FIRST OREGON BOY KILLED.

Private Edwin W. Hampton, Company H, Second Oregon, Fell This Morning at Manila.

Washington, Feb. 22.—Otis has cabled the war department as follows:

Manila, Feb. 22.—The following casualties in the entrenchments were caused yesterday by the men exposing themselves to the enemy's fire:

First California—Sergeant Frank N. Turton, wounded, slight; Private James P. Cassidy, killed.

The following were killed during a reconnoisance this morning in the vicinity of San Pedro Maccurti: First Washington—Wounded slightly, company E, privates Joseph H. Cardington, Christian E. Horn, H. D. Hazard. Wounded seriously—company H, Corporal W. B. Tucker.

Killed—private Edwin W. Hampton, Company H, Second Oregon.

The following casualties occurred in a skirmish near the water works this morning:

First Nebraska—Wounded, Private John F. Ailey, severe; Alonzo Pike, slight; Charles Govrick, slight.

OTIS.

[Edward W. Hampton, the first Oregon soldier to be killed in action at the Philippines, was a son of John Hampton, a furniture mover, who lives at 397 San Rafael street. The deceased was 20 years old last October, and had lived in Portland since he was 4 years of age. His father moved here from Nebraska 16 years ago, and has raised his family in East Portland, where the dead soildier was well known and very popular.]—Evening Telegram.

Bill No. 383 (special appropriations) caused long delay in the final adjournment, and was so changed and cut to pieces in the closing hours that it has not been arranged in shape for publication. It consists largely of public and private snaps. The items that passed with it include the Weston Normal school appropriation of $16,000; Monmouth Normal, 18,000; Second Oregon district fair, $4934.30; Boys' and Girls' Aid Society, $5000; Corvallis Agricultural College, $19,336; building at the Monmouth Normal school, $10,000; asylum repairs, $60,800; capitol repairs and grounds, $18,231, state fair indebtedness, $7000; school land commission, $3000; Maps, $6000; clerical aid, $3000; repayment of money on school lands to which the state can give no title, $120,000; new wing at penitentiary, $15,000; pay for late members of the late hold-up legislature, and a number of assistant sergeants at arms of the same; minor items of all kinds, including $60 to W. I. Staley for engrossing memorial to Governor Geer on the death of his wife.

The second special appropriation bill, containing the claim of John Hall and a few others not deemed of sufficient merit to entitle them to have a place in either the regular or special appropriation bills, died of neglect in the senate, after Hall's $6600 claim had been cut down to $500.—Salem Statesman.

Took a Severe Cold After the Big Fire.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cold and cough left me, and in this high altitude it takes a meritorious cough remedy to do any good. —G. B. Henderson, editor Daily Advertiser, Cripple Creek, Colo. Sold by R. S. Knowlton.

Kickapoos Want to Emigrate.

City of Mexico, Feb. 22.—A delegation of Kickapoo Indians from the United States are in the city. The group, in tribal costume, attended the president's reception last night. They are here to solicit from the Mexican government an allotment of lands to which the remnant of the tribe desires to emigrate.

Capital Journal "X-Rays."

The house sugar bounty bill for $200,000 got down at the end so it had only four votes.... Will Gov. Geer shake the rein loose and make appointments for the people or the old machine? Bet he'll do the former....It wasn't much of a committee clerk that couldn't get an additional day of a raise of a few dollars at the last round-up.... The Kuykendall reform bill to do away with the clerkship abuse passed the house at the last minute. It was felt to be a necessity and received a large vote in the house. Mr. Kuykendall deserves credit for carrying through what was really not a pleasant job.

Evening Telegram: The disgraceful looting of the legislative halls was again in evidence upon the last day of the session. What plunder the members did not want themselves was taken by committee clerks and others, who had no more right to it than the Filipinos. One clerk, who came to Portland on the special train Saturday night, was loaded down with enough waste paper baskets, clips, writing pads and ink wells to make a respectable load for a dray, and yet he struggled under the burden with the consciousness of having done his duty.

A new town, called Taku, has been located on Taku bay, Alaska, four miles above the mouth of the Taku river, about 25 miles from Juneau, and is to become the terminus of a railroad in which eastern capitalists are interested.

At Tacoma, last Monday, a sheriff's sale of the Tacoma Land Company's property, assessed at three millions, occurred. The property was bought by Providence Life & Trust Company of Philadelphia for $638,000.

NICARAGUA AGAIN HAS OFFENDED.

Zelaya's Government Likely to Be Called to Account by the United States—Censorship on Cable Lines.

New York, Feb. 22.—A dispatch to the Herald from Washington says: Nicaragua has again and again offended the United States, and is to be called to account for her impolite action.

Apparently at the instance of the Nicaraguan government, such censorship has been applied to all cable and telegraph lines controlled by President Zelaya so that it has been absolutely impossible for the state or navy departments to communicate with their agents. Protests made to Senor Correa, the Nicaraguan minister here, are of no avail. Protests to the cable companies have produced no result. The administration has finally determined to take the matter into its own hands and has ordered a naval investigation preparatory to such action as may seem proper.

The cruiser Detroit will make the investigation. Her commanding officer, Commander J. H. Dayton, has been ordered to proceed with his vessel from New Orleans to Bluefields, where he will consult with Commander F. H. Symonds, commanding the Marietta, now there, and deliver to him the instructions that the navy department has been vainly trying to send by cable.

AN OHIO JOURNALIST IN CONTEMPT.

Charged With Publishing News Favorable to the Standard Oil Company and Its Interests.

Columbus, O., Feb. 21.—During the taking of testimony before a notary this afternoon in the suits of the Standard Oil Company and Buckeye Company, Malcomb Jennings, a well-known newspaper man, was cited to appear for contempt in refusing to give a list of newspapers with whom it was alleged that Jennings had, as the head of a news bureau, made contracts to publish matter favorable only to the Standard Oil Company's interests. The attorneys for the Standard Oil Company protested that such testimony could only be taken by a master commissioner, appointed by the pus will be immediately applied forin behalf of Jennings, to prevent his incarceration in jail. As a majority of the common pleas judges could not be found, the court decided that a writ could be presented on Thursday, and in the meantime Jennings was allowed to go at liberty.

New York's Pauper Dead.

New York, Feb. 21.—Packed away each in a refrigerator cell, amid tons of ice, there were in the morgue until today 170 bodies of the city's unknown and homeless dead, the largest number ever gathered there since the present morgue was built. The cause of this was that the city burying-ground on Hart's island was hemmed in with ice, and could not be approached by the steamers of the charity department.

The city supports on Hart's island a colony of 40 men whose duty it is to dig graves in the potter's field. These men for ten days have been without occupation.

An Anti-Trust Bill.

Denver, Col., Feb. 21.—Governor Thomas today sent a special message to the legislature urging legislation to prevent the consummation of the contemplated smelter combine or formation of and trusts in Colorado. The senate passed the anti-trust bill with one dissenting vote.

Canned Beef Was Unfit For Food.

Colonel Powell was before the Miles court of inquiry and sustained the general. He declared the charge that the canned roast meat served at Santiago was unfit for food to have been well grounded. The refrigerated beef, he said, was all right, except that some of it was spoiled.

What They Voted For.

The funding bill outrage has been finally consummated, the commission deciding that the $58,000,000 due the government shall be paid in twenty semi-annual installments, the Central Pacific to give notes for the amount, bearing interest at the rate of three per cent per annum. The only security will be the bonds of the company, which as J. M. Bassett has shown in these columns, are almost worthless. The government will not get a cent of the debt, nor even the small interest upon the same. When the ten years elapse, another "extension" will be granted, another refunding measure passed, or the road, if then worth nothing, as is probable, will be turned over to the government as a "dead horse"—an incubus. There was but one right thing to have done, and that was to seize the road, and either sell it to the highest bidder, or better, operate and control it by the government for the benefit of all the people. Why should this robber corporation, whose "promoters" have become fabulously rich by chicanery and fraud, and the oppression of their benefactors, be treated any more leniently than the humblest individual? Why? Because it has the money to bribe men in high places and does not scruple to use it; and because a majority of the people of the state of California approved such conduct by defeating a man who could not be bribed—a man who was the foremost and ablest defender of their rights, most feared and hated by their foes—James G. Maguire. They have "sown the wind"; let them "reap the whirlwind." They have gotten what they voted for—what they deserve. They have been their own blacksmiths to rivet the shackles to their limbs. The time will come when despite an eminent divine, they will care how many corporations their public servants are "tied to;" but that time is not yet.—S. F. Star.

Authority of Teachers.

St. Louis, Mo., Feb. 22.—The St. Louis court of appeals has handed down a decision in the case of the state to the use of S. Beatty against J. H. Randall et al., from Barry county, sustaining the lower court's decision that school teachers are empowered to preserve discipline among their pupils not only while the pupils are on the school premises, but while they are on their way going from their homes to school and in returning. In this case, the son of Beatty refused to obey the school teacher, who told him to accompany a pupil home, and was expelled from school. The school board sustained the teacher and the court sustained the school board.

Softleigh—I—aw—am suah we are going to have a beastly hard wintab, doncher know.

Miss Cutting—No; I'm sure I don't know. But why are you so sure of it?

Softleigh—Because I—aw—feel it in my bones.

Miss Cutting—Really? I wasn't aware you were a believer in the old goose-bone theory.

Any Girl Can Tell

A physician who makes the test and is honest about it can tell you that, in many cases, the number of red corpuscles in the blood is doubled after a course of treatment with Dr. Williams' Pink Pills for Pale People.
That this means good blood may not be entirely clear from the doctor's statement, but any girl who has tried the pills can tell you that it means red lips, bright eyes, good appetite, absence of headache, and that it transforms the pale and sallow girl into a maiden who glows with the beauty which perfect health alone can give.
Mothers whose daughters grow debilitated as they pass from girlhood into womanhood should not neglect the pill best adapted for this particular ill.
Frank B. Trout, of 103 Griswold Ave., Detroit, Mich., says: "At the age of fourteen we had to take our daughter from school on account of ill health. She weighed only 90 pounds, was pale and sallow and the doctors said she had anæmia. Finally we gave her Dr. Williams' Pink Pills for Pale People. When she had taken two boxes she was strong enough to leave her bed, and in less than six months was something like herself. To-day she is entirely cured, and is a big, strong, healthy girl, weighing 130 pounds, and has never had a sick day since."—Detroit Evening News.
The genuine Dr. Williams' Pink Pills for Pale People are sold only in packages, the wrapper always bearing the full name. At all druggists, or direct from the Dr Williams Medicine Co., Schenectady, N.Y. 50 per box.

The Improved New High-Arm "Arlington" Self-Threading Sewing Machine
NEW HOME STYLE — LATEST BEST CHEAPEST

STYLE No. 55. "ARLINGTON."
Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.
10 years' written warranty with each machine.
A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it handle with all kinds of thread and all classes of material. Always ready for use and unrivaled for speed, durability and quality of work. Notice the following points of superiority.
Coupon, if sent C. O. D. or on trial $19.50
The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—Space under the arm is 5¼ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never slops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ¾ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.
