OREGON SUPREME COURT.

Decision of the Beale vs Hite Swamp-Land Suit.

Salem, May 20.—The following case was decided by the supreme court today:

D. Grant Beale et al., respondents, vs. William Hite et ux., appellants, from Coos county, George H. Burnet, judge; affirmed; opinion by Beale, J.

This was an action to recover 160 acres of land in Coos county, commenced in September, 1895. The defendant claimed title by adverse possession.

Upon the trial and after the evidence was all in, the jury, by direction of the court, returned a verdict for plaintiff, on the ground that the defendant had not proven a defense sufficient to be submitted to them.

The defendant appealed. The evidence shows that the defendant entered upon the land under the mistaken claim that it was vacant land of the United States.

The defendant subsequently entered as homestead, but was defeated in a contest in the land department. It is held that his possession was not such as would start the running of the statute of limitations.

ANOTHER COOS COUNTY CASE. James C. Brown et al., respondents, vs. W. W. Whittington et al., appellants; ordered on stipulation that respondents' time to serve and file their brief be extended to August 1st.

The Discussion of Elders Chase and Bunch. A Reply.

GRAVEL FORD, JUNE 1, 1899. DEAR EDITOR: I beg permission to correct a statement which occurred in the Herald of May 23d, under "Gravel Ford Items," in which the writer probably proceeded to give his own views rather than the real facts concerning the debate between Elder Chase and Prof. F. S. Bunch.

The facts as I shall give them can be verified by the moderators and every person who listened to the entire discussion.

In this article to which I refer, it was stated that "Elder Chase proved that the day (Sabbath) was not changed by the pope of Rome as the Seventh Day people have claimed."

Now, the facts are these: Elder Chase affirmed that Sunday, the first day of the week, is the Christian Sabbath, as taught by Christ and his apostles. Prof. Bunch denied. Not one word in the proposition as to who changed the Sabbath, neither was the pope of Rome called up as a witness to any such thing during the entire time of discussion, and every one who attended the debate knows the truth of this statement.

Again, it is stated that "Elder Chase proved that the first day of the week was the Lord's day and Christian Sabbath." Was proved? No judges—no decision rendered by audience or any committee; various opinions expressed, yet it "was proven." But perhaps the writer was not present; his neighbor told him.

But the entire audience of last evening will all remember that Prof. Bunch in his closing speech asked Elder Chase to read if he could one single statement from any authentic history, that Sunday, the first day of the week, was ever set forth as the Christian Sabbath by Christ or the apostles. He then called for one single text from the Bible that would make the same statement. But Elder Chase did not attempt to produce either. G. W. JOHNSON.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me.

I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. MARY A. BEARD, Claremore, Ark. For sale by R. S. Knowlton.
