Death of Capt. Parker.

Capt. Judah Parker, a prominent,  
well known and long-time citizen of  
Coos county, died suddenly at his  
home at Parkersburg, on the lower  
river, last Sunday. The captain had  
been in declining health for some  
time, frequently visiting the city  
for treatment and sometimes  
coming back feeling better and with  
a fair prospect of renewed health,  
but for the past twelve months the  
hope dispersed. A few days ago he  
returned from a trip to San Fran-  
cisco, and last Wednesday met Mrs.  
Parker at the train at this place  
from a trip, but our citizens were  
surprised Sunday on the arrival of  
the lower-river boat at the informa-  
tion that Capt. Parker had been  
stricken with paralysis and died that  
morning. Judah Parker was born  
in New Jersey in 1829, soon after  
which his parents moved to New  
York state. When he attained ma-  
jority, being of an adventurous  
spirit, he struck for the high seas,  
where he took part in whaling ex-  
peditions, later to coasting, and  
particularly to recovering treasures  
from wrecked vessels. Later he  
went to the mines in California for  
a few years, then married in San  
Francisco and moved to Coos county  
in 1875, since which time he has  
been connected with the sawmill at  
Parkersburg, boat-building and other  
enterprises, first as their pro-  
moter, then as business manager for  
a company owning the same. Mrs.  
Parker and two daughters, Miss  
Georgiana and Mrs. John Kronen-  
berg, and son Warren survive to  
mourn the loss of a loving husband  
and father, while many acquaintances  
and friends will greatly miss him.

Pamphlet Issued.

A neat 28-page pamphlet, giving  
resources and general descriptive  
information of Coos county and sev-  
eral of the towns therein, has been  
completed at the Herald office and  
is ready for circulation. It contains  
such information as persons abroad  
desire to have when seeking new  
homes, and will better describe  
of it for a quarter. They contain  
also, besides the statistical and de-  
scriptive matter, a cut of our new  
courthouse and new schoolhouse,  
as also several advertisements of  
transportation lines leading to Coos  
county, by land and sea; there is  
also a page devoted to a business  
directory of Arago settlement, vol-  
untarily supplied by the enterpris-  
ing business people of that neigh-  
borhood, and two or three adver-  
tisements from Coquille City. The  
Herald sends it on its mission vol-  
untarily, for the general good, with-  
out special solicitation for patronage  
or help; we had made known the  
facts of its intended issuance, and  
all alike had the opportunity to en-  
courage it—no fake or subsidy  
efforts being indulged in; it was a  
plain business enterprise, in our  
line, at our business office, and  
speaks for itself.

000 in 5 per cent bonds, \$250,000,-  
000 6 per cent preferred stock,

\$15,000,000 cash working capital.  
It is now earning \$40,000,000, and  
on this basis will pay 6 per cent  
on preferred and 7 per cent on com-  
mon stock.

Several comrades have set to  
meet at Hotel Coquille corner next  
Tuesday forenoon, and at 10 o'clock,  
sharp, will march to the cemeteries  
and visit the graves of comrades  
and friends, decorating and putting  
them in order, if need-d. Com-  
rades and friends are invited to  
take part in this voluntary tribute  
to our deceased loved ones.

Now, if we want to avert treason  
and the aptness to drop into the  
British maw, seeing we haven't pa-  
triotism and brains enough left to  
save us, let us annex ourselves to  
Paul Kruegerland and become at  
least semi-civilized.

Gravel Ford Uots.

Gravel Ford, May 19.—The de-  
bate between F. S. Bunch and Rev.  
Chase came to an end on the 15th.  
Chase proved that the first day of  
the week was the Lord's day and  
the Christian Sabbath. He also  
proved that the day was not  
changed by the pope of Rome as  
the Seventh Day people have  
claimed. Chase made it plain  
enough to those that could see  
and wanted to see; but to those that  
did not want to see, could not see,  
even if they could count seven.

Rev. Chase will commence a  
week's meeting at the Pratt house,  
below the East Fork mills, on Tues-  
day night, the 23d.  
Cattle-buyers are gathering up  
all saleable cattle and driving to  
the valley.  
There was a large crowd turned  
out to A. Jackson's funeral. Rev.  
Epperly conducted the services.  
The remains were laid to rest  
in the family lot on the hill, on  
what is known as the Jackson  
place.  
The Gravel Ford creamery is  
receiving about 3000 lbs milk per  
day now.

W. A. Bright and Geo. Griffin  
have gone to the Sixes country,  
looking for a gold mine.  
Uncle Dan Giles was up from  
Myrtle Point and took in the debate  
at Gravel Ford. C. K. X.

The Ten-mile creamery made its  
first shipment of butter for the  
season on the last Arcata.

Fish Commissioner Reed has  
named A. M. Twombly, the can-  
nerman, as his deputy for Coos  
county.

John Gaucmill and James Hib-  
bard are prospecting for coal on  
the Norman property near the Bay  
City mill.

Morton L. Tower received 200  
sacks of grass roots last week to  
be planted in the sand near the  
government works.

George Weayer has completed  
a course in a San Francisco law col-  
lege, and will return home on the  
next steamer.

The Coos Bay creamery is receiv-  
ing 2100 pounds of milk daily, also  
a large quantity of cream. The  
force at the creamery is kept busy  
night and day.

Frank Bowron, of Ten-mile, was  
in Marshfield this week. He re-  
ports having lost 9 head of cattle  
to the poisonous plant.

(Bandon Recorder.)

The Helonni Bro's and Messrs.  
Langlois and Pomeroy, of Curry,  
each shipped a quantity of butter  
to San Francisco on the Herster.

The broomhandle mill shipped  
40,000 handles on the Herster.  
The mill was closed down for a  
week on account of being out of  
material.

While playing on the street re-  
cently near their home a little child  
of Mrs. Capt. Jorgenson was kicked  
by a horse, but fortunately was not  
seriously injured.

E. Sharon, secretary; Dr. B. E. Miller,

A Negro Colony for New York.

New York, May 16.—According  
to a plan now on foot, Long Island  
is soon to have an industrial colony  
made up of negroes from the south.  
It will be a municipality in itself,  
conducted according to its own  
rules, and will start its existence  
with a population of 1000, all  
negroes. No white person will be  
permitted to live within its limits,  
but the factories which will furnish  
the industrial life of the town will  
be owned by whites.

published a dispatch from Pretoria,  
saying P. W. Litz, secretary of state,  
confirms the report that a number  
of unusual arrests had been made

ers are British officers, who are

Aguinaldo's Commissioners Not in Earnest.

Washington, May 20.—Following  
dispatch was received at the war  
department: "Manila—Commis-  
sioners of Aguinaldo arrived this  
morning. They wish to consult

American are implicated in the con-  
spiracy. The Filipino junta here  
claims Aguinaldo is pretending  
peace merely to gain time in  
order to procure further supplies  
of arms and ammunition.

HEART WEAKNESS.

Is your heart weak? Do you have the  
symptoms of heart weakness? If you  
have, you should be careful. The heart  
is the most vital organ of the body. It is  
the engine that propels the muscles and  
keeps the life in the body. A weak heart  
is a danger to the life. It is a  
flaw in its mechanism is certain to give  
rise to serious results. Weakness during  
the presence of a flaw. It is a fore-  
runner of some-  
thing more serious  
that is to occur.  
See that it is  
strengthened and  
do not allow the  
weakness to con-  
tinue. You are the  
engineer. Look to  
your engine. See  
that no accident  
occurs. HUYDAN  
is what you need  
to strengthen the  
heart. HUYDAN  
makes the heart  
strong and hard.  
Do not delay too  
long. Remember  
that danger is  
ahead and begin  
the use of HUY-  
DAN now.

HERE ARE THE SYMPTOMS:

- 1. THROBING IN THE TEMPLES  
WHEN LYING DOWN. The HUYDAN will  
cause the throbbing to disap-  
pear.
- 2. RINGING IN THE EARS—due to an  
excessive amount of blood in the head  
and brain. HUYDAN stops the ringing  
and brings in a short time.
- 3. ALTERNATE PALENESS AND  
FLUSHING OF THE CHEEKS. HUY-  
DAN will restore the circulation of the  
blood to its normal condition and keep a  
constant, healthy color in the cheeks.
- 4. PALPITATION OF THE HEART  
AND IRREGULAR BEATING. Owing to  
the weakness, there is often a fluttering  
and the miss of a beat, occasionally  
muscles and the nerves that supply it,  
will stop the palpitation and fluttering  
and the heart will beat regularly.
- 5. THROBING IN THE STOMACH  
REGION. This is due to the fact, the  
large vessel which carries the blood from  
the heart, becoming distended. This  
throbbing and pulsating disappear shortly  
after the use of HUYDAN.
- 6. The remedy is at hand. It is the wonder-  
ful HUYDAN. Thousands have been  
cured of Heart Weakness by its use.  
Druggists for 50c per package. You  
HUYDAN will cure you. You can be cured.  
Druggists for 50c per package, or 4  
packages for \$2.00. If your druggist does  
not keep it, send direct to the HUYDAN  
REMEDY COMPANY, San Francisco, Cal.

DOCTORS' FILE. You may call and see  
you cannot call on the doctors, write to  
them for advice. It will be given free  
for the asking. Address

SOME NEW LAWS.

Enactments of the Late Session Worth Re-  
membering.

Every dairy which now manufac-  
tures twenty-five pounds of butter  
per week or more is required to  
keep a record of its manufactures  
and report the same to the dairy  
food commissioner at the end of  
the year who shall publish the data  
unless some dairy may particularly  
desire not to have its out-put made  
public—then the data without the  
names may be given.

After the 1st of next January  
every person using a wagon with  
3-inch tires will get an annual re-  
bate of \$4 on his taxes, or \$1 on  
each wheel. The truckmen and  
draymen or others who have vehi-  
cles which have the front axle eight  
inches or more shorter than the rear  
axle and use 4-inch tires on the  
public highways will get \$8 rebate.  
The \$4 rebate will be the general  
one as the 4-ways are found in cities  
only.

The new laws on checks, drafts,  
notes, etc., technically known as the  
law of "bills and notes" is a very  
important one. It will occupy  
twenty-six pages in the new session  
laws and especially every  
business man and especially every  
banker must make himself familiar  
with all the provisions of the law  
in itself embracing all the laws on  
that particular subject, re-enact-  
ing many of the laws already in force—  
making indefinite points definite  
and enacting as statute law many of  
the law principles which the courts  
have heretofore held was the law  
following the old "law merchant"  
and the modern accepted theories of  
commercial law, but which had  
never been declared to be the law  
by our law-making body. All these  
accepted and approved theories in  
regard to notes and checks and  
drafts—the theories of our most  
learned courts and judges—are  
now declared to be the laws of Ore-  
gon. The new law takes effect May  
17th.

Candy makers are now subject to  
\$100 fine for adulterating their  
sweetmeats.

County courts are now expressly  
authorized by statute to allow log-  
ging companies and persons en-  
gaged in logging to build logging  
ways and skid roads along the pub-  
lic roads where necessary to haul or  
drag saw-logs. They are not to  
obstruct the public road and are to  
take up the skids when required.  
In the mountainous and timber sec-  
tions of the state skid roads along  
public roads are nearly common and  
it is presumed the new law is sim-  
ply to fix the power and define the  
responsibility of the county courts  
and persons to so use the public  
roads.

Many old soldiers now feel the  
effects of the hard service they en-  
dured during the war. Mr. Geo. S.  
Anderson, of Rossville, York county,  
Penn., who saw the hardest kind of  
service at the front, is now frequently  
troubled with rheumatism. "I had  
a severe attack lately," he says, "and  
procured a bottle of Chamberlain's  
Pain Balm. It did so much good  
that I would like to know what you  
would charge me for one dozen  
bottles." Mr. Anderson wanted it  
both for his own use and to supply  
it to his friends and neighbors, as  
every family should have a bottle of  
it in their home, not only for rheu-  
matism, but lame back, sprains,  
swellings, cuts, bruises and burns,  
for which it is unequalled. For sale  
by R. S. Knowlton.

Work at the shipyard is being  
pushed. Over thirty men are  
employed.

Ed Farrin has been engaged to  
teach the South slough school this  
summer. The term commences on  
Monday.

A telegram was received in Marsh-  
field yesterday from R. A. Graham  
stating that a compromise had been  
effected in the Graham-Spreckels  
case. Graham takes over Spreckels'  
interests in Coos county, and the  
prospects for completing the road  
to Roseburg are very bright.

Headaches, sallowness, falling sen-  
sations, liver troubles. Hudyvan  
cures. All druggists, 50 cents.
