Strikes and rumors of strikes, armed outbreaks, killing and prosperity. The mills are open, you bet.

Now the administration is after Admiral Schley. The evident intention is to ruin every officer who is not entirely subservient to the bosses who rule in high places.

Critic: Five millions of people are starving to death in Russia, and not a hand to help them. Still when they hear from the czar's peace conference they will no doubt be consoled.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by R. S. Knowlton.

Woman's ministry is recognized in Psalm 68, 11th verse: "God giveth the word and the women who publish it are a great host" (revised version.) Blessed women! Take them out of the world and the devil would soon take the rest.

Rev. Swafford's "Home Advocate:" "Memorial Day Ball!" Think of it. Dancing over the graves of our fallen braves. God pity such a perverted sense of propriety. But if any have nothing better than heels to offer as a tribute to the memory of our heroes, why bring on your heels.

The manager of the Fountain hotel in Yellowstone Park says that for 30 minutes on the 26th, without intermission, there was an eruption from a crater about 50 feet north of the Fountain geyser, which has always been considered to be nothing more than a pool. The size of the opening is about the same as the famous Fountain geyser. The eruption played from 200 to 250 feet high.

Big National Treasury Deficit.

It is regarded as a conservative estimate that the treasury deficit for the fiscal year 1899, which closed June 30, will be less than $100,000,000. Already the receipts for the year aggregate over $489,800,000, with the expenditures barely $100,000,000 more. The total receipts from all sources last year amounted to $405,321,335, leaving a deficit of $38,047,247.

Treasury officials are now confident that the deficit for the present fiscal year will not exceed $90,000,000. One week ago the estimate was a little short of $100,000,000, but during the last few days the receipts have been rather above the estimates, while expenditures have greatly fallen off.

A remarkable case of love for opium has come to light at The Dalles. Two men and a woman, all fiends, made their home in a hogpen, back of the brewery, and lived by begging.

Col. W. H Byers, late of the Soldiers' Home, is on his way to Josephine and Curry counties where he has a contract for government surveying.

A large tree fell upon the cabin of Jack Fogarty near Albany, Sunday night. The cabin was made into kindling wood.

Carnegie is going to lead a different life. Bully for Andy. Say, why not found a home for indigent reform writers?

TEN THOUSAND MEN.

Recruiting for the Philippines Will Begin at Once for Two Years.

Washington, June 28.—Secretary Alger, Adj-Gen. Corbin and Colonel Bird, assistant quartermaster-general in charge of transportation, had an hour's consultation with the president today relating to the question of reinforcemens for General Otis. A definite decision was reached to continue recruiting men at all the recruiting stations, and Secretary Alger said after the conference that General Otis would have 40,000 men when the rainy season closed for resumption of active operations.

The enlistments are to be for service in the regular army and recruits are to be organized into regiments or assigned to regiments already formed after enlistment. General Corbin said the enlistment would be for two years. Arrangements are to be made at once for increasing the transportation necessary to get these additional troops to the Philippines.

Queer Things About Birds.

No bird of prey has the gift of song.

Vultures have no sense of smell. Carcasses kept out of their sight are never detected by them.

The stork has been known to perish in the flames of a burning house rather than to desert her young.

The smallest egg is that of the tiny Mexican humming bird. It is scarcely larger than a pin's head.

The smallest bird is a species of humming-bird common in Mexico and Central America. It is not quite so large as a bluebottle fly, and weighs twenty grains.

The woodpecker is an excellent carpenter; the hole he bores in a tree is exactly round as though lined out with a pair of compasses.

An owl cannot move his eyes, as they are fixed in their sockets. The deficiency is atoned for by great freedom of motion in the muscles of the head and neck.

The wings of the owls are lined with a soft down that enables the bird to fly without making the slightest sound, a very important matter to a nocturnal bird of prey.

Twenty-five California Miners Perish in Siberia.

San Francisco, June 27.—A Call special from Nevada City, Cal., says: Mrs. Norval Douglas, of San Francisco, writes to friends here that she has received a letter, saying her son, Harry Douglass, of this city, along with 25 other picked miners from various counties of California, who left on June 2d of last year for Siberia, under the leadership of John T. McCall, who was a gravel mining superintendent here, have perished from privation and cold.

In the party were two other miners from this city, besides McCall and Douglass, one of them being John Armstrong and the other Thomas Daniels. They all went under contract to a New York company, expecting to be gone three years.

Regimental Strength in the Philippines.

Kansas City, Mo., June 28.—A special cablegram to the Star from Manila, via Hong Kong, June 27, says:

Captain Clark, Captain Watson, Lieutenant Ball and 200 sick and wounded from the Twentieth Kansas regiment have been sent home. Only 450 men are doing duty. These are on the firing line. The other members of the regiment are relieved from duty on account of sickness.

[The Kansas regiment's normal strength is about 1200 men. With 200 sick on the way home and 450 on the firing line, 550 are left among those "unfit for duty."]

Ship Bringing the Plague to America.

San Francisco, June 27.—information of the presence of the bubonic plague on the Nippon Maru, bound for this port and now in quarantine at Honolulu has caused no alarm among the quarantine authorities here. There is no expectation that the disease will enter San Francisco. The federal system of quarantine has not yet been established at Honolulu, but there is a representative of this government attached to the American consulate there whose business it is to see that so far as this country is concerned the quarantine laws are properly enforced.

Four Cannon for Oregon.

New York, N. Y., June 28.—General Chas. F. Beebe, Commanding Oregon National Guard, Portland, Or:

Complying with your suggestion, I applied to secretary of navy for battery of four Spanish cannon for Oregon volunteers' monument, and have a letter from secretary promising to reserve four cannon now coming from Philippines for purpose indicated.

GEO. W. MCBRIDE.

The ranks of the pioneers of southern Oregon have thinned more rapidly than ever during the past year. Of the eight people buried in the Jacksonville cemetery during the past month nearly all were old settlers.

INSOMNIA

"I have been using CASCARETS for Insomnia, with which I have been afflicted for over twenty years, and I can say that Cascarets have given me more relief than any other remedy I have ever tried. Smallpox Epidemic Feared.

Spokane, Wash., June 29.—A smallpox scare exists in a dozen towns in eastern Washington. Almira, Lincoln county, is quarantined. Colfax has some well-developed cases. A new patient has been reported in Spokane, and Walla Walla has a sick man in her pest house. At Almira there are seven well-developed cases, the whole town having been exposed because a school teacher, who was first stricken, did not know the nature of his malady and continued to teach for several days. Another case was discovered at Marshall, this county. Five men who occupied a box car with him, have gone to Waverly, where hundreds of laborers are working in the sugar beet factory, and it is feared the epidemic will spread there. Public meetings in farming communities have been prohibited, while vaccination is prevailing fast.

An Illegal New Mexican City.

The city of Santa Fe, N. M., has discovered that not a single property holder in the place really owns a foot of ground. The city has no title of government and no right to collect land taxes or authority over the streets or the plaza. The courts have decided that the entire Santa Fe grant was illegal.—New Mexican Letter.

Three Hundred Editors.

Chicago, June 29.—Delegates to the fourteenth annual convention of the National Editorial association, which meets in Portland, Oregon, July 5th, 6th and 7th, gathered here today. Three hundred will leave for Portland tomorrow, on a special train.

(Marshfield Sun.)

Miss Maud Garfield came over from Bandon this week on her way to her home in Oakland, Cal.

Alex Urquhart came over from the Coquille this week and has accepted the position as foreman of the Porter mill.

Captain W. W. Harts, U. S. engineers, will receive bids shortly at his office in Portland, for removing the Robertson raft cradle in the bay abreast of Porter.

H. L. Burleson has purchased George Cline's large sail boat and will put a gasoline engine in her. He expects to have her ready for service in picking up fruit for his evaporator.

The fire alarm today noon brought out the hose company to extinguish a small blaze in the roof of Alex Lund's boarding house on A street. The boys beat all past records in getting to the fire, and are being showered with compliments.

The dredger will soon complete its work in the lower bay and move to the O. C. & N. Co.'s bunkers. The government contract will be completed in less thana month, after which it is possible some dredging will be done for private parties as well as some extra work for the government in Coos river.

Wm. Notley, a Coos county pioneer of '71, paid his first visit this week to Coos river. He made the trip on the steamer Alert with Captain Edwards and speaks in high terms of the productiveness and fertility of that section. He says the more he sees of Coos county the more he is convinced that it is destined to become one of the most important dairying sections on the coast.

"My Country, right or wrong; but God grant she may ever be right."

The Eagle Screams.

I am the American Eagle,
And my wings flap together.
Likewise, I roost high,
And I eat bananas raw.
Rome may sit on her
Seven hills and howl,
But she cannot
Sit on Me.
Will you please put that
In her organ and grind it?
I am mostly a bird of peace;
And I was born without teeth,
But I've got talons
That reach from the storm-
Beaten coasts of the Atlantic
To the golden shores of the
Placid Pacific;
And I see the Rocky Mountains
As the whetstones to sharpen them on.
I never cackle 'till I
Lay an egg;
And I point with pride
To the eggs I've laid
In the last hundred years or so.
I'm game from
The point of my beak
To the star-spangled tip
On my tail feathers,
And when I begin
To scratch gravel,
Mind your eyes!
I'm the Cock-of-the-Walk,
And the Henbird of the
Goddess of Liberty,
The only gallinaceous
E pluribus unum
On record.
I'm an eagle from Eagleville,
With a scream on me that makes
Thunder sound like
Dropping cotton
On a still morning.
And my present address is
Hail Columbia,
U. S. A.!!
See!

BRIGHT'S DISEASE

Or Chronic Inflammation of the Kidneys is a very common ailment. Numbers of our best citizens have succumbed to its effects, even though under the most skilful medical treatment. Like all chronic diseases, the symptoms come on insidiously. If proper treatment is obtained in its early stages, Bright's Disease may be cured. HUDYAN will cure it if it is taken in time. HUDYAN will relieve you of all the symptoms. Do not delay too long. Don't wait until your case becomes incurable. You will then throw your money away on doctors and medicines.

Begin the use of HUDYAN now, while you may be cured.

THE EARLY SYMPTOMS ARE:

1. CHRONIC SICK OR NAUSEOUS HEADACHE—HUDYAN taken as directed will relieve the headache instantly.

2-3. PUFFINESS OF THE SKIN UNDER THE EYES, due to a collection of fluid—in other words, DROPSY. HUDYAN will cause the extra amount of fluid to be taken up by the blood and be eliminated by the Kidneys.

4-5. PALE, DOUGHY COMPLEXION, due to the imperfect circulation of the blood. HUDYAN will restore the circulation to its normal condition and cause the cheeks to become red and rosy.

6. WEAKNESS OF THE HEART—One of the first symptoms and the one that eventually causes death. HUDYAN will strengthen the nerves and muscles of the heart and make it strong and regular in its beatings.

7-8. WEAKNESS AND PAIN IN THE REGION OF THE KIDNEYS—HUDYAN will cause the kidneys to perform their functions properly, thereby relieving the pain and weakness.

Get HUDYAN at once and take it regularly. Full and explicit directions go with each package. HUDYAN is sold by all druggists for 50c per package or 6 packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco or Los Angeles, California. Remember that you can call and consult the HUDYAN DOCTORS FREE. Call and see them. If you cannot call, write to the doctors and tell them all about your case and they will advise you. The advice will be given free. Address.

TERRIBLE INSTRUMENT OF WAR.

Shell to be Used in the Philippines Will Annihilate an Entire Battalion.

Chicago, June 27.—A special to the Chronicle from Washington says: A shell of terrific explosive power, with a capacity to annihilate by bursting fragments and a shock as effective as a streak of lightning, will be the feature of the fall campaign in the Philippine islands. Tests of the charge of this terrible engine of war are being made at Sandy Hook, the government guarding closely its secret of manufacture.

A shell of this nature, charged with an explosive equal to melinite or dynamite, falling near a battalion of the enemy, would kill or cripple a very large percentage of the battalion. The chances of escape from this tremendous machine will be decreased 100 times, experts say, as compared with shrapnel discharged on the same objects.

Fire Extinguisher.

Make your own fire extinguisher; the recipe is simple, and its effectiveness in controlling an incipient blaze has been proved by thorough tests. The following formula is recommended:

Take twenty pounds of common salt and ten pounds of sal ammoniac (muriate of ammonia, to be had of any druggist) and dissolve in seven gallons of water. When dissolved it can be bottled and kept in each room in the house, to be used in an emergency. In case of fire occurring, one or two bottles should be immediately thrown with sufficient force to break them into the burning place, and the fire will certainly be extinguished. This is an exceedingly simple process, and certainly worth a trial.

Notice of Sale of Real Estate on Foreclosure.

NOTICE IS HEREBY GIVEN THAT under and by virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon, in and for the County Coos, upon a decree of foreclosure, on the 5th day of June, 1899, in a certain suit wherein S. H. Hazard is plaintiff and George W. Loggie, Amanda E. Loggie, Robert Shine, Southern Oregon Company, Sarah A. Moore and H. H. McPherson are defendants, being case number 1827 of said court, and to me directed, and commanding me to sell the hereinafter described real property in the manner provided by law, and apply the proceeds of the sale of such premises, as in said decree directed. Now, therefore, notice is hereby given that I will, on SATURDAY, THE 15TH DAY OF JULY, 1899, at the hour of ten o'clock in the forenoon of said day at the front door of the courthouse in Coquille City, Coos county, Oregon, offer for sale and sell at public auction to the highest and best bidder for cash, all of the right, title and interest which the said defendants or any of them, had on the 29th day of July, 1890, or at any time since have acquired in or to the following-described premises, excepting only the undivided portions thereof herein after expressly excepted, and which said real property is described as follows, to-wit: Lots number 1 and 2 of section 36 in township 25, south of range 14, west of the Willamette meridian and containing 69 and 65-100 acres. Also beginning at meander post on south side of Coos bay on line between sections 25 and 26 in township 25 south of range 14 west of the Willamette meridian and running along meander line of said Coos bay as follows: South 28 degrees west, 30 chains; south 60 degrees west, 7 chains; north 49 degrees 30 minutes west, 6 chains; south 70 degrees west, 5 chains; south 42 degrees west, 12 chains; south 24 degrees west, 3 chains; north 18 chains to low water; thence north 45 degrees east, 38 chains and 50 links along low water line; thence south 66 degrees 30 minutes east, 12 chains, to the place of beginning, containing 70 acres of tide land fronting or abutting upon the said lots 1 and 2.

Excepting only the following undivided portions of said premises, which are not to be sold under said decree, to-wit: An undivided one-tenth of said described premises bargained, sold and conveyed to the plaintiff by the defendant George W. Loggie by deed dated the 22d day of July, 1891; and also an undivided one-tenth of said described premises bargained, sold and conveyed to the defendant Sarah A. Moore by her co-defendant George W. Loggie by deed dated the 23d day of July, 1891; and also an undivided one-eighteenth (1-80) of said mortgaged premises bargained, sold and conveyed to the defendant Amanda E. Loggie by her then name Amanda E. McLaughlin, by her co-defendant George W. Loggie by deed dated the 7th day of July, 1892; and also undivided portions of said described premises bargained, sold and conveyed to other persons who are not made parties defendant in this suit, by the defendant George W. Loggie, by deeds dated prior to July 10th, 1892, which are excepted from the lien of said mortgage by the complaint of plaintiff.

Witness my hand this 13th day of June, 1899, at Coquille City, Coos county, Oregon.

Notice to Contractors.

SEALED PROPOSALS WILL BE RECEIVED in open session of the County Court of Coos County, Oregon, until 2 o'clock p. m. Saturday, July 8, 1899, for sealed plans, specifications and strain diagrams, and for bids for the building, erection and construction of a bridge according to such plans, specifications and diagrams across the Middle Fork of the Coquille River where the right of way for a county road crosses said river on B. F. Hill's premises in Road Districts No. 37 and 42, in Coos county, Oregon, and about 12 miles above Myrtle Point. Bidders will state specifically the kind and quality of timber they propose to use in the construction of said bridge. Said bridge, main span to be about 135 feet, and about 43 feet above low water mark. Apron on south bank to be about 33 feet and on north bank about 30 feet.

The party or parties to whom the contract may be awarded for the construction of said bridge will be required to give a satisfactory bond in the full amount of the price bid for the construction of said bridge and each bid must be accompanied by a certified check or cash to be deposited with the County Clerk in the sum of 5 per cent of the amount of the bid, conditioned that if the proposal be accepted and the contract awarded, and if the bidder shall fail or neglect to execute a written agreement and give the bond required within six days after the award is made, then and in that case the said check or deposit shall be forfeited and the amount thereof shall be paid in to the County Treasurer of Coos County, Oregon, by the County Clerk, as liquidated damages for such failure and neglect. Said bids to be filed with the County Clerk of Coos County on or before the date above mentioned.

The County Court reserves the right to reject any or all bids.
