We Want no Kings.

Go where I will, I feel a sound
Like sudden thunder shake the ground;
And as I listen, half in fear,
The sound swells louder and more near—
A sound of protest from the throngs
Grown weary of their cruel wrongs.
Again I listen; shrilled and stirred,
I catch its purport, word for word,
As loud, and louder yet, it rings—
"We want no kings. We want no kings!"
The world has grown too wise and old
For monarchs with their crowns of gold;
A commerce has too many ports
For noblemen to mince through courts.
Humanity has grown too wide
To let us now for queens provide;
Too weighty issues are at hand
To maintain princes in our land.
And thought has grown too bold and free
To let us longer bend the knee
To any man, unless he fights
For justice, truth and common rights—
The rights of labor to his hire—
The rights of toilers to aspire
So something better than befalls
The burdened oxen in their stalls—
The rights of all paid slaves to rise
Against all crowned Monopolies
That rob the tillers of the soil
Of honest proceeds of his toil
And that the people may have and seek,
And grind their value! Down, we say,
With these false kings who rule today,
With Freedom's voice the welkin rings,
"We want no kings, we want no kings!"
—Ella Wheeler Wilcox.

Tariff Protected Trains Increase Prices.

There appears to be no limit or
end to the advance in the price of
metal. Plumbers have long com-
plained that all supplies in their line
have advanced on an average 50 per
cent. Their prices to builders have
gone up in proportion.
But plumbers are not the only
class of people who "kick". Hard-
ware dealers have their trouble also.
The price of gas pipe has advanced
300 per cent; the price of tinplate,
200 per cent; nails, 100 per cent;
copper, 75 per cent; brass, 60 per
cent; sheet-iron, 50 per cent, and
stoves, 30 per cent. Locks of all
kinds have gone up 65 per cent, the
last advance of 25 being made only
a few days ago. Some articles in
the hardware line it is next to im-
possible to get.
These enormous advances in the
price of metals of all kinds are a
direct result of the multiplication of
trusts and the limitation of the out-
put.—Eve. Telegram (Rep.)

Now Trusts Plan to Combine.

Cleveland, Aug. 30.—To combine
the combination or "trusts" is the
object of an incorporation, the pa-
pers for which were taken out in
New Jersey a short time ago. This
movement is the outcome of the
studies for many years of Russell
Thompson, a Cleveland newspaper
man, working upon the problem of
giving profitable employment to the
immense productive capacity which,
though obviously available, is not
used.

S. F. Star: "Rabbi M. S. Levy,
of this city, has personally investi-
gated the contract labor system in
Hawaii and finds it to be virtually
worse than the old slavery of the
south. As Hawaii is now a part
of the United States, such slavery
is clearly incompatible with the con-
stitution, but as clearly compatible
with the decision of the United
States supreme court in the Arago
case that contract labor is not "in-
voluntary servitude." That decision
can be made of universal applica-
tion whenever it is deemed expedi-
ent, and the uncontented decision
of the Hawaii supreme court in fa-
vor of contract labor is strictly in
line with the policy of the adminis-
tration.

To represent Oregon at the con-
ference on "Trusts and Combinations;
their uses and abuses," to be held
in Chicago on September 13th, Gov-
ernor Geer has appointed the follow-
ing persons: Judge M. C. George
and ex-Governor Penneyer, Port-
land; C. W. Fulton, Astoria; M. A.
Miller, Lebanon; B. F. Alley,
Baker City; W. M. Colvig, Jackson-
ville, and Walter L. Toozee, Wood-
burn.

S. F. Star: Not only has poly-
gamy been naturalized under the
American flag in the dominion of
the sultan of Sulu, but slavery as
well. The only change from present
conditions of servitude is the
stipulation that slaves may buy the
"inalienable right" of freedom. If
there is any depth of infamy un-
touched by our agents in the east,
it would be interesting to have it
described.

Roseburg Review: This govern-
ment through a special commis-
sioner has annexed Sulu, and the
sultan of that island and his prin-
cipal chiefs are now paid regular sa-
laries by this government. How
long will the people stand the use-
less expenses heaped upon them by
the imperialistic fanatics who now
control this country?

S. F. Star: Music and rockets
cost considerable money, but they
do not touch the most important
"spot." It is to be hoped that none
of the soldier boys will lack a cor-
dial "reception" when he goes look-
ing for a job. To make such quests
certain of success should be the
chief duty of all "reception com-
mittees."

S. F. Star: Shafter was in the
front rank—at the prairie, not at
Santiago.

Perpetual Motion.

During the discussion of the
United States banking bill in con-
gress some time in 1835 or 1836,
John Randolph, of Roanoke, who
was opposed to the passage of the
bill, which was intended to estab-
lish a United States bank, said that
he had discovered perpetual motion,
and it was very simple, being the
fact that—
"Paper makes money,
Money makes banks,
Banks makes poverty,
Poverty makes rags,
Rags makes paper,
Paper makes money,
Money makes banks,
and so on for ever and ever.

George's Weekly: It looks like
war in the Transvaal. "God help
Oom Paul" is our silent prayer.
We hope the honest, hardheaded
old Dutchman will shoot the ever-
lasting greed and conceit out of the
English robbers who are trying to
despoil him of his country. In
ages to come historians will refer to
English greed as honest men today
refer to the cunning and deceit of
McKinley and Hanna for trying to
steal the property of the Filipinos.

Evening Telegram: The canners'
combine may enter the cold-storage
business next season. It is learned
from trustworthy source that the
combine people are now figuring on
the situation and have about reached
the conclusion that the cold-storage
business would help them to pile up
bigger dividends. If this conclu-
sion has been reached, the next step
will be to either buy or build cold-
storage plants, and be ready for
business by next season.

The poor victims of the monopoli-
es and trusts who vote to uphold
the conditions of their own degrada-
tion, because they think it adds to
their personal dignity to be a mem-
ber of the same party with the rich
and the powerful, remind us of the
aristocracy that existed among the
black slaves in the south, based
upon the wealth and prominence of
their owners.

S. F. Star (Dem.) Any pretended
"Democrat" who doesn't stand up
for direct legislation, public owner-
ship, and equality of opportunity, is
politically a fraud or an idiot, or
at best has not yet learned even the
alphabet of genuine democracy.

Roseburg Review: A man has
been lynched in Texas for trying. If
this punishment were meted out to
prevaricators in Oregon, every Re-
publican newspaper sanctum would
be vacant within a week.

S. F. Star: The Star trusts that
the imperialists of the city will
observe the scrow in the eyes of
some mother whose boy was left
behind, slain by bullet or fever, and
then ask, "Does it pay?"

The Ohio Democratic party is
out for the Initiative and Referen-
dum—a result which may be largely
due to the Reform party of that
state, which has made these its ex-
clusive planks.

Nebraska Democrats, Silverites
and Populists have fused on nomi-
nations, and Bryan dictated the
Democratic platform which is 16 to
1, initiative and anti-imperialistic.

Eugene V. Debs: Government
ownership can be no worse than
government receivership. The U.
S. courts are rapidly becoming re-
pair shops for wrecked railroads.

Anti-Hanna Republicans of Ohio
are accepting Democratic nominees
for the legislature.
Automobiles are talked of in
Cleveland as aids to the street rail-
road strikers.

Hon. Wm. J. Bryan passed
through Winnemucca last Tuesday,
on his way to California.

The grandfather sat in his easy chair,
And the grandson laughed "Ho Ho"
While repeating the very latest joke,
But it filled his heart with woe
When the old man smiled and sadly said:
"My boy that is a good joke, I know;
I laughed myself when I heard it first
Some fifty-odd years ago."

Reports from southern Russia
say the current belief on the ap-
proach of the end of the world is
causing a panic among the unedu-
cated classes. At Khar'kova, work-
men are leaving in large numbers,
wishing to spend what they consider
their last days at village homes.
Factory owners have asked the
police to stop the emigration in
order to prevent the ruination of
their business.

The United States may have a
Dreyfus case to deal with. Wayne
McVeagh, attorney for Captain Car-
ter, places his client on the same
pedestal with the famous French
prisoner. The court-martial con-
victed that officer of robbing the
government and sentenced him to
dismissal from the army, to a term
of five years in the penitentiary, and
to pay a fine of \$10,000.

It is said that 250,000,000 mi-
crobes can stand on a postage stamp
without crowding. The name of
the man who counted them is not
given.

The Fall Elections.

Although this is an off year, there
will be elections next November in
eleven states, but in only two of
them will the result have any bear-
ing or influence on the presidential
contest next year. The following
states will hold elections:
Iowa—Governor, state officers
and legislature.
Kentucky—Governor and other
state officers.
Maryland—Governor and both
houses of the legislature.
Massachusetts—Governor, state
officers and both houses of the leg-
islature.
Mississippi—Governor, state offi-
cers and legislature.
Nebraska—Justices of the Su-
preme court and two members of
the board of regents of the state
university.
New Jersey—Eight state senators
and sixty members of the assembly.
New York—Two justices of the
supreme court in the First judicial
district, one justice in the Eighth
district, and 150 members in the
general assembly.
Ohio—Governor and all state offi-
cers.
Pennsylvania—State treasurer,
two judges of the supreme court.
Virginia—Secretary of state,
treasurer and minor state officers
and legislature.

Pop., 614.

Miss Julia Dent Grant Will Wed a Prince.
Newport, R. I., Aug. 29.—The
marriage of Miss Julia Dent Grant,
to Prince Cantacuzene, of Russia,
will take place at noon on Monday,
September 25th, at All Saints Mem-
orial church, the officiating clergy-
men being Bishop Henry C. Potter,
of New York, and Rev. Dr. Nevin,
of Rome, Italy, who has been the
guest of Mrs. Palmer for several
weeks past.

Not the Wisest Way.

It is not always best to wait until
it is needed before buying a bottle
of Chamberlain's Colic, Cholera and
Diarrhoea Remedy. Quite fre-
quently the remedy is required in
the very busiest season or in the
night and much inconvenience and
suffering must be borne before it
can be obtained. It costs but a
trifle as compared with its real worth
and every family can well afford to
keep it in their home. It is every-
where acknowledged to be the most
successful medicine in the world for
bowel complaints. For sale by R. S.
Knowlton.

Exchange: The editor of an El Paso (Tex.) paper

picked up his rifle one day recently and started down
the street to have the gunsmith re-
pair it. The delinquent subscribers,
however, got it into their heads that
he was on the warpath, and every-
one he met insisted on paying him
what they owed him. One of them
wiped out a debt of ten years' stand-
ing. On his return to the office he
found a load of hay, fifteen bushels
of potatoes, ten bushels of corn, a
bushel of Missouri grapes, a load of
wood and a barrel of turnips, that
had been brought in by delinquents.

THE DEATH OF AGUINALDO REPORTED.

Gen. Pio Del Pilar Said to Have Killed the
Filipino Dictator.

Hamilton, Ohio, Aug. 29.—E. O.
Maya and Ztaog, Japanese tea mer-
chants of this city, today received a
copy of Chu Kizo Shinko, a newspa-
per printed in Nagogga, Japan,
under date of June 22d, which con-
tains a dispatch from Manila that
has not yet become public in Amer-
ica. Under the heading: "New
Philippine Information," the paper
prints the following:
"In the latter part of June, near
San Fernando, Aguinaldo was killed
by General Pio Del Pilar who visited
him to inquire about the death of
General Luna, and Aguinaldo an-
swered that he never knew anything
about this case and told Pilar then
called Aguinaldo a liar, and pull-
ing a pistol, shot Aguinaldo in the
forehead, killing him instantly."

Greeting their Heroes.

Pittsburg, Pa., Aug. 28.—With
cannon booming, bells clanging,
whistles shrieking, flags waving and
mighty cheers from hundreds of
thousands of throats the brave
Tenth Pennsylvania regiment was
welcomed today, after more than a
year of valiant service in the
Philippines.

Good judges estimate the number
of people along the line of march
at not less than 500,000. This is
not regarded as too high. Besides
the fact that the soldiers, fresh
from the scene of victory, were to be
in parade, which in itself was a
memorable sight, it was also known
that President McKinley, Mrs. Mc-
Kinley, Major General Merritt,
Major General Francis V. Greene
and other prominent national and
state officers were in the city.

Fighting in Cebu.

Manila, Aug. 28.—A report re-
ceived here from Cebu, says: Data
Munli and his tribesmen have taken
the war path against the insurgents
at Zaboang, and have given them a
warm battle. Munli welcomed Gen-
eral Bates, saying he was anxious to
become an American citizen and
asked permission to fight the insur-
gents. He was given ammunition
and a flag. General Bates will re-
turn to the Sulu archipelago to ar-
range for establishing an American
garrison there.

Rebels Win.

New York, Aug. 28.—Andrian G.
Sulon, representative of the Santo
Dominican revolutionists in this
country, has received the following
cablegram: "Santiago de Cuba, Aug.
27.—Revolutionists are in the
capitol. The government surren-
ders. (Signed) Lamarche."
Lamarche is the representative of
the Jimenez revolutionists at
Santo Domingo. No details are as
yet received.

Salary for the Sultan.

New York, Aug. 24.—The Manila
correspondent of the Herald, de-
scribing the agreement with the
sultan of Sulu, says: The sultan
agrees to all American terms pro-
posed and recognized absolute su-
zerainty of the United States. The
sultan collects no revenue, but will
receive an annual salary, maintain-
ing law and order. Several of his
principal chiefs are also salaried.

She Was Pale as Death

Miss Cordelia Moore, of Malone, N. Y., until recently, has been a life-long invalid from palpitation of the heart and weakness of the blood. Physicians were puzzled over her case, their most skillful efforts were baffled. Various remedies were tried without avail. The proverbial "change of climate" was advised, but the constant change wore upon her until, to quote her mother's words, "she became a living ghost." Miss Moore said: "Upon advice of a friend I began taking Dr. Williams' Pink Pills for Pale People and before the first box was used I noticed a great change. I began to regain my appetite and felt better generally. After finishing the first box I took six more. The effect was wonder-ful. I grew stronger and gained in flesh. I never felt better in my life than I do now. I weigh more than ever before and I consider myself cured."

From the Gazette, Malone, N. Y.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as leucemia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in pack-ages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 6 boxes \$2.50.

The Improved "Arlington" Sewing Machine

NEW HOME STYLE LATEST BEST CHEAPEST

Shipped to anyone, 10 days' free trial, in your own home, without making one cent in advance.

10 years' written warranty with each machine.

A strictly high-grade Sewing Machine, finished in the most possible manner. It possesses all the best possible mechanical construction is such that it is combined simply with great strength, thus insuring ease of running, and freedom from all the troubles and annoyances which are usually incident to the use of cheap machines. It is ready for use and guaranteed for speed, durability and quality of stitches. Notice the following points of superiority:

The Head of the "Arlington" swings on patent socket hinges, firmly held down by a thumb screw. Strong, substantial, neat and handsome in design, and beautifully ornamented in gold. Highest Arm—Space under the arm is 2 1/2 inches high and 9 inches long. This will admit the largest skirts, and even quilts. It is Self-Threading—Absolutely no holes to put thread through except eye of needle. Shuttle is cylinder, open on end, entirely self-threading, may be put in or taken out of the machine without stopping the machine. Feed is double and extends on both sides of needle; never fails to take goods through; never stops at seams; movement is positive; no spring to break and get out of order; can be raised and lowered at will. Automatic Bobbin Winder—Filling the bobbin automatically and perfectly smooth without touching the thread. Machine does not run while winding bobbin. Light Running—Machine is easy to run, does not fatigue the operator, makes little noise and sews rapidly. Stitch is a double lock stitch, the same on both sides, will not unravel, and can be changed without stopping the machine. Tension is a flat spring tension, and will admit thread from 8 to 130 spool cotton without changing. Never gets out of order. Bar is round, made of case-hardened steel, with cut cup at the bottom to prevent oil from getting on the goods. Adjustable Bearings—All bearings are case-hardened steel and easily adjusted with a screw driver. All lost motion can be taken up, and the machine will last a lifetime. Attachments—Each machine is furnished with necessary tool and accessories, and in addition we furnish an extra set of attachments in a velvet lined metal box, free of charge, as follows: One rubber and gather, one binder, one shirring plate, one set of four levers, different widths up to 1/2 of an inch, one tucker, one under button, one short or attachment foot, and one thread cutter. Woodwork of finest quality oak or walnut, goshic cover and drawers, nickel-plated rings to drawers, dress guards to wheel, and device for replacing belt.
