GOOD COMMON SENSE

Common sense teaches us that a debilitated system cannot be built up by continued purging which reduces the strength of a body already weakened by disease. Most so-called blood builders are purgatives.

Dr. Williams' Pink Pills for Pale People do not act on the bowels. They build up the blood and strengthen the nerves.

The same good sense that leads you to give Dr. Williams' Pink Pills for Pale People a trial will prompt you to refuse any substitute an unscrupulous dealer offers. A druggist who says he has "something just as good", or "the same except in name" is dishonest and does not deserve your trade.

Alderman Louis W. Camp, of our city, says: "I was broken down in health and utterly miserable. I was unable to work much of the time and so badly afflicted with a form of stomach trouble that life was a veritable nightmare.

"I tried various remedies, but during the six months of my sickness I obtained no relief. I had always been a robust, healthy man and sickness bore heavily upon me.

"About two years ago I was advised to try Dr. Williams' Pink Pills for Pale People. I purchased one box and received so much benefit that I used five more and was entirely cured. *I gained twenty-two pounds in five weeks.* Dr. Williams' Pink Pills restored me to health and I most heartily recommend them."

L. W. Camp on oath says that the foregoing statement is true.
W. W. MELOAN, *Notary Public.*

The Improved New High-Arm Self-Threading "Arlington" Sewing Machine
NEW HOME STYLE
LATEST BEST CHEAPEST

STYLE No. 55. "ARLINGTON."

$19.50 AND Coupon, if sent C. O. D. or on trial

Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.

10 years' written warranty with each machine.

A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority:

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—Space under the arm is 6¼ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—Positive, filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish as extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ½ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.

OUR GREAT OFFER. $23.50 is our Special Wholesale Price, but in order to introduce this high-grade sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered. On receipt of $18.50 cash and coupon, we will ship the above-described machine anywhere securely packed and crated, and guarantee safe delivery. A ten years' written warranty sent with each machine. Money refunded if not as represented after thirty days' test trial. We will ship C. O. D. for $19.50 with privilege of twenty days' trial on receipt of $3.00 as a guarantee of good faith and charges. If you prefer thirty days' trial before paying, send for our large illustrated catalogue with testimonials, explaining fully how we ship sewing machines anywhere to any one of the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the $1.00 discount. Remember the coupon must be sent with order.
