Our paper one year and the FARM JOURNAL from now to December 1903, nearly 5 years. The FARM JOURNAL is an old established paper, enjoying great popularity, one of the best and most useful farm papers published. ☞Do not delay.

No Other Paper

Gives the clubbing offers that you can get with the HERALD. Now it is the

OREGONIAN

which we will give for 1 year as a premium to HERALD subscribers.

Pay up arrears and send in $2 for 1 year in advance to the Coquille City HERALD and we will send you the *Weekly Oregonian for 1 year as a premium*, fully paid up.

Four thousand "drummers"
Have had to take a walk;
The "Trust" can sell its goods direct
And save a lot of talk.
The boys will have a chance to rest,
And polish up their drums
To play some more "protection" tunes
When nineteen hundred comes.

The traveling men of New York are organizing to fight the trusts and will make an effort for the enforcement of the Donnelly anti-trust law.

Mis-trials rarely occur in criminal cases in Germany. A vote of 6 to 6 acquits the prisoner; a vote of 7 to 5 leaves the decision to the court, and a vote of 8 to 4 means conviction.

The Japanese railways have introduced newspaper reading cars on some of their passenger trains. Tall piles of newspapers are kept at the service of travelers to read as they ride.

Salem Statesman: Governor Geer speaks right out in meetin' when it happens to be regarding the brave Oregon volunteers.

And the Roseburg Review adds: Yes, and he was willing to sacrifice the lives of every one of them, even after they had completed the service for which they had enlisted, and were entitled to be immediately mustered out.

The assessment of the six leading public corporations of San Francisco has been increased from $17,302,750 to $34,863,821. The city is now under reform administration and the big corporations will be compelled to bear their just and equal share of public expenditures.

East Oregonian: Teddy Roosevelt glanced his eagle eye over the New York tax list, in which Andrew Carnegie (the fellow who thinks it is a disgrace for a man to die rich), a good, patriotic Republican worth $100,000,000, pays taxes on $150,000, and W. C. Whitney, an equally patriotic Democrat (not a Populist in the list), worth $30,000,000, pays taxes on $50,000, and Mr. Roosevelt thinks the lists should be made out at Albany. Just so, Teddy; there are other states.

Oregons Are Mustering Out.

San Francisco, July 28.—The efforts of the people of Portland to get the Second Oregon regiment back before they are mustered out have been fruitless. The mustering-out process is going on here as rapidly as possible. The officers and men have put in their appropriate share for a special train to convey them to Portland. The contract is just about to be closed, and on the morning of August 8 the Oregonians, no longer a regiment in law, although still so in feeling and organization, will start for home. There are no cases of serious illness in the regiment.

Americans Capture Calamba.

Manila, July 27.—7:10 p. m.—Brigadier-General Hall, with 1000 men, has captured Calamba, on Lagrand de Bay. Loss to the United States forces, 4 killed, 12 wounded.

Washington, D. C., July 27.—Calamba is a town of nearly 12,000 population, located on the eastern shore of the bay, 30 miles southeast of Manila, and is much further south than the American troops had yet penetrated on land.

Don't Tobacco Spit and Smoke Your Life Away.

To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or $1. Cure guaranteed. Booklet and sample free. Address Sterling Remedy Co., Chicago or New York.

PORTLAND FIRMS KNOCK THE PERSIMMONS

Wakefield & Jacobson Get Coos Bay, Hale & Smith the Siuslaw and John Kiernan the Coquille Improvements.

Portland contractors have again come out victorious in competition for government work. The successful bidders this time are Wakefield & Jacobson, Hale & Smith and John Kiernan. The amount of these contracts, which will doubtless be awarded to them, as they were the lowest bidders, aggregates over $170,000.

Wakefield & Jacobson put in the lowest bid for building the Coos bay jetty, their bid being $123,710. This contract will necessitate the moving of 200,000 tons of rock a distance of 20 miles, and is no small undertaking. The work has to be completed within 20 months after the signing of the contract.

Hale & Smith will get the contract for the construction of the Siuslaw jetty for $23,737. They will have to carry 25,000 tons of rock a distance of 14 miles. The north jetty is to be extended from 600 to 700 feet, and mattresses are to be constructed at the south jetty. This work is to be completed within 10 months after the signing of contracts.

John Kiernan's bid of $23,568 will secure him the contract for the improvements to be made at the mouth of the Coquille river. The handling of about 40,000 tons of rock is involved in the execution of this contract, which must also be completed within 10 months of the signing of the contract. The south jetty at the mouth of the Coquille will be extended 315 feet, and a north jetty, 500 feet in length, is to be built.

The bids on these improvements were opened yesterday in the office of the government engineers in this city, and Captain William Harts, in charge of the local engineering office, has forwarded them to General John M. Wilson, chief of engineers of the United States army, for his approval. Work will probably be begun on all three contracts about September 15. —Evening Telegram, July 26th.

Important for Teachers.

A Salem special says: The state board of education held a meeting this afternoon, at which several important rules were made. It was decided that no certificate will be granted under the provisions of the old law, even if the applicant were entitled to one, when the time for receiving it had expired, May 20. Graduates from normal schools and chartered institutions are excepted from this rule. The board decided that primary certificates are county certificates, and should be issued by county boards of examiners and are good in any county in the state. As the law places no time limits on primary certificates, they will issue without time limit. Applicants for primary certificates will be required to pass examination on the same questions as applicants for first, second and third grade certficates—on reading, writing, orthography and theory and practice, and pass further examination upon the art of questioning and methods. It was also decided that certificates of other states will be honored here, provided they are state papers of like grade and secured by state examination. Superintendent Ackerman reported that he had turned into the state treasury $988 received by him for state certificates and diplomas. This goes into the state board of examiners' fund and makes a total of $1598 paid in by Superintendent Ackerman.

Important Commercial Positions for Women.

Taking in the whole country there is no position connected with the running of a great mercantile establishment that is not filled by women. There are women advertising managers who receive salaries of $5000 a year, women buyers and women dressers, and superintendents and managers who earn nearly as much, and traveling saleswomen whose commissions amount to more than is received by two-thirds of the men drummers. In this industry, at least, woman has demonstrated that she possesses executive and administrative qualities equal to those of men.

In one of the largest of New York's emporiums all the employes in the business office, from head cashier down to copy clerk, are women. The entire receipts of the store, amounting, sometimes, to $50,000 in a single day, pass through the hands of women.—From "Women in Great Department Stores," in Demorest's Magazine for August.

Help for Aguinaldo.

New York, July 28.—A special to the Herald from Washington says: According to the verbal reports to the navy from officers returning from the Philippines, Aguinaldo continues to get war supplies through German merchants in Hong Kong and Japanese merchants in Yokohama, although our consuls have been directed to keep a sharp lookout for filibustering.

Treasurer's Notice.

NOTICE is hereby given that all County Warrants endorsed prior to January 5, 1893, will be paid on presentation at my office in Coquille, Coos county, Or. No interest will be allowed after July 10, 1899.
W. W. HAYES,
Treasurer.

MILES WAS SNUBBED.

His Recommendations for the Army Disregarded.

Washington, July 27.—General Miles has been severely snubbed by the manner in which his recommendations for commissions in the volunteer army have been received by the war department and the president. In the distribution of over 500 commissions for the 11 new regiments to be sent to the Philippines, there is not one that can be credited to General Miles. The patronage at the administration's disposal was too valuable, it is said, and the pressure from the politicians too great, to permit General Miles to have any voice in regard to the selections. General Corbin was the only army officer consulted.

It would be naturally supposed outside of Washington that consideration would be given any recommendations made by the highest ranking officer for commissions in the volunteer organizations. General Miles, whose knowledge of the personnel of the army is superior to that of any official of the war department, was entitled to submit at least the names of those officers he believed best qualified. Realizing the possibility that his recommendation would not operate in favor of any officer, he made but few, and they were not received favorably, either by General Corbin or the president.

That Basket and Wooden Ware Factory—Our Collegiate Institute.

MR. EDITOR: I was sorry to go away last week without complying with your request to give some items in regard to our prospective factory; but I am away so much that when at home so many things are to be done that the time for leaving comes ere I am half ready. Then while away I am busy with the work in hand.

I think there is little doubt of getting the factory, if all who are to be benefitted will lend a helping hand. But who is there that will not be benefitted? Every line of business will be stimulated by it. The lumberman, because more lumber will be used; the carpenter, because more houses to be built; the merchant because many more people to buy goods; the farmer because more people to eat his produce; and another help many did not think of: the factory uses much small timber—6 inches to 18 inches diameter—which can be hauled in like cordwood, so that much of the timber that is being burned in logheaps can be turned into money. I have not been canvassing much for two reasons—can't spare the time; then Mr. Samberg writes me he will come up in a few weeks. But why not all of us say what we will do and be ready when he comes?

Some are curious to know what I am so busy about. Part of the time at home is in replying to the unusual number of inquiries in regard to the institute for the coming school year. I am glad to say the man whom I ought to have gotten two years ago is now to take charge of the school, and I hope for him in a short time, and if he is given a hearning there will be a good school next year. The present indications are that two or three assistants will be needed. Let all who wish for a high school here and who desire to see the town and surrounding country grow, lend a helping hand.

J. L. FUTRELL.

A Lawful Fence.

The statutes of Oregon provide that all fences composed of posts and rails, poles or planks shall be at least 4½ feet high, and a "woven" (rail) fence shall be at least five feet high to the top of the rider; if not ridered shall be five feet to the top rail, and the corners shall be locked with strong rails or poles or stakes. All barbed wire fences west of the Cascade mountains shall have a board six inches wide, or a pole four inches in diameter securely fastened not more than eight inches below the top barbed wire.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I think it was the means of saving my life. It relieved me at once." For sale by R. S. Knowlton.

To Cure Constipation Forever.

Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

The National Land List.

The only genuine real estate paper published in America. It circulates in every state in the Union. Parties interested in buying, selling or exchanging land, merchandise or other property will find what they want in THE NATIONAL LAND LIST. It is jam full of special bargains and offers of exchange. Single copies by mail 10 cents. Address The National Land List Publishing Co., Green Ridge, Missouri.

NOTICE.

U. S. LAND OFFICE, ROSEBURG, Oregon, July 20, 1899.

NOTICE IS HEREBY GIVEN, THAT the approved plat of survey of township 24, S. R. 12 W., has been received from the surveyor general of Oregon, and on TUESDAY, AUGUST 22, 1899, AT NINE o'clock a. m., the said plat will be filed in this office, and the land embraced therein will be subject to entry on and after that date.
J. T. BRIDGES, Register,
J. H. BOOTH, Receiver.

(Bandon Recorder.)

The Bandon Recorder comes out on Thursday now, instead of Friday.

The Arcata on her last trip up brought wire and apparatus for the telephone line between Port Orford and Gold Beach.

The broomhandle factory is now turning out more handles than ever before and is now filling orders for Spokane and Seattle.

Peter Loggie departed last Tuesday by way of Roseburg for Seattle where he will combine pleasure with business for the next ten days.

This morning Hon. Geo. P. Topping departed for Detroit, Mich., where he goes as state delegate to the Supreme Lodge of Foresters of America, which convenes at that place August 16th.

C. O. Young, the engineer from Portland, who brought down the fine gasoline engine for the new boat Arthur Ellingson is building, went to southern Curry yesterday morning, under instructions from E. B. Burns, the mining man.

James Moore made a business trip to different points along the northern coast last week. Jim says Bandon and the Coquille are by no means the dallest places on the coast and they are good enough for him.

C. O. Young the electrical engineer from Portland, and who is in a position to know, says that the lumber turned out by the Coquille mills in quality greatly surpasses that of the Columbia mills. This is especially so in regard to the fir timber used for boat building, and he was surprised at the fine lumber used for this purpose.

(Marshfield Sun.)

John Yoakam was in Marshfield yesterday. He is putting in 30,000 feet of logs daily at his camp.

Four thousand three hundred dollars in silver coin arrived on the last Arcata, for the Coquille creamery.

Miss Annie Chlemens, of the Coquille, was a passenger to San Francisco on the last out-going Arcata.

The engines in the Porter mill were turned over yesterday and several logs were sawed. The mill is in first-class condition and is to start operations at once.

W. Jacobson was the successful bidder for the contract to improve the jetty at the entrance to Coos bay. Mr. Jacobson handled the last government work done here.

Mrs. M. R. Smith has been elected lay electoral delegate to the annual conference of the M. E. church, which meets at Salem, Sept. 20. Miss Ella Butler, alternate.

The [illegible] sawmill at Empire City, belonging to the labor exchange, was sold last Thusday for freight charges and bid in by a Mr. Rusk, of Myrtle Point, for $502.

The Marshfield cannery will start up the first of next month or so soon as the run of salmon will justify. A crew of Chinamen and foreman are expected on the next Fulton from Portland.

A meeting of the pioneers was held in the parlors of the Hotel Garfield, Thursday last, and arrangements were formulated for entertaining the pioneers in Marshfield during their encampment next month.

The conference of the Methodist Episcopal church, by unanimous vote requests Bishop Vincent to return the Rev. R. C. Lee to this city for the ensuing year. The conference was presided over by Rev. T. B. Ford, D. D.

Lars Clemensen left this week for Salem. He will present a numerously signed petition to Gov. Geer for the pardon of Charles Suderman, who was sentenced to one year in the penitentiary at the term of court for stabbing T. Kelly.

Wm. Reichart, who returned from San Francisco on the Luella, met Henry Kern, Ike Lando and Ed Colgan, Coos bay boys of the Second Oregon Volunteers. They are all very glad to get home once more and will return to Marshfield after they visit Portland. Mr. Reichart learned that Wm. Eickworth's injuries are not as serious as was at first reported.

The Sun's Baseball News.

The Marshfield and Libby ball teams crossed bats in a friendly 5-inning game on the Marshfield diamond last Sunday afternoon. The feature of the game was the phenomenal pitching by Pennick, Marshfield's south-paw twirler, who dazzles the visitors so badly that not even a single safe hit was scored.

J. J. Benner, manager of the Florence baseball team, has challenged the Bandon nine to play a match game of ball for a suitable purse. Since there is no regular organized team at Bandon the Marshfield nine will accept the challenge and engage the Siuslawites in a game some time at this place in the near future.

Educate Your Bowels With Cascarets.

Candy Cathartic, cure constipation forever. 10c, 25c. If C. C. C. fail, druggists refund money.

Cholly—Yaas, sevewal years ago I fell deeply in love with a girl, but she wejected me—made a wegular fool of me. Molly—And you never got over it?

(Myrtle Point Enterprise.)

Rev. D. Brower and wife of Ashland, former residents of this place, arrived in town last Friday and are visiting with friends.

The Marshfield and Coquille City papers note that it rained at those places last Friday. There was no rain at all here on that day.

Dr. Ransom, formerly of this place, but now a resident of Portland, arrived at this place Saturday last for a visit with his sister, Mrs. D. Giles.

E. W. Hermann this week presented us with two apples—one of this year's and one of last year's growth. The apple grown last year is perfectly sound and can hardly be distinguished from this year's apples. This shows that the fine large apples grown in Coos county are good keepers.

Last Saturday as Henry Knight was driving on the road with a hay rake, the bridle came off the horse and it ran away. The lever which raises and lowers the rake struck the horse and it kicked, striking Knight in the face and knocking him from the seat and under the rake where he was dragged for quite a distance, only escaping by being rolled into a ditch, when it passed over him. He was badly bruised, and the bones of his nose were all broken. Dr. Leep dressed his wounds, which are very painful, but not serious.

Hon. J. W. Bailey, state dairy and food commissioner, and Hon. H. B. Miller, president of the state board of horticulture, were in Myrtle Paint Tuesday en route to Portland, having completed their tour of inspection of the dairy and fruit business of this county. Mr. Miller pronounces this a good apple country, but reports that moths are making their appearance in a few orchards. He recommends that farmers plant orchards that will bear marketable apples, and he will send circulars containing reliable information on fruit culture to fruit raisers on application. Mr. Bailey, after a thorough inspection of the several creameries of the county, pronounces them in good condition and turning out a first class quality of butter and cheese. He was very much surprised at the extent of our dairying industry and says that Coos county is the best dairying country on the Pacific coast, and he predicts, with the increased growth in this industry, taken in connection with our numerous other natural resources, an immensely rich county before many years.

Heat? I mind it not, I say, love.
I have known a greater grief,
Just one year ago today, love,
I was eating Alger beef.

"What is your definition of the word 'fad'?" "A fad," said Miss Cayenne, candidly, "is something which somebody else enjoys and I don't."

HEART WEAKNESS.

Is your heart weak? Do you have the symptoms of heart weakness? If you have, you should be careful. The heart is the most vital organ of the body. It is the engine that propels the muscles and sends sustenance to the nerves and brain and to all the organs of the body. A flaw in its mechanism is certain to give rise to serious results. Weakness denotes the presence of a flaw. It is a forerunner of something more serious that is to occur. See that it is strengthened and do not allow the weakness to continue. You are the engineer. Look to your engine. See that no accident occurs. HUDYAN is what you need. HUDYAN will strengthen the heart. HUDYAN will make the heart muscles strong and hard. Do not delay too long. Remember that danger is ahead and begin the use of HUDYAN now.

HERE ARE THE SYMPTOMS:

1-2. THROBBING IN THE TEMPLES WHEN LYING DOWN. HUDYAN will cause the throbbing to disappear.

3-6. RINGING IN THE EARS—due to an excessive amount of blood in the head and brain. HUDYAN stops the ringing and buzzing in a short time.

4-5. ALTERNATE PALENESS AND FLUSHING OF THE CHEEKS. HUDYAN will restore the circulation of the blood to its normal condition and keep a constant, healthy color in the cheeks.

7. PALPITATION OF THE HEART AND IRREGULAR BEATING. Owing to the weakness, there is often a fluttering and the miss of a beat occasionally. HUDYAN, by strengthening the heart muscles and the nerves that supply it, will stop the palpitation and fluttering and cause the heart to beat regularly.

8. THROBBING IN THE STOMACH REGION. This is due to the aorta, the large vessel which carries the blood from the heart, becoming distended. This throbbing and pulsating disappear shortly after the use of HUDYAN.

The remedy is at hand. It is the wonderful HUDYAN. Thousands have been cured of Heart Weakness by its use. You should be cured, too. You can be cured. HUDYAN will cure you. Procure HUDYAN from your druggist. It is sold in all drugstores for 50c per package, or 6 packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco or Los Angeles, Cal. Consult the HUDYAN DOCTORS FREE. You may call and see them and have a free consultation. If you cannot call on the doctors, write to them for advice. It will be given free for the asking. Address

jun20t4 Norway, Oregon.

Death of Roadmaster Galvin.

John T. Galvin, the well known roadmaster of the S. P. Co. who had charge of the track between Ashland and Roseburg, was the victim of a singular accident Tuesday morning which shortly resulted in his death. Mr. Galvin was staying over night at Riddle, and about 4 o'clock in the morning he went to the open window on the second floor of the hotel, and ether in a fit of somnambulism, or because of sudden illness, he fell out of the window to the ground below—a distance of 20 feet. He was picked up almost immediately and Dr. Bogue of Myrtle Point summoned. An examination showed that Mr. Galvin's nose was broken, ugly contusions about the head and eyes, and dangerous internal injuries. Dr. Bogue at once pronounced the injuries of a fatal character. The dying man's family at Grants Pass were at once notified and they left on an extra for the scene of the accident. Before their arrival at Riddle, Mr. Galvin had expired.

Deceased was about 50 years of age and had been in the employ of the S. P. Co. for many years. He was one of the best railroad men in Southern Oregon and was universally respected. He leaves a wife and four children in comfortable circumstances. Two sons are working for the railroad company.—Ashland Town Talk.

Eureka Harness Oil is the best preservative of new leather and the best renovator of old leather. It oils, softens, blackens and protects. Use

Eureka Harness Oil

on your best harness, your old harness, and your carriage top, and they will not only look better but wear longer. Sold everywhere in cans—all sizes from half pints to five gallons. Made by STANDARD OIL CO.

Notice to Taxpayers.

NOTICE IS HEREBY GIVEN THAT the Board of Equalization for the County of Coos and state of Oregon, will attend at the office of the County Clerk, of said County, at Coquille City, Coos County, Oregon, on the 28TH DAY OF AUGUST, A. D. 1899, the same being the last Monday in said month, at the hour of 9 o'clock a. m., of said day, and publicly examine the assessment rolls and correct all errors in valuation, description or quality of lands, lots or other property.

Now, therefore, all persons having business before the said Board of Equalization will take notice and appear at the time and place aforesaid, and make due complaint, otherwise the assessment will stand as returned by the assessor.

Witness my hand this 31st day of July, 1899.
J. S. LAWRENCE,
Assessor of Coos County, Oregon.

Notice for Publication,

LAND OFFICE AT ROSEBURG, Oregon, July 10, 1899.

NOTICE IS HEREBY GIVEN THAT the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Ed Rackleff, county clerk of Coos county, Oregon, at Coquille City, Oregon, on Sept. 2, 1899, viz: Hiram A. Wethey on his H. E. No. 7127, for the E½ SW¼ and W½ SE¼ Sec. 32, Tp. 27, S. R. 12 W.

He names the following witnesses to prove his continuous residence upon and cultivation of, said land, viz: Robert J. Lean, Charley A. Harrington, Samuel B. Barrows, S. P. C. Johnson, all of Coquille City, Oregon.

Any person who desires to protest against the allowance of such proof, or who knows of any substantial reason, under the law and the regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant. J. T. BRIDGES,
Register.

"No Eye Like the Master's Eye."

You are master of your health, and if you do not attend to duty, the blame is easily located. If your blood is out of order, Hood's Sarsaparilla will purify it.

It is the specific remedy for troubles of the blood, kidneys, bowels or liver.

Kidneys—"My kidneys troubled me, and on advice took Hood's Sarsaparilla which gave prompt relief, better appetite. My sleep is refreshing. It cured my wife also." MICHAEL BOYLE, 3473 Denny Street, Pittsburg, Pa.

Scrofulous Humor—"I was in terrible condition from the itching and burning of scrofulous humor. Grew worse under treatment of several doctors. Took Hood's Sarsaparilla and Hood's Pills. These cured me thoroughly." J. J. LITTLE, Fulton, N. Y.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.
