

Church Directory.

M. E. church, south-regular services each Sunday morning and evening, by the pastor, E. L. FROST.

LOCAL ITEMS.

The pioneers will meet next year at Bandon.

James Bright will build a store at the North Fork creamery.

Mrs. Peterson, of Riverton, was visiting in Coquille last week.

David F. Fox, of the internal revenue office, is doing the county in an official way.

The United Brethren have arranged to build a church near the North Fork creamery.

Take your blacksmithing to Wilson & Wilson, and bring your job printing to the HERALD.

G. G. Swan and wife returned last Wednesday evening from Marshfield, having attended the pioneers' reunion at that place.

J. R. Roebon, the painter, who was a resident of our city a few months, but now prominently associated in business at Marshfield, was over last Friday and greeted old friends and neighbors.

Rev. J. B. Lister, who conducted services here in the Christian church for about three weeks, visited his home at Eugene and returned with his family to this place last Wednesday for a visit to our beach.

The HERALD has a good stock of commercial letter and bill-head paper, statements, envelopes, etc., which we can furnish you in neat printed letter-heads and bill-heads, etc., at very reasonable rates. Patronize home industry and an experienced and practical job printer.

The mill started up Monday of last week, but only made a three days' run till the logs gave out again. The firm is extending its logging facilities to meet the largely increased demand of the mill, the late improvements to which have so largely increased the output of lumber.

Rev. Mark C. Munson, Sunday-school missionary of the Congregational church, passed through Coquille City last Thursday to the bay, thence to Gardiner, to attend the Douglas County W. C. T. U. convention, convening on Friday and lasting over Sunday. Mr. Munson was on his wheel, and included a drop into the HERALD office on his way.

The rain interfered with part of the outdoor program of the pioneers' meeting at Marshfield last Tuesday, but this was partly overcome by enthusiasm generated by the arrival of two of the Marshfield boys, Henry Kern and Ed Colgan, just returned from the war in the Philippines, to whom the pioneers, G. A. R. and citizens gave a grand impromptu welcome.

Luther Williams and family, of Wedderburn, Curry county, are visiting at her parents, Louise Lett's, at Arago. Mr. Williams owns the mail route down the coast section in Curry county, and visited Coquille last Friday. He is known here to many of our citizens, having resided in this neighborhood and been associated in the logging camps and other enterprises in this valley for some years. The HERALD had a pleasant call from Mr. Williams and little son.

M. W. McCormac, prominently connected with the coal interests at Riverton, was in Coquille last Wednesday on return from a business trip. Mr. Mc gives much encouragement for an early resumption of steamer traffic to this river, chiefly through the demands for our coal, but we hope at the same time our business men and citizens of this valley all will feel that they owe a debt to themselves individually and the public to encourage the enterprise by supporting it with all their might. He showed us a letter from a coast shipping house in the city in which the firm thought favorably of putting on at least one good boat, and we hope to get particulars at an early date, or even announce the consummation yet in this issue.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but are nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by R. S. Knowlton.

(Port Orford Tribune.)

Hon. J. H. Upton continues to slowly improve.

Bishop Morris will be in Port Orford for services the first Sunday in September.

The steamer Farallon, Captain John Roberts, was on the rocks half a mile from Fort Wrangle, Alaska. All her passengers were transferred to the steamer City of Seattle.

At the teachers' examination, held at Wedderburn last week, Mrs. L. E. Miller, Miss Annetta McCrea and Isaac Le Mahien received first grade certificates, and Miss Annie Carman received a third grade.

Last week, the young adopted son of Mr. and Mrs. J. H. Upton, of Langlois, was thrown from a horse, and his foot hanging in the stirrup, his face badly mutilated, his teeth knocked out, and being otherwise considerably bruised. Dr. Tyler was summoned by telephone, and did all possible to relieve the sufferer. The injuries are quite serious but the little fellow will recover.

(Bandon Recorder.)

The schooners Conianza and Mayflower arrived last Sunday, each with a fair cargo of freight.

N. A. Thrush, who seriously injured one of his feet recently while hauling logs, still has a very bad foot, but hopes are entertained that it will soon begin to improve.

Last Saturday Rolhe Davis was thrown from a wagon and narrowly escaped being seriously injured. As it was he was considerably bruised but is all right again.

Alva Lee and wife have moved from Bandon to Coquille City. Alva will handle the ox-team for Dave Perkins at Lyons' logging camp.

Charley Ashton, of Lamprey creek, was in town Friday. He is rafting logs from the Lyons' camp above Parkersburg to the mill at Coquille.

The family of J. Denholm moved this week into the building on Main street recently occupied by Mrs. Nasburg. Mr. Denholm has purchased the building.

The town trustees have posted notices calling for bids for a building to be erected for a town hall. All bids must be presented by the 19th inst. Specifications may be had from the clerk of the board.

Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, O.

Bandon Recorder: Nearly all merchants on the river are having their freight come into the river by schooners on account of the exorbitant rates charged by the railroad. The railroad is charging most outrageous rates on all freight for all parties on this river. In some instances recently we are told that as high as ten dollars per ton has been charged from Marshfield to Coquille, a distance of about twenty miles.

A troubled but trusting subscriber recently wrote to the editor of the Huron Herald: "What ails my hens? Every morning I find one of them keeled over to rise no more." The reply was: "The fowls are dead. It is an old complaint and nothing can be done except to bury them."

Asbland Record: Albert Tozer, accompanied by his sister-in-law, Miss Lola Slater, arrived last week from Coquille, Coos county, on a visit to relatives. Miss Slater goes to visit her mother, Mrs. Thos. Slater, at Klamath Falls.

Florence West: We have been informed that the Gardiner Mill Co. have purchased the tug Hunter, formerly owned at Coos bay, and that hereafter she will be kept at the Umpqua to do the towing for that river.

Scientific American.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tabules, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tabules will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. They are twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"
