By special arrangement made with the publishers of the FARM JOURNAL, we are enabled to offer a 5-year subscription to that paper to every new subscriber who pays for the HERALD one year ahead; and the same offer is made to every old subscriber who will pay all back dues and one year in advance - both papers for the price of one only.

In order to get the FARM JOURNAL as a premium for advance payment it will be necessary to walk right up the captain's office, for we have only a limited number of 5-year subscriptions to dispose of. The FARM JOURNAL is on solid foundation and perfectly trustworthy.

FREE TO CASH SUBSCRIBERS.

In order to get our delinquent subscribers to pay up in advance we will make them a present of a year's subscription to the

NORTHWEST PACIFIC FARMER.

The Farmer is now in its 30th year, and is authority on all subjects pertaining to farm work and conditions of the northwest.

As the regular price of that paper is \$1 per year, it is easy to see what a valuable premium we are willing to give to our paid-in-advance subscribers. This applies to all new subscribers, and all who will pay their delinquencies and a year in advance before March 1, 1899.

Governor Tanner last week signed the bill appropriating \$250,000 to pay the Illinois volunteers from the time they assembled at Springfield until they were mustered into the service of the United States.

Governor Stephens, of Missouri, signed the Farris insurance bill. This measure makes the anti-trust law apply to St. Louis and Kansas City, and will practically destroy boards of fire underwriters in both cities.

In Chicago at an early hour on the 11th inst., three people were smothered to death by smoke in a small two-story frame building. They had been drinking together, and it is thought one of them upset a kerosene lamp.

While the king and queen of Italy were starting from Cagliari for Sassari to meet the British fleet, in the Gulf of Sassari, a balcony filled with girls from school collapsed. Fourteen of the children were injured and a man was killed.

San Francisco Baptists are making preparations for the reception of 5000 people next month to attend the annual meeting of the National Baptist Societies. The celebration this year is the golden jubilee, for it is 50 years since the work of the Baptists was begun on this coast. The meetings will open May 24, continuing to June 1.

At Washington it is stated that Chairman Hanna intends to call the executive committee of the Republican national committee together for the purpose of outlining a plan of campaign. There is no urgent need of this, and the probability is that if such action is taken it will be to have party leaders consider what to do with Alger's case and decide if it is really necessary to drop him overboard.

At a second Bryan & Co. dinner in New York last Wednesday night, Dr. McGlynn said in part: "There is today a slavery worse than chattel slavery. That is industrial slavery. I believe that a man should be more than a machine; more than a mere brute of the fields. If any one tells you that we reformers would destroy the rights of property, tell him that he tells not the truth. We would give to every industrial corporation, if you will, just what it produces. No government has a right or franchise created by the people in perpetuity, and posterity has a right to spit upon such a grant."

Majority et al—suit to foreclose mortgage.

Rumblings from Rural.

Rural, Apr. 24.—The farmers are very near to sowing their grain this spring.

R. L. Morrigan came out from his mines the other day, and he reports the miners all good spirits.

Robert Moir, Bob Whited, George Calvign Charles Massey started in to get up their bedrock flame for the mines this summer.

J. C. Franz was out from his mines the other day, and we learn that he will put his family to the mines this summer.

W. L. Hood was up to Rural last Sunday on a visit.

Mrs. L. R. Gut went down on a visit to her mother's and took sick, and has not got home yet.

The cattle-owners were up in this part of the settlement lately gathering up that cattle they had bargained for.

Peter Haywent up the creek by their house the other day to get a piece of timber for his cross-bow gun. When he got to the place he was going, what did he find but a large bear, prying on Mr. Hayes' sheep, and the bear scared Peter so bad that he wouldn't let the dogs go after the bear. Peter fired two shots and kept the dogs with him and started back for home. There was a bear behind every tree along the trail. Peter has not lost any more, but he has not come back any more to get the sheep he had killed.

Mr. Heenkendorff is busy on the plans of the new barkentine to be built at Marshfield shipyard.

The Arcata has been laid off for repairs and will likely be detained in the city for a week. The Empiro sailed in her place last Monday.

The schooner Gotoma, in crossing in over the bar, Tuesday, had quite an experience. She was sailing in when two seas overtook her and piled in over her stern, smashing in her deck and flooding the cabin. The captain was washed into the waist of the vessel and brought up near the small boat, which was carried amidships. Fortunately he was not injured.

Rev. Mr. Ennis, Presbyterian, of Bandon, was present at his appointment at this place last Saturday night and Sunday. His services were fairly well attended and very interesting. It was the first communion service of the new organization. Four new members were received—Mr. and Mrs. Loug and two daughters.

Wes Noster is again on the mend from an attack of blood poisoning in his right arm. He has been quite a sufferer for several weeks, while the balance of the family have been quarantined for the scarlet fever.

"No Eye Like the Master's Eye."

You are master of your health, and if you do not attend to duty, the blame is easily located. If your blood is out of order, Hood's Sarsaparilla will purify it.

It is the specific remedy for troubles of the blood, kidneys, bowels or liver.

Bandon Lodge No. 133, I. O. O. F., last meeting elected J. C. Logun and Vale Perry as delegates to the grand lodge, which meets at Portland in May.

While here the inspectors visited the thesaurer Bismarck and suggested a few necessary repairs and informed the owners they would come here to officially inspect the vessel whenever they were sent for. An endeavor will be made to have her ready by the 10th of May.

John Johnson (Piper), youngest son of our S. P. C. Johnson, returned Saturday last from a residence of several months in California. He came home via Portland, having visited his brother Sam at that place. He tells us that Mr. and Mrs. Sam Johnson, nee Alma Green, will be here on the next steamer Alliance, on business and a visit combined.

Two lawyers having a dispute, one said to the other, who I was a dwarf: If you are not evil, I will put you in my pocket. "Then," said the little fellow, "you will have more law in your pocket than you have ever had in your head."

BRIGHT'S DISEASE

Or Chronic Inflammation of the Kidneys is a very common ailment. Numbers of our best citizens have succumbed to its effects, even though under the most skillful medical treatment.

Like all chronic diseases, the symptoms come on insidiously. If proper treatment is obtained in its early stages, Bright's Disease may be cured. HUYDAN will cure it if it is taken in time.

HUYDAN will relieve you of all the symptoms. Do not delay too long. Don't wait until your case becomes incurable. You will then find it difficult to get away from doctors and medicine.

Begin the use of HUYDAN now, while you may be cured.

THE EARLY SYMPTOMS ARE: 1. CHRONIC SICK OR NAUSEOUS HEADACHE—HUYDAN taken as directed will relieve the headache instantly.

2. PUFFINESS OF THE SKIN UNDER THE EYES, due to a collection of fluid in other words, DROOPY. HUYDAN will cause the extra amount of fluid to be taken up by the blood and eliminated by the Kidneys.

3. PALE, DOUGHY COMPLEXION, due to the imperfect circulation of the blood. HUYDAN will restore the circulation to its normal condition and cause the cheeks to become red and rosy.

4. WEAKNESS OF THE HEART—One of the first symptoms and the one that eventually causes death. HUYDAN will strengthen the nerves and muscles of the heart and make it strong and regular in its beatings.

5. WEAKNESS AND PAIN IN THE REGION OF THE KIDNEYS—HUYDAN will cause the kidneys to perform their functions properly, thereby relieving the pain and weakness.

Get HUYDAN at once and take it regularly. Full and explicit directions as to all strengths for 50c per package or 5 packages for \$2.50. If your druggist does not keep it send direct to the HUYDAN REMEDY COMPANY, San Francisco, California. You can call and consult the HUYDAN DOCTORS FREE. Call and see that you can't call, write to the doctors and tell them all about your case and they will advise you. The advice will be given free. Address:

Fishtrap Findings.

Fishtrap, April 24.—At 11 o'clock Sunday, 23d, at the logging camp of Wm. Howell, George Steward and Miss Lillian Thomas were joined in the holy bonds of wedlock. Both are well known in Coos county. The bride is one of Coos county's most amiable young ladies. George was raised in Coquille valley, is upright, honorable and industrious, and is a living evidence of our Coos county production in the way of fine young men.

Miss Beida Robison is spending a few days with friends and relatives at Bandon.

Wm. Howell has commenced work on the extension of his railroad farther into the timber.

W. T. Miller and wife have gone to Bandon to stay a few weeks with the hope that it will improve Mrs. Miller's health.

Samuel Rowan has been sorely aggravated by dogs killing his sheep. Get out your target gun Uncle Sam and make the number of dogs less.

One of Tenn Robison's little children fell in the creek the other day, and might have been drowned but for the prompt action of his son, Renaldo, who was working near by.

The Fishtrap poorhouse caught fire from the stovepipe a few days ago, and would have been entirely destroyed but that John Landers happened to be passing at the time. Mrs. Adams called to him and he extinguished the flames. QUIT.
