Several window-lights at the new schoolhouse have been broken, evidently by boys with airgun or catapult, and the directors think they know the guilty parties. It is to be hoped they will be caught and made suffer both for the damages and shooting in the town limits.

The city is about to have two legal contests on its hands—one "civil" and one "uncivil." The city will itself test its power to issue bonds, while several Front street property-owners kick at the street and sidewalk improvement orders of the council and will resist them. Attorneys have been retained by them, we understand, possibly at a greater cost than the improvements would be.

The council accepted the offer, and the chairman and recorder were authorized to execute the necessary papers. It was the intention to advertise for bids, but the HERALD's publication of the action of the council brought an acceptable customer and avoided the cost and delay of formally advertising. Mr. Clark, while here, also secured HERALD issues giving data of the financial condition of our county etc.

THE LORENZ STORE ROBBERY.

New Evidence Against Ed White—Charley Nosler Held for Perjury.

Considerable excitement was stirred up last Wednesday when interest in the late bold robbery of Lorenz's store was revived by the rearrest of Ed White—one of the original parties, but discharged at the preliminary trial held June 14th last—and his break for liberty by jumping from the steamer into the river and reaching the shore. Sheriff Gage had secured such evidence against White that he was warranted in making the arrest, and upon receipt of necessary papers he proceeded to Riverton and on Wednesday morning, having secured his man, took the steamer Dispatch for Coquille. At a point close to Beaver slough, while the sheriff was temporarily occupied in conversation at a little distance from the prisoner, and the stern of the boat close to shore, the prisoner made a leap, reached the shore, and before the officer could be landed disappeared in the undergrowth. Upon notification of the fact, posses were organized at Riverton and at this place, and the country scoured for the escape. At about 11 o'clock at night, at the Bandon bunker, below Riverton, three young deputies sheriff who had secreted themselves heard approaching steps. White passed one, then another, without observing the officials, when these stepped up behind him and the third in front and demanded his surrender. This done and the posse—Fred Gage, Joe Collier and Jack Reese—and prisoner were soon on their way to Coquille City, others of the posse having been notified and ceased their labors.

Thursday at 1:30 p. m. a hearing was had at the court room before Justice J. H. Cecil, District Attorney Brown conducting the prosecution, and Attorney Minot the defense. The first witness, Henry Lorenz, established the act of robbery. The second witness was Tom Drew, held in jail for the robbery, who gave state's evidence and made a clear confession of the whole affair. The hearing was continued at night, resulting in the justice fixing White's bond at $2000.

ANOTHER ARREST FOR PERJURY.

In the meantime papers were issued and served against Charley Nosler, a brother-in-law of White's, who also lives at Riverton, on the charge of perjury, and the prisoner was delivered Friday afternoon. Saturday morning Justice Cecil held another trial. Tom Drew was also the principal witness in this case. His testimony was to the effect that Nosler received, or was to receive, $40 for certain testimony before the grand jury of last term, by which the prisoners were discharged. Justice Cecil fixed this prisoner's bond at $1000.

Both White and Nosler are yet in jail, expecting, however, to give bonds and be released from confinement.

Hardee Mast visited Coquille Monday. Hardee is about the happiest fellow in Coos county since his wife presented him with an 11 pound boy on the 25th of last month. Rev. H. S. Shangle preached at the Methodist church last Saturday and Sunday. Quite a crowd attended.

Mrs. C. H. Mast and her son, Webb, and Mrs. Waters, visited your town the Middle of last week. They remained over night. Mrs. Mast went down to attend the Rebekah Lodge.

North and East Fork Dots.

Gravel Ford, July 13.—Warm weather and farmers are busy making hay.

The Gravel Ford school reopened Monday after a week's vacation.

Presiding Elder Shangle, of the M. E. church, south, held services at the North Fork church last Sunday; a large crowd was present.

Mrs. Walter Colvin and children returned to their home in Coquille last Tuesday, after a two-weeks' visit with Mrs. C's parents, Mr and Mrs. C. Hammerlof, at Gravel Ford.

Gravel Ford can boast of having had some magnificent fireworks on the night of the 4th. They were beyond comparison.

George Martin passed through this place last Monday, with a hack load of passengers.

R. G. Summerlin, D. J. Taylor and Miss Ida Hammerlof have been elected delegates from this place to attend the Sunday-school convention at Dora, July 16th.

Wonder what's the matter with Don Juan of the Enterprise? Getting kind of crazy, I presume. Strange how he can tell such awful fibs and then live over them. Now, Mr. Don, "hain't you a sight!"

Eldridge Ingram and Harry Hughes are the boss hands at shocking hay, having shocked 25 acres in less than one day, so Eldridge said. Now, beat that, won't you!

Two certain young gentlemen—one of the North Fork, the other from the East Fork—were out driving with two certain young ladies from this place on the 4th. The buggy could only boast of one lap-robe, so it was decided to take a piece off of one of the young gentlemen's coat, and that made a lovely lap-robe. How wise some people are!

Miss Gertie Johnson, of Coquille, has been visiting friends on the North Fork for a few days.

More anon, BONNIE DUNDER.
