They were favorably impressed with the climate and casual outlook at Honolulu at first, but when they got sight of the prevailing citizenship of negroes, Indians, Chinese, Japanese, etc., and that the labor and business was being absorbed by these in small enterprises and would certainly be an element of trouble at an early day, they preferred civilization and a better prospect.

The present time, during the first session of our circuit court, when all the court officers and so many citizens are present from all parts of the county, would be a very proper time to have some public dedicatory exercises at the new courthouse. The presence of those constituting the county court when the plans were adopted and the contract let, as also the present body completing the work and turning it over to the public should be present, and a unifying, pleasant and edifying time could be had.

FREE TO MILLIONS OF SUFFERERS.

The New Cure for Kidney, Bladder and Uric Acid Troubles.

Almost everybody who reads the newspapers is sure to know of Swamp-Root, the great kidney remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by the eminent kidney and bladder specialist, Dr. Kilmer, and has truly wonderful powers in curing kidney, liver, bladder and uric diseases.

Kidney trouble is responsible for more sickness and sudden deaths than any other disease, and is so deceptive that thousands have it without knowing it.

Thousands owe their health and even life to Swamp-Root and thousands more, who today think themselves beyond help, can be made well by the use of this great remedy.

Swamp-Root has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief, and has proved so successful in every case that a special arrangement has been made by which all readers of the HERALD, who have not already tried it, may have a sample bottle sent absolutely free by mail.

Also a book telling more about Swamp-Root and containing some of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact, their very lives, to the wonderful curative properties of Swamp-Root. Be sure and mention the Coquille City HERALD when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at drug-stores.

Coos Bay News: The next teacher's examination will be the last under the present law, and a recent decision by the attorney general apparently will make an unusual rush for state life diplomas at that time. By this new construction any person holding a state diploma, bearing date prior to May 20, 1899, applying for a state certificate or a state diploma after that date will be required to undergo a full examination on all subjects prescribed by the new law, which extends considerably the range of required subjects. Some from mere love of taking examinations may prefer to obtain their last license under this new act, but it is safe to presume that the majority will not, and during next month algebra, English literature, Oregon school law and general history will be diligently studied by many a teacher in desperate efforts to get through before the doors are closed on the twentieth of May.

It is the "Long" Pole that Knocks the Persimmon.

When you buy harness from a catalogue it requires the cash. So leave your money with F. Lons & Son, and by that means your money will be kept at home and in the channels of business, while at the same time you can buy a harness for less money than they can be bought anywhere. See Montgomery, Ward & Co's catalogue: No. 37,097—plow harness. His price, \$13.85; our price, \$13. See No. 37,3122—Hand-made. His price, \$35.50; our price, \$33. See No. 37124—his price, \$36; our price, \$35. See No. 37120—his price, \$31.50; our price, \$28.50. And everything else in the harness line in connection with their prices.

In buying your harness here at home, if there is anything wrong in the leather or workmanship you can return and get them repaired free of charge.

We have received a copy of the Albuquerque Daily Citizen of April 13th, containing an account of the receipt and burial of the remains of Clay Green at Cerrillos, N. M., on the 5th of April. The sketch is by the Rev. A. H. Sutherland, of the M. E. church, and includes his discourse at the funeral. H. Clay Green was known here, having spent some months at this place and in Coos county some while preceding the breaking out of war with Spain. Clay Green joined the Rough Riders and was killed in their charge at San Juan Hill, July 1, 1898, at the head of the brave boys who led in the fight. The body was sent home by the government and this ceremony held by the citizens and neighbors over one whom they all loved and honored.

While here he was known to all his associates as a clever, industrious and true friend. But more than all, one of Coquille's most charming daughters is left to mourn the sad taking off of one that was dear as life to her and was pledged that their lives should be one during the years and events that would come to them. Henry Clay Green was born in Wantaga county, N. C., August 22, 1868, and was slain in the charge of the Rough Riders at the battle of San Juan Hill, in the island of Cuba, July 1, 1898.
