If you imagine Coquille and vicinity are not in line and keeping up with the procession, just look of our sanctum window a brief spell each day and observe the lumber that is passing in all directions.

Dave Johnson came over last Saturday from Seeley's camp, at Klondike, to spend a few days with his parents Mr. and Mrs. S. P. C. Johnson, and family, and draw a breath. He has been very hard at work, loading logs.

Jesse Beyers came in last Saturday from an extended visit in the east, chiefly at Canton, Massillon and other manufacturing towns in Ohio. Jesse says it is a lively section, and business in some lines is booming, but he is satisfied with Coos county.

Woodson Patterson, just graduated from the Oregon State Agricultural College at Corvallis, arrived in Coquille last week and will stop with us a brief spell at least. We welcome this worthy young countryman, and congratulate him on attaining so high and honorable a rank in his studies.

Rev. Mr. Lister, evangelist of the Christian denomination, will be present the 2d Sunday in July, and at the close of that day's services take charge of and conduct a series of meetings. Elder Lister comes highly spoken of as a pulpit orator, as well as an earnest and able worker. A cordial invitation is extended to all to attend.

Mr. and Mrs. T. J. Downing, accompanied by their daughter, Miss Mary, and sons, Joseph and Claude, arrived at Coquille City last Friday from Gold Hill, Jackson county, and are the guests of Mrs. Downing's brother, J. J. Stanley. They drove over the mountains and will include a visit to Bandon beach before returning. The older son, Joseph, spent some weeks here last fall, and met up with some acquaintances. The Herald sanctum was honored with a call.

Mrs. Hersey has just received a large assortment of Sailors, which, owing to delay, she will sell at a discount. Also Children's red-trimmed Hats at cost.

WE WANT to trade 220 acres good farming land in the best location as to school and market in Nebraska, either for a farm, town property or stock of goods in Coos county.

Ho, for the beach! The roads are already thronged with visitors to the beach. We do not wonder, when the thermometers just over the mountains are up in the nineties.

Mrs. Frank Robinson was down shopping last Saturday, from her home above town. She has ordered through us one of those superb Arlington high-arm sewing-machines, as advertised in the Herald.

A grand ball is provided for to take place in Coquille City on the night of 4th of July. Leach's orchestra will have charge, aided by others who will give their efforts to provide pleasures at home that day.

Duncan McLeod reached home from Roseburg last evening, experiencing some inconveniences caused by the rain of Sunday. He brought two passengers, Wm. Prewett and bride, on their way to the lower river.

The entertainment given by the Christian Sunday-school and Endeavor at Band hall last Friday night was a successful affair. The attendance was good, the program entertaining and varied, while the sum added to the music-book fund was encouraging.

We are pleased to learn from a friend of Mrs. Colebrook at this place—Mr. Colebrook and family having lived here some months and until about a twelve-month ago, when they moved to British Columbia—that she has fallen heir to and received from England the snug little sum of \$3500.

W. Albee and Wallace Hammack, the shingle-mill firm at Arago, were both down on business last Saturday. They are receiving a most encouraging patronage, which is increasing, and they are endeavoring to meet the demand. They put out only first-class shingles—one grade—at such reasonable rates that they are much encouraged at the demand. They advertise in today's Herald.

Wm. Prewett and bride (the latter of Eugene) came in from Roseburg Monday evening with Duncan McLeod and left for his home near Parkersburg today. The wedding took place in Eugene last week, being something of a surprise to her people there, and their presence at his father's home will be another, for they were not informed of the nuptial event. If we understand correctly, the bride formerly lived while at Bandon. The Herald extends greetings.

Jessie Luse, of the Sun, in mentioning the music to be furnished at that place on the 4th, says: "The contingency of being compelled to introduce 'imported lopers' is now past, and the Marshfield brass band in its usually able manner will discourse the melody which charms 'with its voluptuous swell.'" The Herald will say that the masses of the citizens of Marshfield have no such sentiment to express toward musicians and other citizens of sister neighborhoods in the county, admitting that the local band is all that is claimed for it. Jessie himself might be better off if he had lop-eared associates instead of "joint" habits with nothing to commend them but human shapes, store clothes and sea-sens. His two or three boon companions here will secretly approve his sentiment, but be very close-mouthed and double-faced as usual.

Hon. W. S. Vanderburg passed up the road to Myrtle Point yesterday, Mrs. V. accompanying. The latter had somewhat recovered from her late decline of health, and thought the trip and visit of a few days up from the coast might help her.

The Lairds will at once put on conveyances between this place and Roseburg, known as the Coquille-Roseburg Stage Co. The headquarters at this end of the line will be at Dean's livery stables, where you can apply for passage and terms.

Mr. John Bevins, editor of the Press, Anthon, Iowa, says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for fifteen years, have recommended it to hundreds of others, and have never known it to fail in a single instance. For sale by R. S. Knowlton."

Our section is greatly in need of high school privileges. Our class of youth who graduated from the 8th grade of our public schools at last term, were entirely out of the 9th grade instruction this year owing to the school being broken up. Several scholars from the outside, too, who were paying tuition, fared badly too. Now, these are cut off from our local schools, and will have to go aboard if they wish to continue their studies—and this should not be. The cost of one abroad would be as much as three at home, while at the same time they are away from home and home influences. Think on this subject.

In view of the early meeting of the Pioneers' Association, it is to be hoped that Historian Dodge will be supported in his efforts to present a clean bill from his department, which he can easily do if those who subscribed for copies of the history will pay up. It is well worth the price of subscription. Now let all rally to this worthy object. The case noted in the Herald about two weeks since, of a claim for balance for printing the history, brought at Salem, has been thrown out of court, we are informed, and seems to have been used more as a bluff on the part of the printer against the binder. But be that as it may, the book is worth its cost of subscription to every one.

Wilson & Wilson, at their wagon and carriage making department, are just finishing two very handsome, neat and strong spring wagons, which they show for themselves. One is a 3-seat, 4-spring, passenger hack for Dean's livery stable, certainly up-to-date in style and finish and very strong. The painting, lettering and lining is in black, gold and carmine, very neat and pretty, the artistic work of N. W. Leneve. The other conveyance is a light 2-seat "Browster side-bar" hack, and it is for the Guerrier Bros. at Eckley. This, too, is a little beauty and shows up in black and carmine. Of course, no eastern work for general sale can compare with these for strength and utility, and we have reason to be proud of the output of our home mechanics.

No-To-Bac For Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. \$1. All druggists.

In Supreme Court—A Coos County Appeal Case.

In the supreme court, yesterday, the case of J. J. Stanley, D. F. Dean, B. F. Ross, W. W. Hayes and J. H. Schroeder, plaintiffs-respondents, vs. J. A. Luse, M. A. McLeod, Thos. Howard, E. G. Flanagan and the Sun Printing Company, defendants-appellants, an appeal from Coos county, was argued and submitted. The action was brought for the purpose of securing a settlement of a controversy between the stockholders of the Sun Printing Co., of Marshfield, all parties to the action being stockholders of the said corporation, for the appointment of a receiver, and for an injunction against the defendant, enjoining them from interfering with the business of the corporation, or from selling or incumbering their stock. The cause came up in supreme court from Coos county, Hon. J. C. Fullerton, judge, and was argued by L. B. Fox, of Portland, for appellants, and S. H. Hazard, of Empire City, for respondents.

Albert visited his brother Sam at Portland, and will bring with him some mementos and other art work which had been ordered, but which Sam could not find time to deliver in person. Albert is one of our most studious and promising young men, although so quiet and retiring in disposition.

Our old comrade, friend and fellow-townsmen, Wm. Notley, departed on yesterday's train, via the bay, to California, thence east on a long and possibly permanent absence—although he may conclude to return. He will have a family reunion with his sons at his son George's home at San Jose, Cal., on the 4th of July. Soon after he will proceed to New York, thence to Devonshire, England, to be put in possession of an inheritance of considerable value. Friend Notley was the first paying subscriber to the Herald, 17 years ago, and has been continuously a subscriber ever since. The Herald wishes him a safe and profitable journey.

Jesse McQuigg killed a fine brown bear at China Camp, about 14 miles from his home, last Friday. He went out hunting, but without any expectation of meeting a bear, and when he heard a noise, thought it was a deer, but caught a glimpse of brain standing in his way and looking at him. He raised his gun and fired, the shot striking him on the nose and ranging back into his head; a second shot broke his neck, and another shot quieted the brute completely. He dressed 180 pounds.

Jesse brought us a sample roast and one paw, which measures 44 inches across. The claws are 14 inches straight across. The hide weighed 30 lbs., and measured 44 feet across and 6 feet long.

FIFTY YEARS OLD

Why let your neighbors know it? And why give them a chance to guess you are even five or ten years more? Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

Ager's Hair Vigor is a youth-renewer. It hides the age under a luxuriant growth of hair the color of youth.

It never fails to restore color to gray hair. It will stop the hair from coming out also.

It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair.

It cleanses the scalp; removes all dandruff, and prevents its formation.

We have a book on the Hair which we will gladly send you.

If you do not obtain all the benefits you expected from Ager's Hair Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed.

Dr. J. C. Ayer, Lowell, Mass.
