T. J. Perkins was up from his lower-river home last Friday and Saturday to attend the officers' meeting of the Y. P. S. C. W., for purpose of conference and arranging date of meeting and program. The HERALD had a pleasant call. Bro. Perkins is active and enthusiastic in everything he believes is right and for the good of the public.

In 1888 my wife went East and was attacked with rheumatism. She received no relief until she tried Chamberlain's Pain Balm. Since that time we have never been without it. We find it gives instant relief in cases of burns and scalds and is never failing for all rheumatic and neuralgic pains.—D. C. BRANT, Santa Ynez, Cal. For sale by R. S. Knowlton.

Charley Collier returned last Friday from his trip to the mining section, in the meantime, besides visiting his brothers-in-law, the Harrison boys—Bob and Ben, not Uncle B. J. as we first understood—whose late rich strike has caused such a flurry, Charley staked out a claim for himself and will return the last of this week. The Harrison boys are on the divide between the South and Middle Sixes, on the South Sixes side, while the father, B. J., is on the Middle Sixes, about 8 miles distant. Mr. Collier tells us the gold is there all right.

Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and sallow and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? **Impure blood.**

And the remedy?

Ayer's Sarsaparilla

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

The steamer Townsend has withdrawn from her run to this river. The claim of her management is that her draft was too heavy for this river, though all the facts on both sides of the question, as to the condition of the bar and the capacity of the boat, were known beforehand and favorably compared.

D. H. Johnson, of the market firm of Johnson Bro's, has been absent from home a good deal of late, doing the lower-river section especially for beef cattle, which are becoming very scarce. A few days ago a band of about 200 head was driven out through this city, and hardly a day passes but small bands of a dozen or two are on the move to some pasture not distant till others are collected and driven with them to the valley, or to the bay for shipment.

Young Frank Lemon, who was arrested in Roseburg last week on a telegram from this place, charging him with the theft of a watch from one Thomas Holmes at Beaver Hill, was brought here by Marshal Buck and appeared before Justice J. H. Cecil last Saturday morning for trial. The trial had not proceeded far till Deputy Circuit Attorney Sinclair moved to dismiss the case and discharge the defendant, there being no testimony to sustain the charge. Justice Cecil entered an order in accordance therewith, and assessed the costs against the prosecuting witness, Holmes.

The HERALD congratulates Mr. and Mrs. Claude Nosler, whose home was cheered last Sunday by the arrival of a son. We extend congratulations to grandpa and grandma, also.

Roesburg Review: Marshal R. E. Buck came out from Coquille City yesterday and took back Frank Lemon, who is wanted there for the larceny of a watch. Lemon was arrested here by Marshal Dillard.

A correspondence from Halls creek, received Friday, had no responsible name accompanying, as it should have had. Please give your own name along with the signature to the communication, so that we may know it is genuine.

A letter was received by Mrs. Geo. Robinson yesterday from her parents, Dr. and Mrs. Leneve, dated on their arrival at Honolulu. The passage was an uneventful one. All of the family were seasick but themselves. They are delighted with their present experience and the climate, sights and scenes at Honolulu.

Wm. E. West and Edward Bussier, prominent and progressive citizens of the Humboldt bay, California, reached this locality last Wednesday on a home prospecting tour. Mr. West was the guest while here of his old friend Matt Kerrigan, while Mr. Bussier kept on on the move most of the time and stopped where night overtook him.

Justice Cecil of this city performed a wedding ceremony at Fishtrap last Tuesday, at the home of Mr. and Mrs. Wm. Thomas. Their daughter, Miss Lillian, and George A. Steward were the high contracting parties. After the ceremony, a very fine dinner was served to quite a number of relatives and friends of the newly married couple.

Mrs. Mary Shepard has been visiting from Beaver Hill at this place for several days. Her husband, Sergt. S. F. Shepard, of the 2d U. S. vol. engineers at Honolulu, has sent her many handsome views of important places and events, also bric-a-brac of interesting kinds. His last letter mentioned their orders to return to San Francisco, and they were expecting to leave at an early date.

Ed Johnson (Figg) arrived home at this place last Friday with his bride, nee Miss Annie Smith, of Beloit, Kansas. Miss Smith's parents were once residents on Halls creek, above this place, but moved back to Kansas some five or six years ago. Distance did not destroy the youthful attachment, so Ed bundled up sometime ago and enforced his claim to Miss Annie's heart and hand by going for her and claiming her. The HERALD congratulates.

F. Long & Son wish the people of this river to understand that they will furnish harness here in Coquille for the same price as they can be bought of Montgomery Ward, of Chicago, or any other firm dealing in harness. They will duplicate any catalogue prices, it does not make any difference where they come from. This firm has located here to remain permanently and desires to secure the entire patronage of the Coquille valley in their line. It will pay you to consult them on all occasions as they will do better by you than those firms who do not spend a cent in this country. Mr. Long states that he is anxious for those who doubt the truth of the above to bring their catalogues and call on him and be convinced of the accuracy of this statement. *

Thousands Have Kidney Trouble and Don't Know It.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poison in the blood is liable to attack the vital organs, or the kidneys themselves break down and waste away sell by sell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Kidney trouble can be detected although it be slow and deceptive. First, by analysis of the urine; second, by the simple test of setting the urine aside in a glass or bottle for twenty-four hours, when a cloudy or brick dust settling indicates it.

It was for just such troubles that in His infinite power and goodness the Great Physician caused Swamp-Root to grow for the benefit of suffering mankind, leaving it for His servant, Dr. Kilmer, the great kidney and bladder specialist, to discover it and make it known to the world. Its wonderful efficacy in promptly curing the most distressing cases is truly marvelous. You may have a sample bottle of Dr. Kilmer's SwampRoot, the great kidney, liver and bladder remedy, by mail free.

Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper.

Rev. E. L. Fitch addressed the Junior League Sunday afternoon, to which members of the several Sunday-schools had been invited. The service was not as well attended as it should have been, probably owing to a mistake in announcing it, but was interesting and instructive.

RoseburgReview: Several committees of ladies are out soliciting funds for the soldiers' monument to be erected in the courthouse square at Roseburg. They are meeting with fair success and no doubt a sufficient amount of money will be raised to carry out this commendable purpose.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. STROUD, Hopomoke City, Md. For sale by R. S. Knowlton.

The HERALD can furnish you the best grade sewing machine at the lowest price, and also the best premiums and clubbing combinations ever offered—besdes the best local paper in southwest Oregon. The HERALD is the only paper in Coos county which publishes the semi-annual official financial statement, other official advertisements as well as the official county court proceedings.

A late copy of the Seattle Daily Times makes this note of a late Coos county boy: "L. A. Stemler, popularly known in this city through his connection with various commercial interests here, left last night for Roseburg, Or., where he remains several days preparatory to going east over the Southern Pacific to St. Louis, where he will enter one of the dental colleges preparatory to entering that profession." We take this to be our young friend Laurel Stemler, who has been in Washington for some months, and while on this trip for Roseburg, "where he remains several days," evidently he comes to Roseburg and from that point visits his parents, Mr. and Mrs. J. P. Stemler, and family at Dora, in this county, a brief spell before going east.

The Town Election.

Our citizens were employed yesterday with their town election, making the issue chiefly on the question of municipal ownership of waterworks and the choice of a board membership favorable to the issue. The election passed off quietly, with the small total vote of 119 being cast, notwithstanding the interest manifested in the question voted upon.

The vote is as follows: For trustees—J. H. Cecil, 95; J. T. Nosler, 99; Joseph Hudson, sr., 90; D. P. Strang, sr., 61; A. J. Seed, 87.

There were no other names for these positions on the ticket for the reason that there was no other meeting held to make nominations, nevertheless there were a few scattering votes, as follows: A. G. Balch received 33 votes, while received one vote each.

For recorder—W. E. McDuffee received 74 votes. Thirteen votes were cast for I. Hacker, esq., and 1 for George Leach.

For marshal—Lee Goodman, 74. Seven votes were cast for four other persons.

For city ownership of waterworks, 91; against, 14.

The Special District School Meeting

To elect a director for an unexpired term, was held last Saturday afternoon at the schoolhouse. The attendance was very slim. Chairman Collier was present and presided. Clerk Boutell (pro tem., for Claude Nosler, who was elected clerk at a late meeting, refuses to qualify) read the call for the meeting stating the object thereof to be "for the election of a director for unexpired term of J. S. McEwen, resigned."

Nominations were declared to be in order and Zenie Strang and T. A. Walker appointed tellers. The names of B. H. Burns and J. B. Fox were proposed. The former positively and peremptorily declined the use of his name, but the balloting proceeded, with the following results:

First ballot—Burns, 7; Fox, 7; Dr. Carter, 1. Fifteen votes were cast.

Second ballot—Burns, 7; Fox, 9. Sixteen votes being cast.

The chair declared Mr. Fox elected. On motion, adjourned.

The Dispatch brought a party of excursionists from Bandon and the lower river points on its trip last Sunday. Our streets were quite thronged by visitors who took advantage of the charming weather and pleasant trip on a steamboat on the Coquille.

Coquille Pharmacy has just received fresh vaccine points. *
