"Richly illustrated" barely describes the August COSMOPOLITAN, there being in that great number one hundred and forty-six different illustrations of all sorts and sizes and not one of them commonplace or uninteresting. Prof. C. A. Sayre, our expert optician, will have regular office days at Hotel Coquille Saturdays and Mondays. White, living at or near Gold Beach, had died a few days before from strangulation or suffocation, and he being absent from home received no direct communication and got none of the particulars, except the fact of the death.

Sam Johnson came home last Wednesday eve from his trip to the mines. While work of development is not progressing as it should, owing to meddlesome parties getting in their little jobbery, yet Mr. J. is more than pleased with their skimp work, which he hopes soon to get systematized and straightened out. [Mr. J. started up yesterday again, on a brief visit.]

Ayer's Hair Vigor advertisement with decorative border and text: "What does it do? It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended."

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and It Cures Baldness.

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

The Marshfield Sun of last issue says: It is said that T. S. Minot, chairman of the Populist party of Coos county, will hand in his resignation at next meeting. It appears from all accounts that the party has divided on the question of expansion and has completely dissolved, Silver Republicans returning to the Republican ranks and Democrats to the old "has-beens," hence his resignation.

The above announcement from the Sun has not been unlooked for, and while a return of the Silver Republicans (of which Mr. Minot is supposed to be one, if anything) to their first love, and the Democrats to the "has-beens," was not unexpected, for their joint action at the last election with the Populists was temporary and supposed and so announced to be from patriotic motives at state and county conventions, yet if Mr. Minot, or the Sun, or a son-of-a-gun, is so silly as to think he can disintegrate the Populists and deliver them over in bonds and servitude to the Philistines, he will find he cannot deliver the goods and should be sent to the asylum at Salem.
