Catch Cold Easily?

Are you frequently hoarse? Do you have that annoying tickling in your throat? Would you feel relieved if you could raise something? Does your cough annoy you at night, and do you raise more mucus in the morning?

Then you should always keep on hand a bottle of

Ayer's Cherry Pectoral

If you have a weak throat you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last one is always harder to cure than the one before it.

Good word reaches us about our old friend B. J. Harrison, who, with several of his sons, is mining at the head of Rusty Gulch, upper Sixes river. W. D. Wasson came down Sunday and bears the good news. Mr. Harrison had been searching diligently for the quartz ledge, at times hopefully and at times without reward, but some weeks ago Mr. Wasson tells us Mr. Harrison had exposed a very rich porphyry ledge. Out of three cubic yards of dirt he took out about $1200; from one pan of the dirt he took out $36, and from one handful he took out $2.50. He also at another effort took 9 sacks, from which he realized $40 per sack. Dirt he gathered up on the surface panned out 1 cent to $1 per pan.

F. Long & Son wish the people of this river to understand that they will furnish harness here in Coquille for the same price as they can be bought of Montgomery Ward, of Chicago, or any other firm dealing in harness. They will duplicate any catalogue prices, it does not make any difference where they come from. This firm has located here to remain permanently and desires to secure the entire patronage of the Coquille valley in their line. It will pay you to consult them on all occasions as they will do better by you than those firms who do not spend a cent in this country. Mr. Long states that he is anxious for those who doubt the truth of the above to bring their catalogues and call on him and be convinced of the accuracy of this tatement. *

Who is to Blame?

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys.

If the child urinates too often, if the urin scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, and it is yet afflicted with bed-wetting, depend upon it, the CAUSE of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

If the adult has rheumatism; pain or dull ache in the back; if the water passes in irregular quantities; or at irregular intervals, or has a bad odor; if it stains the linen or vessel the color of rust; if the feet swell; if there are puffy or dark circles under the eyes; your kidneys are the cause and need doctoring. Treatment of some diseases may be delayed without danger, not so with kidney disease.

Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, promptly cures the most distressing cases. Its mild and extraordinary effect is soon realized. Sold by druggists in fifty-cent and dollar sizes. You may have a sample bottle and pamphlet telling all about it sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the Coquille City HERALD.

The Special School Meeting

Was held at the schoolhouse last Saturday, Chairman Charles Collier presiding. Sec. Boutell read the call, which provided for "a tax for purpose of finishing paying cost of new schoolhouse, and to elect a clerk for ensuing term."

W. Sinclair, attorney for J. A. Collier, stated the question so far as the board and contractor were concerned, which left the sum of $697 due more than the contract price. After considerable explanation and discussion of the matter, and the introduction of two or three resolutions to cover the case, Rev. C. A. Stine tendered the following, which was accepted in place of the others and passed:

"Resolved, That District No. 8, Coos county, Or., reimburse J. A. Collier in the sum of $697, amount the schoolhouse cost over the contract price."

Al Balch and Henry Lorenz were appointed tellers, and the vote resulted, For, 20; against, 14.

Mr. Sanford then offered the following: "Resolved, That School Dist. No. 8, Coos county, Or., make a tax levy of 10 mills on the 1899 assessment to finish paying cost of new schoolhouse."

C. W. White and W. H. Nosler were appointed tellers, and the vote resulted, For tax, 16; against, 2.

Claude Nosler was nominated for clerk, and elected by acclamation. Adjourned.

The school board then held a meeting; full board present.

J. S. McEwen tendered his resignation as a trustee, which was accepted, and the clerk instructed to issue a call for a district meeting to be held on Saturday afternoon, April 22d, to elect a trustee for unexpired term. A communication from the several teachers was read, in which they tendered their resignations on certain conditions.

The resignations of Mr. Hawkins, Mr. Nosler and Miss Fetter were accepted.

Trustee J. H. James was appointed to see Miss Collison as to terms of cancelling contract, to report at adjourned meeting this Saturday night, at 7:30 o'clock.

Board met, pursuant to adjournment. Committeeman James reported no progress in an agreement with Miss Collison.

On motion, it was ordered to close the schools for balance of term.

Mr. James then moved that resignation of Miss Coollison as at first made be ac cepted. Carried.

On motion, warrants were ordered drawn for the several amounts due the teachers to date. Adjourned.

W. A. Bright and Geo. Griffin are circulating a subscription list asking the people to assist them in securing the proper machinery for a boat to run on the upper Coquille during the winter season. The said gentlemen will build the hull themselves and will carry freight at half price for those who assist in the enterprise.

To the surprise of the community, Gravel Ford has a city dray. All freighting done reasonable. Gravel Ford means to be up to date in every particular.

Last Monday afternoon J. D. Bennett undertook to remove the water from a well, when the platform covering the well gave way, letting Mrs. and Charlie Bennett into the well a distance of 15 feet. W. W. Bennett was caught by a large pump they were using, and with the assistance of parties present was enabled to assist in the rescuing of those less fortunate. With the assistance of the Hook and Ladder Co. the victims were rescued from their imprisonment. Were it not for the memory of the incident and a few bruises there would nothing remain to tell the tale.

Ed Larkin, who left this place last August on account of his wife's health, is renewing old acquaintances, having returned to assist J. A. Martin in removing his family and household goods to Douglas county. Mr. L. reports his wife's health much improved by the change.
