Old Man Krueger.

I. A tough old nut is old man Krueger, Pretoria. Pretoria! He is made of neither salt nor sugar. As he roars through Pretoria; And (what d'ye think?) this tough old nut swears between and salamander that he'll give the balge to no Ullander 'round about Pretoria.

II. For Old Man Krueger is no way skittish, Pretoria. Pretoria! He doesn't seem to fear the British. He says, by great and holy Zion! He'll pull his tail and keep his eye on That trench'rous blood the British lion, 'round about Pretoria.

III. They're holding Conference at The Hague, Pretoria. Pretoria! That is very vague, 'Peace on France.' War looking 'round Johannesburg; But British do not stop at truces. The peace they make is peace that stifles A weaker power with army rifles, 'round about Pretoria.

IV. The dear himself can't keep from laughing, Pretoria. Pretoria! (While he the sparkling bowl is quaffing) At things around Johannesburg; How easy 'tis to practice peace. To Peace, while in the friend's abodes War is played out by Cecil Rhodes. To gobble up Johannesburg!

V. They sent a man called Alfred Milner, Pretoria. Pretoria! But he did neither good nor ill, nor meant to at Pretoria; The thing is this: the greed for gold is making Ullanders too bold, And Krueger will not be controlled, At least, around Pretoria.

VI. If Old Man Krueger holds his hand, Pretoria. Pretoria! And gives the British to understand Good shots live 'round Pretoria. He may avoid the awful blight Of war; if not, he'll have to fight The marion is that 'tis right, As elsewhere, at Pretoria.

VII. If Old Man Krueger drops his hand, Pretoria. Pretoria! He gives the Britishers his land And title to Pretoria; The only arbitration made Is when both parties are afraid To kick the ball when it is play'd 'round about Pretoria.

FILIPINOS ARE AGGRESSIVE.

Were Returning to Imus With a Force of 2000, But Met Americans on the Way.

Washington, June 20.—General Otis forwards the following:

Manila, June 20.—Adjutant General, Washington: Wheaton at Imus, Cavite province, with four guns, four battalions of the Fourth and Fifth infantry, Nevada troops and cavalry. Sent a battalion south on a reconnaissance in the direction of Das Marinas yesterday morning, where the enemy their scattered forces. The battalion encountered the enemy's force of 2000, marching to attack Imus, successfully impeding their progress.

Wheaton, with two guns and two battalions, hurried forward and repulsed the enemy with heavy loss, the enemy leaving over 100 dead on the field. Our loss is five killed, 23 wounded. Wheaton was reinforced last night by a battalion of the Ninth infantry, and is driving the enemy beyond Das Marinas, which is now in his possession. Casualties today not reported. Wheaton's qualities for a bold and successful attack are unsurpassed.

Mine Owners Warned.

Wallace, June 19.—A deputy sheriff went to Mullan today, to notify the Independence and Hunter miners to cease working men without permits. The Independence complied with the order, but the Hunter declined. Unless work ceases tomorrow, the mine will be put under guard, and the superintendent put in prison.

Wilmington Justice: There are thousands of laws every citizen is expected to obey under heavy penalties, and yet he can only secure information concerning them by hiring a lawyer to guess what the authorities will do, or the courts decide. The poor man finds out the law only when a policeman clubs him, and rings up the patrol wagon.

Anton Pfanner, the ex-Forest Grove banker, is said to have been seen in San Francisco lately and that his bondsmen are likely to call for him, as they had to make good a deficit in an estate of which he was administrator.

S. F. Star: Any man who tacitly or avowedly, negatively or positively, approves the outrages against human rights now being perpetrated in the Coeur d'Alenes is not a true American.

General Otis has cabled confirming the assassination of General Luna, which he regards as bound to have a good effect, as his large following will now undoubtedly be for peace.

Hon. Richard P. Bland, champion of the free silver cause and for 24 years a member of the lower house of congress, died at Lebanon, Mo., on June 15th.

Mankind could make a paradise of this world at about one-half the price it has cost them to make a hell of it.

## Labor Emphatically Protests

### AGAINST MILITARY OUTRAGES AT WARDNER, IDAHO.

#### Great Land Enthusiastic Mass Meetings in San Francisco and New York Appeal to the President.

Last night there was a tremendous mass meeting at Metropolitan Hall, called by the Labor Council and Building Trades Council to protest against the usurpation of civil power and the trampling upon constitutional right by the federal military forces at Wardner and Shoshone county, Idaho. The big hall was packed to the door and the limits of the gallery. Addresses were delivered by James G. Maguire, Henry E. Highton, a prominent attorney, A. R. Andree, and the chairman, P. H. McCarthy. These were ringing addresses on the subject before the people now, and were enthusiastically received.

A monster meeting was held in New York city, also, and their remonstrance to the president against General Merriam cites the war department's instructions to the latter, and go to show that he has exceeded his authority and proven himself a willing tool and tyrant.

The following is the "protest" of the meeting held in San Francisco:

THE PROTEST.

Whereas, The horrors of the Wardner "Bull Pen" and the unconstitutional acts of Governor Steunenberg and Brigadier-General Merriam in their treatment of the parties suspected of complicity in the destruction of the Baker Hill and Sullivan mill at Wardner, Idaho, continue in spite of protest from all parts of the country; and

Whereas, It is evident from the most reliable sources that Governor Steunenberg is a plant tool of the mine-owners, combined to establish industrial feudalism in Idaho; therefore, be it

Resolved, By the citizens' mass meeting, called by the Labor Council and Building Trades Council of San Francisco, that we protest against the suspension of the writ of habeas corpus in time of peace; that we denounce the suppression of free speech and free press and the denial of the right of communication; that we condemn the wanton brutalities of the "Bull Pen" and that we call upon all trades unionists and citizens in general to make similar protest; and further, be it

Resolved, That we call upon President McKinley, as commander-in-chief of the army, to order the cessation of the usurpation of power by the military; and further, be it

Resolved, That we request the California representatives to ask, on the assembling of congress, for a congressional investigation of the Wardner brutalities; and further, be it

Resolved, That the secretary of this meeting wire these resolutions to President McKinley.

New York Labor Federation After General Merriam.

New York, June 18.—The Central Federated Labor Union today presented a resolution instructing its secretary to write to President McKinley and the war department, demanding the recall and trial by court-martial of General Merriam, because of his policy regarding the striking miners at Coeur d'Alene. A commission was also appointed to draft resolutions denouncing General Merriam.

This action by the central body was inspired by the reading of the reply from the war department to a letter asking if General Merriam's orders to the miners to employ no union men had the sanction of the department. The reply was written by Frederick C. Squires, confidential clerk to Secretary Alger, and inclosed a copy of instructions sent to General Merriam on May 31.

These were as follows: "You will instruct Major Smith, commanding at Wallace, that he is to aid with United States troops simply to preserve order. These were your original instructions. The army must have nothing whatever to do with enforcing rules for the government of miners or of the miners' union. That is a matter for the local authorities to deal with."

But one general has said that this constitution is too short to cover the limbs of the people and not fitted to present uses. I hope we will hear no other general saying that.

The speaker then quoted from the constitution the sections guaranteeing the right of habeas corpus and a republican form of government; and, applying these sections to the case at Wardner, showed that the constitution had been violated in a time of peace and when the state authorities were entirely able to cope with the situation.

We copy from the Examiner of the 15th the above introduction to its report of one of the greatest public demonstrations held in San Francisco for many a day, after which followed reports of the addresses delivered by Hon. James G. Maguire, Henry E. Highton, a prominent attorney, A. R. Andree, and the chairman, P. H. McCarthy. These were ringing addresses on the subject before the people now, and were enthusiastically received.

## TRUSTS AND DRUMMERS.

### Thousands of Men Lose Work by Formation of Combinations.

Washington, June 16.—During the afternoon session the industrial commission heard a statement from P. F. Dove, of New York, president of the Commercial Travelers' National League. Mr. Dove said the opinion of the commercial men at large was that the trusts were a menace to the community. He estimated the traveling salesmen in the United States at 350,000.

The formation of trusts and combinations was throwing a large number of these men out of employment. In giving specific instances he said:

"The National Enameling & Stamping Company, which depends for its raw material upon the American Tin Plate Company, has thrown a great many out of employment, and those retained have had their salaries reduced. The great tobacco combinations throw out about 3000 salesmen, the Continental Tobacco Company telegraphing the discharge of 350 in one day. The baking powder trust has dispensed with all excepting half a dozen men. I know of two salesmen discharged by the trust who were formerly in the employ of the Cleveland Baking Powder Company, one receiving a salary of \$5000 a year, the other \$4500. Their routes, with those of other discharged salesmen, are now covered by one agent at \$18 a week. The bicycle trust will throw out 600 salesmen gradually, and will cut down agencies in every city. The chair trust will affect immediately more than 500 salesmen by cutting them out of the line. One man writes me that the Union Bag & Paper Company has thrown out of employment hundreds of salesmen. The number of salesmen out of work because of the United States Rubber Company is 300; the salesmen retained have been reduced to a salary averaging, so I am informed, \$1300 a year. The American Tin Plate Company cut off about 30 out of every 100 salesmen. The American Steel & Rod Company, I have been told, discharged 300 commercial travelers in one day."

"In giving these estimates, I am not considering the office force thrown out through trusts. Sugar and coffee monopolies have thrown out 1000 salesmen; average reduction in salary of those retained, \$1000 a year, 25 per cent only of the old force being retained in the house position. The Standard Oil Company employs fewer salesmen than any other concern in the mercantile world of one-half of its capital."

Mr. Dove said the trust combinations had raised the prices of the commodities they controlled from 5 to 100 per cent in almost every instance, except coffee and sugar. In these they were still fighting for control of the field. He said his figures in this line were absolutely correct, being from reliable commercial acquaintances.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. MARY A. BEARD, Claremore, Ark. For sale by R. S. Knowlton.

The work of the Roseburg circuit court was finished up Friday, 11th, and an adjournment taken to Thursday, Nov. 23d. The convicted persons, Henry Staley, for larceny, and Jesse D. Gilbert, for forgery, were sentenced at 10 a. m. Staley got three years in the penitentiary, and Gilbert two years in the same institution. Theodore Roth, who burglarized Henry Stewart's store at Comstock, had previously been sentenced to serve six months in the warder school.

## Paralysis

is sometimes caused by overwork, either mental or physical. There are many other exciting causes, such as exposure to cold, excesses, emotional influences, etc. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness.

### Dr. Williams' Pink Pills for Pale People

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Sawyer. To a reporter Mr. Sawyer related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not retain my weight. At last I became so weak I was unable to move about. I consulted several distinguished physicians, on telling me that I had locomotor ataxia, another that I had cerebral paralysis. I took their medicines but they did me no good and my condition grew worse."

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I finished my first box I found that they were benefiting me. I used twelve boxes perfectly cured."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, post paid, on receipt of price, 50 cents a box or six boxes for \$2.50 (they are never sold in bulk or by the root) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.
