,000 of insurance, which is a fine showing for so young a branch. The rate of insurance we are informed is much lighter than in an old-time company, besides mutual insurance is always paid. They met and installed the following officers last Saturday: B. C. Shull, master; L. Strong, overseer; D. McNair, steward; A. Huntley, assistant steward; Mrs. Olive Shull, L. G. S.; Cathrine Strong, chaplain; J Haines, treasurer; F. Sowash, secretary; F. McNair, gate-keeper; Mrs. Ella Lehnherr, Ceres; Mrs. Rosa Sowash, Pomona; Mrs. Annie McNair, Flora.

Wm King, who has the mail contract between this place and Langlois, informs us that the new grade on the mountain is in fine condition, excepting a few hundred feet near the foot of the mountain, which is shaded by heavy timber. He also informs us that there has been work enough subscribed by the citizens along the route to brush out the road, which will doubtless be done the coming summer, when it is to be hoped that the county will again take hold and open this much-needed route.

Grandma Weekly died at the home of her daughter, Mrs. I. E. Rose, of this place on the 14th inst. She was one of Oregon's most honored pioneers, and leaves many friends and relatives to mourn her loss. She will be buried in the Dora cemetery, where other members of the family have been laid to rest.

Sylvester and Eben Huntley and J. S. Miller left on the train Monday last for Beaver Hill, where they have secured employment in the logging woods.

The river was banks-full Monday, which is the highest mark reached this winter.

A number of logs belonging to John Clinton and others passed down the river on Monday's high water.

How to Prevent Pneumonia.
You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. For sale by R. S. Knowlton.

Merrie Hoover Abbott, the first woman elected to the office of district prosecutor in the central states, qualified and demanded her office at Kalamazoo last Monday. Charles Yeo, the incumbent, has refused to relinquish the office, and a legal fight will follow. Miss Abbott says she will send Yeo to the county jail unless her demands are complied with.

Many a household is saddened by death because of the failure to keep on hand a safe and absolutely certain cure for croup such as One Minute Cough Cure. See that your little ones are protected against emergency. R. S. Knowlton.

Extremely Weak

Deficient Blood Causes Loss of Appetite and Final Break Down—Hood's Sarsaparilla Cures.

"I lost my appetite and about all I lived on was iced lemonade. My strength was all gone. I was so weak I could hardly cross the floor. At last I was taken very sick. One physician told me my blood was all gone and he gave me medicine but it did not help me. I had pretty much lost all faith in medicines, but thought I would get one bottle of Hood's Sarsaparilla and try it. After taking that bottle I was much better, and so I got two more bottles and after taking them I was well, but to be sure of it, I kept on taking Hood's Sarsaparilla until I had used in all five bottles. It has done unspeakable good to me and I wish all my suffering sisters would try it." MRS. A. EVERSEN, Wedderburn, Oregon.

James Forty started up a logging camp last week for R. A. Graham, on the line of the Klondike spur.

P. L. Phelan paid a visit to Empire City last week to inspect the sawmill at that place for R. A. Graham.

The steamer Alice Blanchard is due Friday. She will take a cargo of coal to San Francisco for R. A. Graham.

The tides have been so high of late that the water came up in the furnace of the Bay City mill, necessitating a shut down.

Judge H. L Benson has handed down a decision in the case of H. H. Dunham vs Nellie M. Sighn. The court ruled in favor of defendant.

We are pleased to note that D. L. Watson, jr., who left here a short time since in quest of health, is improving rapidly. He is at present at Palm Springs, Cal.

The Empire City mill is to be sawing lumber by the 1st of next month. Whether the mill is to be operated by R. A Graham, for himself, or Elijah Smith is to run the mill and saw Graham's logs, has not been stated.

Hans, the 7-year-old son of Robert Kruger, had his leg amputated at the ankle yesterday. Several months since he injured his foot and this trouble terminated in the amputation.

We learn that several Coos county farmers will suffer by the failure of Dalton Bro's, the San Francisco commission merchants. Jesse Smith is reported to have a credit of $350 and J. M. Davis a credit of $190 with the defunct firm. The amounts were for consignments of produce shipped them.

Rioters Arraigned.

At Pana, Ill., on the 9th seventy miners and citizens, charged with riot, were arraigned in court that day. State Att'y Humphrey noll prossed 59 cases, while 11 defendants pleaded guilty and were sentenced. A heavy provost guard is still on duty in the negro and union miners' residence districts.

"Tommy," exclaimed Mrs. Fogg, "don't you know it is Sunday? Don't you know it is naughty to make a kite today?" "But, my dear," interposed Fogg, "don't you see he is making it out of a religious paper?" "Oh," said Mrs Fogg, "I hadn't noticed that."

COOS BAY RAILROAD SUED.

Spreckels & Co. Bring Action for Appointment of a Receiver.

Spreckels & Co. yesterday filed a complaint in the United States circuit court against the Coos Bay, Roseburg & Eastern railroad, a corporation—R. A. Graham, general manager; J. B. Hassett, secretary, and T. R. Sheridan, president of the company. Spreckels & Co. have a note of the company's for $525,000, secured by its bonds. They set up that the company is insolvent, and that the road which runs from Marshfield to Myrtle Point, 27½ miles, is unprofitable in parts, with no prospect of the business improving, and that the management is about to commence a suit to obtain the appointment of a receiver, which would greatly prejudice complainants' rights. Complainants ask that a receiver be appointed by the court to manage the road, and that the mortgage on said road be foreclosed, and that the property of the railroad company be sold on decree. Judge Bellinger made an order requiring defendants to appear and show cause why a receiver should not be appointed as prayed for.—Oregonian, Jan. 11.

The Busy Law Maker Sticks In His Little Bill.

BOUNTY FOR BEETGROWERS.

The legislators who visited La Grande and inspected the beet sugar factory there are generally convinced that the proposed bill to allow farmers a bounty of $1 per ton on beets should become a law. It is the opinion of Mr. McAllister that a bounty paid for four years should be sufficient to get the industry under way and make it self-supporting.

A BOUNTY FOR EVERY OLD THING.

Senator Reed, of Douglas county, proposes a bill authorizing the payment of a bounty for every animal raised on the farm. This may or may not be coupled with the sugar beet bounty bill or that of Young, to protect clams.

TO ABOLISH DISTRICT ATTORNEYS.

One of the senators of Clackamas county will introduce a bill to abolish the office of district attorney, substituting that of county attorney in its stead.
