Stop Coughing

Ayer's Cherry Pectoral

From the first dose the quiet and rest begin; the tickling in the throat ceases; the spasms weaken; the cough disappears. Do not wait for pneumonia and consumption but cut short your cold without delay.

Dr. Ayer's Cherry Pectoral should be over the lungs of every person troubled with a cough. Write to the Doctor.

ROYAL BAKING POWDER ABSOLUTELY PURE Makes the food more delicious and wholesome

Mrs. Ed Rackleff is visiting her parents and friends in Myrtle Point. Miss Agnes Weaver visited at Myrtle Point last week, returning yesterday.

A child of Mr. and Mrs. Mat Nystrom, at Myrtle Point, is reported to be seriously sick. A friend and prominent citizen of this city has had a lively correspondence with friends in the east, and especially in Kansas, since the late blizzards and bad weather, and finds that many want to seek new homes, where the climate is not so extreme and damaging, and most of them, if not all, have the means to invest and establish themselves.

He sent several copies of the HERALD to the east, and several also to acquaintances and friends who live in other portions of this state and seek information from Coos and Curry counties.

In a recent letter from Washington, D. C., to an old friend, Major G. A. Studer, for twenty years United States consul at Singapore, says: "While in Des Moines I became acquainted with a liniment known as Chamberlain's Pain Balm, which I found excellent against rheumatism as well as against soreness of the throat and chest (giving much easier breathing). I had a touch of pneumonia early this week, and two applications freely applied to the throat and chest relieved me of it at once. I would not be without it for anything." For sale by R. S. Knowlton.

At the first meeting of the creditors of W. S. Vanderburg, held under the direction of the referee in bankruptcy, E. Pannenberg, esq., at Marshfield, last Wednesday, at the office of J. F. Hall, most of the creditors filed their claims and elected James Watson trustee of the estate. Among the debts claimed to be owing, only two were disputed—one by the C. B. R. & E. R. R. N. Co. for subsidy subscription, which case is now in court and undecided, and the other by the Sun Publishing Co., which is disputed and as yet unfilled. This latter accounts for the Sun's personal onslaught upon Mr. Vanderburg.

George Martin came in from Josephine county last Friday evening, where he had spent two or three months. Mrs. G. W. Stevenson, who had also been absent visiting her daughter, Mrs. Robert Tolin, at Dryden, in that county, returned with him. A few days before leaving on his return trip George saw A. O. Wheeler, who seemed to be happy as a clam. He had just had an assay of a good quartz strike, showing \$88 gold per ton and pay silver.

Thousands Have Kidney Trouble and Don't Know It.

There is a disease prevailing in this country more dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poison in the blood is liable to attack the vital organs, or the kidneys themselves break down and waste away sell by sell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Kidney trouble can be detected although it is slow and deceptive. First, by analysis of the urine; second, by the simple test of setting the urine aside in a glass or bottle for twenty-four hours, when a cloudy or brick dust settling indicates it.

It was for just such troubles that in His infinite power and goodness the Great Physician caused Swamp-Root to grow for the benefit of suffering mankind, leaving it for His servant, Dr. Kilmer, the great kidney and bladder specialist, to discover it and make it known to the world. The New School Laws. State Superintendent Ackerman, at Salem, has been flooded with letters of inquiry relating to school legislation at the recent session of the legislature, and has in preparation a pamphlet containing copies of all the school laws passed, which he will distribute to county superintendents at once, and they to the boards of directors of the several school districts, possibly in time for the annual school meeting just at hand. However, we glean the following information in advance:

1st—Qualifications for voters at school meetings and for school officers remain as prescribed at the special session. [The law was published in last week's HERALD, so that the HERALD's readers can inform themselves to act intelligently and fairly, and avoid divisions and contentions, and maybe expensive and distracting law suits in their several districts.]

2d—There is no emergency clause to the "Daily Educational Bill."

3d—There is an emergency clause to the "Reed Bill," which allows school districts to retain the amount on hand at the annual school meeting up to and including \$50.

4th—There is no change in time of the annual school meeting.
