CUBANS MAY MAKE ARMED RESISTANCE.

The Cuban Army is Incensed Against General Brooke and Indignant at the Proposal to Pay them off with a Pittance.

New York, May 16.—The Herald's Havana correspondent telegraphs as follows: The situation has become most alarming. To all appearances the Cubans are about to make armed manifestations against the United States and its mode of governing the island, although the conservative element still hopes for peaceful arrangements. The state of affairs, which was brought abruptly to a head last Saturday by a partial quarrel between General Gomez and General Brooke, has been forming for the last two months. The first move has been made by the army. It will probably be supported by many Cubans. The army, which is really represented (though many dispute his authority), by Gomez, is incensed against Brooke and his policy. The soldiers declare they have been miserably fooled and trapped by the Americans. They look upon the exchange of a gun for $75 as an ignominious transaction for them, as they have not been defeated by Americans, and consequently they refuse to change. Some persons say the determination of the army not to surrender arms is an outcome of General Brooke's refusal to sanction Gomez's plan for a Cuban militia. At the Cuban headquarters this statement is indignantly denied, in particular by Gomez, who, however, refuses to discuss the present situation.

One of Gomez's most prominent officers said: "General Gomez was brought to this city through the influence of Mr. Porter. He was told he was wanted in Havana to help Brooke establish a government for Cubans which would have no other basis than freedom and independence. He was miserably fooled. He will publish letters which have been exchanged between him, General Brooke and President McKinley. After he has done this the general will probably leave the island. He was forced to dismiss his staff, as he did not even have food for them. One colonel has been made a policeman at a salary of $62 a month. All Gomez's enemies have splendid positions, while his officers and men starve."

New York, May 16.—A dispatch to the Herald from San Miguel, via Manilla, says: The insurgent general, Gregoris del Pilar, believes he has deen deserted by the Filipino government and desires to surrender if he can secure what he regards as honorable terms from the Americans.

Canners' War Impending.

Rumors of a war between the salmon-packers in the combine and those out continue to be circulated, and many think there is truth in the prediction.

A man who has kept close tab on the business for some time said in reference to the matter last week:

"Before another year there will be a war among the cannerymen that will be beautiful for an onlooker to behold.

"There isn't the slightest doubt that the combine has started in to freeze the others out. No one will doubt that. The idea is to make the strong ones enter the trust and make the others willing to drop out at a small price.

"The trust people are offering canned goods in some instances below cost, if reports be true. They do not mean to sell much at these ruinous figures. What they are after is to demoralize the trade to such an extent that those on the outside will want in.

"The outside men are watching the situation very closely, hoping that it may get better. If it doesn't I can tell you what will happen. The strong cannerymen on the outside will form a combine to fight the trust, and a battle such as has never been seen on the Columbia will take place."—Evening Telegram.

Col. (now general) Funston, of the Twentieth Kansas regiment, which has made such a good record at Manila and won him promotion to a brigadier generalship, is being "pumped" for political preferment at home, conditioned that he will let the g. o. p. use him to pull out other chesnuts from the fire. But in a late letter, he says: "I cannot think there is very much in the talk about doing the handsome thing by me. Politically, the rank and file of the Republican party might be willing, but how about the bosses? There are mighty few offices that I would have, and the one or two in the gift of the people of Kansas I have not the gall to ask for."

Beefpackers are trying hard to induce the president to remove General Miles.

Portland has 236 saloons.

CHILDREN INOCULATED WITH VIRUS.

Continental Physicians Substitute Infants for Animals in Experiments.

A recent copyright cablegram from London to W. R. Hearst says: The Abolitionist, a new antivivisection paper, contains a terrible indictment of inoculation and vivisection up to date, from the pen of a London physician, Doctor R. E. Dudgeon.

In his exposure of the continental practice of experimenting on living human beings, the Doctor says:

"The Deutsche Medical Wochenschrift, describing how Professor Schreiber of Konigsberg tried the effects of Doctor Koch's luber culin, tells of injections on forty new-born children at the Konigsberg midwifery hospital, in which the injections were about fifty times as much as Doctor Koch said was the maximum dose for children of 3 to 5 years. The experiments were designed to ascertain the effects of inoculations of various virulent bacteria on women and were conducted on a colossal scale.

"Doctor A. Doederlein relates how he inoculated a young unmarried woman with a microbe of virus. Doctor Mage, assistant physician in the university hospital for women in Leipsic, made similar inoculations on a woman who was in a most helpless condition. He also inoculated into the body of a new-born infant a large number of staphylococci in the Royal University Ear Hospital.

"Dr. Schimmelsbuch inoculated two boys with a virus taken from a boil on a girl's ear. Both boys died from pustules.

Dr. Janson of Stockholm wished to try the effects of inoculation of smallpox virus. He began with calves, but, as he found them expensive, he asked Prof. Medin, chief physcian of the Foundling Hospital, to allow him to operate on children under his charge. Professor Medin consented, and fourteen children were inoculated with this virus.

"Doctor Epstein, professor of children's therapeutics, in Prague, infected five children with round worms for the sake of experiment."

The rest of the article to which I have referred gives the chapter and verse for the allegation that again and again unsuspecting men and women have been inoculated with [illegible] querading as ministers of healing.

Portland, May 16.—Judge Cleland today decided that a mortgage tax is not a lien on the property under mortgage. The decision was rendered in the case of A. W. Lambert vs. Multnomah county, and J. B. Montgomery vs. Multnomah county.

The courtroom was densely crowded to hear Judge Cleland's decision. After citing numerous sections of the law he overruled the demurrers, substantially holding that the tax was not a lien on the mortgaged land.

The constitutionality of the mortgage tax has been upheld by the supreme court, but the lien question as yet must be settled by that tribunal. It is held, however, by eminent constitutional lawyers, that Judge Cleland's decision will be sustained.

Exchange: There are now three companies of the O. N. G. in Portland, one at Grants Pass, one at Ashland, one at Oregon City, one at The Dalles, one at Baker City and one at Eugene. There is also one independent company at Bandon, in Coos county, but that does not belong to the regiment, as it is too far away to engage in practice with the other companies.

Commissioner Hermann, of the general land office, has transmitted a statement of accounts between the United States and the state of Oregon, giving the latter $1476, being 5 per cent of the net proceeds of government public land sales in Oregon in 1898.

Chicago Chronicle: Spanish general (before tribunal)—My only defense for surrendering to the Yankees, with the privilege of returning to Spain, is that we were out of rations and the enemy threatened to feed us on theirs.

Special dispatches from Vienna say it is reported there that Count Badini, the former prime minister of Austria, recently tried to commit suicide on account of losses sustained on the race course.

An order goes into effect over the entire Southern Pacific system on June 1st, closing barrooms located at stations on property owned by the company and conducted under lease from them.

German-Americans of Toledo held a monster meeting to protest against the government's course in dealing with Samoa.

General Anderson says there will be a good deal more fighting before the Filipinos are finally subdued.

FIGHT IN A JUNGLE.

Gunboats Dislodge Rebels on the Rio Grande. Several Natives Killed.

Manila, May 15—10 a. m.—The tinclad gunboats Laguna de Bay and Cavadonga and a launch, under Captain Grant, ran into a nest of insurgents concealed in the bushes on both sides of the Rio Grande, three miles above Calumpit, yesterday afternoon, and were received with heavy volleys at short range. A sergeant belonging to the Utah battery was killed, and one private was wounded.

Opening with their rapid-fire guns, the Americans killed 20 of the natives and wounded several others, filling the jungle with a hail of shot for half an hour, until the enemy fled.

Colored Miners Attacked.

St. Louis, May 16.—A dispatch from Little Rock to the Post Dispatch says that forty strikers attacked forty colored miners behind a stockade, near Huntington, firing volley after volley at them. Two men, who were on guard at the stockade, returned their fire, killing one of the strikers. One of the guards was killed and another seriously wounded. They were brought from Illinois.

Old Age Circumvented.

Chicago, May 16.—The Tribune says: "A discovery, which it is claimed solves the problem of circumventing old age, has been made public by Prof. Joseph R. Hawley and Alex. C. Wiener of the Chicago clinical school. The return of youth, it is asserted, is produced by hypodermic injections of the lymphatic fluid of animals, particularly young goats."

The Coming Man.

New York, May 16.—Columbia university will give the honorary degree of LL. D. to Carl Schurz, on commencement day. He has already received this degree from Harvard university and from the university of Missouri.

New Dispensation: I do not know whether the earth is a hollow cell [illegible] present system of political economy, and some more of our systems, religious, social and pseudo-scientific, are hollow SELLS, and we are on the inside of them, like Johah in the whale. But the old whale is getting pretty sick, and I expect we will get out before long.

Although chewing gum of various kinds—pepsin and special digestion aids—can be procured at every city corner from the penny slot machines, nothing has ever taken the place of the genuine spruce, and it still sells at a high price. It cannot be imitated, nor is there any counterfeit which is anything like it. Some of the druggists in eastern Maine have contracts for spruce gum aggregating thousands of dollars.

The question is not whether a doctrine is beautiful, but whether it is true. When we want to go to a place, we don't ask whether the road leads through a pretty country, but whether it is the right road.

The Commercial Cable Company's steamer Britannia has arrived at the Azores, and will start this week to make soundings for laying the strand which is to connect Germany and the United States.

The $33,000,000 window glass trust is a certainty. Leases have been closed which place 93 per cent of the productive facilities of the country in control of the new combine.

The defense of Miss Beilstein, of Pittsburg, who killed her mother because the spirits told her that her dead father was lonesome, will be insanity.

A Tacoma editor has called General Shafter a "jackass." But he wasn't in a position to be fallen on by the general.

The Seattle street railways have combined; capital stock, principally owned in Boston, $5,000,000.

Habeas corpus proceedings have been begun for the liberation of the Wardner strikers.

Stove manufacturers in convention in Cincinnati resolved to advance prices.

The membership of the Washington Foresters increased 600 last year.

"Wars en rumors er wars," said the colored deacon. "De Bible is coming true ever day, en de jedgment is at han. But seein' ez I got seven sons in de army, at $15 a month, I do hope dey will pos'pone jedgment day ez long ez dey possible kin!"

Dust from Denio's Buzz Saw.

Chicago hospital doctors are merely ward healers.

Gen. Gomez was liberal enough to make a $57,000,000 discount for cash.

Treat your dog kindly and he will not desert you when your money is gone.

All persons are born happy, but in order to continue so to the end they must die young.

When a man reaches the top he should kick the ladder over if he wants to remain there.

The suspicion is rapidly gaining ground that the Hon. Mr. Aguinaldo is carrying the joke a little too far.

There is no truth in the rumor that P. D. Armour is to be made president of the Pure Food Association.

In Berlin sheet music is sold by weight. In this country the autocrat of the bass drum supplies it by the pound.

A Pennsylvania mine-owner says there will be no anthracite coal after 2063. After that what will the trusts do?

Speaker Reed was once in the navy. That was one time when he didn't obstruct anything more serious than a gangway.

After Cervera is convicted and serves out his term, the best thing he can do will be to come to the United States and live among his friends.

Statesmanship is probably needed in the Philippines, as Dewey said, but just at present it is hard to see how any is to be spared from Washington.

Mormon Stakeholder Absconds.

Logan, Utah, May 15.—Orson Smith, president of the Cache county stake of the Mormon church, left here two weeks ago, and it is learned that he has left indebtedness to farmers throughout the county aggregating $30,000. He was the owner of a large elevator in this city, and it is reported that his affairs are in bad shape. It is believed he has gone to the Klondike country. Smith was a native of Iowa, and was appointed president of the stake in 1890, and appointed postmaster at Logan by President McKinley last November.

How to Get Fat.

"Did you hear about the woman in Dunkirk?" asked the kid as he rolled a cigarette.

"No; what about her?"

"Why, she sent a half dollar to a firm in Boston who promised for that sum to send a receipe on how to get fat. Two days afterward she received a postal card which reads: 'Buy it of the butcher.'"

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

My son was afflicted with rheumatism which contracted his right limb until he was unable to walk. After using one and a half bottles of Chamberlain's Pain Balm he was able to be about again. I can heartily recommend it to persons suffering from rheumatism.—JOHN SNIDER, Freed, Calhoun Co., W. Va. For sale by R. S. Knowlton.

"I suppose," said the thoughtful man, "that it would not be going too far to say that, to a certain extent, every man has wheels in his head." "Possibly, possibly," replied his caustic friend, "but in that case I suppose it would be explained that yours are geared too high."

A Perkins, Oklahoma, bachelor started to Joplin, Mo., not long ago with a wagonload of peanuts, and on the way he met a widow with seven children. It was a case of first-sight love, and, marrying her the next day, he carried a wagonload of family back home with him.

A teacher at Garden City said to her primary class the other day: "If your father gave your mother $7 today and $8 tomorrow, what would she have?" And the small boy over in the corner replied: "She would have a fit."

"Why do you say that the man who just went out is one of those people who think poetry dead?" "Didn't you notice that he picked his teeth with his fork and wiped his mouth on the corner of the table-cloth?"

Mamma—He wouldn't take the medicine until I gave him candy and five cents and promised him a new gun. Papa—I see. He was willing to capitulate, but wouldn't surrender unconditionally.

Jinks—What's a post-graduate course, anyhow? Filkins—Oh, it's where a fellow takes a tumble to himself, before it's everlastingly too late, and goes and gets posted, even if he has graduated.

The Girl of To-day

will be the woman of to-morrow. She does not know it, perhaps her mother does not fully understand it, but between the "to-day" when she is a girl and the "to-morrow" when she will be a woman, her life's happiness and health are in the balance. If she is to be a full-breasted, strong, healthy woman she must develop rightly now. She is at a crisis. She needs more strength, more blood to tide it over. Dr. Williams' Pink Pills for Pale People are the one medicine that will give her the strength and make the new blood.

Our new book, PLAIN TALKS TO WOMEN, explains why these pills are of special benefit to growing girls. A copy will be sent to any address FREE on request.

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., said: "I am 21 years old, at 16 I was pale and weak and did not gain under the doctor's care. Other treatment brought no better result and by the time I was nineteen years old I was so weak I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor pronounced the disease anemia. One of my friends advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and before I had taken all of the pills I found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes and found myself permanently cured. Since then I have had no return of my old trouble and cannot remember when I was so strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."—FRANKIE HATHAWAY.—*Ottawa Times, Holland, Mich.*

Look for the full name on the package. At druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y. 50c. per box. 6 boxes $2.50.

BIGGLE BOOKS

A Farm Library of unequalled value—Practical, Up-to-date, Concise and Comprehensive—Handsomely Printed and Beautifully Illustrated.

A $65.00 Machine For $18.50 Cash with Order and Coupon

The Improved New High-Arm Self-Threading "Arlington" Sewing Machine
NEW HOME STYLE
LATEST BEST CHEAPEST

Shipped to anyone, anywhere, on 10 days' free trial, in your own home, without asking one cent in advance.

10 years' written warranty with each machine.

A strictly high-grade Sewing Machine, finished throughout in the best possible manner. It possesses all modern improvements, and its mechanical construction is such that in it are combined simplicity with great strength, thus insuring ease of running, durability, and making it impossible for the machine to be put out of order. It sews fast and makes a perfect stitch with all kinds of thread and all classes of material. Always ready for use and unrivalled for speed, durability and quality of work. Notice the following points of superiority:

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Bed plate has rounded corners and is inlaid or countersunk, making it flush with top of table. Highest Arm—Space under the arm is 5½ inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, easy to put in or take out; bobbin holds a large amount of thread. Stitch Regulator is on the bed of the machine, beneath the bobbin winder, and has a scale showing the number of stitches to the inch, and can be changed from 8 to 32 stitches to the inch. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no springs to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—For filling the bobbin automatically and perfectly smooth without holding the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not ravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 150 spool cotton without changing. Never gets out of order. The Needle is a straight, self-setting needle, flat on one side, and cannot be put in wrong. Needle Bar is round, made of case-hardened steel, with oil cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tools and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One ruffler and gatherer, one binder, one shirring plate, one set of four hemmers, different widths up to ⅞ of an inch, one tucker, one under braider, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, gothic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.

DON'T PAY HIGH PRICES FOR SEWING MACHINES BUY DIRECTLY OF MANUFACTURERS AND SAVE AGENT'S AND DEALER'S PROFITS

OUR GREAT OFFER. $23.50 is our Special Wholesale Price, but in order to introduce this high-grade sewing machine, we make a special coupon offer, giving every reader of this paper a chance to get a first-class machine at the lowest price ever offered. On receipt of $18.50 cash and coupon, we will ship the above-described machine anywhere securely packed and crated, and guarantee safe delivery. A ten years' written warranty sent with each machine. Money refunded if not as represented after thirty days' test trial. We will ship C. O. D. for $19.50 with privilege of twenty days' trial on receipt of $5.00 as a guarantee of good faith and charges. If you prefer thirty days' trial before paying, send for our large illustrated catalogue with testimonials, explaining fully how we ship sewing machines anywhere to anyone at the lowest manufacturer's prices without asking one cent in advance. The best plan is to send all cash with order, as you then save the $1.00 discount. Remember the coupon must be sent with order.

Coupon No. 2970 GOOD FOR $5.00 If sent with order for Arlington Sewing Machine No. 55

Or make your order through the Herald, without extra cost.
