ANNOUNCEMENTS.

Following are Bishop Morris' appointments: Gardiner, Aug. 18; Empire, Aug. 20, morning; Marshfield, Aug. 20, evening; Bandon, Aug. 27; Port Orford, Sept. 3; Myrtle Point, Sept. 8; Coquille City, Sept. 10.

LOCAL ITEMS.

Additional locals on 2d page. The Herald is prepared to do job printing in the best style. An interesting communication from Hon. Thos. Backman will appear in next issue.

Lee Curry will take a position at Johnson's mill. Peter Loggie, of Bandon, was seen on our streets last Friday.

Mr. and Mrs. Elliott were visitors up at Gravel Ford last week. Bishop Morris' appointment for services at this city is Sept. 10th.

Dress goods in piece and pattern lots, just received at Hawkins' New Store. W. C. Rose returned last Friday from a protracted visit at Roseburg.

Ready for fall and winter with a choice line of Rubber Goods of all kinds at Hawkins' New Store. Miss Mary Quick closed her school at Beach View last Friday and returned to Coquille on Saturday.

Special lines of ladies' misses' and childrens' underwear, at bed-rock prices at Hawkins' New Store. Mrs. Fannie G. Dixon returned from California yesterday, and was on the train for her home at Myrtle Point.

Mrs. George Pike, after several days' outing at the beach, returned last week and then left Friday for Summer to join her husband. J. D. Black, one of Marshfield's prominent business men, visited Bandon last week, and spent Sunday in this place on his return.

H. L. Barleson has his fruit evaporator and packing house all ready for the season, and is prepared to handle large quantities of fruit. Johnson Bro's creditors have forced them to close their books against all creditors.

Another of Robinson's log rafts was towed from Stella to Astoria, Sunday of last week. Two tugs will tow it from the Columbia to San Francisco. Miss Elsie Tilman, who has been teaching at Coos river, came over on yesterday's train to attend the institute.

Fry's grocery will occupy one of the storerooms in the new Sander-son block, as soon as ready. Their present quarters are hampered in size and by inaccessibility. F. Long & Son received a new stock of the celebrated Rambler and Ideal bicycles by last steamer, and have another order on the way.

Proposals for laying the sewer—1760 feet—from the courthouse to the river, are asked by the county court through the Herald today. See particulars in advertisement headed "Notice."

Comrade J. W. Felter, of Bandon, who has a position at Reed's shipyard at the bay, took leave to visit his home, passing down yesterday, during a temporary shutdown for lumber at the yard. Dr. E. E. Whittaker, a dentist of Portland, visited in Coquille lately with a view to locating. We had a pleasant call. After prospecting some, the doctor has located at Myrtle Point, we learn.

Hon. S. H. Hazard, the Empire attorney, went early last week to attend the Curry county circuit court, which was to begin yesterday. He would be present at the call of the docket and setting of cases. Coquille's jewelry store would be a credit to much larger places. It is a large and neat room, with a good stock in all lines, and a skilled, honorable and industrious workman at head of it. Visit it and see what he has there for you.

A nice wedding took place at J. F. Glenn's, above town, Sunday, Justice Cecil performing the ceremony. Lee Neely, now of Lampey creek, wedded Miss Loretta E. Glenn, and the couple have the Herald's sincere good wishes. Thanks for wedding cake. The crew working at the Johnson mill have arranged for an excursion to Bandon on the steamer Dispatch next Saturday afternoon. They will have the Myrtle Point band along, and at night have a grand ball at Manek's hall. Round trip tickets on the steamer, 50 cents.

Prof. Claude Nosler, Henry Lorenz, Ed Lorenz and "Piper" Johnson, whose hunting expedition we noted a fortnight ago, enjoyed a very pleasant outing and successful trip, returning last Friday, about 2 p. m., with 36 deer as their combined trophies. No fish story about this. Our old friend, W. L. Hayter, of Arago, was down on a brief visit and business tour last Saturday. The old brother is too feeble to attend the social gatherings of the pioneers, or other public functions at a distance, and is quite contented to mingle with his family, neighbors and friends.

The lecture of State Organizer Rogers at Masonic hall last Friday night, in the interest of the Woodmen, was largely attended and highly appreciated. He is a pleasant speaker, and has the principles of the order put and entirely at his command, so that it makes a good showing as an organization.

Who is Blame? Women as well as men are made miserable by kidney and bladder trouble. Dr. Killemer's Swamp-root is the great kidney remedy promptly cured. At druggists in fifty-cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address, Dr. Killemer & Co., Binghamton, N. Y.

Death of Owen Short. Owen Short died last evening in a hospital in San Francisco, the result of an operation. His relatives here knew nothing of his illness until apprised of his death today noon by wire. The remains will be brought here for burial.—Marshfield Sun.

Teachers, Attention.—If you have any trouble with your eyes—need glasses, or wear glasses—you should consult Prof. C. A. Sayre, our local expert optician, and have your eyes tested and ascertain if you need glasses, or if the glasses you now wear are correct. The professor is fitting the people of Coos county with the latest style frames, and lenses ground to order, at very low prices. Don't be afraid to trust your case to him. He will convince you of his skill. Will be at Hotel Coquille Wednesday and Thursday afternoons of this week, or will make special engagements to suit the convenience of teachers during Institute. No charge for examination and consultation.

Prof. Sayre, our local optician, visited professionally at Marshfield last week. Mr. and Mrs. F. A. Pierce were down from their home at Fairview last week to do some purchasing. Our schools will open the 1st Monday in September—that is, next Monday a week, or September 4th.

New and nice lines of Worsteds, seasonable Dress Goods and Crepones just opened at Hawkins' New Store. Tex Robison tells us a number of his neighbors will have hay and grain damaged by the prolonged rainy weather.

A big line of Shoes, for men, women and children, at the closing out cut prices at J. J. Lamb's. The best chance yet. Mrs. M. E. Plyer and son, L. Plyer, mother and brother of our neighbor N. Plyer, arrived from California yesterday.

It is a great rush at J. J. Lamb's closing out sale. Such bargains were never offered before, and the people realize the chance. We have no report of the pioneers' and G. A. R. reunions, held last week, prepared for this issue, but have a good one promised for next week. Sun: Mrs. Captain Jackson, Mrs. M. E. Lockhart and Mrs. Lydia Yoakam, the first three white women to come to Coos county, were present at the pioneers' meeting.

San Jose woolen mill suits—all wool goods and guaranteed equal to the best in the market—for both men and youth, at J. J. Lamb's closing out sale. No such bargains were ever offered before. The prices are cut on the goods as on all the stock. Dave Campbell is fast coming to the front as a mining expert. He is doing much to develop the riches in coal of the Riverton section, and with transportation facilities to market it, our coal magnates at Riverton would fare well and our coal take high rank.

I want to exchange a good, well-furnished 30-roomed hotel, barn, and three large lots, in a nice town of 600 inhabitants, on S. P. railroad, in Linn county, Oregon, for a good stock or dairy farm in vicinity of Coquille or Myrtle Point. Who can accommodate me without delay? Valued at \$6200. R. D. SANFORD.

E. H. Beyers, of Sumner, was in town a day or two last week, and took home with him Friday his little grand-children, Lottie, Melba and Maxie Boutell, for a few days' visit prior to leaving to join their mother at Berkeley. G. F. Boutell joined them at the grandparents' home and went with them to the city, where they will reside for awhile at least. We have used Chamberlain's Cough Remedy in our home for many years and bear cheerful testimony to its value as a medicine which should be in every family. In coughs and colds we have found it to be efficacious and in croup and whooping cough in children we deem it indispensable.—H. P. RUTZ, 4127 Fairfax ave., St. Louis, Mo. For sale by R. S. Knowlton.

Rev. and Comrade F. M. Sanderlin, of Bandon, attended the G. A. R. reunion at Marshfield last week, and on returning Friday reported to us an enjoyable meeting, though not so largely attended as it should have been. The best result of this occasion was the subversion of the political bickerings, selfishness and sectionalism that had crept in, and the renewal of the plight to the principles of the order in F. C. and L.

A Free Trip to Paris! Reliable persons of a mechanical or inventive mind desiring a trip to the Paris Exposition, with good money and expenses paid, should write to THE PATENT RECORD, Baltimore, Md.

The Teachers' Institute. Opened at the new schoolhouse in this city yesterday afternoon—not promptly at the hour set, owing to the delay of County Superintendent Bunch and, State Superintendent Ackerman and Prof. D. A. Grout by the heavy roads between Roseburg and Myrtle Point. However, the teachers got organized, attended to preliminary business and then adjourned till the night session at Masonic Hall.

NIGHT SESSION AND LECTURE. At 8 p. m. Masonic Hall was well filled, and a little later held a very large and interested audience. The committee on program through Prof. Claude Nosler, chairman, presented the following order of exercises, which were announced by County Superintendent Bunch, who presided: Piano solo, by Miss Yale, of San Francisco.

Recitation, by Miss Anderson, of Marshfield. Address, by Prof. D. A. Grout, of Portland—subject, "What is a Practical Education." Closing song, "America," by the audience.

These numbers were each charmingly given. Miss Yale's piano solo was very pretty and given with skill. The recitation, with some such title as "The Sleigh Ride," or, "It Only Cost Ten Dollars for the Rig"—was humorous, idiomatic, strong in character, without slang, and given in good voice and artistically by Miss Anderson. The address of Prof. Grout was very fine, sensible and instructive. It was given in an easy, graceful, entertaining way, sans eloquence, sans display, thus holding the attention of all throughout his address on what would constitute "A practical education."

The session tonight will be specially interesting to the public also, and there should be a full house. Wilson Jewelry Co. Is the place for Clocks. Best make, fully warranted and kept in repair by an experienced workman. Call and see our line. We will be pleased to show them to you. Yours, very truly, WILSON JEWELRY CO.

City Council Proceedings. The town board met in regular session Monday evening, 14th inst.—present, J. H. Cecil, chairman, Trustees Nosler, Hudson and Strang, Marshal Goodman and Recorder McDuffee. Absent—Trustee Seed. Minutes of meeting of July 27th read and approved.

Remonstrance of Nasburg and others against improvement of B street received and ordered placed on file, and further proceedings dismissed. Remonstrance and petition of Messer and others in regard to improvement of Second street received and consideration of the same was continued.

Proposition of John Notley to grant right of way for water pipe and one-half acre for reservoir was accepted, on conditions of a free water service at the home of W. Notley. On motion of Strang, seconded by Hudson, Dr. J. Burt Moore was appointed health officer for the town of Coquille City for the remainder of the year, to be paid for advice asked or ordered to do by the board.

On motion of Strang, seconded by Hudson, the Coquille City Herald was awarded the town printing, it being the lowest bidder. Following bills were allowed: W. E. McDuffee, services as recorder for quarter ending with date hereof, \$14.08; Lee Goodman, balance as city marshal, \$17.50; C. Harrington, 2 days labor on wharf, \$3; Rink Higley, 1 days labor on wharf, \$1.50; Earl Goodman, 1 days labor on wharf, \$1.50; Ernest Lammy, 1 1/2 days labor on wharf, \$2.25; Mark Morris, 3 days labor on wharf, 75 cents; Will Cecil, 1 days labor on wharf, \$1.50.

The resignation of Joe Hudson as a member of the board was presented and on motion accepted. Grandma Clinton, of near Gravel Ford, is reported to be very low. Dave Lowe is putting up a nice new house on his lots near C. D. Elliott's new home. Closing out prices for men's and boys' Hats and Caps. All kinds, at J. J. Lamb's.

Comrade G. W. Steele received his household goods from Roseburg yesterday. Novey Little having gone out for them. The steel tubes for concrete piers for the bridge to be built on the Middle Fork, arrived from San Francisco yesterday and passed on up by rail.

The social dance, given at Band Hall last Saturday night by Leach's orchestra, was an improvement in attendance and social enjoyment over the last one. Comrade Nosler is about closing up work of fencing and sidewalks at the courthouse. We think he has done an honest job, although much delayed by absence of lumber.

IS YOUR HAIR TURNING GRAY? What does your mirror say? Does it tell you of some little streaks of gray? Are you pleased? Do your friends of the same age show this loss of power also? Just remember that gray hair never becomes darker without help, while dark hair rapidly becomes gray when once the change begins.

Ayer's Hair Vigor will bring back to your hair the color of youth. It never fails. It is just as sure as that heat melts snow, or that water quenches fire. It cleanses the scalp also and prevents the formation of dandruff. It feeds and nourishes the bulbs of the hair making them produce a luxuriant growth. It stops the hair from falling out and gives a fine soft finish to the hair as well.

We have a book on the Hair and Scalp which you may obtain free upon request. If you do not obtain all the benefits you expect from the use of the Vigor, write to Dr. J. C. Ayer, Lowell, Mass.

M. W. Orton, representing the Oregon Fire Relief Association, head office at McMinnville, Oregon, has been canvassing for insurance with this home mutual very successfully through this valley the past fortnight, and went to the bay yesterday. Some risks were taken by Mr. Odell in this section about three or four years ago, which have given this home company quite a standing among us, and many of our largest property owners and wealthiest citizens have had policies written by Mr. Orton. He will be here again in a week or two, and you had better interview him instead of having him to hunt you up. The plan is for fire insurance like those of the A. O. U. W., W. of W. F. A. and other societies for life insurance, and brings the terms down to the lowest notch.

Are your Spectacles or Eyeglasses broken? Are they twisted and bent out of true? We can repair them. WILSON JEWELRY CO.

The old comrade suffers considerably yet from the accident which happened by the parting of the cable and precipitation of the cage on the rocks at the cape a year ago last June, by which Mr. Wyman lost a leg and suffered other injuries. Comrade Wyman served in the 2d and 20th Maine infantry in the civil war, and was a participant in the battle of Gettysburg among others.

S. P. C. Johnson and John Morris returned from their visit up in the mountains last Friday evening, somewhat improved in health and spirits. They didn't prospect or hunt, owing to the rains that prevailed, but they rested and breathed the pure air.
