We mentioned our friend Geo. Ross' visit to the county seat last week, but he never told us a word of the occasion for it, owing to his extreme modesty. But we'll forgive him—we know how it is ourself. We congratulate him sincerely, and wish the young couple all the happiness that can befall them.

Rev. E. L. Fitch, of this city, and Rev. A. Dahuff, of Bandon, attended the district conference of the Southern Methodist church at Harrisburg last week, returning last Wednesday evening. They alternately rode horseback and walked, having one horse with them to pack their satchels, averaging about 30 miles a day.

Keep Your Youth. If you are young you naturally appear so. If you are old, why appear so? Keep young inwardly, and you will look after the outwardly. You need not worry longer about those little streaks of gray; advance agents of age. will surely restore color to gray hair; and it will also give your hair all the wealth and gloss of early life. Do not allow the falling of your hair to threaten you longer with baldness. Do not be annoyed with dandruff. We will send you our book on the Hair and Scalp, free upon request. Write to the Doctor. If you do not obtain all the benefit you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed. Address, DR. J. C. AYER, Lowell, Mass.

Hawkins—Everything in proportion at Myrtle Point—Length, 9 feet, 6 inches"—Such was our greeting at our office Saturday morning, where the above-named friends had delivered a sample of rye plucked from a field at Myrtle Point, which measured as above stated—9 feet, 6 inches. The stalks of rye can be seen at this office, and speak for themselves. The heads are fine and filling out as the fair weather permits. We thank Dr. Carter and Prof. Hawkins for their kindness.

The show at Band hall by the Seaside Vitaseope Co. last Saturday night was quite entertaining, so far as the moving pictures and polyphone were concerned, but the coons from Beaver Hill might have been left out to the advantage and good name of all. Lorenz, of this city, and the charming Miss Engenie Harper, of near Bandon, formerly a resident here. We have no information as to the environments attending the affair, as to the number of friends present, and the fragrance of flowers and feast of good things prepared, but knowing these young people as we do, desire to join the throng of well-wishers to the happy voyagers and hope a long life may prove no less happy than these joyous moments. Mr. L. and bride will reside in Coquille City.

The Robbery Case, Which caused so much interest here the past few months, but which had quieted down somewhat since the failure of the grand jury to indict at the late term of court the parties held for the crime, is revived with renewed interest. E. L. Heninger and family, recently from Merced, Cal., and his brother George, who has been a resident with us for the better part of a year, left last Friday, via the bay, for Stockton, Cal. We regret to lose these clever people, and wish we could have opened a way to establish them here. George may come back—he knows why.

The business of the fake "promoter" got a black eye in this place recently. It hardly pays to harbor certain characters in a community, for sometimes they turn on their benefactors. Some who "joined" the late mining deal, when they became familiar with the promoter's scheme, had the manhood to withdraw and have nothing further to do with it.

We had a pleasant call last Saturday from Sergt. S. E. Shepard, just mustered out of the service as sergeant in Co. M, Second U. S. engineers, from service at Honolulu. In the company with him, from Coos county, were Sergt. Frank Batter and Private G. A. Wickander. Mr. Shepard left us the latest (and last) issues of "The Reveille," their battalion paper, conducted by their "publishing board," a very neat publication, comprising almost wholly original matter, prose and verse, much of it of high rank, interesting and instructive. Sergt. Shepard also left us a copy, each, of the Pacific Commercial Advertiser, a 6-column, 8-page paper, also the "Hawaiian Star," similar in size and style. Sergt.
